## Highlights

- 11111 **Small Business Week, 1980** Presidential proclamation
- 11452 **Child Abuse and Neglect** HEW/HDSO announces the availability of funds for FY 1980 for state grants; receipt of applications by 5-31-80 (Part VI of this issue)
- 11194 **Family Medicine** HEW/PHS announces fiscal year 1980 grants applications for establishment of departments; apply by 4-7-80
- 11448 **Urban Development Action Grants** HUD/CPD provides notice of the most current minimum standards of physical and economic distress for certain metropolitan and urban cities; effective 2-20-80 (Part V of this issue)
- 11436 **Health Care Services** HEW/HCFA establishes procedures under which it may invoke sanctions against practitioners or providers; effective 2-20-80 (Part III of this issue)
- 11444 **Carbon Monoxide** EPA issues advanced notice of proposed rulemaking for continuous monitoring performance specifications; comments by 5-20-80 (Part IV of this issue)

CONTINUED INSIDE

**FEDERAL REGISTER** Published daily, Monday through Friday, (not published on Saturdays, Sundays, or on official holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The Federal Register provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest. Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless earlier filing is requested by the issuing agency.

The Federal Register will be furnished by mail to subscribers, free of postage, for \$75.00 per year, or \$45.00 for six months, payable in advance. The charge for individual copies is \$1.00 for each issue, or \$1.00 for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the Federal Register.

Area Code 202-523-5240

## Highlights

- 11113 Nonresident Alien Border Crossing Cards** Justice/INS amends rules regarding voidance of cards; effective 3-21-80
- 11152 Natural Gas Industry** DOE/EIA publishes alternative fuel price ceilings and an incremental price threshold
- 11125 Comprehensive Drug Abuse Prevention and Control** Justice/DEA exempts a number of listed chemical preparations and mixtures which contain controlled substances; effective 4-21-80; comments by 4-21-80
- 11142 Rail Carriers** ICC proposes changes in regulations for seasonal, regional, or peak period rate-making; comments by 4-21-80
- 11129 Small and Disadvantaged Business Enterprises** USDA issues rules regarding implementation of program to maximize contracting participation; effective 2-20-80
- 11128 Passports** State revises rules to invalidate passports for travel into or through restricted areas; effective 2-20-80
- 11146 Spanish/English Interpreters** Administrative Office of the United States Courts announces written portion of certification examination on 3-29-80; applications by 2-29-80
- 11141 Petroleum Refining Point Source Category** EPA extends comment period for proposed effluent limitations guidelines, pretreatment standards, and new source performance standards; comments by 4-19-80
- 11114 Nuclear Equipment and Material** NRC narrows classes of export applications which require the Commissioners' review; effective 2-20-80
- 11147 National Environmental Policy** USDA/SEA proposes procedures for implementation of Act; comments by 3-21-80
- 11115 Securities Offering Disclosure** Treasury/Comptroller amends rules; effective 3-21-80
- 11295 Sunshine Act Meetings**

### Separate Parts of This Issue

- 11402** Part II, Interior/Sec'y
- 11436** Part III, HEW/HCFR
- 11444** Part IV, EPA
- 11448** Part V, HUD/CPD
- 11452** Part VI, HEW/HDSO

Title 3—

Proclamation 4723 of February 19, 1980

The President

Small Business Week, 1980

By the President of the United States of America

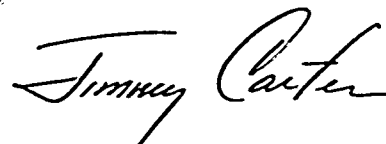

## A Proclamation

Small business has long played a vital role in our Nation's economy and way of life. This past January, I was honored to participate in the first White House Conference on Small Business. I had the opportunity to hear first-hand, the ideas, problems and aspirations of men and women from the small business community. As a former small businessman, I was impressed with their energy, determination, and above all, their hope for the future of our country.

The small business community constitutes the single most important segment of our free enterprise system. It accounts for forty-eight percent of our gross national product, more than half of the American labor force, and continues to be the major source of inventions and new jobs. Small business is truly the backbone of the American economy. I urge my fellow citizens to learn more about its role and importance in our society.

NOW, THEREFORE, I, JIMMY CARTER, President of the United States of America, do hereby proclaim the week beginning May 11, 1980, as Small Business Week, and I urgently call on every American to join me in this very special tribute.

IN WITNESS WHEREOF, I have hereunto set my hand this nineteenth day of February, in the year of our Lord nineteen hundred and eighty, and of the Independence of the United States of America the two hundred and fourth.

# Rules and Regulations

Federal Register

Vol. 45, No. 35

Wednesday, February 20, 1980

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

## DEPARTMENT OF JUSTICE

### Immigration and Naturalization Service

#### 8 CFR Part 212

#### Voidance of Nonresident Alien Border Crossing Cards

**AGENCY:** Immigration and Naturalization Service, Justice.

**ACTION:** Final rule.

**SUMMARY:** This final rulemaking order amends the regulations of the Immigration and Naturalization Service relative to the voidance of nonresident alien border crossing cards. The regulation is being amended in three respects. First, the regulation will be simplified and broken into separate and distinct subparagraphs. The second amendment will provide that where a nonresident alien border crossing card is to be voided, the alien is to be advised that he may request a hearing before an immigration judge as to his admissibility into the United States and be represented by counsel. The third amendment provides that abandonment of residence in the country upon which issuance of the card was based shall be grounds for voidance of the card. These amendments are necessary and intended to clarify and simplify the regulation generally, to set forth revised procedures to be followed when a border crossing card is to be voided and to more clearly state the grounds for voidance of these cards.

**EFFECTIVE DATE:** March 21, 1980.

**FOR FURTHER INFORMATION CONTACT:** Stanley J. Kieszkiel, Acting Instructions Officer, Immigration and Naturalization Service. Telephone: (202) 633-3048.

**SUPPLEMENTARY INFORMATION:** On January 29, 1979, the service published a notice of proposed rulemaking at 44 FR 5668 which proposed to add a new

subsection (d-1) to 8 CFR 212.6, to provide that abandonment of residence in the country upon which issuance of a border crossing card was based would be grounds for voidance of the card.

On March 30, 1979, the Service published a notice of proposed rulemaking at 44 FR 18979 which proposed to amend 8 CFR 212.6(d) to provide that when a border crossing card was to be voided, the alien was to be informed that he may request a hearing before an immigration judge as to his admissibility into the United States if desired.

The Service received a small number of comments on these proposals. We will consolidate our discussion of those comments, and the disposition of the two proposed rules, in this document.

We received one representation addressed to our proposal to add new subparagraph (d-1) to § 212.6 relative to voidance of nonresident alien border crossing cards based on abandonment of residence in Canada or Mexico. The commentator contended that this addition only confused the issue respecting grounds for voidance of the cards and the procedure to be followed when a card was to be voided. In addition, the comment challenged the voidance regulation generally because it provided for summary voidance and destruction of the card without opportunity for hearing, which was violative of the due process.

Publication of proposed § 212.6(d-1) is necessary in order to set forth in the Service regulations our policy that abandonment of residence in Canada or Mexico is a ground for voidance of the border crossing card issued on the basis of that residence. As discussed below, the summary voidance procedure is to be replaced by one which affords the alien the opportunity for a hearing on his admissibility if he so requests.

One commentator stated that amending § 212.6(d)(1) to provide aliens opportunity for a hearing prior to voidance of a border crossing card would result in overburdening immigration court calendars which are already overcrowded. Our objective in revising this regulation is to provide an alien whose border crossing card is to be voided, opportunity to have a hearing on his admissibility into the United States. As we stated in the preamble to the proposed rule, he is an applicant for admission. As such, the statute accords

him a right to a hearing on his admissibility, if an initial determination is made at his inspection, that he should be excluded from admission to the United States. The arguments concerning the ability of the immigration judges to hear any additional cases which might arise as a result of this amended rule, are not substantiated.

Other representations suggested that the alien should be provided with written notice in Spanish and English of his right to a hearing and representation by counsel, including the availability of free legal services. The final rule will provide that the alien be advised in writing that he may request a hearing before an immigration judge as to his admissibility into the United States, if the border crossing card is to be voided, and of his right to be represented by counsel of his own choice, at no expense to the Government. He shall also be advised of the availability of free legal services programs.

Therefore, the proposed rule will be published with the following amendments:

1. Section 212.6(d) will be amended by dividing it into four subparagraphs, for the purpose of clarification. Subparagraph (1) will provide regulations for voidance of cards at the port of entry; subparagraph (2) will provide for voidance within the United States; subparagraph (3) will provide for voidance on grounds of abandonment of residence in Canada or Mexico and subparagraph (4) will discuss further grounds under which border crossing cards may be voided.

2. Section 212.6(d)(1), as amended will contain provisions that the alien whose border crossing card is to be voided be notified in writing that he may request a hearing, be represented by counsel of his own choice at no expense to the Government, and be advised of the availability of free legal services programs.

3. Proposed § 212.6(d-1) which provided for voidance of the border crossing card on the ground of abandonment of residence in Canada or Mexico will be adopted, but this regulation will be published in new § 212.6(d)(3).

Accordingly, the following amendments are hereby prescribed to Chapter I of Title 8 of the Code of Federal Regulations:

**PART 212—DOCUMENTARY REQUIREMENTS: NONIMMIGRANTS; WAIVERS: ADMISSION OF CERTAIN INADMISSIBLE ALIENS; PAROLE**

In Part 212, § 212.6(d) is amended as set forth below:

**§ 212.6 Nonresident alien border crossing cards.**

(d) *Voidance*—(1) *At port of entry.* Forms I-185 and I-186 may be declared void by a supervisory immigration officer at a port of entry. If the card is declared void, the applicant shall be advised in writing that he may request a hearing before an immigration judge to determine his admissibility, in accordance with Part 236 of this Chapter and may be represented at this hearing by an attorney of his own choice at no expense to the Government. He shall also be advised of the availability of free legal services programs qualified under Part 292a of this Chapter and organizations recognized under § 292.2 of this Chapter, located in the district where the exclusion hearing is to be held. If the applicant requests a hearing, Forms I-185 and I-186 shall be held at the port of entry for presentation to the immigration judge. If the applicant chooses not to have a hearing, the card shall be voided. The alien to whom the form was issued shall be notified of the action taken and the reasons therefor by means of Form I-180 delivered in person or, if such action is not possible, by mailing the Form I-180 to the address shown on the nonresident alien border crossing card.

(2) *Within the United States.* If the holder of a Form I-185 or I-186 is placed under deportation proceedings, no action to void the card shall be taken pending the outcome of the hearing. If the alien is ordered deported or granted voluntary departure, the card shall be voided by an immigration officer. In the case of an alien holder of a Form I-185 or I-186 who is granted voluntary departure without a hearing, the card may be declared void by an immigration officer who is authorized to issue an Order to Show Cause or to grant voluntary departure.

(3) *In Mexico or Canada.* Forms I-185 or I-186 may be declared void by a consular officer in Mexico or Canada if the card was issued in one of those countries.

(4) *Grounds.* Grounds for voidance of a Form I-185 or I-186 shall be that the holder has violated the immigration laws; that he is inadmissible to the United States; or that he has abandoned

his residence in the country upon which the card was granted.

(Sec. 103 and 212; 8 U.S.C. 1103 and 1182)

*Effective date:* The amendments contained in this order become effective on March 21, 1980.

Dated: February 11, 1980.  
David Crosland,  
*Acting Commissioner of Immigration and Naturalization.*

[FR Doc. 80-5267 Filed 2-19-80; 8:45 am]  
BILLING CODE 4410-10-M

**NUCLEAR REGULATORY COMMISSION**

**10 CFR Part 110**

**Commission Review of Export License Applications**

**AGENCY:** U.S. Nuclear Regulatory Commission.

**ACTION:** Final rule.

**SUMMARY:** The Nuclear Regulatory Commission has revised its regulations to narrow those classes of export applications which will require Commissioner review. The Commission has determined that certain classes of nuclear export license applications do not raise issues which require review by the Commission.

**EFFECTIVE DATE:** February 20, 1980.

**FOR FURTHER INFORMATION CONTACT:** James B. Devine, Office of Policy Evaluation, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555 (202-634-3302.)

**SUPPLEMENTARY INFORMATION:** The Nuclear Regulatory Commission has reviewed its processing of nuclear export license applications under the Atomic Energy Act of 1954, as amended, and the Nuclear Non-Proliferation Act of 1978 and determined that certain classes of nuclear export license applications do not raise issues which require review by the Commissioners. Therefore, the Commission has revised its regulations to delegate authority to the NRC staff to act upon certain classes of applications without prior consultation with the Commissioners. Under the revised regulations, the Commissioners will continue to review all applications seeking a license to export production and utilization facilities. In addition, the Commissioners will review all exports of one effective kilogram or more of high enriched uranium and plutonium (except for plutonium comprised of 80% or more of Pu-238), all exports of 1,000 kilograms or more of heavy water or nuclear grade graphite, and any NRC-licensed

components destined for use in a reprocessing, enrichment or heavy water production facility. The Commissioners will also review any proposed export of any material or equipment, including Section 109 components, items and substances to a country to which the Commissioners have not previously authorized an export pursuant to the Nuclear Non-Proliferation Act of 1978. Other license applications will be reviewed by the Commissioners if either the NRC staff or a majority of the Commissioners determines the application should be reviewed by Commissioners.

Under the revised regulations the Commission will continue to review applications raising major policy or legal issues. By providing the NRC staff with more authority to act on routine applications without prior Commissioner consultation, the export licensing process will be expedited. This modification furthers the policy set forth in Section 2 of the Nuclear Non-Proliferation Act that the U.S. be a timely and reliable supplier of nuclear commodities to countries which have adopted effective non-proliferation policies.

Because these amendments relate solely to matters of internal agency procedures, and effective utilization of agency personnel, good cause exists for omitting notice of proposed rulemaking, and public procedure thereon, as unnecessary and for making the amendment effective February 20, 1980.

Pursuant to section 2201(p) of Title 42 of the United States Code, and sections 552 and 553 of Title 5 of the United States Code, the following amendments to Title 10, Chapter 1, Code of Federal Regulations, Part 110, are published as a document subject to codification, to be effective February 20, 1980.

1. Section 110.40(b) is revised to read as follows:

**§ 110.40 Commission review.**

(b) *License applications for export of the following will be reviewed by the Commissioners.*

- (1) Production and utilization facilities;
- (2) One effective kilogram or more of high enriched uranium and plutonium (except for plutonium comprised of 80% or more of Pu-238);
- (3) 1,000 kilograms or more of heavy water or nuclear grade graphite;
- (4) NRC licensed components intended for use in a reprocessing, enrichment, or heavy water production facility;
- (5) Any proposed export of any material or equipment, including Section

109 components, items and substances to a country to which the Commissioners have not previously authorized an export pursuant to the Nuclear Non-Proliferation Act of 1978;

(6) Any other license application determined by the staff or a majority of the Commissioners to warrant review by the Commission.

Dated at Washington, D.C., this 12th day February 1980.

For the Commission,  
Samuel J. Chilk,  
*Secretary of the Commission.*

## DEPARTMENT OF TREASURY

### Comptroller of the Currency

#### 12 CFR Part 16

#### Securities Offering Disclosure Rules

**AGENCY:** Comptroller of the Currency.

**ACTION:** Final rule.

**SUMMARY:** The Comptroller of the Currency ("Comptroller") has adopted amendments to 12 CFR Part 16, Securities Offering Disclosure Rules, a regulation which requires that each existing or newly organized national bank provide an offering circular to investors when it offers or sells its equity or debt securities, subject to specific exemptions. The final rules are based upon two years of staff experience interpreting the requirements of 12 CFR Part 16. The Comptroller has adopted a qualified exemption from the offering circular requirements for any offering by a national bank of its securities where the amount offered for sale does not exceed \$500,000. Also, the Comptroller has adopted a requirement permitting a bank to use an abbreviated offering circular where the amount offered for sale does not exceed \$2,000,000. In addition, the Comptroller has adopted certain technical amendments to the various items of the offering circular formats set forth in Section 16.6 and Section 16.7.

**EFFECTIVE DATE:** March 21, 1980.

**FOR FURTHER INFORMATION CONTACT:** Ralph Janvey, Attorney, Securities Disclosure Division, Comptroller of the Currency, Washington, D.C. at (202) 447-1954.

**SUPPLEMENTARY INFORMATION:** On May 31, 1979, the Comptroller published in the Federal Register [44 FR 31190] for comment proposed amendments to the Securities Offering Disclosure Rules (12 CFR Part 16). Interested persons were

given until July 30, 1979, to submit their views regarding the proposed amendments. The Comptroller received 22 comment letters which were carefully considered in adopting the definitive rules. A summary of the major amendments, comments and the Comptroller's responses follows:

1. Section 16.2, "Definitions" has been amended to include a definition of the term "beneficial ownership." The definition tracks that contained in another of the Comptroller's regulations. See 12 CFR 11.4(g) which was recently amended (44 FR 69614, December 4, 1979).

2. Section 16.4(a) provides an exemption from the offering circular requirements of § 16.3 for any transaction by a bank not involving a public offering of its securities as defined in § 16.5. The Comptroller has amended § 16.4(a) to provide an unqualified exemption from the notice requirement of § 16.5(f) for a transaction by a bank involving the offer or sale of securities by a bank to its parent bank holding company. A bank which engages in such a transaction will nevertheless be subject to the various other requirements of § 16.5. Elimination of the notice in such cases will reduce unnecessary paperwork.

3. Section 16.4(b) has been amended to provide an exemption from the offering circular requirements of § 16.3 where in connection with any reorganization, merger, consolidation or acquisition of assets the bank offering securities furnishes to offeree security holders a proxy or information statement prepared in accordance with the requirements of 12 CFR 11.5 and §11.51 and containing information about the issuing bank which is substantially similar to that required by Items 5 and 6 of § 16.6. This provision and others which relate to information and procedures presently subject to the other requirements under the corporate application process will be reviewed after the previous announced corporate applications process review is completed.

4. Section 16.4(b) has provided an exemption from the offering circular requirements for any offering by a bank of its securities where the amount of the securities offered for sale, when aggregated with the amount of all other sales by the bank of its securities within the 12 months immediately preceding the commencement of the subject offering, does not exceed \$300,000.

The Comptroller proposed to eliminate the exemption entirely, and to require the filing and use of an offering circular in any public offering or sale by a national bank of its securities. The

Comptroller also proposed a substantially abbreviated offering circular format for use by a bank which offers or sells its securities in an amount which, when aggregated with all other sales by the bank of its securities within the 12 months immediately preceding the commencement of the subject offering, would not exceed \$1,000,000.

The Comptroller also requested answers and comments to the following questions: (1) should the present \$300,000 exemption be retained or raised to a higher dollar amount; (2) should a combined dollar exemption up to \$300,000 and an abbreviated offering circular format for an offering between \$300,000 and \$1,000,000 be utilized; and (3) should the \$300,000 exemption be deleted and the Comptroller require that any bank when offering and selling securities in a public offering comply with the requirements of § 16.6.

Of the 16 commentators who responded to the first question, 13 (81%) favored raising the dollar level of the exemption; 2 (12.5%) favored retaining the \$300,000 level; and 1 (6%) favored deleting the exemption entirely.

Of the 18 commentators who responded to the second question, 6 (33%) opposed the combination and favored a per se higher dollar exemption; and 12 (66%) favored the combination, but suggested a higher per se dollar exemption level.

As to the third question, only one commentator was in favor of deleting the exemption and requiring the same complete offering circular for all public offerings.

Based upon the comments received and in furtherance of the Comptroller's goal to reduce unnecessary costs and regulatory burdens, the Comptroller has adopted increased dollar level exemption criteria, noting in this respect the effect of inflation since 12 CFR Part 16 was last revised (February 1977). The Comptroller believes that these amendments are consistent with the objective of providing adequate disclosure to investors while properly relating the costs of disclosure to the size of the bank and the amount of securities offered.

As adopted, § 16.4(e) [formerly § 16.4(b)] provides an exemption from the offering circular requirements of § 16.3 for any offering by a national bank of its securities where the amount offered for sale, when aggregated with the amount of all other sales of its securities within the twelve months immediately preceding the commencement of the subject offering, does not exceed \$500,000. However, it should be noted that any bank which seeks to rely on this exemption must file

with the Comptroller and distribute to all offerees prior to any sale a document which describes the bank and the offer. A copy of the offering document together with a specified notice must be filed with the Comptroller at least twenty days prior to commencement of the offering. In addition, a copy of the offering document must be appended as an exhibit to the Capital Increase Application filed with the Regional Director for Corporate Activities. While the offering document will not be declared effective, the Comptroller may review the document and take such regulatory action as is appropriate against a bank, its officers, directors or employees if basic disclosure has not been made or the document contains statements which are false or misleading in light of the circumstances.

Section 16.4 also has been amended to include a new subparagraph (f) which permits a national bank to satisfy the requirements of Section 16.3 by filing and using an abbreviated offering circular where the bank offers and sells its securities in an amount which, when aggregated with all other sales by the bank of its securities within the twelve months immediately preceding the commencement of the subject offering, does not exceed \$2,000,000. The abbreviated offering circular is to be filed with the Securities Disclosure Division in Washington, DC, consistent with the requirements of § 16.3(c). In order to expedite the processing of such abbreviated offering circulars, the Comptroller plans to issue a Banking Circular containing guidelines and criteria which will be followed in processing these filings.

5. An amendment to § 16.5(e) would have provided for a two year prohibition on the disposition of securities purchased in a nonpublic offering. In response to the suggestion of one commentator, § 16.5(e), as amended, requires the selling bank to obtain a written agreement from each purchaser that (1) the securities are being acquired for investment and not for distribution; (2) the securities will not be sold within two years after the date the securities are fully paid for; and (3) the bank shall have no obligation to exchange the securities for securities of smaller denominations during the two year investment period. The Comptroller believes that restrictions on the subsequent dispositions of securities purchased in a nonpublic offering is properly the subject of an agreement between the bank and the purchaser(s). These restrictions are necessary to prevent circumvention of disclosure requirements.

6. The Comptroller has made certain technical amendments to various items of the offering circular format set forth in § 16.6 and § 16.7. These codify interpretations and clarify the requirements of those items. These amendments include:

(a) Item 4 of § 16.6 and Item 4 of § 16.7 have been amended to set forth a prescribed tabular format for presenting current and pro forma information as to the capitalization of an existing bank, and pro forma information as to the capitalization of a bank in organization.

(b) Item 6 of § 16.6 has been amended to provide more detailed instructions concerning the information required as to the business of the Bank including its liability management practices, loan portfolio, deposits and investment portfolio.

(c) Former Item 13, Remuneration of Directors and Officers, and Item 14, Material Transactions, of Section 16.6 have been combined into one new Item 13, Remuneration and Other Transactions with Management, and the requirements of the item have been cross-referenced to Item 7 of 12 CFR 11.51. Accordingly, the items entitled Pending Legal Proceedings, Financial Statements, and Updating the Financials After the Effective Date, are respectively renumbered Item 14, 15 and 16.

(d) Prior to amendment, Item 16 of § 16.6, Financial Statements, required that an offering circular include financial statements as of the date not more than 90 days prior to the date the offering circular is expected to be filed. Item 16 has been renumbered as Item 15 and amended to require that a bank furnish the required financial statements as of a date within 90 days prior to the date of filing the offering circular and any amendment thereto. This will enable a bank to determine with some degree of certainty the date for which financial information must be presented in a preliminary and revised offering circular.

7. The Comptroller specifically requested comment from all interested parties on: (1) should the present requirements of Part 16 be eliminated in favor of a policy statement urging banks to follow its contents and format when raising capital; and/or (2) should Part 16 be eliminated in its entirety, and a statement or regulation adopted stating that any national bank when raising capital should be aware of the substantial liabilities which may accrue to the bank under the antifraud provisions of the federal securities laws with respect to the offer and sale of its securities.

Seven comments were received in response to the questions, with four

(57%) in favor of a policy statement, and three (43%) opposed to a policy statement and in favor of the regulation. Based on the comment received the Comptroller has decided to maintain the offering circular requirements as a regulation.

**Drafting Information:** The principal drafter of this document is Ralph Janvey, Attorney, Securities Disclosure Division, Comptroller of the Currency, Washington, D.C. 20219.

(12 U.S.C. 1 et seq.)

**Adoption of Amendment.** Accordingly, the Comptroller revises 12 CFR Part 16 as set forth below. The entire regulation, as amended, is reprinted for the convenience of users in light of the number of changes made.

## PART 16—SECURITIES OFFERING DISCLOSURE RULES

### Sec.

16.1 Authority.

16.2 Definitions.

16.3 Offering circular requirements, filing and effective date.

16.4 Exempt transactions and abbreviated offering circular requirements.

16.5 Nonpublic offerings.

16.6 Form and content of an offering circular of an existing bank.

16.7 Form and content of an offering circular of a bank in organization.

16.8 Advertisements.

Authority: 12 U.S.C. 1 et seq.

### § 16.1 Authority.

This Part is issued under the general authority of the national banking laws, R.S. 324 et seq. as amended; 12 U.S.C. 1 et. seq. and contains rules applicable to the offering of securities.

### § 16.2 Definitions.

When used in this Part, unless the context otherwise requires:

(a) The term "bank" means an existing national bank, a national bank in organization, or a bank operating under the Code of Law of the District of Columbia.

(b) The term "offer," "offer to sell," "offer for sale," or "offering" shall include every attempt or offer to dispose of, or solicitation of an offer to buy, a security, for value. The terms defined in this paragraph shall not include, with respect to a bank in organization, the solicitation of indications of interest preliminary to any solicitation of subscriptions.

(c) The term "sale" or "sell" shall include every contract of sale or disposition of a security, for value, including every merger, transfer of assets, consolidation, and reorganization (other than a stock dividend, stock split, reverse stock split

or change in par value] which involves the substitution of a security for another security.

(d) The term "security" means any common stock, preferred stock, or other equity security, or right to subscribe to any of the foregoing, or subordinated note or debenture. The term "security" shall not include any deposit loan, participation, letter of credit or other form of bank indebtedness incurred in the ordinary course of business.

(e) The term "executive officer" means a Chairman of the Board of Directors, Vice Chairman of the Board, Chairman of the Executive Committee, President, Vice President (except as indicated in the next sentence), Cashier, Treasurer, Secretary, Comptroller, and any other person who participates in major policy making functions of the bank. In some banks (particularly banks with officers bearing titles such as Executive Vice President, Senior Vice President, or First Vice President, as well as a number of "Vice Presidents") some or all "Vice Presidents" do not participate in major policy making functions, and such persons are not executive officers for the purpose of this Part.

(f) The term "associate," when used to indicate a relationship with any person, means (1) any corporation or organization (other than the bank or a majority owned subsidiary of the bank) of which said person is an officer or partner or is, directly or indirectly, either alone or together with one or more members of his immediate family, the beneficial owner of 10 percent or more of any class of equity securities, (2) any trust or other estate in which such person has a substantial beneficial interest or as to which such person serves as trustee or in a similar fiduciary capacity, and (3) any relative or spouse of such person, or any relative of such spouse, who has the same home as such person or who is a director or officer of the parent of the bank.

(g) The term "beneficial ownership" shall have the same definition as set forth in 12 CFR 11.4(g).

#### § 16.3 Offering circular requirements, filing and effective date.

(a) No bank shall, directly or indirectly, offer, offer to sell, offer for sale or sell any security of which it is the issuer unless the offer, offer to sell, offer for sale or sale is made through the use of an offering circular which has been filed with, and declared effective by, the Comptroller of the Currency.

(b) Notwithstanding paragraph (a) of this section, securities of a bank may be offered through underwriters by an offering circular filed pursuant to this

Part but before its effective date if (1) the prior authorization of the Comptroller of the Currency is obtained; and (2) a copy of the offering circular as declared effective is furnished to each purchaser prior to consummation of the sale. If a preliminary offering circular is utilized, there shall be included on the cover page the following language: "This preliminary offering circular has been filed with the Comptroller of the Currency but has not yet become effective. Information contained herein is subject to completion or amendment. These securities may not be sold nor may offers to buy be accepted prior to the time the offering circular becomes effective. This preliminary offering circular shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of these securities in any state in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such State."

(c) The offering circular required by § 16.4(f) and § 16.6 for an existing bank shall be filed with the Comptroller of the Currency, Securities Disclosure Division, Washington, D.C. 20219. The offering circular required by § 16.7 for a bank in organization shall be filed with the Regional Office of the Comptroller of the Currency in the Region where the bank will be located.

(d) Six copies of the offering circular required by this part shall be filed with the Comptroller of the Currency in the form and containing the information specified by § 16.4(f), § 16.6 or § 16.7, together with two copies of any underwriting agreement to be executed in connection with the offering. The offering circular shall be accompanied by a certificate manually signed by the principal executive officer and the principal financial officer of the bank, in the following form:

#### Signatures

Pursuant to the requirements of 12 CFR 16, the bank has duly caused this Offering Circular to be filed on its behalf by the undersigned, thereunto duly authorized in the City of \_\_\_\_\_, and State of \_\_\_\_\_, on the \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_.

(Bank)

By \_\_\_\_\_

(Signature and Title)

By \_\_\_\_\_

(Signature and Title)

(e) The effective date of the offering circular shall be the date on which it is declared effective by the Comptroller of the Currency. The offering circular shall be effective for a period of six months, which period may be extended for two

consecutive 90 day periods upon request to the Comptroller of the Currency. The offering circular must be updated during the course of the offering period by attaching the most recent Balance Sheet and Statement of Income of the Bank filed with the Comptroller as part of the most recent call report.

(f) If the distribution is not completed by the expiration of the period of effectiveness, and any extensions thereof, an amended offering circular containing current information shall be filed and used in accordance with this Part.

(g) In no event shall an offering circular be used which is false or misleading in light of the circumstances then existing.

#### § 16.4 Exempt Transactions and Abbreviated Offering Circular Requirements.

This part shall not apply to:

(a) Any transaction by a bank not involving a public offering as defined in § 16.5. A transaction by a bank involving the offer, offer to sell, offer for sale, or sale of securities of a bank to its parent bank holding company, as defined in 12 U.S.C. 1841, which relies upon § 16.5, is *per se* exempt and a notice of nonpublic sale is not required.

(b) Any reorganization, merger, consolidation or acquisition of assets by a bank where constituent security holders who will receive securities in the transaction are furnished with a proxy statement or information statement prepared substantially in accordance with the requirements of 12 CFR 11.5 and 11.51. Such proxy or information statement must contain information about the issuing bank which is substantially similar to that called for by Items 5 and 6 of § 16.6.

(c) Any transaction by a bank with its existing security holders which involves an exchange of a security pursuant to the exercise of a right of conversion.

(d) Any transaction in which the securities of a bank are offered to its employees or directors pursuant to a stock purchase, stock option, or savings plan.

(e) Any offering by a bank of its securities where the amount of the securities offered for sale, when aggregated with the amount of all other sales by the bank of its securities within the 12 months immediately preceding commencement of the subject offering, does not exceed \$500,000. However, no offer of securities may be made in reliance on this paragraph (e) unless the bank prepares the distributes to all offerees prior to sale a document describing the bank and the offer. The items of an abbreviated offering circular

(12 CFR 16.4(f)) should be used as a guide. In addition, the offering document and a notice containing the following information shall be filed with the Comptroller of the Currency, Washington, D.C. 20219, not later than 20 days prior to commencement of the offering:

- (1) The name of the bank and location of its principal place of business;
- (2) The class of security to be offered;
- (3) The aggregate offering price of the securities;
- (4) The class and aggregate offering price of all securities sold within the 12 months prior to the proposed commencement date of the offering; and
- (5) The date on which the offering will commence and a brief statement of the bank's plan as to the use and distribution of the offering document and any other offering materials.

**Note.**—The offering document described above shall be also appended to the capital increase application filed with the appropriate Regional Director of Corporate Activities. While the offering document will not be declared effective by the Comptroller, the Comptroller has the right to review the document and take such regulatory action as is appropriate against a bank, its officers, directors or employees if basic disclosure has not been made or the document contains statements which are false or misleading in light of the circumstances.

(f) *Abbreviated Offering circular.* An existing national bank which makes an offering of its securities which, when aggregated with all other sales by the bank of its securities within the 12 months immediately preceding the commencement of the subject offering does not exceed \$2,000,000, may comply with the requirements of § 16.3(a) with an offering circular which contains only the information required by the following Items of § 16.6: Items 1; 2; 3; 4; 6(a) through (j) including Instructions 2 and 4; Items 7; 8; 9; 10; 11; 12; 13; 14; 15; and 16. In responding to Item 13 the bank need only provide information required by Item 7(a), including Instructions 1 and 2; Item 7(d); and Item 7(e) of 12 CFR 11.51.

#### § 16.5 Nonpublic offerings.

Transactions by a bank involving the offer, offer to sell, offer for sale, or sale of securities of a bank shall be deemed to be transactions not involving any public offering if all of the following conditions are satisfied:

(a) *Nature of offerees.* The bank shall have reasonable grounds to believe, and shall believe, prior to making an offer that each offeree or an independent investment representative of the offeree has the knowledge or experience in financial and business matters as to be

capable of evaluating the information referred to in paragraph (c) of this section and the risks of the prospective investment. An "independent investment representative" means any person acting on behalf of an offeree and who is not an officer, director, or employee of the offeror bank, who is not acting on behalf of the bank, and who is capable of evaluating the merits and risks of the prospective investment.

(b) *Limitation on the manner of offering.* All offers and sales are made in negotiated transactions. A negotiated transaction is a transaction in which the securities are offered and sold through direct communication between the bank and the offeree or an independent investment representative of the offeree, and without use of any form of general advertising.

(c) *Access to information.* Each offeree or an independent investment representative of the offeree shall have access to, prior to acceptance of any offer, at least, the following information:

- (1) The same type of information specified in Item 1 and Item 6 of 16.6;
- (2) The Balance Sheet and the Statement of Income of the bank for the last two fiscal years and the most recent interim period for which the bank has filed Consolidated Reports of Condition and Income with the Comptroller of the Currency and the same interim period for the previous year; and

(3) If the bank reports pursuant to 12 CFR Part 11, the most recent Annual Report on form F-2 and Quarterly Report on form F-4 filed by the bank.

(d) *Number of Purchasers.* The securities are sold to not more than 15 purchasers within any continuous 12 month period. A request to increase the number of purchasers may be made in a letter setting forth the basis for the request.

(e) *Limitation on disposition.* The bank shall obtain a signed agreement from each purchaser that (1) the securities are being acquired for investment and not for distribution; (2) the securities will not be sold within two years after the date the securities are fully paid for; and (3) the bank shall have no obligation to exchange the securities for securities of smaller denominations during the two year investment period. Only one stock certificate, note or debenture shall be issued to each purchaser for the total amount of securities purchased; except that where an offeree purchases securities in an aggregate amount exceeding \$200,000, more than one certificate may be issued to him in amounts not less than \$100,000 each. Each certificate, note or debenture shall provide that neither the bank nor its

transfer agent can exchange the security for securities of smaller denominations unless a notice has been filed in accordance with the requirements of paragraph (f) of this section.

(f) *Notice of nonpublic sales and exchanges.* A notice containing the following information, as applicable, shall be filed by the bank with the Comptroller of the Currency, Washington, D.C. 20219, not later than 20 days prior to the time any security is offered or sold in reliance on the exemption provided by § 16.5 or exchanged for securities of smaller denominations:

- (1) The name of the bank and location of its principal place of business;
- (2) The class of security to be offered or exchanged;
- (3) The number of persons to whom the securities are to be offered;
- (4) The offering price of the securities on an aggregate and per share or per security basis; and
- (5) A general description of the facts and circumstances on which the claim of exemption is based, or the security holder's reason for requesting an exchange of the security for securities of smaller denominations.

#### § 16.6 Form and content of an offering circular of an existing bank.

(a) *General instructions.* (1) This form is not to be used as a blank form to be filled in, but only as a guide for preparing the offering circular. Unless otherwise stated, the information required shall be given as of a date reasonably close to the effective date. The offering circular may be printed, lithographed, mimeographed, typewritten, or prepared by any similar process which produces clearly legible copies, suitable for a permanent record and for repeated photocopying.

(2) In addition to the information expressly required, there shall be added any material information necessary to make the statements made, in light of the circumstances under which they are made, not misleading.

(3) Information required need be given only if it is known or reasonably available to the bank. If any required information is unknown or not reasonably available to the bank, either because obtaining it would involve unreasonable delay, effort or expense, or because it rests peculiarly within the knowledge of another person not affiliated with the bank, the information may be omitted, upon approval of the Comptroller of the Currency, subject to the following conditions:

(i) The bank shall give the information that it possesses on the subject or can acquire without unreasonable delay,

effort or expense, together with the sources of the information; and

(ii) The bank shall furnish a statement to the Comptroller of the Currency either (A) showing that unreasonable delay, effort or expense would be involved, or (B) indicating the absence of any affiliation with the person having the information and stating the result of a request made of that person for the information.

(b) The following information shall be disclosed in the offering circular:

#### Item 1—Cover Page

The following information shall be included on the cover page of the offering circular:

- (a) The caption: "Offering Circular."
- (b) The exact name, complete address and telephone number of the issuing bank.
- (c) The amount and type of the security being offered.
- (d) The following statements in capital letters and boldface type:

**THE MERITS OF THESE SECURITIES HAVE NOT BEEN PASSED UPON BY THE COMPTROLLER OF THE CURRENCY NOR HAS THE COMPTROLLER OF THE CURRENCY PASSED UPON THE ACCURACY OR ADEQUACY OF THE OFFERING CIRCULAR.**

**NO AGENT OR OFFICER OF THE BANK OR ANY OTHER PERSON HAS BEEN AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATIONS OTHER THAN THOSE CONTAINED IN THE OFFERING CIRCULAR AND, IF GIVEN OR MADE, SUCH INFORMATION OR REPRESENTATIONS SHOULD NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED BY THE BANK.**

(e) The following information if the bank is offering debt securities:

- (1) The statement in capital letters and boldface type:

**THESE OBLIGATIONS WILL NOT REPRESENT DEPOSITS AND WILL NOT BE INSURED BY THE FEDERAL DEPOSIT INSURANCE CORPORATION OR ANY OTHER GOVERNMENT AGENCY. THESE OBLIGATIONS MAY NOT BE REPAYED PRIOR TO MATURITY, EITHER PURSUANT TO AN ACCELERATION IN EVENT OF DEFAULT OR OTHERWISE, WITHOUT THE PRIOR WRITTEN APPROVAL OF THE COMPTROLLER OF THE CURRENCY. THESE OBLIGATIONS WILL BE SUBORDINATE TO THE CLAIMS OF DEPOSITORS AND OTHER CREDITORS, WILL BE INELIGIBLE AS COLLATERAL TO SECURE A LOAN FROM THE BANK, AND WILL BE UNSECURED.**

(2) The offering price, denominations, aggregate amount offered, interest rate, maturity, repayment terms, dates and restriction on payment of dividends.

(3) If the offering involves a convertible subordinated note or debenture, the

information required by paragraph (f) of this section for the underlying equity security.

(f) If the bank is offering common stock, preferred stock, or other equity security or right to subscribe thereto, the offering price, the number of shares being offered, and the par value.

(g) The information called for by the following table presented in substantially the same form:

	Price to public	Underwriting commissions	Proceeds to bank*
Per unit	\$	\$	\$
Total	\$	\$	\$

\*Before deducting expenses to be incurred by the bank in connection with the offering circular estimated at \$\_\_\_\_\_.

Any compensation, other than regular salaries, to be paid to directors, officers and employees of the bank in connection with the offering circular should be disclosed in a statement following the table. If no special compensation is to be paid, a statement to that effect should be added following the table.

(h) A brief statement of the plan of distribution, the method, and terms of subscription described in response to Item 2 below.

(i) The date the offering circular is declared effective by the Comptroller of the Currency.

(j) Immediately following the cover page, there should be a page with a detailed table of contents and the following paragraph in capital letters and bold face type:

**THIS OFFERING CIRCULAR DOES NOT CONSTITUTE AN OFFER TO SELL OR A SOLICITATION OF AN OFFER TO BUY ANY OF THE SECURITIES OFFERED HEREBY IN ANY JURISDICTION TO ANY PERSON TO WHOM IT IS UNLAWFUL TO MAKE SUCH OFFER OR SOLICITATION IN SUCH JURISDICTION. NEITHER THE DELIVERY OF THIS OFFERING CIRCULAR NOR ANY SALE HEREUNDER SHALL UNDER ANY CIRCUMSTANCES CREATE AN IMPLICATION THAT THERE HAS BEEN NO CHANGE IN THE AFFAIRS OF THE BANK SINCE THE DATE HEREOF.**

(k) If a bank has a class of securities registered with the Comptroller of the Currency pursuant to the Securities Exchange Act of 1934, include a section captioned "Available Information" on a page following the cover page, setting forth a statement that the bank is subject to the reporting requirements of the Securities Exchange Act of 1934 and in accordance therewith files periodic reports and proxy statements with the Comptroller of the Currency. Also, indicate that these reports and proxy statements can be inspected at and are available from the Office of the Comptroller of the Currency, 490 L'Enfant Plaza, East, SW., Washington, D.C. 20219 and at the Office of the Regional Administrator of National Banks (state address of appropriate Regional Office).

#### Item 2—Plan of Distribution

(a) If the securities are to be offered through underwriters, give the names of the

principal underwriters and state the respective amounts underwritten. State briefly the nature of the underwriter's obligation to take the securities.

(b) If there is no underwriter, outline briefly the bank's plan for distributing the securities. State whether any director, officer or employee will be involved and quantify any special compensation they will receive.

(c) Indicate the method and terms of subscription. Describe any applicable preemptive rights or voluntary plan for pro rata subscription. State how oversubscription and fractional shares will be handled. (See Interpretive Ruling 7.6040.) Indicate whether it is expected that current directors will exercise their proportional preemptive rights. State how and to whom unsubscribed shares will be offered. A copy of any subscription form to be used, or transferable right to be issued, must be appended to the offering circular when filed.

#### Item 3—Use of Proceeds

State the reasons for the offering and the principal purposes for which the net proceeds are intended to be used, the expected time of the expenditures and the approximate amount to be used for each purpose.

#### Instructions

1. A statement that the bank needs a broader capital base or that the proceeds will be used for general banking purposes will generally not be sufficient without additional information. If the offering is part of an overall plan to supplement the bank's capital base, discuss: The current capital ratios (loans to capital, deposits to capital and total assets to capital); the effect of the issue on the capital ratios, giving details of any existing impairment of capital; the objectives and provisions of the plan; and the role of the subject offering in the plan. If the principal purpose of the issue is to replace existing debt which will be retired, so state.

2. If any part of the proceeds are to be used for construction or addition of equipment, furnish a brief outline of any such programs. If any material amounts of the proceeds will be used to acquire assets, briefly describe those assets, identify the persons, if associated with the bank, from whom they are to be acquired, and state the expected cost of the assets to the bank.

#### Item 4—Capital Structure

Set forth in the following tabular format, the title, basic terms, and the amount of each class of securities of the bank authorized and the amount outstanding as of the most recent practicable date.

#### Capitalization

The following table sets forth the capitalization of the Bank at \_\_\_\_\_, 19\_\_\_\_, and as adjusted to give effect to the issuance of the securities offered hereby.

	Outstanding	As adjusted
Subordinated notes: *—%		
Subordinated notes due 19____	\$____	\$____

	Outstanding	As adjusted
Stockholders' equity—common stock (\$....par value):		
xxx Shares authorized		
xxx Shares outstanding	xxx	xxx
Surplus	xxx	xxx
Undivided profits	xxx	xxx
	\$xxx	\$xxx
Total	\$xxx	\$xxx

See Note— of Notes of Financial Statements for lease commitments.

\*Subordinated to claims of depositors and general creditors of the Bank.

\*\*See Note—of Notes to Financial Statements.

#### Instructions

1. If the bank is offering debt securities, indicate in a footnote to the table how such securities will rank in priority with respect to any outstanding debt securities. If the bank is offering common stock, preferred stock or any other equity security, or a right to subscribe thereto, state the book value before and after the sale based on an assumption that all shares offered will be sold.

2. Proceeds from the sale of equity securities shall be allocated only to the capital stock and surplus accounts in the "As Adjusted" presentation.

3. Indicate in a note to the table, any contractual, statutory, or regulatory, restrictions on the payment of dividends.

#### Item 5—Summary of Earnings

(a) Present a summary of the earnings of the bank for each of the last five (5) fiscal years and any interim period between the end of the last fiscal year and the date of the most recent Balance Sheet and Statement of Income being filed, and for the corresponding interim period for the preceding fiscal year. For the same periods, present in a statement, separate from information on earnings per share and dividends per share, the following ratios: (1) Net income to stockholders' equity; (2) net income to total assets; and (3) total interest expense to gross interest income.

(b) In a comparative format, fully discuss the bank's earnings for both the last two (2) fiscal years and the reported interim periods. Material changes in the bank's revenue and expense accounts should be described, both in percentage terms and absolute amounts, and fully explained. The analysis should include an explanation of any changes made by the bank in accounting principles and practices, or the method of their application, which have had a material effect on operating income as reported.

#### Instructions

1. The summary required by paragraph (a) above should set forth, at a minimum, figures with respect to: Operating revenues; provision for possible loan losses; all other operating expenses; income before income taxes and securities gains or losses; applicable income taxes; income before securities gains or losses; securities gains or losses; extraordinary items; net income; earnings per share; dividends per share; and number of shares used in the computation of per share data.

2. (a) In addition, if debt securities are being offered, set forth, in a tabular format following the summary, ratios of earnings to fixed charges (computed both including and excluding interest on deposits) for each year and any reported interim periods. Also set forth, for the last fiscal year and any reported interim period or latest twelve months if interim data is provided, a pro forma ratio of earnings to fixed charges adjusted to give effect to (i) the issuance of the securities being offered; (ii) any issuance, retirement or redemption of securities during such period; and (iii) any issuance, retirement or redemption of securities after, or presently proposed for one year after, such period. The pro forma presentations should be shown both including and excluding interest on deposits. An exhibit setting forth the computations should be forwarded along with the offering circular when filed.

(b) The term "fixed charges" means (i) interest on all indebtedness, including deposits; and (ii) one-third rental or interest charges that would have been paid had the properties been purchased instead of leased.

(c) Earnings shall be computed after all operating and income deductions, except fixed charges and taxes based on income or profits, and after eliminating undistributed income of unconsolidated subsidiaries and 50 percent or less owned persons.

Note.—To the extent the bank operates as a correspondent bank, interest income and interest expense on Federal funds sold or purchased may be netted in computing fixed charges. However, to the extent a bank operates for its own account, interest income and interest expense on Federal funds must be recorded in the same manner as any other items of interest income or expense.

#### Item 6—Description of Business

Describe briefly the present and proposed business operations of the bank and its subsidiaries, and any significant developments and trends in the business during the last five years. The description shall also include, but shall not be limited to, information as to the following matters:

(a) The primary business locations of the bank.

(b) The competitive conditions and the competitive position of the bank and other financial intermediaries, with which the bank competes, in its service area. The deposit and asset range of the bank's competitors and the bank's position within the range should be disclosed.

(c) The commercial, consumer, international, trust, and municipal trading services and other business activities of the bank.

(d) The properties owned by the bank and any material leases.

(e) The practices of the bank in managing liabilities such as demand and time deposits, certificates of deposits, Federal funds, securities sold subject to repurchase agreements and other short term borrowings, and matching maturities of funds raised from incurring such liabilities to assets maturities.

(f) The loan portfolio, including a description of any material risks therein.

(g) The investment portfolio, including a description of any material risks therein.

(h) To the extent applicable, the importance of, and risks attendant to foreign sources and applications of funds.

(i) The manner in which federal and state laws may materially affect the bank's operations such as branching, interest rates, bank holding companies, etc.

(j) (i) The name, address and business done by any parent bank holding company; (ii) the status of the holding company under the Bank Holding Company Act of 1956 and the Securities Exchange Act of 1934 and the applicable reporting requirements; and (iii) the identity and address of any person who owns beneficially more than 5% of the voting stock of the parent bank holding company.

#### Instructions

The following statistical information should be disclosed by the bank for the reported periods. The term "reported period" means (i) each of the last specified number of fiscal years and (ii) any interim period between the end of the most recent fiscal year and the date of the most recent Balance Sheet and Statement of Income being filed and for the corresponding interim period for the preceding fiscal year. If any required information is not reasonably available to the bank, the bank may present comparable information.

1. *Distribution of assets, liabilities, and capital.* (i) For a three-year reported period, present the monthly or quarterly average of total assets, liabilities and capital, and each principal category of assets, liabilities and capital.

(ii) For a three-year reported period, present the percentage of each principal category of assets to total assets and each principal category of liabilities and equity capital to total liabilities and equity capital.

2. *Loan Portfolio.*—In a separate caption entitled "Loan Portfolio":

(i) Explain the bank's policies and practices with regard to interest recognition.

(ii) Describe any material risks relating to the loan portfolio.

(iii) State, by appropriate categories (i.e., types of loans, letters of credit, etc.) the amount of loan and similar commitments (excluding check credit, overdraft and credit card lines) for a three-year reported period, and, with respect to the amount as of the end of the most recent fiscal year, the portion considered to be "firm" and the portion not reasonably expected to be exercised within the current year.

The categorization may include such items as commercial letters of credit, commitments to grant loans and commitments to purchase loans or such other classifications deemed appropriate by the bank. Any category representing more than 25 percent of the total commitments shown shall be identified and categories representing individually less than 25 percent of the total commitments shown may be aggregated as Other Commitments. If more than 25 percent of the total commitments shown are on terms where the prices or interest rates are not to be determined by the market conditions prevailing at the time of exercise of the commitments, the total and a description of such commitments should also be disclosed.

(iv) If a material portion of the bank's loans is currently or usually concentrated within a

single industry or group of related industries, include a description of such customers, their other relationships, if any, with the bank, any material risks involved in the concentration and their importance to the business of the bank.

(v) For banks with assets in excess of \$300 million, disclose the following:

(a) The remaining maturities of selected loans as provided in the latest Call Report.

(b) The total after tax effect of nonaccruing and reduced-rate loans as of the end of a two-year period.

3. *Interest rates and interest differentials.* For a three-year reported period, present:

(i) The dollar amounts of the changes in interest income from earning assets (in total and broken down into loans, investments, Federal funds and other appropriate categories).

(ii) The dollar amounts of the changes in interest expense for borrowed funds (time deposits, short-term borrowings and other appropriate categories).

(iii) The net interest differential. Material changes in interest income, interest expense, and the net interest differential should be described in percentage terms and absolute amounts, and fully explained. For banks with assets in excess of \$300 million, the dollar amounts should be analyzed to indicate the changes resulting from variances in volume and rate.

4. *Summary of loan loss experience.*—An analysis of the bank's loan loss experience including the following items:

(i) A discussion of the trends in the loss provision, gross charge-offs, and recoveries, for a two-year reported period. Discuss any material loan losses during the last fiscal year and any reported interim period.

(ii) Set forth a comparison of the charges to "Provision for possible loan losses" for a two-year reported period. Describe the factors which influenced management in determining the amount to be charged to operating expense.

(iii) Discuss the adequacy of the "Allowance for possible loan losses" at the end of the latest fiscal year and the last reported interim period. Discuss whether the trends in the Allowance for possible loan losses for the reported periods has increased or decreased as a percentage of average loans outstanding.

(iv) For a five-year reported period, present the bank's loan loss experience in the following format:

Year Ended Dec. 31

	19...	19...	19...	19...	19...	Interim
						19... 19...

Balances (thousands):

Loans:

Average loans \_\_\_\_\_

Loans at end of period \_\_\_\_\_

Actual chargeoffs \_\_\_\_\_

Less recoveries \_\_\_\_\_

Net loan chargeoffs \_\_\_\_\_

Allowance for possible \_\_\_\_\_

loan losses \_\_\_\_\_

Provision for possible \_\_\_\_\_

loan losses \_\_\_\_\_

Ratios:

New loan chargeoffs to \_\_\_\_\_  
average loans \_\_\_\_\_

Net loan chargeoffs to \_\_\_\_\_  
loans at end of period \_\_\_\_\_

Allowance for possible loan \_\_\_\_\_  
losses to average loans \_\_\_\_\_

Allowance for possible loan \_\_\_\_\_  
losses to loans at \_\_\_\_\_

end of period \_\_\_\_\_  
Net loan chargeoffs to allowance \_\_\_\_\_  
for loan losses \_\_\_\_\_

Net loan chargeoffs to provision \_\_\_\_\_  
for loan losses \_\_\_\_\_

(v) For banks with assets in excess of \$300 million, present a summary of loan loss experience by specific categories for a five-year reported period in a format similar to supplement D of the Large Bank Supplement to the Call Report.

5. *Deposits.* In a separate section captioned "Deposits": (i) If a material portion of the bank's deposits has been obtained from a single person or a few persons (including Federal, State, local governments and agencies thereunder) the loss of any one or more of whom would have material adverse effect on the business of the bank, include a description of such customers, their other relationships, if any, with the bank, and their importance to the business of the bank.

(ii) Discuss the extent to which the business is or may be seasonal.

(iii) Discuss any material deposit liabilities incurred from outside the bank's service area, and present the ratios of time and savings deposits to demand deposits, and public deposits to private deposits.

(iv) For banks with assets in excess of \$300 million, present the maturity distribution of deposits as set forth in the most recently filed Call Report.

6. *Investment Securities.*—For banks with assets in excess of \$300 million, present an analysis of securities held in trading accounts as set forth in the most recently filed Call Report.

7. *Investment Portfolio.*—In a separate section entitled "Investment Portfolio" show in schedule format the bank's investment portfolio by maturity distribution of the portfolio and describe its effect on liquidity. A statement of the bank's investment policies should be set forth. Any material trends in the composition of the investment portfolio should be discussed.

8. *Liability Management.*—In a separate section entitled "Liability Management" describe the bank's policies with respect to (i) certificates of deposit of \$100,000 or more; (ii) securities sold subject to repurchase agreements; and (iii) other short term borrowings. If significant in amount, the attendant risks should be discussed. The bank's methods for matching asset and liability maturities should also be discussed.

Item 7—Capital Stock

(a) If common or preferred stock is being offered, briefly outline the applicable: (1) dividend rights and restrictions; (2) cumulative voting rights; (3) preemptive rights; (4) liquidation rights; (5) vote required in connection with any merger, consolidation, liquidation, increase in capital or amendment to the articles of association; (6) redemption provisions; and (7) other material terms of the securities.

(b) In a separate section of the offering circular entitled "Dividend History" set forth on a per share basis: (1) in tabular format a five-year summary of dividends paid by the bank, net income and the ratio of dividends to net income; and (2) a description of the bank's dividend policy, and any statutory, contractual or regulatory restrictions on the payment of dividends.

Item 8—Debt Securities

If debt securities are being offered, set forth briefly the following:

(a) The terms relating to denomination, maturity and subordination.

(b) The statement: "This obligation is not a deposit and is not insured by the Federal Deposit Insurance Corporation, is ineligible as collateral for a loan by the issuing bank, and is unsecured."

(c) The statement: "These obligations may not be repaid prior to maturity, either pursuant to an acceleration in event of default or otherwise, without the prior written approval of the Comptroller of the Currency."

(d) The provisions as to the payment and rate of interest, conversion, repayment, events of default, modification of the terms of the debt security and any other material terms.

(e) The provisions restricting the declaration of dividends, the issuance and incursion of additional indebtedness and any other material restrictions. If convertible debt securities are being offered, set forth the information required by Item 7(b) of 12 CFR 16.6.

(f) The material terms of any trust indenture, the name of any indenture trustee, and the nature of any material relationship with the bank or any of its affiliates.

Item 9—Other Securities Being Offered

If securities other than capital stock or debt are being offered, outline briefly the rights conferred. If subscription warrants, rights or convertible securities are being offered, state the title, amounts and basic terms of the underlying securities, and the exercise period and price. If any securities are being offered in exchange for other securities, an appropriate description of such other securities should be given.

Item 10—Nature of Trading Market

For each class of securities to be offered, state briefly the nature of the trading market, if any, in such securities. Include the names of the principal market makers, and the reported high and low bid prices for each quarterly period during the last two years and latest interim period. If the securities are actively traded, so state and indicate the range of sales prices (including volume) known to the bank and the sources of such information. Also, state the date, price and volume of the latest trade in the class of securities to be offered and, if true, indicate that this price may not be indicative of its present value.

Item 11—Directors and Officers

Set forth the following information, in tabular form for each director and executive officer of the bank:

(a) Name, age, title, and length of service in this capacity.

(b) The number of shares of each class of equity securities of the bank or its parent owned beneficially, directly or indirectly, as of the most recent practicable date.

(c) A brief account of business experience during the last five years, including principal occupation(s) during that period and the name and principal business of any corporation or other organization in which the occupation was carried on.

(d) Describe any material proceedings to which any director or executive officer of the bank or any associate is a party to or has an interest materially adverse to the bank, its parent holding company or any subsidiaries.

#### Item 12—Principal Security Holders

Furnish the following information as of a specified date within 90 days prior to the effective date:

(a) As to each outstanding class of equity securities of the bank, the amount owned beneficially, directly or indirectly, by all directors and officers of the bank, as a group, without naming them. The following format should be used:

Title of class	Amount beneficially owned	Percent of class beneficially owned
----------------	---------------------------	-------------------------------------

A footnote to the table should disclose the nature of the beneficial ownership.

(b) The name, business address, and relationship to the bank of any individual, group, corporation or other entity who owns beneficially, directly or indirectly, more than 5 percent of the bank's outstanding voting securities. The following format should be used:

Name and address	Relationship with bank	Amount beneficially owned	Percent of class beneficially owned
------------------	------------------------	---------------------------	-------------------------------------

A footnote to the table should disclose the nature of the beneficial ownership. A disclaimer of beneficial ownership can be added in the footnote with an appropriate explanation indicating the number of shares disclaimed.

(c) Describe any material proceedings to which any principal security holder of the bank is a party to or has an interest materially adverse to the bank, its parent holding company or any subsidiaries.

#### Instructions

1. If, to the knowledge of the bank, more than 5 percent of any class of voting securities of the bank are held or to be held subject to any voting trust, pledge, or other arrangement, state (i) the title of such securities, (ii) the amount held or to be held, and (iii) the duration and material terms of the arrangement. If applicable, give the names of the voting trustees or other persons designated with voting power.

2. If the bank is controlled by a bank holding company, as defined by 12 U.S.C. 1841, disclose as to each class of equity securities of the bank holding company, the name, business address, and relationship to

the bank holding company of any individual or corporation who owns beneficially, directly or indirectly, more than 5 percent of the bank holding company's outstanding voting securities.

#### Item 13—Remuneration and Other Transactions with Management

Furnish the information called for by Item 7 of 12 CFR 11.51.

#### Item 14—Pending Legal Proceedings

Briefly describe any material pending legal proceedings, other than ordinary routine litigation, to which the bank, the parent holding company or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted and the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated.

#### Item 15—Financial Statements

Furnish the following statements. Refer to the following Instructions for requirements as to form and content, number of periods to be shown, informative disclosures and reports of independent accountants.

- Balance Sheet.
- Statement of Income.
- Statement of Changes in Capital Accounts.
- Statement of Changes in Financial Position.

#### Instructions

1. Financial statements shall be prepared in accordance with generally accepted accounting principles applicable to banks. Financial statement format and classification conforming with the "Call Report Instructions" ("Foreign and Domestic," "Domestic Only," or "Small Bank") applicable to the most recent call report filed by the bank may generally be used. Where the financial statements are accompanied by the report of an independent accountant, variations of format of classification which also conform with generally accepted accounting principles may be used. Financial statement captions should not be shown for items or conditions not present.

2. The bank shall file a balance sheet as of the end of its most recent fiscal year. If that date is more than 90 days prior to the date of filing of the offering circular, and any amendment thereto, a balance sheet as of a date within 90 days of the filing date shall also be presented.

3. The bank shall file statements of income, changes in capital accounts, and changes in financial position of each of the last two fiscal years and for the interim period, if any, between the end of the last fiscal year and the date of the most recent balance sheet being filed.

4. The financial statements shall include informative disclosures necessary for their fair presentation for the periods presented. Where information required to be disclosed in connection with the financial statements is also presented elsewhere in the offering circular, such information may be

incorporated in the note to financial statement by specific reference to that particular schedule or discussion. Informative disclosures should be presented on the face of the financial statements or as notes to the financial statements and should include the following items, where applicable:

- A summary of significant accounting policies.
- A description of any change in accounting principles made during any period covered by the financial statements which affects comparability or which is expected to have a material effect on future financial statements. A change in principle includes a change in method of applying a principle. The disclosure shall include the reason for the change and the effect of the change on income before securities gains or losses and net income for each period presented.
- Disclosure of any material retroactive adjustment of undivided profits and operating results made during any period for which an income statement is filed. State the reason for the adjustment and its effect upon net income reported.

(iv) The approximate market value of each major category of investment securities as of each balance sheet date.

(v) An analysis of changes in the allowance for possible loan losses during each period for which a statement of income is presented.

(vi) The major categories of bank premises, furniture and fixtures, and other related accumulated depreciation as of each balance sheet date, if the amounts are material.

(vii) The amount and balance sheet classification of assets pledged, mortgaged, or otherwise subject or liens or encumbrances as of each balance sheet date.

(viii) The significant components of liabilities for borrowed money, mortgage indebtedness, and subordinated notes or debentures, as of each balance sheet date. Information as to interest rates, due dates, pledged assets, and restrictive covenants should be summarized.

(ix) Where preferred stock is authorized and outstanding, the rights and preferences of various classes of stock outstanding.

(x) A description of any stock option plan authorized, including information as to the number of shares of stock involved and the terms under which option may be granted and exercised.

(xi) A description of any significant restrictions on the availability of undivided profits for the payment of dividends as of the latest balance sheet date. Such restrictions include limitations imposed by 12 U.S.C. 56 or 60, by any covenant, or by the terms of a formal agreement or order between the bank and the Comptroller of the Currency.

(xii) A description of any pension plan for bank employees, including the amount provided for pension plan expense in each income statement filed.

(xiii) An analysis of income tax expense for each period for which an income statement is presented. Information to be shown includes the amounts for current and deferred tax expense, the major components of deferred tax expense, and a reconciliation of the total provision for income taxes with an amount determined by multiplying income before taxes and securities gains or losses times the statutory federal income tax rate.

5. Earnings per share shall be reported on the face of the income statement for each period presented. Per share amounts shall be shown for income before securities gains or losses, and for net income. The number of shares used in computing per share amounts shall give appropriate recognition to stock dividends and stock splits declared, the issuance of shares, and shares issuable, under stock option plans or other similar arrangements.

6. If the most recent fiscal year's financial statements included in the offering circular have been examined and reported upon by an independent accountant, the offering circular shall include the report of that accountant. The report shall be manually signed in at least one copy of the initial offering circular filed.

**Item 16—Updating the Financials After the Effective Date**

The bank is required to update certain statistical and financial information in the offering circular continuously during the offering by attaching the most recent Balance Sheet and Statement of Income of the bank to the offering circular. These reports shall be attached to the offering circular no later than the day they are due to be filed with the Comptroller of the Currency. However, a completely amended offering circular will be necessary should the offering continue beyond the period of effectiveness, and any extensions thereof (see § 16.3(e)).

**§ 16.7 Form and content of an offering circular of a bank in organization.**

(a) **General instructions.** (1) This form is not to be used as a blank form to be filled in, but only as a guide for preparing the offering circular. Unless otherwise stated, the information required shall be given as of a date reasonably close to the effective date. The offering circular may be printed, lithographed, mimeographed, typewritten, or prepared by any similar process which produces clearly legible copies, suitable for a permanent record and for repeated photocopying.

(2) In addition to the information expressly required, there shall be added any material information necessary to make the statements made, in light of the circumstances under which they are made, not misleading. Information required need be given only if it is known or reasonably available to the bank. If any required information is unknown or not reasonably available to the bank, either because obtaining it would involve unreasonable delay, effort or expense, or because it rests peculiarly within the knowledge of another person not affiliated with the bank, the information may be omitted, upon approval of the Comptroller of the Currency, subject to the following conditions.

(i) The bank shall give the information

that it possesses on the subject or can acquire without unreasonable delay, effort or expense, together with the sources; and

(ii) The bank shall furnish a statement to the Comptroller of the Currency either (A) showing that unreasonable delay, effort or expense would be involved, or (B) indicating the absence of any affiliation with the person having the information and stating the result of a request made of that person for the information.

(b) A bank in organization may, with the prior approval of the Comptroller, authorize additional shares up to 15% of its stated capitalization to cover potential oversubscriptions. In such event, information set forth on the cover page and in the offering circular with respect to shares being offered, the bank's capitalization and the use of proceeds should make reference both to the stated capitalization and to the total capitalization including the shares authorized to cover oversubscriptions. Where shares are authorized to cover oversubscriptions, no director, officer or organizer of the bank can oversubscribe so as to exceed the maximum ownership percentages permitted under the Comptroller's guidelines.

(c) The following information shall be disclosed in the offering circular:

**Item 1—Cover Page**

The following information shall be included on the cover page of the offering circular:

- (a) The caption "Offering Circular."
- (b) The exact name and complete address of the bank.
- (c) The amount and type of security being offered.
- (d) The following statements in capital letters and boldface type:

**THE MERITS OF THESE SECURITIES HAVE NOT BEEN PASSED UPON BY THE COMPTROLLER OF THE CURRENCY NOR HAS THE COMPTROLLER OF THE CURRENCY PASSED UPON THE ACCURACY OR ADEQUACY OF THE OFFERING CIRCULAR.**

**NO AGENT OR OFFICER OF THE BANK OR ANY OTHER PERSON HAS BEEN AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE ANY REPRESENTATIONS OTHER THAN THOSE CONTAINED IN THE OFFERING CIRCULAR, AND IF GIVEN OR MADE, SUCH INFORMATION AND REPRESENTATIONS SHOULD NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED BY THE BANK.**

**THE ISSUANCE OF THE STOCK OFFERED HEREBY IS SUBJECT TO THE APPROVAL OF THE COMPTROLLER OF THE CURRENCY. THE BANK RESERVES THE RIGHT TO CANCEL ACCEPTED SUBSCRIPTION OFFERS AT THE DIRECTION OF THE COMPTROLLER OF THE CURRENCY UNTIL THE DATE THE BANK COMMENCES OPERATIONS. IF, FOR ANY REASON, THE BANK DOES NOT OPEN FOR BUSINESS OR IF FUNDS ARE RETURNED TO SUBSCRIBERS, ALL OF THE CASH PAID BY THE SUBSCRIBERS FOR THEIR SHARES WILL BE RETURNED, PLUS OR MINUS ANY PROFITS OR LOSSES INCURRED THROUGH INVESTMENT OF SUCH FUNDS IN UNITED STATES GOVERNMENT SECURITIES. ANY OTHER COSTS OR EXPENSES WILL BE BORNE BY THE ORGANIZERS.**

(e) A sentence stating the offering price, the number of shares being offered (including oversubscription allotment, if any), and the par value of the stock.

(f) The information called for by the following table presented in substantially the same form:

	Paid to public	Under- writing com- mis- sion	Expenses of the offering	Proceeds to bank
Per unit	\$	\$	\$	\$
Total	\$	\$	\$	\$

\* Total Proceeds including full exercise of oversubscription, if applicable

- (g) The proposed means of distribution.
- (h) The effective date of the offering circular.

(i) Immediately following the cover page, include a page with a table of contents and the following paragraph in capital letters and boldface type

**THIS OFFERING CIRCULAR DOES NOT CONSTITUTE AN OFFER TO SELL OR A SOLICITATION OF AN OFFER TO BUY ANY OF THE SECURITIES OFFERED HEREBY IN ANY JURISDICTION TO ANY PERSON TO WHOM IT IS UNLAWFUL TO MAKE SUCH OFFER OR SOLICITATION IN SUCH JURISDICTION. NEITHER THE DELIVERY OF THIS OFFERING CIRCULAR NOR ANY SALE HEREUNDER SHALL UNDER ANY CIRCUMSTANCES CREATE AN IMPLICATION THAT THERE HAS BEEN NO CHANGE IN THE AFFAIRS OF THE BANK SINCE THE DATE HEREOF.**

**Item 2—Offering and Method of Subscription**

The following information shall be stated:

(a) The number of shares being offered, the offering price, the par value of the common stock, and the expiration date of the offering period, including any provisions of extending the offering period.

(b) The fact that the issuance of stock is subject to the approval of the Comptroller of the Currency and the bank reserves the right

to cancel accepted subscription offers at the direction of the Comptroller of the Currency until the date the bank receives its charter.

(c) The fact that shares of stock duly subscribed and paid for will be issued upon acceptance by the bank immediately after the bank receives its charter.

(d) The method or procedure for subscribing to the stock.

(e) A description of the location and basic terms of the escrow account in which the funds will be held until all of the subscriptions have been paid in and accepted, and the Comptroller of the Currency has authorized their disbursement.

(f) The statement: "Subscriptions will be accepted until \_\_\_\_\_ p.m./a.m. on the expiration date \_\_\_\_\_, 19\_\_\_\_. It is anticipated that the bank will commence operations on or about \_\_\_\_\_, 19\_\_\_\_."

"If for any reason the bank does not open for business or if funds are returned to a subscriber for any reason, all of the cash paid by the subscriber for its shares will be returned plus or minus any profit or losses incurred through investment of such funds in United States Government Securities. Any other costs or expenses will be borne by the Organizers."

#### Item 3—Use of Proceeds

State the principal purposes for which the net proceeds are intended to be used and the approximate amount to be used for each purpose. Indicate the proposed expenditures in the following categories:

(a) Operating expenses for a period of 12 months from the date the bank intends to open for business. The underlying assumption that all of the stock will be sold and that the bank will open for business on a particular date should be stated.

(b) Organizational and pre-operating expenses incurred before the bank opens for business. These expenses should be broken down into those incurred to the date of the financial statements and an estimate of those expected to be incurred between that date and the date of the opening.

(c) The balance to be used for general corporate purposes.

#### Item 4—Pro Forma Statement of Capitalization

Set forth in the following tabular format the title, basic terms, and amount of each class of securities authorized and outstanding as of the date of the balance sheet included in the offering circular after giving effect to the proposed offering.

	Pro forma capitalization
Equity capital	
Common stock (par value \$ ____ per share)	
xx shares authorized	
xx shares outstanding	\$xxx
Surplus <sup>1</sup>	\$xxx
Deficit accumulated during development stage <sup>2</sup>	\$xxx
Organizational and preoperating expenses (\$xxx (a))	
Less investment income \$xxx (b)	\$xxx (a minus b)
Total equity capital	\$xxx

<sup>1</sup> The expenses of the offering are to be charged to surplus.

<sup>2</sup> The pre-operating income earned on the investment securities and the organizing and pre-operating expenses as approved by the Comptroller of the Currency are credited/charged to undivided profits when the bank opens for business.

#### Item 5—Business of the Bank

Describe the proposed business operations of the bank. The description shall include, but shall not be limited to, information as to the following matters:

(a) The current status and history of the new bank and application with the Comptroller of the Currency, and the date the bank is expected to commence business.

(b) The community delineated for the bank's proposed Community Reinvestment Act statement, competitive conditions, and a summary of the economic conditions. Present the names and locations of other financial institutions within the potential service area and the immediate outlying area, and indicate their total assets, deposits, and equity capital. Discuss the potential effect these financial institutions will have on the operations of the new bank.

(c) The proposed services of the bank in the commercial, consumer, and trust areas.

(d) The expected sources of deposits and loans when operations commence.

(e) The material effects that compliance with Federal and State banking laws, and rules or regulations enacted thereunder, will have on the business of the bank. Indicate the manner in which the state laws where the bank is located may materially affect such matters as branching, interest rates, bank holding companies, etc.

(f) The likelihood of profitable operations during each of the bank's first three years.

(g) Transactions involving the bank's purchase and/or lease of land and/or buildings, including a discussion about the valuation of those assets.

#### Item 6—Organizers, Directors and Officers

Set forth the following information, in tabular form, for each organizer, proposed director and executive officer of the bank:

(a) The name, business address, and age of each individual.

(b) The approximate number of shares of common stock and the percent of the class each person intends to own of record or beneficially, directly or indirectly.

(c) A brief account of the business experience during the past ten years, including principal occupations and employment during that period, the name and principal business of any corporation or other organization in which the occupations and employment were carried on, and the name of any bank of which the person has been a director or executive officer.

(d) The amount of all direct and indirect remuneration from the bank which each person has received from the bank during the last 12 months, and the amount each person is expected to receive in the 12 months commencing with the effective date of the offering circular. Indicate the aggregate amounts which these persons have received or will receive, as a group. State whether or not any stock option, stock bonus, money purchase, thrift, pension or employee stock

ownership plans, qualified or unqualified, or deferred compensation arrangements are contemplated.

(e) The following statement should be inserted:

"The Comptroller of the Currency has the authority to disallow any of the above persons from assuming his or her designated position."

(f) A summarization of any borrowing arrangements to finance the stock subscription for each organizer, proposed director and executive officer of the bank.

#### Item 7—Principal Security Holders

Furnish the following information:

(a) The total number of shares of common stock to be authorized and the total number to be issued and outstanding.

(b) The amount and percent of the class to be owned beneficially, directly or indirectly, by all directors, officers, and organizers of the bank, as a group, without naming them and the amount that will be held by the investing public. The following format should be used:

Title of class	Amount beneficially owned	Percent of class beneficially owned
----------------	---------------------------	-------------------------------------

A footnote to the table should disclose the nature of the beneficial ownership. A disclaimer of beneficial ownership can be added in the footnote with an appropriate explanation provided for the disclaimer and indicating the number of shares disclosed.

(c) The name, business address, and relationship to the bank of any person or corporation who will own beneficially directly or indirectly, 10 percent or more of the outstanding voting securities. The following format should be used:

Name and address	Relationship with bank	Amount beneficially owned	Percent of class beneficially owned
------------------	------------------------	---------------------------	-------------------------------------

#### Item 8—Capital Stock

Outline briefly (a) par value; (b) dividend rights; (c) voting rights; (d) preemptive rights; (e) liquidation rights; (f) the vote required to amend any of the terms; and (g) any other material terms of the stock being offered.

#### Item 9—Material Transactions

(a) Describe any direct or indirect material interest of any of the following persons in any transactions, or proposed transactions, to which the bank was or is to be a party:

(1) Any organizer, proposed director, or proposed officer of the bank.

(2) Any person who owns or will own beneficially 10 percent or more of the outstanding voting securities as named in the answer to Item 6(c).

(3) Any associate of any of the foregoing.

#### Instructions

For purposes of this item, any of the following transactions may be deemed material if the amount of the transaction or series of transactions exceed 1 percent of the equity capital being offered:

1. Any transaction or proposed transaction in which a specified person sells real property, fixtures or any other assets to the bank. State the cost of the assets to the bank, and the cost of the assets to the specified person if acquired by the specified person within five years prior to the sale.

2. Any transaction or proposed transaction in which a specified person receives remuneration for services, directly or indirectly (other than in the capacity of an organizer, proposed director, or proposed officer of the bank).

3. Any transaction or proposed transaction in which a specified person leases real or personal property to the bank. Indicate the cost of the asset if acquired by the lessor within five years, the annual lease payments, the terms of the lease, and the total aggregate lease payments.

#### Item 10—Marketability of Securities

Indicate the anticipated nature of the secondary market for the securities being offered. If there can be no assurance of the marketability of the securities, so state.

#### Item 11—Dividend Policy

State the policy of the bank as to the declaration of dividends and retention of profits. Briefly describe the restrictions on the declaration of dividends imposed by 12 U.S.C. § 56 and 12 U.S.C. § 60, and state that under certain circumstances the approval of the Comptroller of the Currency may be required prior to the payment of a dividend.

#### Item 12—Financial Statements

The bank shall furnish the following financial statements with appropriate notes, as of the most recent practicable date:

- (a) Balance Sheet.
- (b) Statement of Organizational and Pre-Operating Expenses.
- (c) Statement of Changes in Capital Accounts.

In addition to the above statements, the bank should provide a description of any assets contributed by organizers or stockholders and the method used to value those assets.

#### § 16.8 Advertisements.

Any written advertisement, letter, announcement, film, radio or television broadcast which refers to a present or proposed public offering of securities subject to this Part, including any offering exempted under § 16.4, may be published, distributed, or broadcast only after such material has been filed with the Comptroller of the Currency. Where an offering circular has been filed under § 16.3 and declared effective, any additional advertisements or announcements may only be used after being filed with, and cleared by, the Comptroller of the Currency. Such advertisement or other materials referred to in this section may contain only the following information:

- (a) A statement that the announcement is neither an offer to sell

nor a solicitation of an offer to buy any of the securities and that the offering is made only by the offering circular.

(b) The name and address of the bank, and the principal underwriters, if any.

(c) The title of the security, the dollar amount and number of securities being offered, and the per unit offering price to the public.

(d) If debt securities are being advertised, indicate in capital letters and boldface type or verbally as appropriate.

**THESE OBLIGATIONS ARE NOT DEPOSITS AND ARE NOT INSURED BY THE FEDERAL DEPOSIT INSURANCE CORPORATION. THEY ARE SUBORDINATE TO THE CLAIMS OF DEPOSITORS AND OTHER CREDITORS AS MORE FULLY DESCRIBED IN THE OFFERING CIRCULAR.**

(e) Where a copy of the offering circular may be obtained.

Dated: February 8, 1980.

John G. Heimann,  
Comptroller of the Currency.

## FEDERAL RESERVE SYSTEM

### 12 CFR Part 225

[Reg. Y, Docket No. R-0273]

**Indebtedness That Does Not Give Rise to Presumption of Continued Control Under section 2 (g)(3) of the Bank Holding Company Act; Correction**

**AGENCY:** Board of Governors of the Federal Reserve System.

**ACTION:** Revision of Interpretation, Correction.

**SUMMARY:** This document corrects a previous Federal Register document (FR Doc. 80-3936) beginning at page 8279 of the issue for Thursday, February 7, 1980.

**EFFECTIVE DATE:** February 7, 1980.

**FOR FURTHER INFORMATION CONTACT:** Robert E. Mannion, Deputy General Counsel (202/452-3274) or Bronwen Mason, Senior Attorney (202/452-3564), Board of Governors of the Federal Reserve System, Washington, D.C. 20551.

**SUPPLEMENTARY INFORMATION:** On page 8280 at the top of the third column, the phrase "while of the statutory presumption" in the last sentence of § 225.139(c)(4) is corrected by deleting the word "of" so that the sentence reads as follows:

It should be understood that, while the statutory presumption in situations involving these categories of credit may

not apply, the Board is not precluded in any case from examining the facts of a particular transfer and finding that the divestiture of control was ineffective based on the facts of record.

Board of Governors of the Federal Reserve System, February 11, 1980.

William N. McDonough,

Assistant Secretary of the Board.

BILLING CODE 6210-01-M

## DEPARTMENT OF JUSTICE

### Drug Enforcement Administration

#### 21 CFR Part 1308

#### Exempt Chemical Preparations

**AGENCY:** Drug Enforcement Administration.

**ACTION:** Final rule.

**SUMMARY:** This rule exempts a number of the below listed chemical preparations and mixtures which contain controlled substances from the application of various provisions of the Comprehensive Drug Abuse Prevention and Control Act of 1970, and from certain Drug Enforcement Administration regulations, and adds these requirements to others which are deleted from the exempt list. This action is in response to DEA's periodic review of the exempt chemical preparations list and its review of applications for exemptions filed with the DEA and is consistent with the needs of researchers, chemical analysts, and suppliers of these products.

**DATES:** This rule is effective April 21, 1980, subject to being suspended, reinstated, revoked or amended by the Administrator upon consideration of any comments or objections which raise significant issues on any finding of fact or conclusion of law supporting this order, received on or about April 21, 1980.

**FOR FURTHER INFORMATION CONTACT:** Howard McClain, Chief, Regulatory Control Division, telephone (202) 633-1366.

**SUPPLEMENTARY INFORMATION:** The Administrator of the Drug Enforcement Administration has received applications pursuant to § 1308.23 of Title 21 of the Code of Federal Regulations requesting that several chemical preparations containing controlled substances be granted the exemptions provided for in § 1308.24 of Title 21 of the Code of Federal Regulations.

The Administrator hereby finds that each of the following chemical

preparations and mixtures is intended for laboratory, industrial, education, or special research purposes, is not intended for general administration to a human being or other animal, and either (a) contains no narcotic controlled substances and is packaged in such a form or concentration that the package quantity does not present any significant potential for abuse, (b) contains either a narcotic or non-narcotic controlled substance and one or more adulterating or denaturing agents in such a manner, combination, quantity, proportion, or concentration, that the preparation or mixture does not present any potential for abuse, or (c) the formulation of such preparation or mixture incorporates methods of denaturing or other means so that the controlled substance cannot in practice be removed, and therefore the

preparation or mixture does not present any significant potential for abuse. The Administrator further finds that exemption of the following chemical preparations and mixtures is consistent with the public health and safety as well as the needs of researchers, chemical analysts, and suppliers of these products.

Therefore, pursuant to the Act, the regulations of the Department of Justice and the Drug Enforcement Administration, the Administrator of the Drug Enforcement Administration hereby orders that Part 1308 of Title 21 of the Code of Federal Regulations be amended as hereinafter appears.

Dated: February 11, 1980.

Peter B. Bensinger,  
Administrator.

a. Section 1308.24(i) is amended by deleting the following:

## DEPARTMENT OF STATE

### 22 CFR PART 51

[Dept. Reg. 108.786]

#### Passports Invalid for Travel Into or Through Restricted Areas

AGENCY: Department of State.

ACTION: Final rule.

**SUMMARY:** The Department of State revises its regulations to render passports invalid for travel into or through restricted areas. Current regulations provide that passports shall be invalid (1) in a country at war with the United States, (2) in a country where armed hostilities are in progress, or (3) in a country in which travel would seriously impair the conduct of U.S. foreign affairs. This amendment substitutes for the third condition a country in which there is imminent danger to the public health or physical safety of United States travelers. The amendment implements Pub. L. 95-426, October 7, 1978.

**EFFECTIVE DATE:** February 20, 1980.

#### FOR FURTHER INFORMATION CONTACT:

Elliott B. Light, Office of Citizenship Appeals and Legal Assistance (PPT/C), Department of State, 2201 C Street NW., Washington, D.C. 20520. (202) 632-7172/0897.

**SUPPLEMENTARY INFORMATION:** A notice of proposed rulemaking to revise § 51.72 was published in the Federal Register on November 14, 1979 (44 FR 65600).

Interested persons were invited to submit comments concerning the revision by January 14, 1980. No unfavorable comments were received; therefore, the proposed revision to § 51.72 is adopted, without change, as set forth below.

#### § 51.72 Passports invalid for travel into or through restricted areas.

(a) Unless specifically validated therefore, U.S. passports shall cease to be valid for travel into or through a country or area which the Secretary has determined is:

- (1) A country with which the United States is at war, or
- (2) A country or area where armed hostilities are in progress; or
- (3) A country or area in which there is imminent danger to the public health or physical safety of United States travelers.

(b) Any determination made under paragraph (a) of this section shall be published in the Federal Register along with a statement of the circumstances requiring this restriction.

(c) Unless limited to a shorter period, any such restriction shall expire at the end of one year from the date of publication of such notice in the Federal Register, unless extended or sooner revoked by the Secretary by public notice.

(Sec. 1, 44 Stat 887; sec. 4, 63 Stat. 111, as amended (22 U.S.C. 211a, 2658); E.O. 11295, 36 FR 10603; 3 CFR 1966-70 Comp., 507; Pub. L. 95-426, effective October 7, 1978)

Dated: February 7, 1980.

BILLING CODE 4710-06-M

## DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

### Office of Assistant Secretary for Housing—Federal Housing Commissioner

#### 24 CFR Part 201

[Docket No. R-80-762]

#### Property Improvement and Mobile Home Loans; Correction

AGENCY: Department of Housing and Urban Development (HUD).

ACTION: Correction of Final Rule.

**SUMMARY:** The Housing and Community Development Amendments of 1979 authorized an increase in the maximum loan amounts for single and double-wide mobile homes. The amendment published on January 25, 1980 inadvertently increased the loan amounts only where they appeared in the first paragraph. This publication will increase the loan amounts appearing in a subsequent paragraph with the same regulation.

**EFFECTIVE DATE:** January 25, 1980.

#### FOR FURTHER INFORMATION CONTACT:

John L. Brady, Director, Title I Insured and 312 Loan Servicing Division, Room 9178, 451 7th Street, S.W., Washington, D.C. 20410 (202) 755-6680. This is not a toll free number.

#### SUPPLEMENTARY INFORMATION:

Accordingly 24 CFR Part 201 is amended by revising § 201.530(c) as follows:

#### § 201.530 Maximum loan amount.

\* \* \* \* \*

(c) The charges and fees authorized in paragraph (b) of this section may be added to the loan, if the inclusion of such items does not increase the total loan proceeds to more than \$18,000 (\$27,000 where the mobile home is composed of two or more modules).

(Sec. 7(d) Dept. of HUD Act (42 U.S.C. 3535(d); Title I, sec. 2, 48 Stat. 1246 (12 U.S.C. 1703) as amended)

Issued at Washington, D.C., February 12, 1980.

Lawrence B. Simons,  
*Assistant Secretary for Housing-Federal Housing Commissioner.*

BILLING CODE 4210-01-M

**DEPARTMENT OF AGRICULTURE****Office of the Secretary****41 CFR Part 4-1****Implementation of Program to Maximize Contracting Participation of Small and Disadvantaged Business Enterprises; Revision of Regulations**

**AGENCY:** Office of the Secretary, U.S. Department of Agriculture.

**ACTION:** Final rule.

**SUMMARY:** This rule prescribes the Department of Agriculture's policies, procedures and contract clauses which establish the Department's program to maximize the contracting and subcontracting participation of small and disadvantaged business enterprises. The program is authorized and required pursuant to a recently enacted Law and an Executive Order.

**EFFECTIVE DATE:** February 20, 1980.

**ADDRESS:** Send comments to Preston A. Davis, Acting Director, OSDBU, Department of Agriculture, Auditors Building, Room 4103, Washington, D.C. 20250.

**FOR FURTHER INFORMATION CONTACT:** Paul J. McCloskey (202/447-7921).

**SUPPLEMENTARY INFORMATION:** This rule is being published as a final rule pursuant to the authority of 5 U.S.C. 553, without having been previously published as proposed rulemaking. Such action is necessary because of the immediate need for the implementation of a small and disadvantaged, including women-owned, business program within the Department of Agriculture. This amendment implements this program and the Department of Agriculture has determined that it would be contrary to the public interest to delay its implementation. During this initial period of implementation, the Department of Agriculture encourages concerned persons to comment on both the program as a whole and upon particular policies and procedures.

This document sets forth changes to be made in the Agriculture Procurement Regulations in implementation of Pub. L. 95-507. Regulations which implemented the Department's Minority Business Enterprise Program, published in 41 CFR 4-1.713 and 4-1.13 are being revised to be consistent with the new Law and Executive Order 12138, May 18, 1979.

Since fiscal year 1974, the Department's Minority Business Enterprise Program was managed by the

Minority Business Assistance Division, Office of Equal Opportunity. On June 28, 1979, the Office of Small and Disadvantaged Business Utilization (OSDBU) was established to implement and administer the programs under Sections 8 and 15 of the Small Business Act, as amended. Functions performed by the Minority Business Assistance Division, Office of Equal Opportunity were transferred to OSDBU.

The Department, in an attempt to triple its procurement from minority businesses by the fiscal year 1979, and to carry out the other priorities announced by President Carter has initiated efforts to apprise minority firms of business opportunities. Seminars were held at four 1890 institutions to apprise minority business, political and religious leaders of USDA program opportunities. A Citizens' Advisory Committee on Equal Opportunity was formed which included a Subcommittee on Minority Business. As a result of these and other actions, the Department of Agriculture has determined that the participation of minority businesses in our procurement activities has been underrepresented.

The Department in prescribing its revised policies and procedures for implementation of Pub. L. 95-507 hopes to correct deficiencies in the utilization of minority firms as prime and subcontractors. The Department of Agriculture encourages comments from all interested parties having direct or indirect experience with USDA programs.

Accordingly, 41 CFR 4-1.713 and Subpart 4-1.13 are adopted as follows:

1. The table of contents of Part 4-1 is amended by revising § 4-1.713 to read as follows:

Subpart 4-1.7—Small Business Concerns

\* \* \* \* \*

Sec.

4-1.713 Contracts with the Small Business Administration.

4-1.713-1 Authority.

4-1.713-2 Policy.

4-1.713-50 Goals.

Authority: Executive Order 11625, October 13, 1971, 41 CFR 1-1.713 and Pub. L. 95-507, October 24, 1978.

2. Section 4-1.713 is revised to read as follows:

§ 4-1.713 Contracts with the Small Business Administration

§ 4-1.713-1 Authority.

The Small Business Administration is

empowered to enter into contracts with any procuring agency of this Department whenever SBA certifies it is competent and responsible to perform a specific procurement pursuant to 15 U.S.C. 637(a), as amended. The procuring agency shall be authorized to let such procurements to SBA whenever there is mutual agreement upon the terms and conditions. This authorization applies to all types of procurement including articles, equipment, supplies, services, materials, commodities, and construction work.

#### § 4-1.713-2 Policy.

(a) It is the policy of the Department to foster business ownership by individuals who are both socially and economically disadvantaged to promote the viability of such firms by offering contracts to SBA as may be needed to support these firms. Responsibility for this program has been delegated to the Office of Small and Disadvantaged Business Utilization (7 CFR 2.79). Coordination, support and monitoring of the 8(a) program will be done by OSDBU. This section is applicable to all procuring agencies of the Department including Directors of staff offices whose programs generate requirements for contract action.

(b) [Reserved]

(c) Once the agency has identified a procurement area for an 8(a) contract, and a potential contractor has been identified and screened, the contractor must submit a business plan to the Small Business Administration unless he has already submitted a plan and has been certified as eligible by SBA for an 8(a) award. This plan outlines a reasonable approach to upgrading the efficiency of the business to achieve competitive status. In addition, SBA also performs background checks on applicants determined eligible for the program. This is done to determine the accuracy of the make-up of the proprietorship, partnership, joint-venture, or corporation and also to uncover any adverse information which might prevent successful completion of a contract.

(d) Agency field offices should work closely with SBA Regional Offices concerning involvement with the provisions of the 8(a) program. Agencies are encouraged to be present during the negotiation session. The negotiations are conducted by SBA, however the procuring agency may negotiate directly

with the 8(a) contractor if permission is obtained from SBA.

(e) [Reserved]

(f) The SBA has a Surety Bond Guarantees program that provides for bid, performance, or payment bond guarantees up to 90 percent of the loss of the bond. Contracts of \$1,000,000 or less are eligible for SBA's bond guarantee. However, if a job has been put out to bid in components (example: Site and foundation is one bid; building construction is another) and each does not exceed \$1,000,000; each separate contract can be guaranteed. There is no limit to the number of bonds that can be guaranteed for any one contractor. SBA is not altering in any way the type or amount of information the insurance company needs to make a bonding decision. The contractor must apply for a bond with the insurance agency or broker of his choice. The surety company, based on the information supplied by the contractor, may decide (1) to make a bond itself, (2) to make the bond only if SBA guarantees, or (3) to decline the bond even with SBA's guarantee. SBA will provide counseling if needed to help the contractor compile the necessary data needed by the insurance company.

(g) During the negotiation phase, if conducted by the procuring agency, the contracting officer shall inform the 8(a) contractor of his labor standards obligations and explain them when necessary. During contract administration, the contracting officer or his representative shall contact the contractor to determine if applicable labor standards provisions are being fully implemented. The U.S. Department of Labor has published in synopsis form, a brochure entitled "Major Laws Administered by the U.S. Department of Labor Which Affect Business." It may be obtained from the area or regional offices of the Wage and Hour Division. These brochures may be helpful concerning labor standards information to preclude violations by 8(a) contractors in performance of the contract.

#### § 4-1.713-50 Goals.

(a) The head of each procuring agency, including Directors of staff offices whose programs generate requirements for contract action shall establish Section 8(a) goals each fiscal year. These goals shall reflect a representative share of the agency's awards expected to exceed \$10,000. Goals shall be submitted to OSDUBU in accordance with the format described in § 4-1.1302-3.

(b) OSDUBU shall assist agencies in locating qualified contractors in order to

meet established goals and shall provide other coordination as necessary.

(c) OSDUBU shall review (negotiate, if necessary) and approve the Agency goals.

(d) Agencies are to be guided by the policies and suggestions contained in the handbook entitled "USDA Minority Business Assistance" as an aid in the attainment of goals. The handbook can be obtained from USDA, OSDUBU, Washington, D.C. 20250.

3. The table of contents of Part 4-1 is amended by revising Subpart 4-1.13 to read as follows:

#### Subpart 4-1.13—Minority Business Enterprises

Sec.

4-1.1300 Scope of subpart.

4-1.1302 Agency programs.

4-1.1302-1 Definitions.

4-1.1302-2 OSDUBU Coordinators.

4-1.1302-3 Goals.

4-1.1302-4 Reports.

Authority: Executive Order 11625, October 13, 1971, Executive Order 12138, May 18, 1979, 41 CFR 1-1.13 and Pub. L. 95-507, October 24, 1978.

4. Subpart 4-1.13 is revised to read as follows:

#### Subpart 4-1.13—Minority Business Enterprise

##### § 4-1.1300 Scope of subpart.

This subpart prescribes the Department of Agriculture's policies and procedures which establish a small and disadvantaged business enterprise program pursuant to the provisions of Pub. L. 95-507, October 24, 1978, and Subpart 1-1.13 of this title. This subpart is in addition to the policies and procedures for contracts with the Small Business Administration pursuant to section 8(a) of the Small Business Act as prescribed under §§ 1-1.713 and 4-1.713 of this title.

##### § 4-1.1302 Agency programs.

The Office of Small and Disadvantaged Business Utilization is responsible for assisting in the development of policy, procedures and guidelines for the effective administration of the Department's minority business enterprise program; i.e., small and disadvantaged businesses, including women-owned. OSDUBU is also responsible for evaluating agency accomplishments, objectives and procedures with respect to this program and for recommending corrective actions for program improvement. The head of each procuring agency including Directors of staff offices whose programs generate requirements for contract action, shall be responsible for administering the Department's minority

business enterprise program, including women-owned, within that agency. This responsibility may be redelegated to assure program effectiveness.

(a) The head of each procuring agency, or designee(s), shall take immediate positive action to insure maximum participation of minority business enterprises, including women-owned, in the procuring activities of the organization. This action shall include, but not be limited to, the following:

(1) Establishment of aggressive minority and women-owned business goals based on the annual review of advance procurement plans. These goals shall be submitted in accordance with § 4-1.1302-3 of this chapter.

(2) Attempt to direct those procurement requirements to the 8(a) program which match the abilities of the minority contractors located in the area where the contract will be performed. Procurement requirements identified in this manner shall be directed to the nearest SBA Regional or District Office in accordance with § 1-1.713-3(c) of this title.

(i) Recurring requirements should not be assigned to the 8(a) program, without consulting SBA, when small businesses are dependent in whole or in significant part on such Government requirements. However, this does not mean that a segment of a requirement could not be assigned to the 8(a) program. In addition, § 1-1.713-2(e) of this title shall apply.

(ii) The SBA publication "Firms in the 8(a) Business Development Program" should be used as an aid in locating eligible contractors. This publication can be ordered from: Small Business Administration, Office of Reports, Room 503, 1441 "L" Street NW., Washington, D.C. 20416.

(iii) Field personnel should be encouraged to locate and contact minority contractors for possible 8(a) participation. These contractors should be directed to the nearest District or Regional Office of SBA to make application for certification of eligibility.

(3) Full utilization of available minority and women-owned vendor listings, directories and query systems to insure that eligible and qualified minority and women-owned business enterprises are included on the bidder's mailing lists and source lists.

(4) Appointment of OSDUBU Coordinators at each agency office which has been delegated authority to award contracts. Duties of these coordinators shall be in accordance with § 4-1.1302-2 of this chapter.

(5) Training opportunities shall be provided for all personnel involved in

carrying out the Department's minority and women-owned business enterprise program.

(6) Agency plans for the utilization of minority and women-owned business enterprises shall be prepared. The plans may be in the form of standard operating procedures which the agency establishes and are to be followed by all personnel involved in carrying out this program.

#### § 4-1.1302-1 Definitions.

(a) "Small business" means a business which qualifies as a small business under the small business size standards as described in Subpart 1-1.7 of this title.

(b) "Minority business enterprises" means small business concerns owned and controlled by socially and economically disadvantaged individuals.

(c) "Small business concerns owned and controlled by socially and economically disadvantaged individuals" shall mean:

(i) A small business concern which is at least 51 percent owned by one or more socially and economically disadvantaged individuals; or in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more socially and economically disadvantaged individuals; and

(ii) Whose management and daily business operations are controlled by one or more of such individuals.

(d) "Socially and economically disadvantaged individuals" include Black Americans, Hispanic Americans, Native Americans (American Indians, Eskimos, Aleuts and Native Hawaiians), Asian-Pacific Americans and other minorities or any other individual found to be disadvantaged by the Small Business Administration pursuant to section 8(a) of the Small Business Act.

(e) "Socially disadvantaged individuals" means those individuals who have been subjected to racial or ethnic prejudice or cultural bias because of their identity as a member of a group without regard to their individual qualities.

(f) "Economically disadvantaged individuals" means those individuals whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged.

(g) "Women-owned business" means a business that is at least 51 percent owned by a woman or women who also control and operate it. "Control" in this context means exercising the power to

make policy decisions. "Operate" in this context means being actively involved in the day-to-day management.

#### § 4-1.1302-2 OSDBU Coordinators.

The heads of each procuring agency shall designate an OSDBU Coordinator in each office which has delegated authority to award and administer contracts. In addition, staff office directors whose programs generate contracts shall designate an OSDBU Coordinator. Coordinators shall take positive actions which will maximize procurement opportunities for small businesses, including minority and women-owned businesses. The amount of time required for the performance of functions concerning this program shall be directly related to the number and dollar value of contract awards made in each office. In addition to their regular assigned duties, it is anticipated that about 20 percent of their time should be spent as OSDBU Coordinators. Supervisors of OSDBU Coordinators are encouraged to provide time for the Coordinators to spend on this important assignment. The duties and responsibilities of the Coordinators shall include, but not be limited to the following:

(a) Review each procurement action expected to exceed \$10,000 prior to its solicitation. The Coordinator shall (1) recommend section 8(a) action and identify potential contractors, or (2) identify available minority and women-owned businesses to be solicited by competitive procedures. Coordinators shall document the contract file with recommendations made and actions taken.

(b) Participate in goal setting procedures and planning activities as described in § 4-1.1302-3 of this chapter.

(c) Assure that the subcontracting clause entitled "Utilization of Small Business Concerns and Small Business Concerns Owned and Controlled by Socially and Economically Disadvantaged Individuals", as prescribed in Subparts 1-1.7 and 1-1.13 of this title, is included in applicable solicitations. The Coordinator shall participate in the review of those contracts which require the successful offeror to submit written plans for the utilization of small and small disadvantaged businesses as subcontractors.

(d) Insure that small purchases (under \$10,000) are reserved exclusively for small businesses, including minority and women-owned businesses as prescribed by section 221(j) of Pub. L. 95-507. This policy shall be implemented unless the contracting officer is unable to obtain offers from two or more small business

concerns that are competitive with market prices and in terms of quality and delivery of the goods or services being purchased.

(e) Maintain comprehensive source listings of small, minority and women-owned businesses and utilize SBA's Procurement Automated Source System (PASS) and the National Minority Purchasing Council's Vendor Information Service to build and maintain these listings. Insure that all small, minority and women-owned businesses seeking to do business are informed of the bid and proposal submission requirements, and of financial, management and technical assistance programs offered by SBA and MBDA. Insure that these firms upon request are directed to appropriate program and project personnel.

(f) Upon written request, provide small, minority and women-owned businesses the bidders mailing lists of individuals receiving solicitations which will contain the subcontracting clause entitled "Utilization of Small Business Concerns and Small Business Concerns Owned and Controlled by Socially and Economically Disadvantaged Individuals." These lists may be limited to those supplies or services of major interest to the requesting firms.

(g) Periodically establish contact with local small, minority and women-owned trade, business and professional associations and organizations and Indian tribal councils to apprise them of the Department's program needs and recurring procurement requirements.

(h) Actively participate in the programs and activities of the local Minority Business Opportunity Committees (MBOC), where applicable. Become aware of and participate in locally sponsored workshops, conferences, trade fairs etc., which are held to apprise small, minority and women-owned firms about current and projected procurement opportunities.

(i) Periodically meet with program managers to discuss the section 8(a), small, minority and women-owned business programs and the impact which their requirements can have to achieve progress. Explore the feasibility of breaking large complex requirements into smaller lots suitable for participation by small, minority and women-owned firms. Encourage program managers to meet with these firms so that their capabilities can be demonstrated.

(j) Establish internal operating procedures which implement the requirements of the regulations as set forth in this chapter. Compile data and prepare all reports pertaining to the small, minority and women-owned

business activities. Insure that these reports are accurate, complete and up-to-date.

#### § 4-1.1302-3 Goals.

The Department is required by Pub. L. 95-507, October 24, 1978, Section 221 to establish fiscal year goals for the participation by small business concerns, and by small business concerns owned and controlled by socially and economically disadvantaged individuals. Goals shall be reviewed and approved by the Director, Office of Small and Disadvantaged Business Utilization (OSDBU). Agency heads and staff office directors whose programs generate contract requirements shall submit to the Director, OSDBU, the following data no later than October 15 of each fiscal year:

(a) An estimate of the total dollar amount of all prime contracts having a value of \$10,000 or more to be awarded by the close of the current fiscal year;

(b) A goal for prime contract awards valued at \$10,000 or more to be made to small business concerns during the current fiscal year expressed as a percentage of the estimated total dollar amount of prime contracts to be awarded by the close of the current fiscal year;

(c) A goal for prime contract awards having a value of \$10,000 or more to be made to the Small Business Administration under the authority of Section 8(a) of the Small Business Act as amended by Pub. L. 95-507 expressed as a percentage of awards to be made to small business in paragraph (b) of this section;

(d) A goal for prime contract awards having a value of \$10,000 or more to be made to small concerns owned and controlled by socially and economically disadvantaged individuals under authority other than Section 8(a) of the Small Business Act expressed as a percentage of awards to be made to small business in paragraph (b) of this section;

(e) A goal for prime contract awards having a value of \$10,000 or more to be made to women-owned businesses expressed as a percentage in paragraph (b) of this section;

(f) The combined goals for prime contract awards in paragraphs (c) and (d) of this section expressed as a percentage of the estimated total dollar amount of prime contracts to be awarded by the close of the current fiscal year;

(g) An estimate of the total dollar amount of the prime contracts to be awarded during the current fiscal year which will require the prime contractor to establish goals for subcontract awards to small business and to small businesses owned and controlled by individuals who are socially and economically disadvantaged;

(h) A goal for subcontracts to be awarded by prime contractors to small business in order to meet contractually established goals expressed as a percentage of paragraph (f) of this section; and

(i) A goal for subcontracts to be awarded by prime contractors to small businesses owned and controlled by socially and economically disadvantaged individuals in order to meet contractually established goals expressed as a percentage of paragraph (f) of this section.

#### § 4-1.1302-4 Reports.

The Director, OSDBU, shall be responsible for submitting reports concerning the Department's progress and achievements in the small, minority and women-owned business programs. Data for these reports shall be obtained from the USDA Procurement-Reporting System (UPRS). The following data cannot be retrieved from UPRS and shall be reported to the Director, OSDBU, no later than November 1 of each fiscal year for the period October 1 through September 30:

(a) The total dollar amount of prime contracts awarded requiring the contractor to establish contractually covered goals for awarding subcontracts to (1) small business and (2) small business owned and controlled by individuals who are socially and economically disadvantaged.

(b) The dollar amount of paragraph (a) of this section awarded to small businesses.

(c) The dollar amount of paragraph (a) of this section awarded to small business concerns owned and controlled by individuals who are socially and economically disadvantaged.

(5 U.S.C. 301 and 40 U.S.C. 486(c))

Done at Washington, D.C. this Fourteenth day of February 1980.

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

#### 43 CFR Public Land Order 5712

[CA-4985, CA-5204, CA-4668]

#### California; Partial Revocation of Reclamation Withdrawals and Partial Modification for Addition to Tule Lake National Wildlife Refuge

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

**SUMMARY:** This order partially revokes two Departmental Orders which withdrew lands for the Klamath River Project. This action will restore 825.30 acres of said land to operation of the public land laws, including the mining laws, and revoke and simultaneously reserve 1,291.38 acres of said land for the Fish and Wildlife Service as an addition to the Tule Lake National Wildlife Refuge.

**EFFECTIVE DATE:** February 20, 1980.

**FOR FURTHER INFORMATION CONTACT:** Sue Bosma, 202-343-6486.

By virtue of the authority contained in Section 204 of the Federal Land Policy and Management Act of 1976, 90 Stat. 2751, 43 U.S.C. 1714, it is ordered as follows:

1. Departmental Orders of July 19, 1904, and January 28, 1905, which withdrew public lands for use by the Bureau of Reclamation (now the Water and Power Resources Service) for the Klamath River Project are hereby revoked so far as they affect the following described lands:

#### Mount Diablo Meridian

- T. 46 N., R. 5 E.,
  - Sec. 3, Lots 21 and 24;
  - Sec. 10, Lots 22 and 24;
  - Sec. 11, Portion Lot 1 lying west of County Road No. 120;
  - Sec. 13, Lots 1, 2, and 3;
  - Sec. 14, Lots 2, 3, 14, and 23;
  - Sec. 15, Lots 2, 3, and 10;
  - Sec. 16, Portions of Lots 2, 3, and 6 on the east side of the Great Northern Railroad;
  - Sec. 23, Lots 24, 26, and 41;
  - Sec. 24, Lot 3 and SE 1/4.
- T. 46 N., R. 6 E.,
  - Sec. 18, Lot 12.
- T. 47 N., R. 5 E.,
  - Sec. 24, Lots 1 and 14;
  - Sec. 25, Lots 8, 9, 17, 18, and 30;
  - Sec. 35, Lots 8, 9, 10, and 15.
- T. 47 N., R. 6 E.,
  - Sec. 19, Lots 7 and 11.
- T. 48 N., R. 5 E.,
  - Sec. 36, Portion of Lot 17 on south side of County Road and Lot 19.

The above described lands aggregate approximately 825.30 acres in Modoc County.

2. Departmental Orders of July 19, 1904, and January 28, 1905, which withdrew the following described lands for use by the Bureau of Reclamation (now the Water and Power Resources Service) for the Klamath River Project are hereby revoked, and by this order, these lands are simultaneously reserved as a part of, and added to, the Tule Lake National Wildlife Refuge:

Mount Diablo Meridian

T. 46 N., R. 5 E.,

Sec. 3, Lots 2 and 3.

T. 47 N., R. 5 E.,

Sec. 27, Lots 1, 2, 3, 4, 5, 12, 14, 22, 25, 26, 29, 30, 33, and 34 (except 1.35 acres leased to Winema Elevator, Inc.), W $\frac{1}{2}$ SE $\frac{1}{4}$ , SE $\frac{1}{4}$ SE $\frac{1}{4}$  (except 3.75 acres; California Department of Fish and Game, Patent 1214824);

Sec. 28, Lot 6;

Sec. 33, Lots 1 and 2, SE $\frac{1}{4}$ NE $\frac{1}{4}$ , N $\frac{1}{2}$ SE $\frac{1}{4}$ , and SE $\frac{1}{4}$ SE $\frac{1}{4}$ ;

Sec. 34, Lots 1, 2, 3, 4, 5, 8, and 11, N $\frac{1}{2}$ NE $\frac{1}{4}$ , SW $\frac{1}{4}$ NE $\frac{1}{4}$ , E $\frac{1}{2}$ NW $\frac{1}{4}$ , SW $\frac{1}{4}$ NW $\frac{1}{4}$ , and SW $\frac{1}{4}$ .

The above described lands aggregate approximately 1,291.38 acres in Modoc County.

3. At 10 a.m., on March 18, 1980, the lands described in paragraph 1 shall be open to operation of the public land laws generally, subject to valid existing rights, the provisions of existing withdrawals, and the requirements of applicable law. All valid applications received at or prior to 10 a.m., on March 18, 1980, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in order of filing.

4. At 10 a.m., on March 18, 1980, the lands described in paragraph 1 will be open to location under the United States mining laws. The lands in paragraphs 1 and 2 have been open to applications and offers under the mineral leasing laws.

5. Subject to valid existing rights, the lands described in paragraph 2 are hereby withdrawn from settlement, sale, location, or entry under the general land laws, including the mining laws, 30 U.S.C., Ch. 2, and shall hereafter be administered by the U.S. Fish and Wildlife Service subject to, and in accordance with, all laws and regulations applicable to Tule Lake National Wildlife Refuge.

6. This withdrawal shall remain in effect for a period of 40 years from the date of this order.

Guy R. Martin,

*Assistant Secretary of the Interior.*

February 11, 1980.

### 47 CFR Part 0

[FCC 79-270]

### Reflecting a Transfer of Functions From Private Radio Bureau to the Field Operations Bureau

**AGENCY:** Federal Communications Commission.

**ACTION:** Amendment of rules.

**SUMMARY:** The Commission has recently transferred its radio spectrum monitoring functions from the Private Radio Bureau to the Field Operations Bureau. The purpose of the transfer was to improve the scheduling and use of resources associated with spectrum monitoring. Part 0 of the Commission's rules, which describes the organization of the FCC, is being amended to reflect this change.

**EFFECTIVE DATE:** February 22, 1980.

**ADDRESSES:** Federal Communications Commission, Washington, D.C. 20554.

**FOR FURTHER INFORMATION CONTACT:** Frederick J. Day, Office of Executive Director, 632-7513.

#### SUPPLEMENTARY INFORMATION:

#### Order

Adopted: May 2, 1979.

Released: February 11, 1980.

In the matter of Amendment of Part 0 of the Commission's rules and regulations to Reflect a Transfer of Functions,

1. To improve operational efficiency, the Commission is ordering the transfer, to the Field Operations Bureau, the spectrum occupancy monitoring functions of the Private Radio Bureau. The monitoring functions were originally incorporated into the Chicago Spectrum Management Project to enable the Commission to exercise complete management control of the project. The project's principal purposes have now been fulfilled. The Field Operations Bureau has responsibility for the Commission's monitoring program. As a result, transferring the spectrum monitoring functions to the FOB will serve to improve the overall monitoring efficiency by better scheduling of the resources associated with these functions. Part 0 of the rules and regulations which describe the organization of the Commission, is being amended to reflect these changes.

2. The amendments adopted herein pertain to agency organization. The prior notice, procedure and effective date provisions of Section 4 of the Administrative Procedure Act, 5 U.S.C.

553 are therefore inapplicable. Authority for the amendments adopted herein is contained in Sections 4(i) and 5(b) of the Communications Act of 1934, as amended.

3. In view of the foregoing, it is ordered, effective February 22, 1980, that Part 0 of the rules and regulations is amended as set forth in the Appendix.

(Secs. 4, 5, 303, 48 Stat., as amended, 1066, 1068, 1032; (47 U.S.C. 154, 155, 303))

Federal Communications Commission.

William J. Tricarico,

*Secretary.*

#### Appendix

Part 0 of Chapter 1 of Title 47 of the Code of Federal Regulations is hereby amended as indicated below:

1. Section 0.114(g) is added to read as follows:

#### § 0.114 Enforcement Division.

\* \* \* \* \*

(g) Direct the Bureau's spectrum occupancy monitoring program; coordinate occupancy monitoring activities with other Commission bureaus and offices; operate the Bureau's spectrum occupancy van(s); and coordinate occupancy monitoring requirements with the appropriate field technical and administrative staff.

BILLING CODE 6712-01-M

### 47 CFR Part 73

[BC Docket No. 79-171; RM-2948]

**Radio Broadcast Services; Noncommercial Education Channel Assignments Under the United States-Mexico FM Broadcast Agreement; Santa Barbara, Calif.**

**AGENCY:** Federal Communications Commission.

**ACTION:** Report and order.

**SUMMARY:** Action taken herein assigns noncommercial educational Class B FM Channel 204B to Santa Barbara, California, in response to a petition filed by Classical Radio of Santa Barbara. The channel could bring additional noncommercial educational broadcast service to Santa Barbara and surrounding areas.

**EFFECTIVE DATE:** March 24, 1980.

**ADDRESSES:** Federal Communications Commission, Washington, D.C. 20554.

**FOR FURTHER INFORMATION CONTACT:** Mildred B. Nesterak, Broadcast Bureau, (202) 632-9660.

**SUPPLEMENTARY INFORMATION:**  
**Report and Order—Proceeding**  
**Terminated**

Adopted: February 6, 1980.  
 Released: February 11, 1980.

In the matter of Amendment of § 73.504(a), Noncommercial Educational Channel Assignments Under the United States-Mexico FM Broadcast Agreement, (Santa Barbara, California), BC Docket No. 79-171, RM-2948.

1. The Commission has under consideration its *Notice of Proposed Rule Making*, Adopted July 9, 1979, 44 FR 42732, inviting comments on a proposal filed on behalf of the Classical Radio of Santa Barbara ("petitioner"), to assign noncommercial educational Class B Channel 204 to Santa Barbara, California. Supporting comments were filed by petitioner reaffirming its intention to file for the channel, if assigned. No oppositions to the proposal were received.

2. Santa Barbara (pop. 70,215),<sup>1</sup> in Santa Barbara County (pop. 264,324), is located approximately 130 kilometers (80 miles) northwest of Los Angeles, California. Santa Barbara is served locally by noncommercial educational Station KCSB-FM (Channel 218), four commercial FM stations, and six AM stations. The assignment of noncommercial educational channels applies to the area within 320 kilometers (199 miles) of the United States-Mexico border.

3. Petitioner asserts that Station KCSB-FM, operating on Channel 218 and assigned to Santa Barbara, is a low power station operating from distant Broadcast Peak near Goleta. It notes that because of a major shadow area which exists in Santa Barbara, Station KCSB-FM cannot be received in many areas of the city. Petitioner states that Channel 204 would provide effective service and would permit the extension of service to the Ventura-Oxnard area which currently receives only spotty reception from Station KPFFK, Los Angeles. Petitioner claims that no significant preclusion would result from the assignment of the proposed channel to Santa Barbara. It adds that most of the precluded areas would benefit from the service of a station operating on Channel 204.

4. The Commission believes that the public interest would be served by assigning Channel 204 to Santa Barbara, California. The channel could bring a second local noncommercial educational FM service to Santa Barbara and the surrounding area.

5. Concurrence of the Mexican Government for the specific assignment

proposed was required and has since been obtained.

6. Authority for the action taken herein is contained in Sections 4(i), 5(d)(1), 303 (g) and (r) and 307(b) of the Communications Act of 1934, as amended, and § 0.281 of the Commission's Rules.

7. In view of the foregoing, it is ordered, that effective March 24, 1980, § 73.504(a) of the Commission's rules, the Table of Assignments for Noncommercial FM Channels, is amended for the listed community to read as follows:

City	Channel No.
Santa Barbara, California.....	204, 220

8. *It is further ordered*, That this proceeding is terminated.

9. For further information concerning this proceeding, contact Mildred B. Nesterak, Broadcast Bureau, (202) 632-9660.

(Secs. 4, 303, 307, 48 Stat., as amended, 1066, 1082, 1083; (47 U.S.C. 154, 303, 307))  
 Federal Communications Commission.

Federal Register

Vol. 45, No. 35

Wednesday, February 20, 1980

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

## FEDERAL TRADE COMMISSION

### 16 CFR Part 13

[File No. 792 3023]

#### AHC Pharmacal, Inc., et al.; Consent Agreement with Analysis To Aid Public Comment

AGENCY: Federal Trade Commission.

ACTION: Consent agreement.

**SUMMARY:** In settlement of alleged violations of federal law prohibiting unfair acts and practices and unfair methods of competition, this consent order, accepted subject to final Commission approval, among other things, would require a Miami, Fla. firm and its corporate president, engaged in the marketing and advertising of health related products, to cease disseminating advertisements which represent that the use of AHC Gel or any similar preparation, alone or as part of an acne control regimen, cures acne and results in a blemish-free skin; or that any such preparation is superior to other over-the-counter acne products. The firm would be required to have a reasonable basis for advertising representations relating to product performance, efficacy and results; and prohibited from misrepresenting the extent or results of product testing. The company would be further prohibited from disseminating advertisements for acne products without first disseminating prescribed corrective advertising as specified in the order. Additionally, ad substantiation would have to be maintained for a period of three years.

**DATE:** Comments must be received on or before April 21, 1980.

**ADDRESS:** Comments should be directed to: Office of the Secretary, Federal Trade Commission, 6th St. and Pennsylvania Ave. NW., Washington, D.C. 20580.

**FOR FURTHER INFORMATION CONTACT:** FTC/P, Albert H. Kramer, Washington, D.C. 20580. (202) 523-3727.

**SUPPLEMENTARY INFORMATION:** Pursuant to Section 6(f) of the Federal Trade Commission Act, 38 Stat. 721, 15 U.S.C. 46 and § 2.34 of the Commission's rules of practice (16 CFR 2.34), notice is hereby given that the following consent agreement containing a consent order to cease and desist and an explanation thereof, having been filed with and accepted, subject to final approval, by the Commission, has been placed on the public record for a period of sixty (60) days. Public comment is invited. Such comments or views will be considered by the Commission and will be available for inspection and copying at its principal office in accordance with § 4.9(b)(14) of the Commission's rules of practice (16 CFR 4.9(b)(14)).

[File No. 792 3023]

#### AHC Pharmacal, Inc., et al.; Agreement Containing Consent Order to Cease and Desist

The Federal Trade Commission having initiated an investigation of certain acts and practices of AHC Pharmacal, Inc., a corporation, and James E. Fulton, M.D., individually and as a corporation officer, sometimes hereinafter referred to as respondents, and it now appearing that proposed respondents are willing to enter into an agreement containing an order to cease and desist from the use of acts and practices being investigated.

It is hereby agreed by and between AHC Pharmacal, Inc., by its duly authorized officer and James E. Fulton, M.D., individually and as an officer of said corporation and their attorney, and counsel for the Federal Trade Commission that:

1. Proposed respondent AHC Pharmacal, Inc. is a corporation organized, existing, and doing business under and by virtue of the laws of the State of Florida, with its principal office and place of business at 1609 NW 14th Street, Miami, Florida 33125.

Proposed respondent James E. Fulton, M.D., is an individual and corporate officer of AHC Pharmacal, Inc. and maintains an office at 1609 N.W. 14th Street, Miami, Florida 33125.

2. Proposed respondents admit all the jurisdictional facts set forth in the draft of complaint here attached.

3. Proposed respondents waive:

(a) Any further procedural steps;  
(b) The requirement that the Commission's decision contain a

statement of findings of fact and conclusions of law; and

(c) All rights to seek judicial review or otherwise to challenge or contest the validity of the order entered pursuant to this agreement.

4. This agreement shall not become a part of the official record of the proceedings unless and until it is accepted by the Commission. If this agreement is accepted by the Commission, it, together with the draft of complaint contemplated thereby and related material pursuant to Rule 2.34, will be placed on the public record for a period of sixty (60) days and information in respect thereto publicly released. The Commission thereafter may either withdraw its acceptance of this agreement and so notify the proposed respondents, in which event it will take such action as it may consider appropriate, or issue and serve its complaint (in such form as the circumstances may require) and decision, in disposition of the proceeding.

5. This agreement is for settlement purpose only and does not constitute an admission by proposed respondents that the law has been violated as alleged in the draft of the complaint here attached.

6. This agreement contemplates that, if it is accepted by the Commission, and if such acceptance is not subsequently withdrawn by the Commission pursuant to the provisions of § 2.34(b) of the Commission's rules, the Commission may without further notice to proposed respondents, (1) issue its complaint corresponding in form and substance with the draft of complaint here attached and its decision containing the following order to cease and desist in disposition of the proceeding and (2) make information public in respect thereto. When so entered, the order to cease and desist shall have the same force and effect and shall become final and may be altered, modified or set aside in the same manner and within the same time provided by statute for other orders. The order shall become final upon service. Mailing of the complaint and decision containing the agreed-to order to the proposed respondents' addresses as stated in this agreement shall constitute service. Proposed respondents waive any right they may have to any other manner of service. The complaint may be used in construing the terms of the order.

7. Proposed respondents have read the proposed complaint and order contemplated hereby. They understand that once the order has been issued, they will be required to file one or more compliance reports showing that they have fully complied with the order. Proposed respondents further understand that they may be liable for a civil penalty as provided by law for each violation of the order after it becomes final.

#### Order

#### I

*It is ordered,* That respondents AHC Pharmacal, Inc., a corporation, and James E. Fulton, individually and as a corporate officer, their successors and assigns, either jointly or individually, and the corporate respondent's officers, agents, representatives, and employees, directly or through any corporation, division or other device, in connection with the advertising, offering for sale, sale or distribution of all products do forthwith cease and desist from:

A. Disseminating or causing the dissemination of any advertisements by means of the United States mails or by any means in or affecting commerce, as "commerce" is defined in the Federal Trade Commission Act, which directly or indirectly:

1. Represents that use of a product variously known as AHC Gel, AHC Pharmacal's benzoyl peroxide gel medication and b.p. gel medication (hereinafter "AHC Gel") either alone or as part of "Dr. Fulton's Acne Control Regimen" (hereinafter "the Acne Control Regimen") or any other acne product or regimen will cure acne or any skin condition associated with acne.

2. Misrepresents the extent to which any product has been tested or the results of any such test(s).

B. Disseminating or causing the dissemination of any advertisement by means of the United States mails or by any means in or affecting commerce, as "commerce" is defined in the Federal Trade Commission Act, which directly or indirectly:

1. Represents that use of "AHC Gel", either alone or as part of "the Acne Control Regimen", or use of any other acne product or regimen by persons with acne, will result in skin free of pimples, blackheads, whiteheads, other acne blemishes, or scarring;

2. Represents that "AHC Gel", either alone or as part of "the Acne Control Regimen", or any other acne product or regimen, is superior to other over-the-counter acne preparations for the treatment of acne, including but not

limited to other benzoyl peroxide products,

unless, at the time of each dissemination of such representation(s) respondents possess and rely upon competent and reliable scientific or medical evidence as a reasonable basis for such representation(s). "Competent and reliable scientific or medical evidence" shall be defined as evidence in the form of at least two well-controlled double-blind clinical studies which are conducted by different persons, independently of each other. Such persons shall be dermatologists who are qualified by scientific training and experience to treat acne and conduct the aforementioned studies.

C. Disseminating or causing the dissemination of any advertisement by means of the United States mails or by any means in or affecting commerce, as "commerce" is defined in the Federal Trade Commission Act, which directly or indirectly makes representations referring or relating to the performance or efficacy of any product or refers or relates to any characteristic, property, or result of the use of any product, unless, at the time of each dissemination of such representation(s) respondents possess and rely upon a reasonable basis for such representation(s).

#### II

*It is further ordered,* That within sixty (60) days of the acceptance of this order, respondent shall cease and desist from disseminating or causing the dissemination of advertisements for "AHC Gel", "the Acne Control Regimen", and/or any other acne product or regimen, unless respondents first disseminate corrective advertisements for the Acne Control Regimen (including AHC Gel) in Sunday newspaper supplements and on radio.

A. All such Sunday newspaper supplement corrective advertisements shall clearly and conspicuously disclose, in the headline with boldface type no small than 48 points (one-half inch) in height, that "no product can cure acne." Nothing in the headline, or any part of the advertisement, shall in any way obscure or contradict the clear meaning of the disclosure. Furthermore, no language in said advertisement shall appear in a type size equal to or larger than the headline type size.

Said Sunday newspaper supplement corrective advertisements shall be disseminated in the following cities: Boston, MA; Atlanta, GA; Cleveland, OH; Philadelphia, PA; Pittsburgh, PA; and San Francisco, CA. Respondents may substitute cities of reasonable demographic and geographic similarity,

provided that said cities are substituted on a one-for-one basis. Said corrective advertisements shall be run at least one full-page advertisement per month for a time period of three consecutive months, provided that said advertisements shall not be disseminated during the months of June, July, or August.

Respondents may elect to run two half-page corrective advertisements in the place of each and every full-page corrective advertisement to satisfy their corrective advertising obligations under this part of the order. Provided, however, that all such corrective advertisements must be run in different weekly issues of the aforementioned newspaper supplements for any given locale, and other requirements of this order (e.g., headline, type size, dissemination schedule, etc.) are fully complied with.

B. All corrective advertisements which are required for dissemination by radio shall be at least thirty seconds in duration and shall begin with the unobscured announcement that "no product can cure acne." Nothing else in the advertisement shall in any way obscure or contradict the clear meaning of this statement. Said radio corrective advertisements shall be disseminated as non-consecutive spots over major radio stations (as defined below) in the following urban areas: Chicago, IL; Los Angeles, CA; Miami, FL. Said radio corrective advertisements shall be disseminated at least twice each month during the same three months as the Sunday newspaper supplement corrective advertisements, referred to in IIA, are disseminated.

For purposes of this order a "major radio station" shall be defined as a radio station which (a) has a broadcast power of at least 6,000 watts horizontal and 6,000 watts vertical, and (b) is described in its own promotional materials as being targeted at teenagers or young adult audiences and/or primarily playing rock, disco or contemporary hit music.

C. The obligation to run corrective advertisements shall not in any way alleviate other order obligations. Furthermore, such advertisements shall not represent, directly or indirectly, that the Federal Trade Commission approves, recommends or in any manner endorses the advertised product or product's advertising.

#### III

*It is further ordered,* That respondents shall forthwith distribute a copy of this order to each of their operating divisions.

*It is further ordered,* That each respondent notify the Commission at

least thirty (30) days prior to any proposed change in the corporate respondent such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of this order.

*It is further ordered,* That such respondent shall, within sixty (60) days after this order becomes final, and annually thereafter for three (3) years, file with the Commission a report, in writing, signed by respondent, setting forth in detail the manner and form of its compliance with this order.

*It is further ordered,* That each respondent shall maintain files and records of all substantiation related to the requirements of Parts IB and IC of this order for a period of three (3) years after the dissemination of any advertisement which relates to that portion of the order. Additionally, such materials shall be made available to the Federal Trade Commission or its staff within fifteen (15) days of a written request for such materials.

By the Commission.

#### Analysis of Proposed Consent to Aid Public Comment

The Federal Trade Commission has provisionally accepted an agreement to a proposed consent order from AHC Pharmacal, Inc., and James E. Fulton, M.D.

The proposed consent order has been placed on the public record for sixty (60) days from reception of comments by interested persons. Comments received during this period will become part of the public record. After sixty (60) days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement or make final the agreement's proposed order.

The complaint charges the respondents with disseminating and causing the dissemination of advertisements containing several false or misleading representations regarding two acne preparations: AHC Gel and Dr. Fulton's Acne Control Regimen. The complaint alleges that the advertisements falsely claim that said products will cure acne regardless of the severity of the condition. The complaint further alleges that without a reasonable basis the advertisements made unfair and deceptive claims that said products: (1) Will result in skin free of pimples, other acne blemishes and scarring; (2) will help control pimples, other acne blemishes, and scarring, regardless of

the severity of the disease, and (3) are superior to all other over-the-counter acne preparations including other benzoyl peroxide products for the treatment of acne.

The consent order contains the following provisions designed to remedy the advertising violations charged.

Part IA prohibits: Representations that any acne product will cure acne; and misrepresentations concerning the extent to which any product has been tested or the results of any such test.

Part IB defines the scientific and medical evidence necessary as a reasonable basis for any claims that: Any acne product will result in a skin free of acne blemishes and scars; and any acne product is superior to any other over-the-counter acne products.

Part IC of the order requires respondents to have a reasonable basis at the time of each dissemination of any representation relating to any characteristic or property or the performance or efficacy of any product in any advertisement which respondent causes to be disseminated.

Part II requires respondents to cease and desist all advertising for AHC Gel, the Acne Control Regimen or any acne product unless corrective advertisements for the Acne Control Regimen are disseminated first. The corrective advertisements must be disseminated in Sunday newspaper supplements and over major radio stations for three consecutive months in specified cities. Each corrective advertisement shall begin with the message: "No Product Cures Acne," and nothing in the advertisements shall contradict this message or imply that the Federal Trade Commission approves the product or its advertising.

Part III obligates the respondents to notify the Commission at least thirty (30) days prior to any proposed change in their business status which may affect compliance with the order; file an initial compliance report within sixty (60) days of the effective date of the order; and maintain records of all substantiation related to the requirements of Parts IB and IC of the order for three (3) years after the first dissemination of any advertisement which relates to that portion of the order and make such records available to the staff of the Federal Trade Commission within fifteen (15) days of a written request for such material.

The purpose of this analysis is to facilitate public comment on the proposed order and it is not intended to constitute an official interpretation of

the agreement and proposed order or to modify in any way their terms.

Carol M. Thomas,  
Secretary.

BILLING CODE 6750-01-M

#### 16 CFR Part 13

[File No. 792 3023]

#### Hayoun Cosmetique, Inc., et al.; Consent Agreement With Analysis To Aid Public Comment

AGENCY: Federal Trade Commission.

ACTION: Consent Agreement.

**SUMMARY:** In settlement of alleged violations of federal law prohibiting unfair acts and practices and unfair methods of competition, this consent order, accepted subject to final Commission approval, among other things, would require a New York City firm and its corporate president, engaged in marketing and advertising products known as Hayoun Miracle Lotion, Hayoun Drying Lotion, Hayoun Lemon Moisturizer and Hayoun Black Mask, to cease disseminating advertising representing that the use of these products, alone or as part of the Hayoun Cosmetique Kit, will cure acne; eliminate acne scars and pockmarks; and result in a skin free of acne blemishes. The firm would be required to have a reasonable basis for representations relating to product characteristics, performance and efficacy; and maintain substantiating evidence for a period of three years. The order would additionally require that the firm conspicuously disclose that no product cures acne in every advertisement for the first six months of actual advertising of an acne preparation.

**DATES:** Comments must be received on or before April 21, 1980.

**ADDRESS:** Comments should be directed to: Office of the Secretary, Federal Trade Commission, 6th St. and Pennsylvania Ave., NW., Washington, D.C. 20580.

**FOR FURTHER INFORMATION CONTACT:** FTC/P, Albert H. Kramer, Washington, D.C. 20580. (202) 523-3727.

**SUPPLEMENTARY INFORMATION:** Pursuant to Section 6(f) of the Federal Trade Commission Act, 38 Stat. 721, 15 U.S.C. 46 and § 2.34 of the Commission's rules of practice (16 CFR 2.34), notice is hereby given that the following consent agreement containing a consent order to cease and desist and an explanation thereof, having been filed with and accepted, subject to final approval, by the Commission, has been placed on the

public record for a period of sixty (60) days. Public comment is invited. Such comments or views will be considered by the Commission and will be available for inspection and copying at its principal office in accordance with § 4.9(b)(14) of the Commission's rules of practice (16 CFR 4.9(b)(14)).

[File No. 792 3023]

**Hayoun Cosmetique, Inc., et al.;  
Agreement Containing Consent Order to  
Cease and Desist**

The Federal Trade Commission having initiated an investigation of certain acts and practices of Hayoun Cosmetique, Inc., a corporation, and Edouard Hayoun, individually and as a corporate officer, sometimes hereafter referred to as respondents, and it now appearing that proposed respondents are willing to enter into an agreement containing an order to cease and desist from the use of acts and practices being investigated.

It is hereby agreed by and between Hayoun Cosmetique, Inc., by its duly authorized officer and Edouard Hayoun, individually and as an officer of said corporation and their attorney, and counsel for the Federal Trade Commission that:

1. Proposed respondent Hayoun Cosmetique, Inc. is a corporation organized, existing, and doing business under and by virtue of the laws of the State of New York, with its principal office and place of business at 212 E. 68 Street, New York, New York 10021.

Proposed respondent Edouard Hayoun is an individual and officer of said corporation. He formulates, directs and controls the policies, acts and practices of said corporation and his address is the same as that of said corporation.

2. Proposed respondents admit all jurisdictional facts set forth in the draft of complaint here attached.

3. Proposed respondents waive: (a) Any further procedural steps; (b) The requirement that the Commission's decision contain a statement of findings of fact and conclusions of law; and (c) All rights to seek judicial review or otherwise to challenge or contest the validity of the order entered pursuant to this agreement.

4. This agreement shall not become a part of the official record of the proceedings unless and until it is accepted by the Commission. If this agreement is accepted by the Commission, it, together with the draft of complaint contemplated thereby and related material pursuant to Rule 2.34, will be placed on the public record for a

period of sixty (60) days and information in respect thereto publicly released. The Commission thereafter may either withdraw its acceptance of this agreement and so notify the proposed respondents, in which event it will take such action as it may consider appropriate, or issue and serve its complaint (in such form as the circumstances may require) and decision, in disposition of the proceeding.

5. This agreement is for settlement purposes only and does not constitute an admission by proposed respondents that the law has been violated as alleged in the draft of the complaint here attached.

6. This agreement contemplates that, if it is accepted by the Commission, and if such acceptance is not subsequently withdrawn by the Commission pursuant to the provisions of Section 2.34(b) of the Commission's Rules, the Commission may without further notice to proposed respondents, (1) issue its complaint corresponding in form and substance with the draft of complaint here attached and its decision containing the following order to cease and desist in disposition of the proceeding and (2) make information public in respect thereto. When so entered, the order to cease and desist shall have the same force and effect and shall become final and may be altered, modified or set aside in the same manner and within the same time provided by statute for other orders. The order shall become final upon service. Mailing of the proposed respondents' addresses as stated in this agreement shall constitute service. Proposed respondents waive any right they may have to any other manner of service. The complaint may be used in construing the terms of the order.

7. Proposed respondents have read the proposed complaint and order contemplated hereby. They understand that once the order has been issued, they will be required to file one or more compliance reports showing that they have fully complied with the order. Proposed respondents further understand that they may be liable for a civil penalty as provided by law for each violation of the order after it becomes final.

**Order**

I

*It is ordered*, That respondents, Hayoun Cosmetique, Inc., a corporation, its successors and assigns, and its officers, and Edouard Hayoun, individually and as a corporate officer, and the respondents', agents, representatives, and employees, directly or through any corporation, division or

other device, in connection with the advertising, offering for sale, sale or distribution of all products do forthwith cease and desist from:

A. Disseminating and causing the dissemination of any advertisements by means of the United States mails or by any means in or affecting commerce, as "commerce" is defined in the Federal Trade Commission Act, which directly or indirectly:

1. Represents that use of products known as Hayoun Miracle Lotion, Hayoun Drying Lotion, Hayoun Lemon Moisturizer and Hayoun Black Mask either alone or as part of the Hayoun Cosmetique Kit (hereinafter "Kit") or any other acne product or regimen will cure acne or any skin condition associated with acne.

2. Represents use of Kit or any of its components either alone or as part of Kit or any other acne product or regimen will eliminate the scars and/or pockmarks which result from acne or any other associated condition.

B. Disseminating or causing the dissemination of any advertisement by means of the United States mails or by any means in or affecting commerce, as "commerce" is defined in the Federal Trade Commission Act, which directly or indirectly:

1. Represents that use of the Kit or any of its components or any other product or regimen will result in skin free of pimples, blackheads, whiteheads or other acne blemishes or will be efficacious in the treatment of acne;

2. Represents that use of the Kit or any of its components or any other product or regimen will reduce or eliminate scars or pockmarks, unless, at the time of each dissemination of such representation(s) respondents possess and rely upon competent and reliable scientific or medical evidence as a reasonable basis for such representation(s). "Competent and reliable scientific or medical evidence" shall be defined as evidence in the form of at least two well-controlled double-blind clinical studies which are conducted by different persons, independently of each other. Such persons shall be dermatologists who are qualified by scientific training and experience to treat acne and conduct the aforementioned studies.

C. Disseminating or causing the dissemination of any advertisement by means of the United States mails or by any means in or affecting commerce, as "commerce" is defined in the Federal Trade Commission Act, which directly or indirectly makes representations referring or relating to the performance or efficacy of any product or refers or

relates to any characteristic, property or result of the use of any product, unless, at the time of each dissemination of such representation(s) respondents possess and rely upon a reasonable basis for each such representation(s).

## II

*It is further ordered*, That within sixty (60) days of the acceptance of this order, respondents shall cease and desist from disseminating or causing the dissemination of advertisements for the Kit or any of its components or any other acne product or regimen, unless, during their first six (6) months of actual advertising beginning sixty (60) days after this order becomes final, respondents clearly and conspicuously disclose in every advertisement the corrective message that no product can cure acne. Nothing in any part of each such advertisement shall in any way obscure or contradict the clear meaning of this disclosure. The obligation to run corrective advertisements shall not in any way alleviate other order obligations. Furthermore such advertisements shall not represent, directly or indirectly, that the Federal Trade Commission approves, recommends or in any manner endorses the advertised product or product advertising.

## III

*It is further ordered*, That the corporate respondent shall forthwith distribute a copy of this order to each of its operating divisions.

*It is further ordered*, That each respondent notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondent such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of this order.

*It is further ordered*, That each respondent shall, within sixty (60) days after this order becomes final, and annually thereafter for three (3) years, file with the Commission a report, in writing, signed by respondent, setting forth in detail the manner and form of its compliance with this order.

*It is further ordered*, That each respondent shall maintain files and records of all substantiation related to the requirements of Parts IB and IC of this order for a period of three (3) years after the dissemination of any advertisement which relates to that portion of the order. Additionally, such materials shall be made available to the Federal Trade Commission or its staff

within fifteen (15) days of a written request for such materials.

By the Commission.

### Analysis of Proposed Consent to Aid Public Comment

The Federal Trade Commission has provisionally accepted in agreement to a proposed consent order from Hayoun Cosmetique, Inc., and Edouard Hayoun.

The proposed consent order has been placed on the public record for sixty (60) days for reception of comments by interested persons. Comments received during this period will become part of the public record. After sixty (60) days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement or make final the agreement's proposed order.

The complaint charges the respondents with disseminating and causing the dissemination of advertisements containing two false and misleading representations regarding an acne preparation, the Hayoun Cosmetique Kit. The complaint alleges that the advertisements falsely and unfairly claim that said product will cure acne and will eliminate the scars and pockmarks caused by acne regardless of the severity of the condition.

The consent order contains the following provisions designed to remedy the advertising violations charged.

Part IA prohibits representations that the Hayoun Cosmetique Kit or any of its components will cure acne or any skin condition associated with acne or will eliminate the scars and/or pockmarks which result from acne or any other associated condition.

Part IB defines the scientific and medical evidence necessary as a reasonable basis for any claims that the Kit or any acne product will: result in a skin free of acne blemishes or be efficacious in the treatment of acne, or reduce or eliminate scars or pockmarks.

Part IC of the order requires respondents to have a reasonable basis at the time of each dissemination of any representation relating to any characteristic or property or the performance or efficacy of any product in any advertisement which respondent causes to be disseminated.

Part II of the order requires respondents to clearly and conspicuously disclose that no product cures acne in every advertisement for the first six months of actual advertising beginning sixty (60) days after the final acceptance of the order. Respondents are prohibited from contradicting this message or indicating that the Federal Trade Commission

approves either the product or its advertising.

Part III obligates the respondents to notify the Commission at least thirty (30) days prior to any proposed change in their business status which may affect compliance with the order; file an initial compliance report within sixty (60) days of the effective date of the order; and maintain records of all substantiation related to the requirements of Parts IB and IC of the order for three (3) years after the first dissemination of any advertisement which related to that portion of the order and make such records available to the staff of the Federal Trade Commission within fifteen (15) days of a written request for such material.

The purpose of this analysis is to facilitate public comment on the proposed order and it is not intended to constitute an official interpretation of the agreement and proposed order or to modify in any way their terms.

Carol M. Thomas,

Secretary.

## POSTAL RATE COMMISSION

### 39 CFR Part 3001

### Rules of Practice; Advanced Notice of Proposed Rulemaking

February 13, 1980.

**AGENCY:** Postal Rate Commission.

**ACTION:** Advance Notice of Proposed Rulemaking.

**SUMMARY:** Pursuant to the Postal Rate Commission's final plan for implementing Executive Order No. 12044 (43 FR 12661, March 24, 1978) published in the Federal Register on January 12, 1979 (44 FR 2606-08) the Commission is issuing an Advance Notice of Proposed Rulemaking instituting the second annual review of our rules of practice. The Advance Notice of Proposed Rulemaking solicits proposals from the public for improving our rules of practice and proposes amendments to those rules that would authorize the Commission to reject defective rate and classification requests filed by the Postal Service.

Vice Chairman Duffy and Commissioner O'Doherty dissent from the issuance of this Notice.

**DATES:** Comments responsive to our Advance Notice of Proposed Rulemaking should be submitted by March 7, 1980.

**ADDRESS:** Comments should be directed to David F. Harris, Secretary, Postal

Rate Commission, Suite 500, 2000 L Street, N.W., Washington D.C. 20268.

**FOR FURTHER INFORMATION CONTACT:** David F. Stover, General Counsel, Suite 500, 2000 L Street, NW, Washington, D.C. 20268; telephone 202-254-3824.

David F. Harris,  
Secretary.

## Advance Notice of Proposed Rulemaking

### Proposal by the Public

Pursuant to our program implementing Executive Order 12044, the Postal Rate Commission invites the public to submit suggestions and proposals for improving our rules of practice.

### Proposals by the Commission

Rule 56 of our rules of practice (39 CFR 3001.56) provides remedies for noncompliance by the Postal Service with our rules governing Postal Service requests for rate changes. We contemplate amending rule 56 by adding the language set forth in brackets below:

#### § 3001.56 Failure to comply.

[The Commission may reject any request filed by the Postal Service under section 3622 that does not comply with any provision of this subpart.] If the Postal Service [, after a proceeding has commenced under section 3622,] fails to provide any information specified by this subpart, or otherwise required by the presiding officer or the Commission, the Commission, upon its own motion, or upon motion of any participant to the proceeding, may stay the proceeding until satisfactory compliance is achieved. The Commission will [reject a filing, or] stay proceedings [, under section 3622] only if it finds that failure to [comply with the provisions of this subpart or to] supply adequate information interferes with the Commission's ability promptly to consider the request and to conduct its proceedings with expedition in accordance with the Act.

Rule 66 of our rules of practice (39 CFR 3001.66) provides remedies for noncompliance with our rules governing Postal Service requests for classification changes. We propose a substantially identical amendment to rule 66, by adding the language appearing in brackets below:

#### § 3001.66 Failure to comply.

[The Commission may reject any request filed by the Postal Service under section 3623 that does not comply with any provision of this subpart.] If the

Postal Service [, after a proceeding has commenced under section 3623,] fails to provide any information specified by this subpart, or otherwise required by the presiding officer or the Commission, the Commission, upon its own motion, or upon motion of any participant to the proceeding, may stay the proceeding until satisfactory compliance is achieved. The Commission will [reject a filing, or] stay proceedings [, under section 3623] only if it finds that failure to [comply with the provisions of this subpart or to] supply adequate information interferes with the Commission's ability promptly to consider the request and to conduct its proceedings with expedition in accordance with the Act.

Although the authority to reject tariffs for deficiencies in form or substance is common to ratemaking bodies generally, the Commission's regulations currently do not specifically authorize it to employ this procedure. The Commission's proposed amendments to rules 56 and 66 would authorize the Commission to use this procedure under appropriate circumstances.

The rejection procedure that our proposed amendments to rules 56 and 66 would authorize is substantially identical to that which federal ratemaking bodies generally are authorized to employ. See, for example, 49 CFR 300.14(e), implementing 49 U.S.C. 6(6) [Interstate Commerce Act]; 14 CFR 221.180-84, implementing 49 U.S.C. 1373(a) [Federal Aviation Act of 1958]; and 47 CFR 61.69, implementing 47 U.S.C. 203(d) [Communications Act of 1934].

Our proposed amendments would be predicated upon the Commission's authority under 39 U.S.C. 3603 to adopt regulations that are "necessary and proper" to carry out its statutory duties. Similar regulations have been promulgated based upon substantially identical statutory grants of authority. See, for example, 18 CFR 154.24, based upon 15 U.S.C. 717c [Natural Gas Act of 1938], and 18 CFR 35.5, based upon 16 U.S.C. 825b [Federal Power Act]. The courts have sustained regulations authorizing rejection of tariffs grounded upon the "necessary and proper" clause in a ratemaking body's organic act. See, for example, *United Gas Co. v. Mobile Gas Corp.*, 350 U.S. 382, 347 (1956), and *Municipal Light Boards v. FPC*, 450 F.2d 1341, 1346-47 (D.C. Cir. 1971).

Our proposed amendments to rules 56 and 66 would authorize rejection of Postal Service requests for changes in rates under section 3622 or classification under section 3623, only where the Commission finds that formal or substantive defects in such requests are

of such magnitude as to interfere with the ability of the Commission to conduct expeditious proceedings considering such requests. This standard is intended to authorize rejection of Postal Service filings under sections 3622 and 3623 within the general limits of the authority to reject tariff filings outlined by the courts in *United Gas Pipe Line Co. v. Mobile Gas Corp.*, 350 U.S. 332, 347 (1956); *City of Groton v. FERC*, 584 F.2d 1067, 1070-71, 73 (D.C. Cir. 1978); *Dillner Transfer Co. v. United States*, 214 F. Supp. 941, 946 (U.D. Pa. 1963); *Municipal Light Boards v. FPC*, 450 F.2d 1341 (D.C. Cir. 1971), cert. denied, 405 U.S. 989 (1972) and other pertinent decisions.

BILLING CODE 7715-01-M

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 81

[FRL 1416-3]

### Air Quality Control Regions, Criteria, and Control Techniques; Attainment Status Designations—Nevada

**AGENCY:** Environmental Protection Agency (EPA).

**ACTIONS:** Proposed rulemaking.

**SUMMARY:** This notice proposes to revise the attainment status designation of the Gabbs Valley area in Nevada for total suspended particulates (TSP). The Gabbs Valley area is proposed to be redesignated from nonattainment for TSP to unclassifiable.

EPA invites public comments on the proposed redesignation. If the area is redesignated to unclassifiable, the requirements of Title I, Part D, of the Clean Air Act (CAA), as amended, would no longer apply for TSP in the Gabbs Valley area.

**DATES:** Comments will be accepted if received on or before March 21, 1980.

**ADDRESSES:** Comments should be directed to: Arnold Den, Chief, Air Technical Branch (A-4), Air and Hazardous Materials Division, Environmental Protection Agency, Region IX, 215 Fremont Street, San Francisco, CA 94105.

Information pertinent to the proposed redesignation is available for public inspection during normal business hours at the following locations:

Public Information Reference Unit, Library (Room 2922), Environmental Protection Agency, 401 "M" Street, SW., Washington, D.C. 20460.

Library, Environmental Protection Agency, Region IX, 215 Fremont Street, San Francisco, CA 94105.

Department of Conservation and Natural Resources, 201 S. Fall Street, Carson City, NV 89710.

City of Gabbs, P.O. Box 86, Gabbs NV 89409.

**FOR FURTHER INFORMATION CONTACT:** Morris I. Goldberg (A-4-3), Technical Analysis Section, Air Technical Branch, Air and Hazardous Materials Division, Environmental Protection Agency, Region IX, 215 Fremont Street, San Francisco, CA 94105, Phone: (415) 556-2463.

**SUPPLEMENTARY INFORMATION:** On March 3, 1978, in accordance with Section 107 of the Clean Air Act Amendments of 1977, EPA promulgated attainment status designations for all states in relation to the National Ambient Air Quality Standards. EPA designated the Gabbs Valley area in Nevada as nonattainment for TSP.

After further evaluation of the Gabbs Valley nonattainment area, it appears that the data used for the initial designation were not representative of the ambient air quality of the area. The site was biased by emissions from the flue of a wood/coal burning stove in a nearby gas station. In addition, non-traditional sources in the immediate vicinity of the site were suspected of causing significant air quality impact.

Between January 1 and March 1, 1978, at the suggestion of the Regional Office (EPA), the State established a new monitoring site in the same general area as the old site. The ambient air quality data measured at the new site in 1978 shows the primary National Ambient Air Quality Standards being consistently attained at a level of about 1/2 of the standards.

EPA requires that eight (8) quarters of data be collected and reviewed before an accurate designation can be proposed and promulgated. One more year of data is necessary in order for EPA to determine if the area should be redesignated as attainment.

Since the current nonattainment designation appears to have been based on unrepresentative data and new, more representative data indicate the area may be attainment, EPA is proposing to redesignate the Gabbs Valley area as unclassifiable until the necessary eight quarters of data are collected.

Under Section 107 of the Clean Air Act, either EPA or the State may initiate changes to the existing designations. If the area is redesignated as proposed, the State would not be subject to the requirements of Part D of the Act for TSP in the Gabbs Valley.

**Note.**—The Environmental Protection Agency has determined that this document is not a significant regulation and does not

require preparation of a regulatory analysis under Executive Order 12044.

(Secs. 107(d), 301(a), Clean Air Act, as amended (42 U.S.C. 7407(d), 7801(a))

Dated: February 7, 1980.

Sheila M. Prindiville,  
*Acting Regional Administrator.*

**BILLING CODE 6560-01-M**

#### 40 CFR Part 419

[FRL 1416-4]

#### Petroleum Refining Point Source Category Effluent Limitations Guidelines, Pretreatment Standards, and New Source Performance Standards; Extension of Comment Period.

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Extension of comment period.

**SUMMARY:** On December 21, 1979, EPA proposed regulations under the Clean Water Act to limit effluent discharges to waters of the United States and the introduction of pollutants into publicly owned treatment works from facilities engaged in petroleum refining operations (44 FR 75926-75947). EPA is extending the period for comment on the proposed regulations from February 19, 1980, until April 19, 1980, because of various reasons including the strike of the Oil, Chemical, and Atomic Workers Union.

**DATES:** Comments on the proposed regulations for the petroleum refining industry (44 FR 75926) must be submitted to EPA by April 19, 1980.

**ADDRESS:** Send comments to: Mr. John W. Lum, Effluent Guidelines Division (WH-552), Environmental Protection Agency, 401 M Street S.W., Washington, D.C. 20460. Attention: Docket Clerk, Proposed PETROLEUM REFINING. The supporting information and all comments on this proposal will be available for inspection and copying at the EPA Public Information Reference Unit, Room 2404 (Rear) PM-213. The EPA information regulation (40 CFR Part 2) provides that a reasonable fee may be charged for copying.

**FOR FURTHER INFORMATION CONTACT:** John Lum (202) 426-2707.

**SUPPLEMENTARY INFORMATION:** On December 21, 1979, EPA proposed regulations to limit effluent discharges to waters of the United States and the introduction of pollutants into publicly owned treatment works from facilities engaged in petroleum refining operations (44 FR 75926-75949). The October 31 notice stated that comments on the proposal were to be submitted on or before February 19, 1980.

Because of the strike of the Oil, Chemical, and Atomic Workers Union and other factors, the comment period has been extended to allow the public adequate time to review and comment on the proposed regulations. All comments must be submitted by April 19, 1980.

Dated: February 10, 1980.

Sweep T. Davis,  
*Associated Assistant Administrator for Water and Waste Management.*

**BILLING CODE 6560-01-M**

#### UNITED STATES RAILWAY ASSOCIATION

#### 49 CFR Part 941

#### Regulations for Determination of the Attainment by Consolidated Rail Corporation of Certain Standards Relating to the Corporation's Employee Stock Ownership Plan

**AGENCY:** United States Railway Association.

**ACTION:** Proposed regulations.

**SUMMARY:** United States Railway Association Amendments Act of 1978, Pub. L. 95-565, enacted November 1, 1978, provides, among other things, for an increase from \$2,100,000,000 to \$3,300,000,000 in the authorization for appropriations to the United States Railway Association to be used for the purchase of securities of Consolidated Rail Corporation (hereafter referred to as "Conrail" or "the Corporation").

Section 3 of Pub. L. 95-565 added a new Subsection (f) to Section 216 of the Regional Rail Reorganization Act of 1973 (45 U.S.C. 700-794) (hereafter referred to as "the Rail Act") to provide that:

"The Association shall not invest the final \$345,000,000 of the additional investment in the Corporation \* \* \* unless and until (A) the Corporation has in effect an employee stock ownership plan which satisfies the [following] requirements \* \* \*

"The employee stock ownership plan shall provide for immediate vesting of the rights of participants to such securities upon allocation, subject to defeasance as a result of the plan's termination which termination shall occur in the event that, by the end of the 120th month beginning after the month in which securities or interests therein are first allocated to participants' accounts, the Corporation has not attained for two consecutive quarters positive net income and a freight labor cost to freight revenue ratio equal to the average such ratio for all Class I railroads in 1977, as determined pursuant to procedures adopted by the Corporation pursuant to regulations promulgated by the Association with the concurrence of the Finance Committee;"

The regulations hereby proposed are those required by section 216(f) of the Rail Act for determining whether or not Conrail has attained the positive net income test and the freight labor cost to freight revenue ratio test set forth in that Section.

**DATES:** Written comments with respect to this proposal must be submitted on or before March 14, 1980, in order to be assured of consideration. Written comments received after that date will be considered to the extent practicable. Written comments will be available for examination, both before and after the closing date for written comments between the hours of 8:30 a.m. and 5:00 p.m. local time Monday through Friday except Federal Holidays.

**ADDRESSES:** Send written comments to Docket #80-01; Office of the Secretary, United States Railway Association, 955 L'Enfant Plaza North, S.W., Washington, D.C. 20595. Written comments will be available for examination at the address above.

**FOR FURTHER INFORMATION CONTACT:** Edwin Rector, Assistant General Counsel (USRA) (202) 755-6763.

**Further Action:** After consideration of comments received pertaining to the proposed regulations, the Association will, with the concurrence of the Finance Committee, promulgate final regulations as required by Section 216(f) of the Rail Act.

It is proposed to amend 49 CFR by adding a new Part 941 to read as follows:

**PART 941—REGULATIONS FOR DETERMINATION OF THE ATTAINMENT BY CONSOLIDATED RAIL CORPORATION OF CERTAIN STANDARDS RELATING TO THE CORPORATION'S EMPLOYEE STOCK OWNERSHIP PLAN**

- Sec. 941.1 Purpose of regulations.  
941.2 Positive net income test.  
941.3 Freight labor cost to freight revenue ratio test.  
941.4 Period of application of the tests.

**Authority:** The Regional Rail Reorganization Act of 1973 (45 U.S.C. 700-794) as amended by Pub. L. 95-565.

**§ 941.1 Purpose of regulations.**

The purpose of the regulations is to set forth the definitions and criteria for determining whether by the end of the 120th month beginning after the month in which securities or interests therein are first allocated to the accounts of the participants in the employee stock ownership plan established by Consolidated Rail Corporation, the Corporation has attained for two consecutive quarters (a) positive net

income, and (b) a freight labor cost to freight revenue ratio equal to the average such ratio for all Class I railroads in 1977.

**§ 941.2 Positive Net Income test.**

Net Income shall be determined for Conrail on a company-only basis (excluding extraordinary items) presented as prescribed by the Interstate Commerce Commission (ICC) in its Uniform System of Accounts for Railroads. Net Income for each quarterly period shall be determined by the Association from the quarterly statements required to be furnished by Conrail to the ICC on the "Quarterly Report of Revenues, Expenses and Income—Railroads." Determination by the Association of the attainment of the positive net income test shall be subject to adjustment as necessary after audit only if ICC accounting regulations require Conrail to restate its quarterly net income on an amended Quarterly Report of Revenues, Expenses and Income—Railroads.

**§ 941.3 Freight labor cost to freight revenue ratio test.**

"Freight labor cost to freight revenue ratio" is determined by dividing the freight labor cost by total revenues assignable to freight service based on data submitted to the Interstate Commerce Commission. Freight labor cost is the freight salaries and wages included in "Total Carrier Operating Expenses" (Column (b) of Line 620) on schedule 410 ("Railway Operating Expense") of ICC Railroad Annual Report R-1. Total revenues assignable to freight service is the freight-related portion of "Total Railway Operating Revenues" (Column (d) of Line 13) on schedule 210 ("Results of Operations") of ICC Report R-1.

For purposes of determining the above ratio on a quarterly basis, Conrail shall use accounting systems and practices on a basis consistent with those utilized in the preparation of the comparable annual data required by the Interstate Commerce Commission on Report R-1.

The average freight labor cost to freight revenue ratio for all Class I railroads (excluding Conrail) in 1977 was 0.396.

**§ 941.4 Period of application of the tests**

For purposes of determining whether Conrail has attained for two consecutive quarters the positive net income test and the freight labor cost to freight revenue ratio test in order that the plan will not be terminated under the provisions of Section 216(f) of the Rail Act both tests must be met during the same two consecutive quarters.

Signed at Washington, D.C. this 13th day of February, 1980.

Donald C. Cole,

President, United States Railway Association.

[FR Doc. 80-5302 Filed 2-19-80; 8:45 a.m.]

BILLING CODE 8240-01-M

**INTERSTATE COMMERCE COMMISSION**

**49 CFR Part 1109**

[Ex Parte No. 324 (Sub-No. 1)]

**Standards and Expeditious Procedures for Establishing Railroad Rates Based on Seasonal, Regional, or Peak-Period Demand for Rail Service**

**AGENCY:** Interstate Commerce Commission.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Commission proposes to change existing regulations for seasonal, regional, or peak-period ratemaking by rail carriers. The proposed regulations would permit carriers to implement surcharges or discounts of up to 15 percent of the base rate on short notice (4 working days). Standards and procedures for using the surcharges or discounts will be developed in this rulemaking. Rail carriers would also be permitted to file flexible tariffs establishing upper and lower limits on specified rates. Carriers would have to justify these limits in advance. We contemplate that these new options for carrier ratemaking would apply only for rates published individually by carriers and would not extend to rate changes proposed by carriers collectively through a rate bureau. The intended purpose of these regulations is to encourage experimentation and improve the carriers' ability to adjust their rates in response to changes in the demand for rail service.

**DATES:** Comments are due on or before April 21, 1980.

**ADDRESS:** Send an original and 10 copies of comments to: Room 5356, Interstate Commerce Commission, Washington, D.C. 20523.

**FOR FURTHER INFORMATION CONTACT:** Richard Felder (202) 275-7693, Leslie Selzer (202) 275-0842.

**SUPPLEMENTARY INFORMATION:**

**The Present Rules**

Section 202(d) of the Railroad Revitalization and Regulatory Reform Act of 1976 amended former section 15 of the Interstate Commerce Act, by adding subparagraph 17 (now 49 U.S.C. 10727). Section 10727 requires the Commission to "establish standards and

procedures to permit seasonal, regional, or peak-period demand rates for transportation by rail carrier \* \* \*." The purposes to be served by such rates are to (1) provide sufficient incentive to shippers, through rescheduling and advance-planning, to reduce peak-period shipments; (2) generate additional revenue for rail carriers; (3) make better use of the national supply of freight cars; (4) improve (a) the transportation of property by rail carriers; (b) the level of employment by rail carriers; and (c) the financial stability of markets served by rail carrier. The Commission is also directed to report annually to Congress on the implementation of rates under this section.

The current regulations, 49 CFR 1109.10(k), define a demand-sensitive rate as one that is "proposed for the purpose of influencing seasonal, regional, or peak-period demands for rail service." The regulations also state the standards by which the Commission will judge demand-sensitive rates, detail the kinds of cost evidence that the railroads may submit to justify rates, and require the railroads to file reports indicating whether the rates accomplished their intended purpose.

To date, only a handful of tariffs filed with the Commission have been identified by the carriers as demand-sensitive rates falling under these provision.

#### Review of Existing Regulation

We have tentatively concluded that the lack of extensive experimentation with peak, seasonal and regional rates may have been caused by the form and content of our regulations. One problem is that the current regulations appear to emphasize the goal of smoothing uneven demands for rail transportation more than the equally important goals of improved equipment allocation and increased revenue for the railroads. The regulations state that the Commission shall consider the ability of an affected industry "to react positively to the proposed demand-sensitive rate." We recognize that carriers may have legitimate motivations other than demand smoothing for imposing demand-sensitive rates. For example, seasonal or regional<sup>1</sup> shippers, regardless of their ability to alter their shipping patterns, contribute to total railroad capacity requirements. Peak pricing is a mechanism through which peak shippers who do not rearrange their transportation needs pay their share of increased capacity costs. Peak

pricing is an economically sound way to compensate carriers for maintaining adequate levels of capacity. To the extent that peak rates do not smooth demand, they should provide economic incentives to carriers to make the investments in rail facilities and equipment necessary to handle the larger traffic volume. Shippers and consumers can benefit from peak pricing through improved service quality and reliability even when peak smoothing is limited. No one benefits from low rates when there is insufficient capacity to meet demands.

A second possible regulatory restraint to greater use of demand-sensitive rate-making is the statutory 30-day notice period. For demand-sensitive pricing to be most effective, carriers must be able to respond to changes in market conditions in a timely manner. In situations where peaks in demand can not be accurately forecasted, the 30-day notification period may unduly limit the use of peak and seasonal pricing and may discourage rate experimentation. The current regulations allow carriers to request special permission for short-notice publication, but the uncertainties associated with this process may have a dampening effect. Uncertainty extends also to the final decision on the reasonableness of the rate itself. Suspension and investigation proceedings are costly and time consuming. These prospective administrative costs may seem high in relation to uncertain future benefits of a demand-sensitive rate.

We are also reviewing the justification and reporting requirements in the regulations. We question whether it is practical to justify these rates on the basis of existing methods of calculating railroad costs. Rail Form A variable cost data reflect average unit costs and are not readily adaptable for allocating capacity costs between peak and off-peak users. While more sophisticated costing techniques are available, only a limited number of carriers have developed methods for evaluating the impact of seasonal fluctuations on cost. Furthermore, the development of cost justifications for maximum peak-period rates requires forecasts of future demand under the proposed rates. For products with predictable demand cycles, such forecasts may be feasible. Demand for commodities with unstable patterns, on the other hand, may be impossible to forecast. This is particularly true if unexpected shifts occur within a short period of time.

#### The Proposed Rules

In view of the above-described shortcomings in the current regulations,

we propose the use of various new mechanisms which we believe should allow the carriers sufficient flexibility to implement demand-sensitive pricing. We are also proposing to modify 49 CFR 1109.10 (i) and (j) to reflect the substantive changes proposed and to eliminate present requirements which we believe are unduly burdensome and unproductive. We seek comments as to whether all the information filing requirements are necessary to make the required annual reports to Congress.

The proposed rules would be restricted to individual carrier ratemaking. Pricing flexibility for independently set rates does not appear to carry the potential for abuses inherent in non-competitive collective ratemaking. However, there may be circumstances where the rules should apply to collectively made rates. We seek comments on the proposed restriction.

#### A. Equipment Surcharge/Discount (No Suspend Zone)

One possible mechanism for implementing peak and seasonal rates is an equipment surcharge or discount. The purpose of surcharges or discounts is to permit carriers to respond quickly to changes in demand or supply conditions for equipment. Under the proposed regulations, the carrier would be permitted to implement a surcharge or discount of up to 15 percent of the usual rate on short notice. We believe that four working days' notice for these kinds of rates is fair both to shippers and carriers. The proposed regulations envision surcharges or discounts based upon equipment rather than commodities. Seasonal or regional imbalances represent imbalances in the total demand for capacity. Since a number of different commodities can be transported in the same type of equipment, an equipment orientation more accurately addresses the capacity aspect of an imbalance. The proposed surcharge/discount regulations would encourage shippers to use alternative equipment or postpone demand during the peak if they can, while requiring shippers lacking flexibility to pay a premium for service that would reflect the cost of maintaining peak capacity. This is as it should be since service will likely improve as some demand is postponed. The discount procedure can be used to attract shippers with flexible transportation requirements and make more use of available equipment during slack periods.

The suggested range of the surcharge or discount (15 percent up or down) is based on an analysis of peak and seasonal ratemaking performed for the

<sup>1</sup> Regional is defined as a geographically directional peak flow.

Commission as part of *The Impact of the 4-R Act, Railroad Ratemaking Provisions*, prepared for the Commission by Kearney Management Consultants, and issued October 5, 1977. In that study it was estimated that a 10-15 percent rate change would be adequate to bring demand and supply within reasonable balance for most seasonal commodity movements.

A four working days' notice period should greatly improve the carriers' ability to respond quickly to market conditions, yet would allow shippers some time to adjust to rate changes.

Various methods for triggering surcharges are being considered. One method would limit a carrier's freedom to use the surcharge to a specific number of days each year. The carriers would be free to select the specific days the surcharge would apply. Affected shippers would be required to monitor the use of surcharges and report violations to the Commission. No tariff could be subject to the surcharge for more than the specified number of days. We favor 45 to 60 days.

A second mechanism for implementing peak and seasonal rates we are considering is a trigger mechanism based on regional market conditions to implement the surcharge/discount. A trigger based on the relationship of weekly car orders to average car orders as measured by the Association of American Railroads' <sup>2</sup> statistics appears feasible. We suggest setting the trigger at plus and minus 50 percent of the average annual car orders (based on a three year moving average). Alternatively, the trigger could be based on carloadings <sup>3</sup> as measured by the A.A.R. statistics.<sup>4</sup> The car order threshold is set higher than the carloading threshold because car orders are often inflated. Again, shippers would have prime responsibility for monitoring carriers' use of surcharges. Publications of the appropriate statistics by the railroads could be required. Either of these triggers could be used independently of any time limitation, i.e., 45-60 days, or in conjunction with a limitation. If the trigger is used without time limitation, a second trigger for terminating the surcharge/discount would be required.

#### B. Rate Flexibility Zone

We are considering permitting the carriers to file tariffs establishing upper and lower limits to rates. Rates in the

upper range would be peak-demand rates. The lower limits would be either the "normal" rate or some lower off-peak rate, depending upon the carrier's desire to allow for discounting. The upper and lower limits of the zone would be proposed on statutory notice. Once the range of rates was established, the carrier would be free to adjust the rates between these limits upon four working days' notice. Carriers could be permitted complete freedom to adjust rates within the established limits or be confined to adjustments based on a trigger mechanism. The trigger condition could be a fixed number of days per year, the level of car orders or carloadings, or some other set of conditions specified by the carrier in the tariff.

The purpose of the proposed rate flexibility zone is to permit carriers to make greater percentage changes in demand-sensitive rates than is permitted with the proposed equipment surcharge. The flexible rate tariff would be filed prior to the anticipated time of need and under the usual statutory notice requirements. It would be subject to protest on all grounds and could require special cost studies for justification. These studies would address total peak and off-peak capacity costs for the affected commodity. Once the tariff becomes effective, however, the carrier would be able to adjust the rates on four working days' notice anywhere within the peak and off-peak range, based on the demand conditions facing it. Rates within this range would be presumed conclusively to be reasonable when reviewed at the suspension level. Protests would be limited to whether the trigger conditions in fact exist. A flexible rate tariff would be useful in markets where demand cycles are predictable and additional revenue generation would be of sufficient magnitude to justify the cost of special studies.

#### Other Considerations

The usefulness of a surcharge or flexible rate to carriers will depend to some extent on whether the carriers have market dominance over particular traffic. For traffic where there is no market dominance and the Commission does not regulate the rate level, the only benefit of new regulations is the opportunity to change rates on short notice. Where there is market dominance, the surcharge offers short notice and up to a 15-percent no-suspend zone, while the flexible rate offers an even greater opportunity to change rates.

Where market dominance is not present, partial exemption from

regulation is a complementary approach to peak pricing. For example, the carrier could show the peak demand of a shipper or group of shippers is so different from the average demand that it would be unreasonable to require the carrier to satisfy it under its normal carrier obligation. By exempting either the rate or the service obligation on the "abnormal" peaks, the Commission would be allowing the carrier to set rates or service at a more efficient level. Partial exemption could be useful in markets where railroads are the residual suppliers of transportation services or in markets where producers enter and leave a "spot" market on an intermittent basis. In both cases the railroads are now required to maintain standby capacity without any assurance of compensation while the shippers are guaranteed service at a set price no matter how unstable their demand might be. A preestablished percentage of all car orders from the annual moving average could be established for each shipper. If a shipper orders a large number of cars for a short period, the railroads would be free to charge a premium rate for these orders. We suggest establishing that level at 175 percent of the average annual demand. We seek comment on this idea and on whether this level should be higher or lower.

Contract rates are another device that could be used in conjunction with peak pricing. Contract rates offer both shippers and carriers a high degree of predictability and consequently can lead to lower cost. Both partial exemptions and contracts are being studied by the Commission for possible inclusion in future rulemaking proceedings. Participants here may comment on these issues if they wish.

#### Manner in Which Evidence Should Be Submitted

We seek comments on the analysis contained in this document and the questions raised in it. We are not including proposed rules in this notice but we expect to issue final rules, if warranted, following consideration of the comments received in response to this notice. The major issues are set forth below. Pleadings previously submitted in response to our request for comments in Ex Parte No. 270 (Sub-No. 9A), *Action Needed To Advance the Publication of Seasonal and Demand-Sensitive Rates on Grain and Grain Products*, will be considered in this proceeding.

<sup>2</sup> Form CS-44.

<sup>3</sup> The previously cited section 202 study of the 4-R ratemaking suggested that plus or minus 20 percent of the moving average of car-loading represents a reasonable objective for demand-sensitive rates.

<sup>4</sup> Forms CS-541A.

## Questions

### Part I: Equipment Surcharge/Discount

1. Is the surcharge/discount an appropriate mechanism for achieving the objectives of the 4-R Act?
2. Should the surcharge/discount be limited on an equipment basis or should it be permitted on a commodity basis?
3. Are there any commodities or equipment types which should be exempt from the surcharge/discount?
4. Should the surcharge/discount be applied to demurrage charges?
5. What is the most appropriate maximum per surcharge: 15 percent? 10 percent? others?
6. Should there be a maximum for discounts?
7. (A) Should the regulations specify a single trigger mechanism for surcharges, or should it specify options from which the carrier may choose?  
(B) If only one trigger condition is specified, should it be a fixed number of days per year, a function of the level of car orders, a function of carloadings, a combination of days and car orders or carloadings, or some other mechanism?
8. If the trigger mechanism is a fixed number of days, is 45-60 the most appropriate number for this type of mechanism?
9. If the trigger mechanism is a fixed number of days, should days be required to be consecutive? If not, should there be a minimum group of days to which a surcharge could apply?
10. If a trigger mechanism is used, how should the level be established? How long after the trigger is met should it be discontinued? What geographic classification system would be most appropriate for determining the trigger? Do the present 12 transcontinental rate territories appear appropriate? Should some other grouping larger or smaller be used?
11. Should the short notice period be four working days, one working day, or some other number?
12. What type of cancellation procedures should be developed, if any?
13. How should allegations of discrimination be treated at the suspension level?
14. What other factors should be considered in developing the surcharge/discount regulations?

### Part II: Flexible Rates

1. Are flexible rates an appropriate mechanism for achieving the objectives of the 4-R Act?
2. Are there commodities that should be exempt from the flexible rate regulations?
3. (A) Should the regulations specify a trigger mechanism, permit carriers to

choose a mechanism, or permit complete discretion to raise and lower rates within the range?

(B) If a trigger mechanism is specified, what should it be?

4. Should the regulations specify the kind of evidence that the carriers should submit to justify rate limits? If so, what kind of evidence should be specified?

5. What other factors should be considered in developing regulations for flexible rates? How should allegations of discrimination raised at the suspension level be treated?

6. Are the suggested notice periods appropriate?

### Part III: Other Considerations

1. Should unit-train rates, rates applicable to movements in shipper-owned cars, annual volume and/or contract rates be exempted from the surcharge/discount or flexible rate?

2. Are there other kinds of rate mechanisms that should be discussed in the regulations?

3. What other factors should be considered?

The matters raised in this notice do not appear to be a major Federal action requiring preparation of an environmental impact statement under the procedures of the National Capital Environmental Policy Act of 1969, 42 U.S.C. 4321, et seq; however, comments regarding environmental and energy issues, if any, should be included in the statements filed with the Commission in response to this notice.

(49 U.S.C. section 10421, 5 U.S.C. section 553)

Decided: February 8, 1980.

By the Commission. Chairman Gaskins, Vice Chairman Gresham, and Commissioners Clapp, Trantum and Alexis. Commissioner Stafford dissented with a separate expression.

Agatha L. Mergenovich,  
Secretary.

### Commissioner Stafford (Dissenting)

While I recognize that interested parties will have ample opportunity to comment on the 23 questions presented in the notice of proposed rulemaking (notice), I nonetheless feel that this proceeding will result in unwarranted time, effort and cost to all concerned, including the Commission.

My first concern is the format of the notice. Admittedly, the Administrative Procedure Act provides for a notice of proposed rulemaking without specific proposed rules, as here. Experience and common sense dictate, however, that such a general and broad "fishing expedition" beget equally as general and broad comments. In sum, use of this format merely complicates the

proceeding in terms of the number, size and verbosity of the comments.

Secondly, in the preamble justifying the notice reference is made to the "shortcomings" of existing regulations". These "shortcomings", resulting in the "lack of extensive experimentation" (by railroads) is nothing but speculation by the Commission staff. If the existing regulations are deficient I feel it is incumbent upon the carriers to inform us in an appropriate manner, that is by petition for reopening, or clarification, or declaratory order, etc. I am frankly bothered by the Commission taking upon itself the mission of attempting to ascertain why peak rates are not being sought by carriers.

Thirdly, Congress is presently considering several regulatory changes involving railroad regulation. Of course, such activity should not preclude the Commission from pursuing related rulemaking proposals. However, (and using my own speculation) I believe the movement of grain will be the biggest "beneficiary" (or more likely "loser") of peak pricing. Yet in the latest Senate bill to be reported out of Committee, grain is specifically excluded from peak pricing. I must question, therefore, the future practical applicability of any peak pricing. Surely, using equipment as a triggering mechanism will be held by a reviewing court as an unsatisfactory method of avoiding the grain exclusion.

Finally, the more I consider the theory behind peak pricing the more I am convinced that in practice this will mean substantially increased costs to shippers. Naturally, I will reserve further comment on this issue until we have had the opportunity to review the comments that will be received.

In light of the foregoing I am of the view that this proceeding is unnecessary.

[FR Doc. 80-3227 Filed 2-13-80; 2:45 am]

BILLING CODE 7035-01-M

# Notices

Federal Register

Vol. 45, No. 35

Wednesday, February 20, 1980

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

## ADVISORY COUNCIL ON HISTORIC PRESERVATION

### Availability of Comments

Pursuant to section 106 of the National Historic Preservation Act and 36 CFR 800.6(d), a panel of the Advisory Council on Historic Preservation met on December 18-19, 1979, to consider the effect of the Cadillac Center Project, an undertaking of the City of Detroit, Michigan, on seven properties included in or eligible for the National Register of Historic Places. At that meeting, the Council adopted comments which have been transmitted to the Mayor of the City of Detroit.

This notice pursuant to 36 CFR 800.6(d)(5), is to apprise interested parties that copies of these comments are available upon request from the Executive Director, Advisory Council on Historic Preservation, Suite 530, 1522 K Street NW., Washington, D.C. 20005 (202-254-3495), attention: Patrick H. Steele.

Dated: February 14, 1980.

Robert R. Garvey, Jr.,  
Executive Director.

BILLING CODE 4310-10-M

## ADMINISTRATIVE OFFICE OF THE UNITED STATES COURTS

### Interpreters in Courts of the United States; Announcement of Spanish/English Certification Examination

**AGENCY:** Administrative Office of the United States Courts.

**ACTION:** Notice of Spanish/English Certification Examination for Court Interpreters.

**SUMMARY:** The Director of the Administrative Office of the United States Courts announces that the agency will conduct the written portion of the certification examination for individuals

who desire to be certified to serve as Spanish/English interpreters in courts of the United States in accordance with the Court Interpreters Act, Pub. L. No. 95-539, 92 Stat. 2040 (1978) (28 U.S.C. 1827). To sit for the examination, an individual must file a written application.

**DATES:** The agency will administer the written portion of the examination on March 29, 1980, at 9 a.m. The deadline for timely filing of applications is 4:30 p.m. on February 29, 1980.

**ADDRESS:** Applicants may sit for the examination at any of the locations identified in the attached schedule.

To obtain copies of the application form, write to: Court Interpreters Program, Personnel Division, Room 776, Administrative Office of the United States Courts, Washington, D.C. 20544.

**FOR FURTHER INFORMATION CONTACT:** Jon A. Leeth, Personnel Division, Administrative Office of the United States Courts, Washington, D.C. 20544, (202) 633-6212 or (FTS) 633-6212.

### SUPPLEMENTARY INFORMATION:

#### I. Background

The Director of the Administrative Office of the United States Courts is responsible for the establishment of a program to facilitate the use of interpreters in courts of the United States. He must prescribe, determine, and certify the qualifications of persons who may serve as certified interpreters in bilingual proceedings and proceedings involving the hearing impaired. 28 U.S.C. 1827(b). Whenever an interpreter is required for a person in any criminal or civil action initiated by the United States, the presiding judicial officer must utilize the services of a certified interpreter, unless no certified interpreter is reasonably available.

#### II. This Examination

This examination will be a comprehensive written and oral examination for bilingual proficiency in Spanish and English.

The written portion of the examination does not necessarily require the special knowledge of court vocabulary. Each applicant who completes successfully the written portion will be eligible for the oral examination. Successful applicants will receive notice of the time and place of the oral portion of the examination.

The oral portion of the examination will test, in simulated settings, the applicant's ability to:

(1) Interpret from Spanish to English, in consecutive, simultaneous, and summary modes; (2) interpret from English to Spanish in consecutive, simultaneous, and summary modes; and (3) perform sight interpretation. The oral portion of the examination does not necessarily require previous experience in court interpreting.

### III. Qualifications

There are no formal educational requirements for certification, either in languages or interpreting. However, the difficulty of the examination is at the college degree level of proficiency. Successful completion of the oral portion of the examination normally would require prior training or professional experience in simultaneous, consecutive, and summary interpreting.

### IV. Duties

Successful completion of the examination will not necessarily lead to full-time employment. Interpreters satisfy most needs as independent contractors. However, where full-time interpreters are needed only certified interpreters will be eligible for appointment.

Court interpreters perform all or some of the following duties: (1) Interpret verbatim in simultaneous, consecutive, or summary mode a foreign language into English, and vice versa, at arraignments, preliminary hearings, pretrial hearings, trials, and other court proceedings; (2) transcribe from electronic sound recordings; and (3) translate technical, medical, and legal documents and correspondence for introduction as evidence.

Issued at Washington, D.C., on February 13, 1980.

William E. Foley,  
Director.

## DEPARTMENT OF AGRICULTURE

### Federal Grain Inspection Service

#### Grain Standards Act Advisory Committee; Meeting

Pursuant to provisions of Section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given of the following committee meeting:

Name: Grain Standards Act Advisory Committee.

Date: March 12, 1980

Place: U.S. Department of Agriculture, 1400 Independence Avenue, SW., Room 2096, South Building, Washington, D.C. 20250

Time: 9 a.m.

Purpose: To enable the members to discuss and make recommendations on the Comptroller General Report to the Congress and new regulation.

The meeting is open to the public, but space and facilities are limited. Public participation will be limited to written statements submitted before or at the meeting unless their participation is

otherwise requested by the Committee Chairman. Persons, other than members, who wish to address the Committee at the meeting, should contact Dr. Leland E. Bartelt, Administrator, FGIS, U.S. Department of Agriculture, Washington, D.C. 20250, telephone: (202) 447-9170.

Dated: February 14, 1980.

L.E. Bartelt,  
 Administrator, Federal Grain Inspection Service.

[FR Doc. 80-5303 Filed 2-19-80; 8:45 am]

BILLING CODE 3410-02-M

### Science and Education Administration

#### Proposed Procedures for Implementing National Environmental Policy Act (NEPA)

AGENCY: Science and Education Administration (SEA), USDA.

ACTION: Proposed procedures for implementing NEPA.

**SUMMARY:** This document prescribes the proposed agency procedures for compliance with the National Environmental Policy Act of 1969 (NEPA), as amended, 42 U.S.C. 4321 *et seq.*; the regulations of the Council on Environmental Quality (CEQ) appearing at 40 CFR Parts 1500-1508, and the applicable Department of Agriculture regulations appearing at 7 CFR Part 3100.

**DATES:** Comments must be received on or before March 21, 1980.

**ADDRESSES:** Interested parties are invited to submit written comments or suggestions to: Mr. Richard A. Kennell, USDA, SEA, Joint Planning and Evaluation, Program Planning Staff, Room 18-B-005, BARC-W, Beltsville, Maryland 20705 (301) 344-2198.

All written comments received on these proposed procedures will be made available upon request for public inspection during regular business hours.

**FOR FURTHER INFORMATION CONTACT:** Mr. Richard A. Kennell at the address and phone number specified above.

**SUPPLEMENTARY INFORMATION:** This document describes the process by which SEA will evaluate the environmental effects of proposed major Federal action significantly affecting the quality of the human environment. After public comment has been received and evaluated, the final SEA procedures will be published in the Federal Register and in a SEA directive.

This notice has been reviewed under the USDA criteria established to implement Executive Order 12044, "Improving Government Regulations." A

determination has been made that this notice should not be classified "significant" under those criteria. A Draft Impact Analysis has been prepared and is available from the JPE office listed above.

SEA will provide for a 30-day comment period rather than 60 days in order to avoid undue delay in adhering as closely as possible to the July 31, 1979 deadline for publication of NEPA procedures.

Done at Washington, D.C., this 14th day of February, 1980.

Anson R. Bertrand,

Director, Science and Education.

Accordingly, it is proposed that the procedures of the Science and Education Administration (SEA) for complying with the National Environmental Policy Act of 1969, as amended, be as follows:

#### Compliance With the National Environmental Policy Act

##### General

I. Background and Purpose.

II. Applicability.

III. Terminology.

#### SEA Implementing Procedures

IV. Early Involvement in Private and State and Local Activities Requiring Federal Approval.

V. Ensuring Environmental Documents Are Actually Considered in Agency Decisionmaking.

VI. Agency Program Implementing Procedures.

VII. Typical Classes of Action.

VIII. Construction and Demonstration Projects.

IX. Research Projects.

X. Preparing an Environmental Assessment or Environmental Impact Statement.

XI. Environmental Information.

##### General

#### I. Background and Purpose

(a) The National Environmental Policy Act of 1969 (NEPA), as amended, (42 U.S.C. 4321 *et seq.*) establishes national policies and goals for the protection of the environment. Section 102(2) of NEPA contains certain procedural requirements directed toward the attainment of such goals. In particular, all Federal agencies are required to give appropriate consideration to the environmental effects of their proposed actions in their decisionmaking and to prepare detailed environmental statements on recommendations or reports on proposals for legislation and other major Federal actions significantly affecting the quality of the human environment.

(b) These procedures supplement the National Environmental Policy Act of 1969 (NEPA), as amended, 42 U.S.C. 4321 *et seq.*; the regulations of the Council on

Environmental Quality (CEQ) implementing NEPA (40 CFR Parts 1500-1508); and the applicable Department of Agriculture regulations (7 CFR Part 3100).

## II. Applicability

These procedures apply to all organizational elements of the Science and Education Administration (SEA).

## III. Terminology

Terms used in these procedures have the same meaning as they have in the CEQ regulations. Unless otherwise identified all parenthetical numerical references are to the CEQ regulations.

## Sea Implementing Procedures

### IV. Early Involvement in Private and State and Local Activities Requiring Federal Approval

Section 1501.2(d) of the CEQ regulations requires agencies to provide for early involvement in actions which, while planned by private applicants or other non-Federal entities, require some form of Federal approval. Actions planned elsewhere, but requiring approval by SEA, include the following:

(a) Federal-grant funds to help finance physical facilities at eligible institutions in any State for support of agricultural and human nutrition research.

(b) Competitive, special and facilities grants to State agricultural experiment stations, colleges and universities, other research institutions and organizations or corporations and individuals to promote the conduct of research in food, agriculture, and related areas.

(c) Basic and applied research grants and cooperative agreements.

(d) Projects financed from formula fund distributions.

To implement the requirements of § 1501.2(d) with respect to these actions, SEA shall:

(a) Describe the scope and level of environmental information required from applicants and formula fund recipients as a basis for evaluating their proposed actions, and make these guidelines available upon request.

(b) Provide such guidance on a project-by-project basis to applicants seeking assistance from SEA and to formula fund recipients required to obtain SEA approval of proposed projects.

(c) Upon receipt of an application or project proposal for SEA approval, or of notice that an application will be filed, consult as required with other appropriate parties to initiate and coordinate the necessary environmental analyses.

These responsibilities shall be performed by the Joint Planning and Evaluation Staff of SEA, with other Staffs or agencies participating as needed.

To facilitate compliance with these requirements, private applicants, formula fund recipients and other non-Federal entities shall:

(a) Contact the Deputy Director for Joint Planning and Evaluation, SEA, prior to submitting an application or project proposal for guidance on the scope and level of environmental information required to be submitted in support of their application or project proposal;

(b) Conduct any studies which are required by SEA to determine the impact of the proposed action on the human environment;

(c) Consult with other appropriate Federal, regional, State, and local agencies and other potentially interested parties during the preliminary planning stages to ensure that all environmental factors are identified;

(d) Submit applications and project proposals for all Federal, regional, State, and local approvals as early as possible in the planning process.

(e) Notify SEA as early as possible of all other Federal, regional, State, local, and Indian tribe actions required for project completion so that SEA may coordinate all Federal environmental reviews; and

(f) Notify SEA of all known parties potentially affected by or interested in the proposed action.

## V. Ensuring Environmental Documents Are Actually Considered in Agency Decisionmaking

Section 1505.1 of the CEQ regulations contains requirements to ensure adequate consideration of environmental documents in agency decisionmaking. To implement these requirements, SEA officials shall:

1. Consider all relevant environmental documents in evaluating proposals for agency action;

2. Make all relevant environmental documents, comments, and responses part of the record in formal rulemaking and adjudicatory proceedings;

3. Ensure that all relevant environmental documents, comments, and responses accompany the proposal through existing agency review processes;

4. Consider only those alternatives encompassed by the range of alternatives discussed in the relevant environmental documents when evaluating proposals for agency action;

5. Where an EIS has been prepared, consider the specific alternatives analyzed in the EIS when evaluating the proposal which is the subject of the EIS.

Note.—Where SEA evaluates a proposal on the basis of a formal administrative record, and an EIS on the proposal has been prepared, any supplement to the EIS shall be made a part of the formal record before a final decision on the proposal is made. (1502.9(c)(3))

## VI. Agency Program Implementing Procedures

For each of SEA's principal programs, the following chart identifies the point at which the NEPA process begins, the point at which it ends, and the key agency officials or offices required to consider environmental documents in their decisionmaking. (1508.6(e))

All relevant environmental documents shall be part of the record at the time the proposal is reviewed for decision by the appropriate SEA decisionmaker. (1505.1)

Principal program:	Start of NEPA process	Completion of NEPA process	Key official or offices required to consider environmental documents
Construction and facilities grants	Upon receipt of application	At the time the grant is approved or denied	Deputy Director for Joint Planning and Evaluation
Research grants, cooperative agreements, and contracts	Upon receipt of application	At the time the grant cooperative agreement, or contract is approved or denied	Deputy Director for Joint Planning and Evaluation
Demonstration	Upon receipt of application	At the time the grant is approved or denied	Deputy Director for Joint Planning and Evaluation
SEA in-house research	During development of research proposal	At the time the project is approved or denied	Deputy Director for Joint Planning and Evaluation
Formula fund distributions	During development of research proposal	At the time the project is approved or denied	Deputy Director for Joint Planning and Evaluation

*VII. Classes of Action*

Section 1507.3(b)(2) in conjunction with Section 1508.4 (Categorical Exclusion) requires agencies to identify three typical classes of action. These are described below:

1. Actions which do not normally require the preparation of an Environmental Assessment (EA) or an Environmental Impact Statement (EIS) are those actions which do not ordinarily have a significant individual cumulative effect on the human environment. These include those activities defined in 7 CFR 3100.22. These also include formula fund distributions and projects conducted with formula funds; basic and applied research contracts, grants and cooperative agreements; special and competitive grants; and basic in-house SEA research activities.

2. Actions normally requiring an EA, but not necessarily an EIS, include grants for demonstration or pilot projects, and all construction projects except those described in 3 below.

3. Actions normally requiring an EIS are construction projects which will change:

(a) the structure as originally designed and constructed.

(b) the use of space within a structure from the type of space for which it was originally intended.

(c) the ground, utilities, and service as originally designed and constructed.

Note.—SEA shall make an independent determination whether or not to prepare an EA or an EIS where:

(a) a proposal for agency action is not covered by one of the typical classes of action above; or

(b) a proposal for agency action is covered by one of the typical classes of action above, but the presence of extraordinary circumstances indicates that some other level of environmental review may be appropriate. [The word "normally" as used above is stressed; there may be individual cases where specific factors require contrary action. For example, certain research projects whether conducted in-house or pursuant to contract, grant, or cooperative agreement, may involve research procedures which indicate that carrying out the research may potentially affect the environment. In such cases an EA at least may be required. See below.]

As an aid for this evaluation, use Form SEA-655, Environmental Assessment Checklist (Attachment A), which is available from: Mr. Richard A. Kennell, USDA, SEA, Joint Planning and Evaluation, Program Planning Staff, Room 18-B-005, BARC-W, Beltsville, Maryland 20705 (301) 344-2198.

*VIII. Construction and Demonstration Projects*

All construction projects and grants for demonstration projects or pilot projects described in VII, 2 above will require an environmental assessment.

In preparing an EA, the proposed action should be analyzed to determine whether or not:

1. The acquisition, construction, and operation of the facility will have a significant effect on the environment.

2. The effect of this project on the environment will be controversial.

After evaluating the various aspects of the effect that the proposed action will have on the environment, a determination can be made as to whether or not the action requires the preparation of an EIS.

If, after assessment, the proposed action is determined not to require an EIS, a Finding of No Significant Impact shall be filed with the delegated official in the Region and the Deputy Director for Joint Planning and Evaluation and made available to the public as described in Section 1506.6 of the CEQ Regulations. If the delegated official independently determines that the action will require an EIS, an EIS will be prepared.

*IX. Research Projects*

In the case of SEA in-house research activities, applied or basic research grants, contracts, and cooperative agreements or special and competitive grants, each proposed project should be analyzed, using Form SEA-655, Environmental Checklist by the research project originator to determine whether or not an EA should be prepared. The research project originator shall determine whether or not:

1. The research action will have a significant effect on the Environment.

2. The effect of this project on the environment will be controversial.

If upon evaluation, the research project originator recommends, and the delegated official decides, that an EA need *not* be prepared at the time the project is proposed, a negative statement will be prepared and filed with the official project file, with a copy to the Deputy Director for Joint Planning and Evaluation. Occasionally, the delegated official might determine that the action will require an EA. The EA will be used to document the determination whether or not an EIS is necessary, and if not, it will include or incorporate a Finding of No Significant Impact (FONSI).

*X. Preparing an Environmental Assessment or an Environmental Impact Statement*

When an environmental assessment or EIS is to be prepared, the recommended format contained in Sections 1502.10-1502.18 of the CEQ Regulations shall be followed.

The delegated officials are encouraged to utilize members of their staff to prepare the required EA or EIS when these members have the expertise in this field and their work schedule permits the assumption of this task.

When it is determined that certain actions will require contracting for the services of a private consulting firm to prepare the EIS, the Deputy Director for Administrative Management should review the prepared statement to assure compliance with program criteria and NEPA.

*XI. Environmental Information*

Interested persons may contact the Deputy Director for Joint Planning and Evaluation for information regarding SEA's compliance with NEPA. (1506.6(e))

## Daniel P. Costa; Issuance of Permit

On January 9, 1980, Notice was published in the Federal Register (44 FR 1931), that an application had been filed with the National Marine Fisheries Service by Dr. Daniel P. Costa, Physiological Research Laboratory, Scripps Institution of Oceanography, La Jolla, California 92093, for a permit to take 10 northern elephant seals (*Mirounga angustirostris*) for the purpose of scientific research.

Notice is hereby given that on February 12, 1980, and as authorized by the provisions of the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361-1407), the National Marine Fisheries Service issued a Scientific Research Permit for the above taking to conduct physiological studies on 10 northern elephant seals subject to certain conditions set forth therein.

This Permit is available for review in the following offices:

Assistant Administrator for Fisheries, National Marine Fisheries Service, 3300 Whitehaven Street NW., Washington, D.C.; and Regional Director, National Marine Fisheries Service, Southwest Region, 300 South Ferry Street, Terminal Island, California 90731.

Dated: February 12, 1980.

Winfred H. Meibohm,  
Executive Director, National Marine Fisheries Service.

## COMMODITY FUTURES TRADING COMMISSION

Publication of and Request for Comment on Proposed Rules Having Major Economic Significance; Amendments to the Sugar No. 12 Contract of Coffee, Sugar and Cocoa Exchange, Inc.

The Commodity Futures Trading Commission, in accordance with section 5a(12) of the Commodity Exchange Act ("Act"), 7 U.S.C. 7a(12) (1976), as amended by the Futures Trading Act of 1978, Pub. L. No. 95-405, § 12, 92 Stat. 871 (1978), has determined that the proposed amendments set forth below to bylaw section 109b(1) and Sugar Trade Rule ("STR") 12.16, submitted by the Coffee, Sugar and Cocoa Exchange, Inc., are of major economic significance. These amendments redefine the term "standard quality range" as used in the

Sugar No 12 contract and change the premium and discounts for sugar outside the standard quality range. These amendments will apply to both new and existing contracts.

The amendments to bylaw section 109b(1) and STR 12.16 are printed below showing deletions in brackets and additions in italics:

Sec. 109b. (1) The grades deliverable under Contract No. 12 shall be raw centrifugal cane Sugar based on 96 degrees average polarization outturn, Standard Quality Range as stated below or otherwise as provided in Sugar Trade Rule 12.15 and 12.16:

Standard quality range	
Moisture:	
Factor of Safety (High number indicates low quality).	Not exceeding 0.50.
Ash:	
Ash Content (percent of raw sugar).	Maximum and minimum standard ash content is derived by multiplying percent non-sucrose solids by the [final polarization] factor listed below which corresponds to the final polarization of the cargo:
	Maximum Minimum
Up to and including 98.0°	[52] 1.25 .17
Over 98.0° up to and including 98.2°	[53] 1.25 .18
Over 98.2° up to and including 98.4°	[34] 1.27 .19
Over 98.4° up to and including 98.6°	[55] 1.28 .20
Over 98.6° up to and including 98.8°	[56] 1.29 .21
Grain Size:	
Percent through 28 mesh Tyler (30 mesh U.S.) sieve. (High number indicates low quality).	Between [55] 52 and [20] 22
Color:	
I.C.U.M.S.A. Color Units Method 2 (1958) modified (High number indicates low quality).	Between [230] 210 and [100] 125

Rule 12.16. The percentage discount or premium per pound for variances from the specifications set forth in Section 109b(1) shall be 100 percent of the following table, it being understood that discounts and premiums for variances from standard quality shall be applied separately for each specification and that fractions shall be in proportion:

Specification	
Moisture:	
Factor of safety	For each .01 in excess of .50 deduct 0.05 percent of basic price.
Ash:	
Ash content (Percent of raw sugar).	For each .01 percent of ash content in excess of derived maximum standard ash content deduct .01 percent of basis price; for each .01 percent of ash content below derived minimum standard ash content, add .005 percent of basic price.
Grain size:	
Percent through 28 mesh Tyler (30 mesh U.S.) sieve.	For each 1 percent above [55] 52 percent deduct 0.04 percent of basis price [1]. For each 1 percent below [20] 22 percent add 0.02 percent of basis price.
Color:	
I.C.U.M.S.A. color units 2 (1958).	For each 1 unit above [230] 210 up to and including 245 deduct 0.01

percent of basis price [1]. For each 1 unit above 245 up to and including 290, deduct 0.02 percent of basis price. For each 1 unit above 290 up to and including 315, deduct 0.03 percent of basis price. For each 1 unit above 315, deduct 0.04 percent of basis price. For each 1 unit below [100] 125 down to and including 115, add 0.005 percent of basis price. For each 1 unit below 115, add 0.0075 percent of basis price.

Deliverer and receiver may waive any or all of the above adjustments by mutual agreement.

Any person interested in submitting written data, views, or arguments on these rules should send his comments by March 21, 1980 to Ms. Jane Stuckey, Secretariat, Commodity Futures Trading Commission, 2033 K Street, NW, Washington, D.C. 20581.

Issued in Washington, D.C., on February 14, 1980.

Jane K. Stuckey,

Secretary of the Commission.

## Army Science Board; Closed Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is made of the following Committee meeting:

Name of the committee: Army Science Board.  
Dates of meeting: March 11-12, 1980.  
Place: The Pentagon, Washington, DC (exact room location can be obtained by contacting Helen Pison at 202-697-9703).  
Time: 0830-1700 hours, March 11-12, 1980 (Closed).

Proposed agenda:

The ASB Anti-Tactical Ballistic Missile (ATBM) Ad Hoc Sub Group will hold follow-up classified discussions and receive briefings on the following issues: a) Soviet tactical ballistic missile threat facing the field army, b) Expectations over the next 5-10 years, c) Various options, over the next 10-15 years, which could counter that threat, d) Assessment of each option. This meeting will be closed to the public in accordance with section 552b(c) of Title 5, U.S.C., specifically subparagraph (1) thereof. The classified and nonclassified matters to be discussed are so inextricably intertwined so as to preclude opening any portion of the meeting.

Helen A. Pison,  
Staff Assistant.

## DEPARTMENT OF ENERGY

## Energy Information Administration

Publication of Alternative Fuel Price  
Ceilings and Incremental Price  
Threshold for High Cost Natural Gas

The Natural Gas Policy Act of 1978 (NGPA) (Pub. L. 95-621), signed into law on November 9, 1978, mandated a new framework for the regulation of most facets of the natural gas industry. In general, under Title II of the NGPA, interstate natural gas pipeline companies are required to pass through certain portions of their acquisition costs for natural gas to industrial users in the form of a surcharge. The statute requires that the surcharge placed on the ultimate cost of gas to the industrial facility does not exceed the cost of the fuel oil which the facility could use as an alternative.

Pursuant to Title II of NGPA of 1978, Section 204 (e), the Energy Information Administration (EIA) herewith publishes for the Federal Energy Regulatory Commission (FERC) alternative fuel price ceilings and a high cost gas incremental pricing threshold. These data are effective March 1, 1980, and are to be used by natural gas suppliers to determine the maximum surcharges applicable to the passthrough of certain portions of natural gas acquisition costs.<sup>1</sup>

For further information contact: Kenneth M. Levine, Energy Information Administration, Federal Building, 12th & Pa. Ave., NW., Rm 4121, Washington, D.C. 20461, (202) 633-8558.

## Section I. Alternative Fuel Price Ceilings

As required by FERC Order No. 50, prices are shown for the 48 contiguous states. The District of Columbia's ceiling is included with the ceiling for the State of Maryland. The price ceiling is expressed in dollars per million British Thermal Units (BTU's). The method used to determine the price ceilings is described in Section III.

State:	Per million Btu's
Alabama.....	\$2.66
Arizona.....	\$2.74
Arkansas.....	\$2.89

Wisconsin.....	3.11
Wyoming.....	\$2.81

\* Region-based price.

Section II. Incremental Pricing  
Threshold for High Cost Natural Gas

The EIA has determined that the volume-weighted price for No. 2 distillate fuel oil landed in the greater New York City Metropolitan area during December 1979 was \$33.06 per barrel. In order to establish the incremental pricing threshold for high cost natural gas, as identified in the NGPA, Title II, Section 203 (a)(7), this price was multiplied by 1.3 and converted to its equivalent in millions of BTU's by dividing by 5.8. Therefore, the incremental pricing threshold for high cost natural gas, effective March 1, 1980, is \$7.41 per million BTU's.

Section III. Method Used To Compute  
Price Ceilings

The FERC, by Order No. 50, issued on September 28, 1979, in Docket No. RM79-21, established the basis for determining the price ceilings required by the NGPA. FERC also, by Order No. 51, issued in the same docket on the same date, established that only the price paid for No. 6 high sulfur content residual fuel oil would be used to determine the price ceilings until November 1, 1980.

## A. Data Collected

The EIA required the following data from all companies identified by the EIA as sellers of No. 6 high sulfur content (greater than 1% sulfur content by weight) residual fuel oil: for the month of

December 1979, for each selling price, the number of gallons sold to a large industrial user.<sup>3</sup> All reports of volume sold and price were identified by the State into which the oil was sold.

B. Method Used to Determine  
Alternative Price Ceilings

(1) To calculate the prices which will become effective March 1, 1980, (shown in Section I), the volume-weighted average price of No. 6 high sulfur content residual fuel oil was determined for each of the eight FERC regions for the reference month, December 1979. For each of the eight FERC regions, the percent change of that price from the October 1979 volume-weighted average price was calculated. To determine the price ceiling shown in Section I of this notice, the alternative fuel price ceiling for each State published in the Federal Register, Part VIII, December 20, 1979, pp. 75612-75613 was increased or decreased by the percent change of the region in which the State is located.

(2) The following method was used to calculate the alternative price ceilings published in the December 20, 1979, Federal Register notice cited above. Using each reported selling price and the volume sold at that price for the transactions reported for October 1979, the volume-weighted average price for each State was computed. States were grouped into the regions identified by the FERC (see Section III.C.). Using all reported prices and associated volumes sold in a region, the volume-weighted average price and volume-weighted standard deviation of prices were calculated for each region. The volume-weighted average price for each State was adjusted downward by two times the standard deviation for the region to form the adjusted average price. The adjusted average price was compared to the lowest price reported for any transaction within the State, and the higher of the two was selected as the alternative fuel cost for purposes of establishing the price ceilings required by the NGPA. The alternative fuel cost (expressed in dollars per barrel) was divided by 6.3 to estimate the alternative fuel price ceiling for the State (expressed in dollars per million BTU's).

In accordance with Section III.E., either the alternative fuel price calculated for the State or a region-based price was selected for each State. The method used to establish region-

<sup>3</sup> Large Industrial User—A person/firm which purchases No. 6 fuel oil in quantities of 4,000 gallons or greater for consumption in a business, including the space heating of the business premises. Electric utilities, governmental bodies (Federal, State or Local) and the military are excluded.

based prices is described in Section III.D. The alternative price ceiling selected is shown in Section I.

#### C. Listing of States by Region

States were grouped by the FERC to form eight distinct regions as follows:

<i>Region A</i>	<i>Region B</i>
Connecticut	Delaware
Maine	Maryland
Massachusetts	New Jersey
New Hampshire	New York
Rhode Island	Pennsylvania
Vermont	
<i>Region C</i>	<i>Region D</i>
Alabama	Illinois
Florida	Indiana
Georgia	Kentucky
Mississippi	Michigan
North Carolina	Ohio
South Carolina	West Virginia
Tennessee	Wisconsin
Virginia	
<i>Region E</i>	<i>Region F</i>
Iowa	Arkansas
Kansas	Louisiana
Missouri	New Mexico
Minnesota	Oklahoma
Nebraska	Texas
North Dakota	
South Dakota	
<i>Region G</i>	<i>Region H</i>
Colorado	Arizona
Idaho	California
Montana	Nevada
Utah	Oregon
Wyoming	Washington

#### D. Method Used to Establish Region-Based Price

The alternative fuel ceiling price calculated for each State in accordance with the method described in Section III.B.2 was multiplied by the number of gallons of No. 6 high sulfur content residual fuel oil sold in the State during the reference month of October 1979; the results of this calculation for all States in the region were summed and the total was divided by the total volume of the No. 6 high sulfur content residual fuel oil reported for the region during that reference month. That result became the region-based price for the States in that region as applicable.

#### E. Selection of State or Region-Based Price

The region-based price was selected for publication for all states where the price computed for the State might disclose company specific information.

Issued in Washington, D.C. on February 14, 1980.

Albert H. Linden, Jr.,

Deputy Administrator, Energy Information Administration.

BILLING CODE 6450-01-M

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 2727]

#### Bangor Hydro-Electric Co.; Application for Approval of Change in Land Rights

February 12, 1980

Take notice that an application was filed on January 28, 1980, under the Federal Power Act, 16 USC § 791(a)-825(r), by Bangor Hydro-Electric Company (Applicant) for approval of a change in land rights at Ellsworth Project No. 2727. The project lands and waters affected are located on the Union River in Hancock County, Maine. Correspondence with the Applicant in this matter should be addressed to: Mr. G. F. Hart, Vice-President Engineering, Bangor Hydro-Electric Company, 33 State Street, Bangor, Maine 04401.

Applicant seeks Commission authorization to grant permanent and temporary easements over project lands to the State of Maine. The easements would allow the Maine Department of Transportation to reconstruct and widen the existing Ellsworth Falls Bridge, and its approaches, part of State Highway 43, in Ellsworth, Maine. The temporary easement would encompass 0.31-acre of project land for a construction bypass of the existing bridge structure, and the permanent easements would encompass 0.27-acre for right-of-way of the reconstructed bridge.

Anyone desiring to be heard or to make any protest about this application should file a petition to intervene or a protest with the Federal Energy Regulatory Commission, in accordance with the requirements of the Commission's Rules of Practice and Procedure, 18 CFR, § 1.8 or § 1.10 (1979). Comments not in the nature of a protest may also be submitted by conforming to the procedures specified in § 1.10 for protests. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but a person who merely files a protest or comments does not become a party to the proceeding. To become a party, or to participate in any hearing, a person must file a petition to intervene in accordance with the Commission's Rules. Any comments, protest, or petition to intervene must be filed on or before March 21, 1980. The

Commission's address is: 825 North Capitol Street, N.E., Washington, D.C. 20426. The application is on file with the

Commission and is available for public inspection.

Kenneth F. Plumb,  
Secretary.

[FR Doc. 80-5258 Filed 2-19-80; 8:45 am]

BILLING CODE 6450-85-M

[Docket No. ER80-71]

#### Central Illinois Public Service Co.; Order Accepting Proposal for Filing, Suspending Rate Denying Motion to Reject, Denying Motion for Summary Judgment, Granting Intervention, and Establishing Hearing Procedures

Issued February 8, 1980

On November 2, 1979, the Central Illinois Public Service Company (CIPS) filed with this Commission proposed rate changes in its W-1, W-2, and W-3 Rate Schedules for service to its full requirements rural cooperatives customers (Schedule W-1), its full requirements municipal customers (Schedule W-2), and its partial requirements municipal customers (Schedule W-3). The filing was completed on December 11, 1979. The proposed rates would result in increased revenues of approximately \$11,603,000 annually based upon estimated sales for the test period ending December 31, 1980. CIPS requested an effective date of January 1, 1980 which implies a request for a waiver of the notice requirements under the Commission's Regulations.

Public notice of the filing was issued on November 9, 1979, with all responses due on or before December 3, 1979. The City of Newton, Illinois filed a "Letter of Objection" stating that the proposed increase was excessive. No request for intervention was made. Consequently, the City's objection will be considered a protest and made a matter of public record. On December 3, 1979, the Illinois Municipal Group<sup>1</sup> (Municipal Group) filed "Motions to Reject and for Summary Disposition Protest and Petition to Intervene of the Illinois Municipal Group." On December 18, 1979, CIPS filed its Answer to Group's "Motion" requesting that the Municipal Group's Motions to Reject and for Summary Disposition be denied.

#### The Petition to Intervene

The Illinois Municipal Group raises several questions with respect to the filing. It alleges that serious deficiencies and inadequacies in CIPS' cost of service presentation exist.

<sup>1</sup> W-2 Schedule Customers are the Cities of Flora, Bethany Greenup, Alton, Cairo, Metropolis, and Roodhouse. W-3 Schedule Customers are the Cities of Bushnell, Carmi, and Rantoul.

The Municipal Group alleges further that in seeking a rate increase from the W-2 wholesale class, the Company does not propose to increase rates to the City of Metropolis which has a valid fixed rate contract with an expiration date of April 13, 1980. CIPS' filing seeks to have the increase become effective on January 1, 1980, to all members of the W-2 class except for Metropolis. The Municipal Group claims this to be a patently discriminatory action. The Group further alleges that CIPS has sought to create a special W-1 class non-cost justified rate to the actual and potential detriment of the W-2 and W-3 wholesale classes. It alleges that this is clearly discriminatory in that the proposed rates for service to the W-1 customers are not cost supported. The pleadings indicate the CIPS and the W-1 cooperative customers reached an accord with respect to their rates before the filing and filed the agreed upon rates which are lower than the proposed rates to be charged the W-2 and W-3 customers. The Municipal Group also alleges that a price squeeze situation is created by the filing, and further that the proposed increases are not supported by the submitted cost of service. The Group requests summary disposition of the 100% ratchet demand provision and the automatic tax clause which are included in the filing. Finally it asks for rejection of the filing and, if this is not granted, for a suspension for five months and that its petition for intervention be granted.

#### Discussion

Our analysis of the filing indicates that the cost support data filed with the increased rate for the W-1 customers substantially complies with the filing requirements of this Commission, and we do not find good cause to reject the filing with respect to those W-1 customers. The request for waiver of notice will be denied, since CIPS has not supported its contention that its original filing was substantially complete. Since the original filing did not include essential depreciation and demand data, we do not find good cause to waive the notice requirements. We will accept this proposed rate schedule for filing and allow it to go into effect without suspension or hearing.

Our review of CIPS' filing regarding the W-2 and W-3 municipal customers indicates that the terms and conditions of the proposed rates relating to those two rate schedules have not been shown to be justified and may be unjust, unreasonable, unduly discriminatory, preferential, or otherwise unlawful. Accordingly, we shall accept the proposed rate schedules for filing,

suspend the rate for three months, and set the matter for hearing.

The Municipal Group is again raising the question of contract discrimination between the City of Metropolis, Illinois, which has a valid fixed rate contract<sup>2</sup> with an expiration date of April 13, 1980, and all other members of the W-2 class full requirements municipal customers. This claim is based upon an effective date of January 1, 1980 for the proposed new rates. Since we will suspend the filing for the W-2 and W-3 rate schedules for a three month period, the effective date for these two schedules will be May 10, 1980. As noted, the proposed rates for the W-2 and W-3 customers will not go into effect until after the expiration date of the fixed rate contract. Therefore, the city of Metropolis will be subject to the new proposed W-2 rate concurrently with the other cities in that class. Thus, we need not and do not reach the question of whether any discrimination in rates resulting from only one customer having a fixed rate contract is undue.<sup>3</sup>

The Municipal Group has also alleged that CIPS and the W-1 full requirements cooperative customers entered into a "sweetheart" settlement which discriminates against the Municipal Group.

CIPS' answer to the Municipal Group's allegations states that it and the Cooperatives negotiated a new W-1 rate before CIPS was required to file any increase. It further states that any inference that the Municipal Group has been denied an opportunity to negotiate a settlement is improper, and further that CIPS will negotiate with the Municipal Group and other municipalities, but any settlement which is negotiated with the Municipal Group must reflect the differences in load factors, usage and consumption patterns which make the cost of service to the municipals a much riskier proposition than service to cooperatives. We find it appropriate under the circumstances that this discrimination issue should be fully considered in the hearing.

In a recent case<sup>4</sup> we decided that newly docketed rate proceedings in which a price squeeze issue is raised, should be phased so that a decision first may be reached on cost of service, capitalization, and rate of return issues. If the price squeeze persists in the view of the alleging party, a second phase of the proceeding generally is to follow on

this issue. In *Arkansas*, we stated that there may be situations in which price squeeze issues should not be deferred and that we would leave it to the non-reviewable discretion of the Presiding Administrative Law Judge to accelerate the price squeeze proceeding in whole or in part. In the instant proceeding, we will phase the price squeeze allegation raised by the Municipal Group in accordance with our *Arkansas* order. We find no compelling reason at this time to deviate from the procedure set out in that order.

The various cost of service issues raised by the Municipal Group shall be considered as issues in the hearing. While it is true that the issues involving the automatic tax clause and the 100% ratchet provision were litigated in previous filings by CIPS in Docket Nos. ER78-80 and ER77-89,<sup>5</sup> we have not yet decided these two cases which have been appealed to the full Commission. However, with respect to the automatic tax clause, we have held in the past<sup>6</sup> that any adjustments pursuant to a tax adjustment clause will have to be filed as a change in rate pursuant to Section 35.13 of the Commission's Rules and Regulations. We shall therefore, deny the motion for summary disposition on this issue since it is before us in both the dockets mentioned above.

**The Commission orders:** (A) The motion to reject the Central Illinois Public Service Company filing is hereby denied.

(B) Central Illinois Public Service Company's request for waiver of Section 35.3 of the Regulations under the Federal Power Act is hereby denied.

(C) The Central Illinois Public Service Company's proposed rates filed in this docket for the W-1 cooperative full requirement customers is hereby accepted for filing and permitted to become effective on February 10, 1980, without suspension.

(D) The Company's proposed rates filed in this docket with respect to the W-2 municipal full requirements customers and its W-3 municipal partial requirements customers are hereby accepted for filing, and suspended for 3 months to become effective on May 10, 1980, subject to refund, pending a hearing and decision thereon.

(E) Pursuant to the authority contained in and subject to the

<sup>5</sup> Initial Decisions issued in Docket No. ER78-80 on July 28, 1979, and in Docket No. ER77-89 on June 27, 1979.

<sup>6</sup> In our order involving the Boston Edison Company, Docket No. ER78-304 issued May 30, 1978, which set the proceeding for hearing and involved motions to reject and also motions for summary disposition, we held that it is against the Commission's regulatory policy to allow tax clauses to serve as a basis for automatic changes in rates.

<sup>2</sup> See *FPC v. Sierra Pacific Power Company*, 350 U.S. 348 (1956).

<sup>3</sup> *Norwood v. F.P.C.*, No. 77-1326 (D.C. Cir. October 23, 1978); *Public Service Company of Indiana, Inc. v. FERC*, 575 F. 2d 1204 (7th Cir. 1978).

<sup>4</sup> *Arkansas Power and Light Company*, Docket No. ER79-339, Order issued August 6, 1979.

jurisdiction conferred upon Federal Energy Regulatory Commission by Section 402(a) of the DOE Act and by the Federal Power Act, specifically Sections 205 and 206, and by the Commission's Rules of Practice and Procedure and the Regulations under the Federal Power Act (18 CFR, Chapter 1 (1979)), a public hearing shall be held concerning the justness and reasonableness of the rates proposed and filed with this Commission by the Central Public Service Company with regard to the W-2 and W-3 schedules which pertain to its full requirements municipal customers and partial requirements municipal customers, respectively.

(F) The Illinois Municipal Group is hereby permitted to intervene in this proceeding, subject to the Rules and Regulations of the Commission, *Provided, however*, That participation of such intervenor shall be limited to the matters affecting asserted rights and interests specifically set forth in its petition to intervene, and *Provided further*, that the admission of such intervenor shall not be construed as recognition by the Commission that it might be aggrieved by any order entered in this proceeding.

(G) The Commission staff will serve Top Sheets in this proceeding on or before April 7, 1980.

(H) The motions for summary disposition are hereby denied.

(I) We hereby order initiation of price squeeze procedures and further order that this proceeding be phased so that the price squeeze procedures begin after issuance of a Commission opinion establishing the rate which, but for a consideration of price squeeze, would be just and reasonable. The Presiding Judge may order a change in this schedule for good cause. The price squeeze portion of this case shall be governed by the procedures set forth in Section 2.17 of the Commission's regulations as they may be modified prior to the initiation of the price squeeze phase of this proceeding.

(J) The discrimination issue alleged by the Illinois Municipal Group concerning a favored rate for the W-1 cooperative customers over the W-2 and W-3 municipal customers shall be an issue in this proceeding.

(K) CIPS must meet the burden of showing that the use of labor ratios is an unreasonable method of functionalizing its general and common plant.

(L) A Presiding Administrative Law Judge, to be designated by the Chiefs Administrative Law Judge, shall convene a prehearing discovery conference in this proceeding to be held within 30 days of the issuance of this

order in hearing room of the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. This conference will be for the purpose of expediting discovery and resolving any initial controversies relating to date requests and discovery. In addition, the Presiding Judge shall convene a formal settlement conference to be held within 10 days of the service of Top Sheets. The Presiding Judge is authorized to establish procedural dates and to rule upon all motions (except motions to consolidate or sever and motions to dismiss), as provided for in the Commission's Rules of Practice and Procedure.

(M) The Secretary shall promptly publish this order in the Federal Register.

By the Commission,  
Kenneth F. Plumb,  
Secretary.

BILLING CODE 6450-85-M

#### [Docket No. ES80-27]

#### Community Public Service Co.; Application

February 12, 1980.

Take notice that on February 5, 1980, Community Public Service Company, a corporation organized under the laws of the State of Texas, with its principal business office in Fort Worth, Texas filed an application pursuant to Section 204 of the Federal Power Act, seeking authority to issue up to \$25 million unsecured promissory notes or commercial paper, with maturity dates of less than twelve months, but not later than April 1, 1982.

The short-term debt will be used to finance Applicant's construction program.

Any person desiring to be heard or to make any protests with reference to said Application should file a petition to intervene or protest with the Federal Energy Regulatory Commission, Washington, D.C. 20426, in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) on or before February 29, 1980. All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules. The Application is

on file and available for public inspection.

Kenneth F. Plumb,  
Secretary.

BILLING CODE 6450-85-M

#### [Project No. 2883]

#### Fries Textile Co.; Application for License (Major)

February 12, 1980.

Take notice that an application was filed on November 9, 1979, under the Federal Power Act, 16 U.S.C. Section 791(a)-825(r), by the Fries Textile Company for a license for the Fries Hydroelectric Project. The project is located on the New River in Grayson County, Virginia. Correspondence with the Applicant on this matter should be addressed to: Mr. James E. Bostic, Jr., Corporate Regulatory Director, Riegel Textile Corporation, 25 Woods Lake Road, Suite 800, Greenville, South Carolina 29607; and Mr. T. J. Meyer, Corporate Engineer, Riegel Textile Corporation, Southern Executive Offices, Ware Shoals, South Carolina 29692.

**Project Description**—The Fries Project would consist of: (1) the existing 500-foot-long and 40-foot-high rock masonry dam; (2) the existing 590-foot-long and 110-foot-wide rock masonry headrace canal; (3) the existing 120-foot-long and 120-foot-wide rock masonry tailrace canal; (4) the existing brick and rock masonry powerhouse containing three hydroelectric generating units with a rated capacity of 3,050 kW; (5) the Fries reservoir at normal elevation 2188.27 m.s.l., with a surface area of approximately 88 acres; (6) a proposed concrete powerhouse, having a single hydroelectric generating unit capable of generating 2,163 kW; (7) a proposed concrete penstock from the existing headrace canal to the new powerhouse, and a proposed concrete tailrace channel from the new powerhouse to the existing tailrace canal; and (8) appurtenant facilities. The estimated average annual power generation would be 24,700,000 kW.

All power generated by the project would be used by the Applicant within the Fries Textile Plant. The estimated cost for construction of the additional project works is \$888,631.

Recreational uses of the reservoir and tailrace include canoeing and fishing. Although the Applicant does not provide recreational facilities on project lands, it cooperates with a local civic organization by providing land

downstream from the project for a picnic area.

**Competing Applications**—Anyone desiring to file a competing application must submit to the Commission, on or before April 14, 1980 either the competing application itself or a notice of intent to file competing application. Submission of a timely notice of intent allows an interested person to file the competing application no later than August 12, 1980. A notice of intent must conform with the requirements of 18 C.F.R. 4.33(b) and (c), (as amended 44 FR 61328, October 25, 1979). A competing application must conform with the requirements of 18 C.F.R. 4.33(a) and (d), (as amended, 44 FR 61328, October 25, 1979).

**Comments, Protests, or Petitions to Intervene**—Anyone desiring to be heard or to make any protests about this application should file a petition to intervene or a protest with the Federal Energy Regulatory Commission, in accordance with the requirements of the Commission's Rules of Practice and Procedure, 18 CFR, Section 1.10 (1979). Comments not in the nature of a protest may also be submitted by conforming to the procedures specified in Section 1.10 for protests. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but a person who merely files a protest or comments does not become a party to the proceeding. To become a party, or to participate in any hearing, a person must file a petition to intervene in accordance with the Commission's Rules. Any comments, protest, or petition to intervene must be filed on or before April 14, 1980. The Commission's address is 825 North Capitol Street NE., Washington, D.C. 20426. The application is on file with the Commission and is available for public inspection.

Kenneth F. Plumb,  
Secretary.

BILLING CODE 6450-85-M

[Docket No. ES80-26]

## Iowa Public Service; Application

February 12, 1980.

Take notice that on February 4, 1980, Iowa Public Service Company (Applicant) a corporation organized under the laws of the State of Iowa and qualified to transact business in the States of Iowa and South Dakota, with its principal business office in Sioux City, Iowa, filed an application pursuant to Section 204 of the Federal Power Act seeking authority to issue \$50 million of

short-term unsecured promissory notes to commercial banks and commercial paper dealers. All proposed notes are to be issued on or before March 31, 1981 and will bear final maturity dates not later than March 31, 1982.

Applicant proposes to use the funds for construction or acquisition of permanent improvements, extensions and additions to Applicant's property and/or to pay off maturing short-term loans. Its estimated construction expenditures for the year 1980 are \$76,723,000.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 29, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules. The application is on file with the Commission and is available for public inspection.

Kenneth F. Plumb,  
Secretary.

[FR Doc. 80-5271 Filed 2-19-80; 8:45 am]  
BILLING CODE 6450-85

[Project No. 2975]

## Oakdale and South San Joaquin Irrigation Districts, California; Application for Preliminary Permit

February 12, 1980.

Take notice that on September 28, 1979, the Oakdale and South San Joaquin Irrigation Districts (Districts) filed an application for preliminary permit [pursuant to the Federal Power Act, 16 U.S.C. 791(a)-825(r)] for a proposed water power project to be known as the Sand Bar Project, FERC No. 2975, located on the Middle Fork Stanislaus River in Tuolumne County, California. The proposed project would occupy lands of the United States within the Stanislaus National Forest. Correspondence with the Applicants should be directed to Mr. J. W. Southern, Executive Secretary and General Manager, Tri-Dam Project of Oakdale and South San Joaquin Irrigation Districts, Star Route Box 1303, Sonora, California 95370.

**Project Description**—The project would develop the hydro-electric power potential between the Applicants' Beardsley Afterbay of the Tri-Dam Project No. 2005 and the Pacific Gas and Electric Company's Sand Bar Diversion Pool of Project No. 2130. The proposed project would consist of: (1) an intake structure within the Beardsley Afterbay near the right abutment of its dam; (2) an 18,000-foot-long tunnel with a cross sectional area of 110 to 120-square feet; (3) a surge chamber; (4) a 1,200-foot-long penstock, approximately 8 feet in diameter; (5) an above-ground powerhouse, which would discharge into the Sand Bar Diversion Pool, containing a single generating unit with a rated capacity of 12,000 kW; and (6) appurtenant facilities.

**Proposed Use of Project Power**—Project energy would be sold to a public or private utility.

**Proposed Scope and Cost of Studies Under Permit**—Applicants have requested a 3-year permit to prepare a definitive project report, including preliminary designs, results of geological explorations and of environmental data. The cost of preparing the report along with the preparation of an environmental impact report, obtaining agreements with Federal, State, and local agencies and buyers of energy, preparing a license application, and final field surveys and designs, is estimated by Applicants to be about \$250,000.

**Purpose of Preliminary Permit**—A preliminary permit does not authorize construction. A permit, if issued, gives the Permittee, during the term of the permit, the right of priority of application for license while the Permittee undertakes the necessary studies and examinations to determine the engineering, economic, and environmental feasibility of the proposed project, market for power, and all other necessary information for inclusion in an application for license. In this instance, Applicants seek a 36-month permit.

**Agency Comments**—Federal, State, and local agencies that receive this notice through direct mailing from the Commission are invited to submit comments on the described application for preliminary permit. (A copy of the application may be obtained directly from the Applicants). Comments should be confined to substantive issues relevant to the issuance of a permit and consistent with the purpose of a permit as described in this notice. No other formal request for comments will be made. If an agency does not file comments within the time set below it will be presumed to have no comments.

**Competing Applications**—Anyone desiring to file a competing application must submit to the Commission, on or before *April 14, 1980*, either the competing application itself or a notice of intent to file competing application. Submission of a timely notice of intent allows an interested person to file the competing application no later than *June 13, 1980*. A notice of intent must conform with the requirements of 18 C.F.R. 4.33(b) and (c), (*as amended 44 Fed. Reg. 61328, October 25, 1979*). A competing application must conform with the requirements of 18 C.F.R., 4.33(a) and (d), (*as amended, 44 Fed. Reg. 61328, October 25, 1979*).

**Comments, Protests, or Petitions to Intervene**—Anyone desiring to be heard or to make any protest about this application should file a petition to intervene or a protest with the Federal Energy Regulatory Commission, in accordance with the requirements of the Commission's Rules of Practice and Procedure, 18 CFR, § 1.8 or § 1.10 (1979). Comments not in the nature of a protest may also be submitted by conforming to the procedures specified in § 1.10 for protests. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but a person who merely files a protest or comments does not become a party to the proceeding. To become a party, or to participate in any hearing, a person must file a petition to intervene in accordance with the Commission's Rules. Any comments, protest or petition to intervene must be filed on or before *April 14, 1980*. The Commission's address is: 825 North Capitol Street, N.E., Washington, D.C. 20426. The application is on file with the Commission and is available for public inspection.

Kenneth F. Plumb,  
Secretary.

[FR Doc. 80-5275 Filed 2-19-80; 8:45 am]  
BILLING CODE 6450-85

[Docket No. TA80-1-28 (PGA80-1, IPR80-1, DCA80-1, LFUT80-1 and TC80-1)]

### **Panhandle Eastern Pipe Line Co.; Change in Tariff**

February 12, 1980.

Take notice that on Jan. 15, 1980 Panhandle Eastern Pipe Line Company (Panhandle) tendered for filing the following revised sheets to its FERC Gas Tariff, Original Volume No. 1:

Thirty-Fourth Revised Sheet No. 3-A  
Eleventh Revised Sheet No. 3-B  
Second Revised Sheet No. 3-C.1  
Second Revised Sheet No. 3-C.2  
Second Revised Sheet No. 3-C.3

An effective date of March 1, 1980 is proposed.

Panhandle states that these revised tariff sheets reflect rate adjustments as follows:

(1) A DCA Commodity Surcharge Adjustment pursuant to Section 10.6(e) of the General Terms and Conditions; and

(2) A Louisiana First Use Tax (LFUT) Rate Surcharge pursuant to Section 20 of the General Terms and Conditions; and

(3) A Rate Adjustment pursuant to (A) Section 18.4 of the General Terms and Conditions and (B), Article IX of the Stipulation and Agreement, such adjustment reflecting a proposed Pipeline Supplier rate adjustment to be effective concurrently herewith; and

(4) PGA Rate Adjustment pursuant to (A) Section 18.2 of the General Terms and Conditions and (B), Article IX of the Stipulation and Agreement, which reflects the current cost of gas and recovery of amounts in the deferred purchased gas cost account; and

(5) A Purchased Gas Transmission and Compression and Transportation Revenue tracking adjustment pursuant to Article X of the Stipulation and Agreement; and

(6) A "Reduced PGA" rate, and projected incremental pricing surcharges for each direct sale non-exempt industrial boiler fuel facility and each sale-for-resale customer in accordance with Section 21 of the General Terms and conditions.

Panhandle further states that Article XII of the Stipulation and Agreement provides for advance payment tracking increases or decreases to be made effective on March 1 and September 1. Appropriate advance payment computations have been made in accordance with Article XII and the resulting change in rates was less than one (1) mill. Therefore, pursuant to Paragraph (d) of Article XII, no advance payment tracking adjustment is included as a part of this filing.

In addition, on November 30, 1979 the Administrative Law Judge received into the record a Stipulation and Agreement for the Phase II Panhandle Rate Settlement in Docket No. RP78-62. This Stipulation and Agreement settled all but one issue and; therefore, inclusion of such Phase II Settlement would impact this proposed rate adjustment. Therefore, Panhandle submits herewith for filing six (6) copies each of the following alternate revised sheets to its FERC Gas Tariff, Original Volume No. 1:

Alternate Thirty-Fourth Revised Sheet No. 3-A

Alternate Eleventh Revised Sheet No. 3-B

Alternate Second Revised Sheet No. 3-C.1

Alternate Second Revised Sheet No. 3-C.2

Alternate Second Revised Sheet No. 3-C.3

An effective date of March 1, 1980 is proposed. These alternate tariff sheets reflect this proposed rate adjustment at the Phase II Settlement level. If the

Commission approves the Phase II Stipulation and Agreement before March 1, 1980, Panhandle proposes that these alternate tariff sheets be approved in lieu of the revised tariff sheets.

Panhandle states that supporting computation sheets are enclosed and copies of this letter and enclosures are being served on all jurisdictional customers and applicable state regulatory agencies.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Section 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before Feb. 25, 1980. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Kenneth F. Plumb,  
Secretary.

The applications for determination in these proceedings together with a copy or description of other materials in the record on which such determinations were made are available for inspection, except to the extent such material is treated as confidential under 18 CFR 275.206, at the Commission's Office of Public Information, room 1000, 825 North Capitol street, NE., Washington, D.C. 20426.

Persons objecting to any of these final determinations may, in accordance with 18 CFR 275.203 and 18 CFR 275.204, file a protest with the Commission on or before March 5, 1980.

Please reference the FERC control number in all correspondence related to these determinations.

Kenneth F. Plumb,  
Secretary.

The applications for determination in these proceedings together with a copy or description of other materials in the record on which such determinations were made are available for inspection, except to the extent such material is treated as confidential under 18 CFR 275.206, at the Commission's Office of Public Information, room 1000, 825 North Capitol street, NE., Washington, D.C. 20426.

Persons objecting to any of these final determinations may, in accordance with 18 CFR 275.203 and 18 CFR 275.204, file a protest with the Commission on or before March 5, 1980.

Please reference the FERC control number in all correspondence related to these determinations.

Kenneth F. Plumb,  
Secretary.

[FR Doc. 80-5274 Filed 2-19-80; 8:45 am]

BILLING CODE 6450-85-M

[Docket Nos. RP77-107 and RP78-68]

**United Gas Pipe Line Co.; Informal Conference on Consolidated Taxes Issue and United's Rate Report in Docket No. RP77-107**

February 11, 1980.

Take notice that on February 19, 1980 at 10:00 there will be an informal conference of all interested persons for the purposes of discussing: (1) the appropriate tax rate to be used in computing the allowance for federal income taxes and (2) Staff's objections to United's Rate Request in Docket No. RP77-107. Presently, the meeting place for the conference will be at the Forrestal Building, 1000 Independence Avenue, S.W., Room 4A104. However, parties attending the conference should contact Staff Counsel (202/357-8571) on the morning of the conference to determine if a Hearing Room has become available for the conference.

The Commission approved settlement agreement in Docket No. RP77-107 requires that after the final Commission decision on rehearing in *Columbia Gulf Transmission Corporation, et al.*, Docket Nos. RP75-105, *et al.*, a conference should be convened to determine the appropriate tax rate to be used in computing the allowance for federal income taxes. The settlement agreement in Docket No. RP78-68 contains a similar provision. The informal conference will address this issue.

In accordance with Articles I and II of the settlement agreement in Docket No. RP77-107, United submitted a Rate Report which has been reviewed by Commission Staff. Staff opposes inclusion of the following items in United's cost of service (1) costs associated with unaccounted for gas in Jackson storage field which allegedly was lost because of a defective valve which allowed gas to escape into the main line over an eleven year period; and (2) costs associated with the RD&D Biomass project which allegedly have never been approved by the Commission.

Customers and other interested persons will be permitted to attend, but if such persons have not previously been permitted to intervene by order of the Commission, attendance will not be deemed to authorize intervention as a party in these proceedings.

Lois D. Cashell,

Acting Secretary.

[FR Doc. 80-5278 Filed 2-19-80; 8:45 am]

BILLING CODE 6450-85-M

[Docket Nos. G-2641, *et al.*]

**Phillips Petroleum Company, *et al.*; Applications for Certificates, Abandonment of Service and Petitions To Amend Certificates <sup>1</sup>**

Take notice that each of the Applicants listed herein has filed a application or petition pursuant to Section 7 of the Natural Gas Act for authorization to sell natural gas in interstate commerce or to abandon service as described herein, all as more fully described in the respective applications and amendments which are on file with the Commission and open to public inspection.

It appears reasonable and consistent with the public interest in this case to

<sup>1</sup> This notice does not provide for consolidation for hearing of the several matters covered herein.

prescribe a period shorter than 10 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before February 20, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure a hearing will be held without further notice before the Commission on all applications in which no petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity.

Where a petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or to be represented at the hearing.

Lois D. Cashell,

Acting Secretary.

BILLING CODE 6450-85-M

## ENVIRONMENTAL PROTECTION AGENCY

[FRL 1416-2]

### Intent To Prepare a Draft Environmental Impact Statement

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of intent to prepare a draft environmental impact statement (EIS).

**PURPOSE:** To fulfill the requirements of Section 102(2)(C) of the National Environmental Policy Act, EPA has identified a need to prepare an EIS and therefore issues this Notice of Intent pursuant to 40 CFR 1501.7.

**FOR FURTHER INFORMATION CONTACT:** Mr. Clinton B. Spotts, Regional EIS Coordinator, USEPA, Region 6, 1201 Elm Street, Dallas, Texas 75270. Telephone: (Commercial) 214-767-2716, (FTS) 729-2716.

**SUMMARY:** 1. *Description of proposed action*—The EPA action would be the approval of a facilities plan and the awarding of additional grant monies pursuant to Section 201 of the Clean Water Act for the detailed design and construction of the Adams Field wastewater treatment facilities located in Little Rock, Arkansas.

2. *Public and Private Participation in the EIS Process*—Full participation by interested Federal, State and local agencies as well as other interested private organizations and parties is invited. The public will be involved to the maximum extent possible and is encouraged to participate in the planning process.

3. *Scoping*—The EPA, Region 6, will be holding public meetings to discuss the alternatives and the scope of the draft EIS. The first of these is scheduled for March 10, 1980 at 7:30 p.m., in the

Reddy Kilowatt Room of the AP&L Building, 9th and Louisiana Streets, Little Rock, Arkansas.

4. *Timing*—EPA estimates the draft EIS will be available for public review and comment around November 1980.

5. *Requests for Copies of Draft EIS*—All interested parties are encouraged to submit their name and address to the person indicated above for inclusion on the distribution list for the draft EIS and related public notices.

Dated: February 13, 1980.

William N. Hedeman, Jr.,  
Director, Office of Environmental Review  
(A-104).

BILLING CODE 6560-01-M

[FRL 1417-1]

### Intent To Prepare a Draft Environmental Impact Statement

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of intent to prepare a draft environmental impact statement (EIS).

**PURPOSE:** In accordance with Section 102(2)(c) of the National Environmental Policy Act, EPA has identified a need to prepare an EIS and therefore publishes this Notice of Intent pursuant to 40 CFR 1501.7.

**FOR FURTHER INFORMATION CONTACT:** Mr. Roger K. Mochnick, Environmental Evaluation Branch, M/S 443, U.S. Environmental Protection Agency, Region 10, 1200 Sixth Avenue, Seattle, Washington 98101. Telephone: (Commercial) (206) 442-4011, (FTS) 8-399-4011.

**SUMMARY:** 1. *Description of proposed action*—The EPA action is the approval of a facilities plan and the provision of grant moneys for the design and construction of wastewater treatment

facilities in the County of Spokane, Washington, pursuant to Section 201 of the Clean Water Act.

2. *Description of Alternatives*—The EIS will consider in detail the environmental impacts of implementing alternative wastewater treatment strategies developed through the planning process. The major issues to be evaluated include the potential changes in land use patterns, the impacts on agricultural lands, open spaces, flood plains and wetlands, the effects of increased discharge of effluent on receiving waters, and secondary impacts associated with the alternatives.

3. *Public and private participation in the EIS process*—EPA encourages full participation by interested Federal, State and local agencies, private organizations and citizens. The public will be involved to the maximum extent possible and is encouraged to participate in the planning process.

4. *Scoping*—EPA will schedule a scoping meeting in the near future to familiarize interested persons with the proposed action and to identify significant issues to be addressed in the EIS. To obtain additional information about the meeting or the project, please contact the person indicated above.

5. *Timing*—EPA estimates the DEIS will be available for public review in October, 1980.

6. *Requests for copies of Draft EIS*—All interested parties are encouraged to submit name and address to the person indicated above for inclusion on the distribution list for the draft EIS and related public notices.

Dated: February 13, 1980.

William N. Hedeman, Jr.,  
Director, Office of Environmental Review  
(A-104).

# FEDERAL COMMUNICATIONS COMMISSION

[Report No. A-10]

## FM Broadcast Applications Accepted for Filing and Notification of Cutoff Date

Released: February 13, 1980.

Cutoff Date: March 17, 1980.

Notice is hereby given that the applications listed in the attached appendix are hereby accepted for filing. They will be considered to be ready and available for processing after March 17, 1980. An application, in order to be considered with any application appearing on the attached list or with any other application on file by the close of business on March 17, 1980 which involves a conflict necessitating a hearing with any application on this list, must be substantially complete and tendered for filing at the offices of the Commission in Washington, D.C., not later than the close of business on March 17, 1980.

Petitions to deny any application on this list must be on file with the Commission no later than the close of business on March 17, 1980.

Federal Communications Commission.

William J. Tricarico,

Secretary.

### Appendix

BPH-11089 (new), Pineville, West Virginia, Wyoming Broadcasting Co., Req: 92.7 Mhz; Channel No. 224A, ERP: 3 kW; HAAT: 300 Ft., (allocated to Mullens, WV.)

BPH-11094 (new), Baxley, Georgia, WHAB Radio, Inc., Req: 94.5 Mhz; Channel No. 233C, ERP: 100 kW; HAAT: 411 Ft.

BPH-790109AI (new), St. Augustine, Florida, Dorothy Brunson, Req: 105.5 Mhz; Channel No. 288A, ERP: 3 kW; HAAT: 300 Ft.

BPH-790322AE (KZZQ), Galliano, Louisiana, KLEB Broadcasting, Inc., HAS: 94.3 Mhz; Channel No. 232A, ERP: 3 kW; HAAT: 300 Ft. (lic) (Golden Meadow, Louisiana), Req: 94.3 Mhz; Channel No. 323A, ERP: 3 kW; HAAT: 299.4 Ft., (Galliano, Louisiana)

BPH-7904413AB (WMTS-FM), Mufreesboro, Tennessee, Hale Broadcasting Corporation, HAS: 96.3 Mhz; Channel No. 242C, ERP: 20 kW; HAAT: 170 Ft. (lic), REQ: 96.3 Mhz; Channel No. 242C, ERP: 96.8 kW; HAAT: 810 Ft.

BPH-790430 AD (new), Greenville, Kentucky, Hayward F. Spinks, Req: 105.5 Mhz; Channel No. 288A, ERP: 3 kW; HAAT: 300 Ft.

### [Report No. B-1]

## FM Broadcast Applications Accepted for Filing and Notification of Cutoff Date

Released: February 14, 1980.

Cutoff Date: April 7, 1980.

Notice is hereby given that the applications listed below are hereby accepted for filing. Because the applications listed below are in conflict with applications which were accepted for filing and listed previously as subject to a cut-off date for conflicting applications, no application which would be in conflict with the applications listed below will be accepted for filing.

Petitions to deny the applications listed below and minor amendments thereto must be on file with the Commission not later than the close of business on April 7, 1980. Any application previously accepted for filing and in conflict with the applications listed below may also be amended as a matter of right not later than the close of business on April 7, 1980. Amendments filed pursuant to this notice are subject to the provisions of Section 73.3572(b) of the Commission's Rules.

BPH-760831AA (new), Mechanicsville, Virginia, Mechanicsville Broadcasting Co., Req: 92.7 mhz; #224; — kW; 300 ft.

BPH-760831AR (new), Mechanicsville, Virginia, Ninety-Two Point Seven Broadcasting, Inc., Req: 92.7 mhz; #224; 3.0 kW; 300 ft.

BPH-790108AE (new), Crosson, Pennsylvania, Sherlock-Hart Broadcasting, Inc., Req: 94.3 mhz; #232; 3 kW; 300 ft.

BPH-790213AG (new), Menominee, Michigan, CJL Broadcasting, Inc., Req: 106.3 mhz; #293; 3 kW; 300 ft.

[BC Docket No. 80-19, File No. BR-790330WU; and BC Docket No. 80-20, File No. BAL-790212EF; FCC 80-26]

### Tennessee Valley Broadcasting Corp., and First Summer, Inc.; Applications

Adopted: January 16, 1980.

Released: February 5, 1980.

In re Applications of Tennessee Valley Broadcasting Corp. (WBRY), For Renewal of License; Tennessee Valley Broadcasting Corp. (Assignor) and First Summer, Inc. (Assignee); For Assignment of License of Station WBRY Woodbury, Tennessee; Order and notice of apparent liability; designating applications for consolidated hearing on stated issues.

By the Commission: Chairman Ferris dissenting and issuing a statement in which Commissioners Quello and Jones join.

1. The Commission has before it for consideration (a) the captioned applications and (b) its inquiry into the operation by Tennessee Valley Broadcasting Corporation (TVBC) of Radio Station WBRY, Woodbury, Tennessee.<sup>1</sup>

2. Information before the Commission raises serious questions as to whether the captioned applicants possess the requisite qualifications to be, or to remain or, as to the proposed assignee, to become a licensee of the captioned station. In view of these questions, the Commission is unable to find that a grant of the renewal application or the application for assignment of license of the captioned station would serve the public interest, convenience and necessity, and must, therefore, designate the applications for hearing.

3. Accordingly, IT IS ORDERED, That the captioned applications for renewal and assignment, ARE DESIGNATED FOR HEARING IN A CONSOLIDATED PROCEEDING pursuant to Section 309(e) of the Communications Act of 1934, as amended, at a time and place specified in a subsequent Order, upon the following issues:

(a) Whether, in light of all the facts and circumstances pertaining thereto, the license for Station WBRY, or any rights thereunder, were transferred, assigned or disposed of, by transfer of

control of the licensee corporation or otherwise, without a finding by the Commission that the public interest, convenience and necessity would be served thereby, in violation of Section 310(d) of the Communications Act of 1934, as amended.

(b) To determine whether, in the light of evidence adduced under the foregoing issue, TVBC possesses the requisite qualifications to be, or to remain a licensee of the Commission, and whether a grant of its application for renewal of license would serve the public interest, convenience and necessity.

(c) If issue (b) is resolved favorably to TVBC, to determine whether First Summer, Inc., possesses the requisite qualifications to become the licensee of Station WBRY and whether a grant of the captioned application for assignment of license would serve the public interest, convenience and necessity.

4. It is further ordered, That the Chief, Broadcast Bureau, is directed to serve upon the captioned applicants within thirty (30) days of the release of this Order, a Bill of Particulars with respect to Issue (a).

5. It is further Ordered, That if it is determined that the hearing record does not warrant an Order denying the captioned applications it shall also be determined whether the applicant has willfully or repeatedly violated Section

captioned assignee corporation. Action on this application will be held in abeyance pending the conclusion of the hearing order herein. See *Johnson Radio Company, Inc. v. FCC*, 540 F.2d 701, 703 (D.C. Cir. 1974), *Wolton Broadcasting Co.*, 23 FCC 2d 111 (1971), and *El-County Broadcasting Corporation*, 23 FCC 2d 1117 (1972).

<sup>1</sup>The Commission also has under consideration an application for consent to assignment of the license for Radio Station WKAX (File No. BAL-761227EB) to Russellville Broadcasting, Inc., a corporation controlled by principals of the

310(d) of the Communications Act of 1934, as amended. If so, it shall also be determined whether an Order for Forfeiture pursuant to Section 503(b) of the Communications Act of 1934, as amended, in the amount of \$20,000 or some lesser amount, should be issued for violations which occurred within the statutory period preceding the issuance of the Bill of Particulars in this matter.

6. It is further ordered, That this document constitutes a Notice of Apparent Liability for forfeiture for violation of Section 310(d) of the Communications Act of 1934, as amended. The Commission has determined that, in every case designated for hearing involving revocation or denial of assignment, transfer or renewal of license for alleged violations which also come with the purview of Section 503(b) of the Communications Act, of 1934, as amended, it shall, as a matter of course, include this forfeiture notice so as to maintain the fullest possible flexibility of action. Since the procedure is thus a routine or standard one, we *stress*, that the inclusion of this notice is not to be taken as in any way indicating what the initial or final disposition of the case should be; that judgment is, of course, to be made on the facts of each case.

7. It is further ordered, That the Broadcast Bureau proceed with the initial presentation of the evidence with respect to issue (a) and the applicants then proceed with their evidence and have the burden of establishing that they possess the requisite qualifications to be licensees of the Commission and that a grant of the applications would serve the public interest, convenience and necessity.

8. It is further ordered, That to avail themselves of the opportunity to be heard, the applicants herein, pursuant to Section 1.221 of the Commission's Rules, in person or by attorney, shall file with the Commission, within twenty (20) days of the mailing of this Order, a written appearance in triplicate, stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this Order.

9. It is further ordered, That the applicants herein, pursuant to Section 311(a)(2) of the Communications Act of 1934, as amended, and Section 1.594 of the Commission's Rules, shall give notice of the hearing within the time and in the manner prescribed in such rule and shall advise the Commission thereof as required by Section 1.594(g) of the Rules.

10. It is further ordered, That the Secretary of the Commission send a copy of this Order by Certified Mail, Return Receipt Requested, to Tennessee

Valley Broadcasting Corporation, licensee of Radio Station WBRY, Woodbury, Tennessee, and to First Summer, Inc.

Federal Communications Commission\*  
William J. Tricarico,  
Secretary.

#### Dissenting Statement of Chairman Ferris in Which Commissioners Jones and Quello Join

We dissent from the Commission's decision to designate for hearing the renewal and assignment application in this case.

It is apparent that Douglas Freeland, a shareholder of the proposed assignee, First Summer, Inc. (FSI), assumed some authority over the finances, personnel, and programming of radio station WBRY prior to Commission authorization to FSI to assume control. But he did so as a paid employee of the assignor TVBC, in the capacity of station manager. No stock was prematurely transferred to the Freelands, and Hugh Trotter, as a Vice President of TVBC, maintained his post as the station's general manager throughout the period in question. He visited the studio regularly, although avoiding direct contact with Douglas Freeland.

Freeland did begin to make changes in the operation of the station with a degree of autonomy, but that autonomy was not unusual for a station manager. Further, Freeland's decisionmaking power did not go unchecked, and there is no evidence of abdication of control by TVBC. For example, when principals of the licensee learned in May 1979 of the effect of Freeland's April rate card changes on advertising accounts, they quickly voiced disapproval and arranged to dismiss Freeland.

This case is distinguishable from *Phoenix Broadcasting Co.*, 44 FCC 2d 838 (1973). There the Commission refused to approve an interim plan for participation in station operations by a proposed assignee because of potential § 310(d) violations. The Commission warned that the daily presence of a prospective owner at the station might lend itself to situations that could easily result in the premature exercise of control. But the ruling in that case does not command that a proposed assignee abjure any involvement with station operation prior to approval of the proposed assignment. In particular, the record here does not mandate the conclusion that Freeland's exercise of authority violated Section 310(d). Nor does the evidence suggest the need for a hearing.

Absent misrepresentations or clear abdication of supervision and control, even a short-lived technical violation of § 310 should not suffice to put the license in jeopardy. A forfeiture, if appropriate, could be assessed at this time against TVBC or FSI or both. But the facts of this case have not raised any serious public interest questions which bear on either party's basic qualifications to be a broadcast licensee. And we should not sanction use of an FCC hearing designation order as a

\*See attached Dissenting Statement of Chairman Ferris in which Commissioners Jones and Quello join.

punitive measure, which is the ineluctable result here.

BILLING CODE 6712-01-M

## FEDERAL RESERVE SYSTEM

### Bank Holding Companies; Proposed De Novo Nonbank Activities

The bank holding companies listed in this notice have applied, pursuant to section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) and § 225.4(b)(1) of the Board's Regulation Y (12 CFR 225.4(b)(1)), for permission to engage *de novo* (or continue to engage in an activity earlier commenced *de novo*), directly or indirectly, solely in the activities indicated, which have been determined by the Board of Governors to be closely related to banking.

With respect to each application, interested persons may express their views on the question whether consummation of the proposal can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interest, or unsound banking practices." Any comment on an application that requests a hearing must include a statement of the reasons a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of that proposal.

Each application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank indicated for that application. Comments and requests for hearings should identify clearly the specific application to which they relate, and should be submitted in writing and received by the appropriate Federal Reserve Bank not later than March 11, 1980.

*A. Federal Reserve Bank of New York:* (A. Marshall Puckett, Vice President), 33 Liberty Street, New York, New York 10045:

1. Chemical New York Corporation, New York, New York (financing activities; California): to expand the activities of its subsidiary, Sunamerica Financial Corporation, to include making loans exceeding \$10,000. The credit life, credit accident and health and credit related property and casualty insurance previously approved for these offices will also be offered in connection with the larger loans. This activity

would be conducted from offices in Concord, serving the town of Concord and the surrounding towns of Pittsburg, Pleasant Hill, Pacheco, Walnut Creek and Clyde; San Mateo, serving the city of San Mateo and surrounding towns, from Palo Alto in the Southeast to South San Francisco in the northwest; Livermore, serving Pleasanton, Union City and Fremont; Antioch, serving the town of Antioch and surrounding areas; Mountain View, serving the town of Mountain View and its environs to the south and east, including Santa Clara and San Jose, California.

2. Chemical New York Corporation, New York, New York (financing and insurance activities; North Carolina): to continue to engage, through its subsidiary, Sunamerica Corporation, in making directions, purchasing installment sales finance contracts, and acting as agent or broker for the sale of life, accident and health, and property and casualty insurance directly related to such extensions of credit. These activities will be conducted from an office in Fayetteville, North Carolina, serving the city of Fayetteville and its environs. This application is for the relocation of an office within the same city.

3. Manufacturers Hanover Corporation, New York, New York (commercial finance and factoring; Arkansas, Kansas, Louisiana, Nebraska, New Mexico, Oklahoma and Texas): to engage, through a direct subsidiary, Manufacturers Hanover Commercial Corporation (Del.), in making or acquiring, for its own account or for the account of others, loans and other extensions of credit and acquiring accounts receivable, all such as would be made or acquired by a commercial finance and factoring company; and arranging or servicing such loans, extensions of credit and accounts for any person. These activities would be conducted from an office located in Dallas, Texas serving the states listed in the caption above.

B. *Federal Reserve Bank of Philadelphia* (Thomas K. Desch, Vice President), 100 North 6th Street, Philadelphia, Pennsylvania 19105:

First Pennsylvania Corporation, Philadelphia, Pennsylvania (advisory service; New Jersey): to retain ownership of the shares of Associated Advisors, Inc., and continue to serve as the advisory company to First Pennsylvania Mortgage Trust. These activities are conducted from an office located in Cherry Hill, New Jersey serving First Pennsylvania Mortgage Trust exclusively.

C. *Federal Reserve Bank of San Francisco* (Henry B. Jamison, Vice

President), 400 Sansome Street, San Francisco, California 94120:

Security Pacific Corporation, Los Angeles, California (finance and credit-related insurance activities; Indiana): to engage through its subsidiary American Loan Corporation of Indiana, d.b.a. Security Pacific Finance Corp., in making or acquiring for its own account or for the account of others, loans and extensions of credit, including making consumer installment personal loans, purchasing consumer installment sales finance contracts, making loans to small business and other extensions of credit such as would be made by a factoring company or a consumer finance company, and acting as broker or agent for the sale of credit-related life, accident and health insurance and credit-related property and casualty insurance. These activities would be conducted from an office of American Loan Corporation of Indiana located at 9333 North Meridian Street, Indianapolis, Indiana 46260, serving the State of Indiana.

D. *Federal Reserve Bank of Richmond* (Lloyd W. Bostian, Jr., Vice President), 701 East Byrd Street, Richmond, Virginia 23261:

1. Maryland National Corporation, Baltimore, Maryland (mortgage banking, loan servicing, financing, credit card, personal property leasing, and insurance activities; United States): to engage, through a *de novo* indirect subsidiary, National Consumer Discount Company, in the activities of a mortgage banker, mortgage broker and mortgage servicing firm, including but not limited to second mortgage financing; originating, buying, selling and otherwise dealing in mortgage loans as principal or agent; servicing mortgage loans for affiliated or non-affiliated entities; acting as adviser in mortgage loan and second mortgage loan transactions; making or acquiring, for its own account or for the account of others, loans and other extensions of credit such as would be made by a finance company or consumer finance company; making or acquiring, for its own account or for the account of others, loans and other extensions of credit such as would be made by a credit card company; engaging generally in the business of leasing personal property, including but not limited to the leasing of various types of equipment, machinery, vehicles, transportation equipment and data processing equipment; originating, buying, selling or otherwise dealing in consumer finance paper, sales finance paper, credit card receivables and personal property leases as principal or agent; servicing consumer finance, sales finance and

credit card receivables, and personal property leases for affiliated or non-affiliated entities; and engaging in the sale as agent of credit life, credit disability, credit accident and health, loan redemption and loan cancellation insurance in connection with extensions of credit by bank and non-bank subsidiaries of the holding company. (Loan redemption and loan cancellation insurance will be limited to decreasing term policies and will not include level term policies). These activities will be conducted from an office in Coraopolis, Pennsylvania, serving the United States except where preempted by state law.

2. Maryland National Corporation, Baltimore, Maryland (mortgage banking, loan servicing, financing, credit card, personal property leasing, and insurance activities; Ohio and U.S.): to engage, through its subsidiary, Homeowners Loan Corporation, in the activities of a mortgage banker, mortgage broker and mortgage servicing firm, including but not limited to second mortgage financing; originating, buying, selling and otherwise dealing in mortgage loans as principal or agent; servicing mortgage loans for affiliated or non-affiliated entities; acting as adviser in mortgage loan and second loan transactions; making or acquiring, for its own account or for the account of others, loans and other extensions of credit such as would be made by a finance company or consumer finance company; making or acquiring, for its own account or for the account of others, loans and other extensions of credit such as would be made by a credit card company; engaging generally in the business of leasing personal property, including but not limited to the leasing of various types of equipment, machinery, vehicles, transportation equipment and data processing equipment; originating, buying, selling or otherwise dealing in consumer finance paper, sales finance paper, credit card receivables and personal property leases as principal or agent; servicing consumer finance, sales finance and credit card receivables, and personal property leases for affiliated or non-affiliated entities; and engaging in the sale as agent of credit life, credit disability, credit accident and health, loan redemption and loan cancellation insurance in connection with extensions of credit by bank and non-bank subsidiaries of the holding company. (Loan redemption and loan cancellation insurance will be limited to decreasing term policies and will not include level term policies). These activities will be conducted from a *de novo* office in Youngstown, Ohio, serving the State of Ohio, with the exception of a "second

mortgage loan by mail" program serving the United States except where pre-empted by state law.

**E. Other Federal Reserve Banks:**  
None.

Board of Governors of the Federal Reserve System, February 11, 1980.

**City Voting Trust; Formation of Bank Holding Company**

City Voting Trust, Miami, Florida, has applied for the Board's approval under section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) to become a bank holding company by acquiring up to 51 per cent of the voting shares of City National Bank Corporation, Miami, Florida, a registered bank holding company which wholly owns City National Bank, Miami, Florida. The factors that are considered in acting on the application are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Atlanta. Any person wishing to comment on the application should submit views in writing to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551 to be received no later than March 12, 1980. Any comment on an application that requests a hearing must include a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute and summarizing the evidence that would be presented at a hearing.

Board of Governors of the Federal Reserve System, February 12, 1980.

BILLING CODE 6210-01-M

**Federal Open Market Committee; Domestic Policy Directive of January 8-9, 1980**

In accordance with § 271.5 of its rules regarding availability of information, there is set forth below the Committee's Domestic Policy Directive issued at its meeting held on January 8-9, 1980.<sup>1</sup>

<sup>1</sup> The Record of Policy Actions of the Committee for the meeting of January 8-9, 1980, is filed as part of the original document. Copies are available on request to the Board of Governors of the Federal Reserve System, Washington, D.C. 20551.

The information reviewed at this meeting suggests that real output of goods and services expanded somewhat further in the final quarter of 1979 and that prices on the average continued to rise rapidly. In November retail sales strengthened and nonfarm payroll employment rose considerably further, but industrial production declined somewhat and private housing starts fell. The unemployment rate edged down from 6.0 to 5.8 percent. Producer prices of finished goods and consumer prices continued to rise rapidly, in part because of the spreading effects of earlier increases in energy costs. Over recent months the rise in the index of average hourly earnings has remained close to the rapid pace during 1978.

The trade-weighted value of the dollar against major foreign currencies has depreciated about 3 percent since mid-November, reflecting in large part the Middle East situation as well as a firming of monetary conditions in a number of foreign countries. The U.S. foreign trade deficit in October and November on the average was slightly below the rate for the third quarter.

Growth of the major monetary aggregates, which had slowed in October, remained at reduced rates in the final months of 1979. From the fourth quarter of 1978 to the fourth quarter of 1979 M-1 grew 5½ percent, M-2 about 8¼ percent, and M-3 about 8 percent. Most market interest rates have declined somewhat on balance since the Committee's meeting in late November.

Taking account of past and prospective developments in employment, unemployment, production, investment, real income, productivity, international trade payments, and prices, the Federal Open Market Committee seeks to foster monetary and financial conditions that will resist inflationary pressures while encouraging moderate economic expansion and contributing to a sustainable pattern of international transactions. At its meeting on July 11, 1979, the Committee agreed that these objectives would be furthered by growth of M-1, M-2, and M-3 from the fourth quarter of 1978 to the fourth quarter of 1979 within ranges of 1½ to 4½ percent, 5 to 8 percent, and 6 to 9 percent respectively. It appeared that expansion of ATS and NOW accounts would dampen growth of M-1 by about 1½ percentage points over the year, half as much as assumed early in the year; thus after allowance for the deviation from the earlier estimate, the equivalent range for M-1 was 3 to 6 percent. The associated range for bank credit was 7½ to 10½ percent. The Committee anticipated that for the period from the fourth quarter of 1979 to the fourth quarter of 1980, growth may be within the same ranges, depending upon emerging economic conditions and appropriate adjustments that may be required by legislation or judicial developments affecting interest-bearing transactions accounts. Ranges for 1980 will be reconsidered at the meeting of the Committee scheduled for early February.

In the short run, the Committee seeks expansion of reserve aggregates consistent with growth over the first quarter of 1980 at an annual rate between 4 and 5 percent for M-1 and on the order of 7 percent for M-2,

provided that in the period before the next regular meeting the weekly average federal funds rate remains within a range of 11½ to 15½ percent.

If it appears during the period before the next meeting that the constraint on the federal funds rate is inconsistent with the objective for the expansion of reserves, the Manager for Domestic Operations is promptly to notify the Chairman who will then decide whether the situation calls for supplementary instructions from the Committee.

By order of the Federal Open Market Committee, February 8, 1980.

Murray Altmann,

*Secretary.*

# DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

## Health Resources Administration

### Application Announcement for Fiscal Year 1980 Grants for the Establishment of Departments of Family Medicine

The Bureau of Health Manpower, Health Resources Administration, announces that fiscal year 1980 applications for Grants for the Establishment of Departments of Family Medicine are now being accepted.

Section 780 of the PHS Act, as added by the Health Professions Educational Assistance Act, authorizes the award of grants to schools of medicine and osteopathy to meet the costs of projects to establish and/or maintain academic administrative units which provide clinical instruction in family medicine. Funds awarded will be used to strengthen the administrative base and structure that is responsible for the planning, direction, organization, coordination, and evaluation of all undergraduate and graduate family medicine activities. Funds are to complement rather than duplicate programmatic activities for the actual operation of family medicine training programs under section 786, Title VII, of the Public Health Service Act.

Applications will be mailed automatically to schools of medicine and osteopathy.

In determining the priority for funding of approved competitive applications, preference will be accorded projects which have as a major objective the development and integration into the family medicine unit of an educational program for medical students on the prevention, recognition and treatment of alcohol abuse and alcoholism.

Applications which do not address this preference or address this preference in an unacceptable manner will be reviewed and given full consideration for funding.

Requests for application materials and questions regarding grants policy should be directed to:

Grants Management Officer, Bureau of Health Manpower, Health Resources Administration, Center Building, Room 4-27, 3700 East-West Highway, Hyattsville, Maryland 20782, Telephone: (301) 436-6564.

Questions concerning the programmatic aspects of these grants should be directed to:

Chief, Primary Care Education Branch, Division of Medicine, Bureau of Health Manpower, Health Resources Administration, Center Building, Room 3-

22, 3700 East-West Highway, Hyattsville, Maryland 20782, Telephone: (301) 436-7350.

To be considered for fiscal year 1980 funding, applications must be received by the Grants Management Officer, Bureau of Health Manpower, at the above address no later than April 7, 1980.

Approximately \$9.5 million is expected to be available for grants in fiscal year 1980.

Dated: February 14, 1980.

Henry A. Foley,  
Administrator.

BILLING CODE 4110-83-M

### National Advisory Council on Health Professions Education Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is made of the following National Advisory body scheduled to meet during the month of March 1980:

Name: NATIONAL ADVISORY COUNCIL  
ON HEALTH PROFESSIONS EDUCATION  
Date and Time: March 24-26, 1980, 8:30 a.m.  
Place: Conference Room 7-32  
Center Building  
3700 East-West Highway  
Hyattsville, Maryland 20782.  
Open March 24, 8:30 a.m.—5:30 p.m. Closed  
remainder of meeting.

**Purpose.**—The Council advises the Secretary with respect to the administration of programs of financial assistance for the health professions and makes recommendations based on its review of applications requesting such assistance. This also involves advice in the preparation of regulation with respect to policy matters.

**Agenda.**—Agenda items for the open portion of the meeting will include, Bureau Update, Discussion with Administrator, consideration of minutes of previous meeting, and discussion of future meeting dates. The remainder of the meeting will be closed to the public for the review of applications for grants for New Schools for Minority Primary Care, Physician Assistants, Graduate Programs in Health Administration, Dental TEAM, Expanded Function Dental Auxiliaries, and Construction. The closing is in accordance with the provision set forth in section 552b(c)(6), Title 5 U.S. Code, and the determination by the Administrator, Health Resources Administration, pursuant to Pub. L. 92-463.

Anyone wishing to obtain a roster of members, minutes or meetings, or other relevant information should contact Mr. Robert L. Belsley, Bureau of Health Manpower, Room 4-27, Center Building,

3700 East-West Highway, Hyattsville, Maryland 20782, Telephone (301) 436-6564.

Agenda items are subject to change as priorities dictate.

Dated: February 13, 1980.

James A. Walsh,

Associate Administrator for Operations and Management.

### National Institutes of Health

#### Bladder and Prostatic Cancer Review Committee (Bladder Subcommittee); Meeting

Pursuant to Pub. L. 92-463, notice is hereby given of the meeting of the Bladder and Prostatic Cancer Review Committee, (Bladder Subcommittee), National Cancer Institute, March 20-21, 1980, the Santa Rita Hotel, Aztec Room, Tuscon, Arizona. This meeting will be open to the public on March 20, from 8:30 a.m. to 9:00 a.m., to review administrative details. Attendance by the public will be limited to space available.

In accordance with provisions set forth in sections 552(c)(4) and 552b(c)(6), Title 5, U.S. Code and section 10(d) of Pub. L. 92-463, the meeting will be closed to the public on March 20, from 9:00 a.m. to adjournment and on March 21, from 8:30 a.m. to adjournment, for the review, discussion and evaluation of individual grant applications. These applications and the discussions could reveal confidential trade secrets or commercial property such as patentable material and personal information concerning individuals associated with the applications, disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Mrs. Marjorie F. Early, Committee Management Officer, National Cancer Institute, Building 31, Room 4B43, National Institutes of Health, Bethesda, Maryland 20205 (301/496-5708) will provide summaries of the meeting and rosters of committee members, upon request.

Dr. William E. Straile, Executive Secretary, National Cancer Institute, Westwood Building, Room 855, National Institutes of Health, Bethesda, Maryland 20205 (301/496-7195) will furnish substantive program information.

### Influence of Female Hormones on Hemostasis and Vascular Diseases; Meeting

Notice is hereby given of the meeting on the Influence of Female Hormones on Hemostasis and Vascular Diseases, sponsored by the National Heart, Lung, and Blood Institute, June 3-5 1980, at the Searles Castle Conference Center, Great Barrington, Massachusetts.

This meeting will be open to the public on June 3, from 8:30 a.m. to 9:30 p.m., of June 4, from 8:30 a.m. to 5:00 p.m., and on June 5 from 8:30 a.m. to 12 noon. This conference will bring together outstanding scientists in hematology, pathology, endocrinology and epidemiology to review the normal influences of female hormones on the coagulation systems and vessel walls and the thrombotic and vascular complications of oral contraceptives and other female hormones.

For the list of the participants and meeting summary contact: Dr. Anne Ball, Acting Chief, Blood Diseases Branch, Division of Blood Diseases and Resources, National Heart, Lung, and Blood Institute, NIH, Federal Building, Room 5C10, 7550 Wisconsin Avenue, Bethesda, Maryland 20205, (301) 496-5911.

Dated: February 8, 1980.

Suzanne L. Freneau,  
*Committee Management Officer, National  
Institutes of Health.*

### National Arthritis Advisory Board, Education and Training Work Group; Meeting

Pursuant to Pub. L. 92-463, notice is hereby given of the meeting of the Education and Training Work Group of the National Arthritis Advisory Board on March 10, 1980, 8:30 a.m. to 5:00 p.m., in Salt Lake City, Utah. The meeting location may be obtained by contacting Mr. William Plunkett, Executive Director of the Board, P.O. Box 30286, Bethesda, Maryland 20014, telephone 301-496-1991.

The meeting, which will be open to the public, is being held to continue review of the status and implementation of national arthritis programs. Attendance by the public will be limited to space available.

Mr. William Plunkett, address above, will provide a summary of the meeting.

### National Arthritis Advisory Board; Meeting

Pursuant to Pub. L. 92-463, notice is hereby given of a meeting of the National Arthritis Advisory Board on April 10, 1980, 9:00 a.m. to 5:00 p.m., at the National Institutes of Health, Building 31, Conference Room 8, Bethesda, Maryland, to discuss the Board's activities and to continue the evaluation of the implementation of the long-range plan to combat arthritis. The meeting will be open to the public. Attendance is limited to space available.

Certain Work Groups of the Board will meet the day before, April 9. Further information, times and meeting locations of the Work Groups may be obtained by contacting Mr. William Plunkett, Executive Director, National Arthritis Advisory Board, P.O. Box 30286, Bethesda, Maryland 20014, (301) 496-1991. Summaries of the meetings and a roster of the Members of the Board also may be obtained from the above office.

In addition, the Board will host a conference on "Effectiveness of Nursing and Allied Health Services" on April 8 and 9 at the National Institutes of Health, Building 31, Conference Room 6, 9:00 a.m. to 5:00 p.m. on April 8 and 9:00 a.m. to closing on April 9.

### National Cancer Institute Advisory Committees; Open Meetings

Pursuant to Pub. L. 92-463, notice is hereby given of the meetings of committees advisory to the National Cancer Institute.

These meetings will be entirely open to the public to discuss issues relating to committee business as indicated in the notices. Attendance by the public will be limited to space available. Meetings will be held at the National Institutes of Health, 9000 Rockville Pike, Bethesda, Maryland 20205, unless otherwise stated.

Mrs. Marjorie F. Early, Committee Management Officer, NCI, Building 31, Room 4B43, National Institutes of Health, Bethesda, Maryland 20205 (301/496-5708) will furnish summaries of the meetings and rosters of committee members upon request.

Other information pertaining to the meeting can be obtained from the Executive Secretary indicated.

Name of Committee: National Cancer Advisory Board Working Group on Board Activities and Agenda

Date: April 17, 1980; 1:00 p.m.—adjournment

Place: Building 31C, Conference Room 9, National Institutes of Health

Times: Open for the entire meeting

Agenda: To review the role of the National Cancer Advisory Board.

Executive Secretary: Dr. Thomas J. King  
Address: Building 31, Room 10A03, National Institutes of Health

Phone: 301/496-5147

Name of Committee: Chemical Selection Subgroup of the Clearinghouse on Environmental Carcinogens

Date: April 23, 1980; 9:00 a.m.—adjournment

Place: Building 31C, Conference Room 7, National Institutes of Health

Times: Open for the entire meeting

Agenda: Consideration of chemicals for bioassay and other matters relevant to chemical selection.

Executive Secretary: Dr. James M. Sontag  
Address: Building 31, Room 10A06, National Institutes of Health

Phone: 301/496-1148

Dated: February 7, 1980.

### New and Useful Techniques in Rapid Viral Diagnosis; Meeting

Notice is hereby given of the workshop on "New and Useful Techniques in Rapid Viral Diagnosis" sponsored by the Clinical Studies Branch, Microbiology and Infectious Diseases Program, National Institute of Allergy and Infectious Diseases, May 8 and 9, 1980, Wilson Hall, Building 1, National Institutes of Health, Bethesda, Maryland 20205.

This meeting will be open to the public from 8:30 a.m. to 9:30 p.m. on May 8, 1980 and 8:30 a.m. to adjournment on May 9, 1980. This meeting is designed to promote the application of virological and serological techniques to early clinical diagnosis. The program will include detection of antigen in clinical specimens using enzyme-substrate systems, production of specific immunological reagents in animals and hybridoma cell systems, advances in serological diagnosis, and the demonstration of new commercial reagents and kits. Attendance by the public will be limited to space available.

Martha J. Mattheis, Microbiologist, Clinical Studies Branch, Building 31, Room 7A47, National Institute of Allergy and Infectious Diseases, National Institutes of Health, Bethesda, Maryland 20205, phone 301/496-5893 will provide additional information.

### Office for Civil Rights

#### Proposed Data Collection Compliance Information Meeting

AGENCY: Office for Civil Rights, HEW.

ACTION: Notice of Public Meeting on Proposed Data Collection of Compliance Information.

SUMMARY: The following information describes a proposed survey of non-Federal Government acute care general hospitals receiving Federal financial assistance including all Hill-Burton hospitals. A public meeting will be held

at 9:30 a.m. on March 4, 1980 in Room 1331, DHEW Switzer Building, 330 C Street, S.W., Washington, D.C. 20201. Additional information may be obtained by contacting Ms. Martha Dusenberry, Office for Civil Rights, 330 Independence Avenue, S.W., Washington, D.C. 20201 (Telephone 202-245-9177).

#### Description of Proposed Collection of Information and Data Acquisition Activity

1. *Title of Proposed Activity:* 1980 General Hospital Compliance Report.

2. *Agency/Bureau/Office:* Department of Health, Education, and Welfare, Office of the Secretary, Office for Civil Rights (OCR).

3. *Agency Form Number:* OS/OCR-503.

4. *Authority for this Activity:* 45 CFR 80.6 of the regulation implementing Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) which prohibits discrimination on the basis of race, color or national origin in any program or activity receiving Federal financial assistance.

45 CFR 84 of the regulation implementing Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 706) which prohibits discrimination on the basis of handicap in any program or activity receiving Federal financial assistance.

5. *Voluntary/Obligatory Nature of Response.* Obligatory.

6. *How Information Collected Will Be Used:* The purpose of the survey is to help determine which acute care general hospitals may be in violation of Title VI of the Civil Rights Act of 1964 and/or Section 504 of the Rehabilitation Act of 1973.

The survey data will be used for targeting acute care general hospitals most likely to be in noncompliance with the cited statutes. These hospitals will then receive further investigation. Survey data alone will not be used to make a final determination of compliance status. The primary areas of analysis are:

1. Minority and handicapped person's accessibility and/or admissions to hospital inpatient, outpatient and emergency room facilities.

2. Delivery of services to minority and handicapped beneficiaries of Medicare and Medicaid.

3. Hospital services for persons with limited English proficiency and for the visually and hearing impaired.

7. *Data Acquisition Plan:*

(a) Method of collection: Mail

(b) Time of collection: Fall 1980

(c) Frequency: Every three years

8. *Respondents* OS/OCR-503:

(a) Type: Non-Federal Government acute care general hospitals receiving Federal financial assistance, including all Hill-Burton hospitals

(b) Number: Approximately 7,000

(c) Estimated average person-hours per responding hospital: 15

9. *Information To Be Collected:* The survey requires data on racial/ethnic composition of inpatients, emergency room patients and outpatients by source of admission and expected principal source of payment. Data will also be collected on patient-contact staff available to communicate effectively with persons who have limited English proficiency, staffing hours and the racial/ethnic composition of the patients assigned to nursing units, hospital site questions and compliance with Section 504.

Dated: February 15, 1980.

Roma J. Stewart,  
Director, Office for Civil Rights.

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

#### New Mexico; Opportunity for Public Hearing and Republication of Proposed Withdrawal

February 5, 1980.

The National Park Service filed application Serial No. New Mexico 23682, on October 31, 1974 for withdrawal of the following described land from location and entry under the public land laws only:

#### New Mexico Principal Meridian

T. 29 N., R. 28 E.,  
Sec. 5, NE $\frac{1}{4}$  of lot 3, N $\frac{1}{2}$ SE $\frac{1}{4}$  of lot 3 and  
NE $\frac{1}{4}$ SW $\frac{1}{4}$  of lot 3.

The area described aggregates 17.461 acres in Union County.

The applicant desires the lands for use in connection with the Capulin Mountain National Monument.

A notice of the proposed withdrawal was published in the Federal Register on January 16, 1975 on page 2845, FR Doc. 75-1500.

Pursuant to Sec. 204(h) of the Federal Land Policy and Management Act of 1976, (90 Stat. 2754), notice is hereby given that an opportunity for a public hearing is afforded in connection with the pending withdrawal application. All persons who desire to be heard on the proposed withdrawal must file a written request for a hearing with the State Director, Bureau of Land Management, Department of the Interior, P.O. Box

1449, Santa Fe, New Mexico 87501, on or before March 17, 1980.

If a public hearing is scheduled, a notice will be published in the Federal Register giving the time and place of such hearing. The hearing will be scheduled and conducted in accordance with BLM Manual, Sec. 2351.16B.

In lieu of or in addition to attendance at a scheduled public hearing, written comments or objection to the pending withdrawal application may also be filed with the undersigned authorized officer of the Bureau of Land Management on or before March 17, 1980.

The above-described land is temporarily segregated from location and entry under the public land laws only, to the extent that the withdrawal applied for if and when effected, would prevent any form of disposal on appropriation under such laws. Current administrative jurisdiction over the segregated land will not be affected by the temporary segregation. In accordance with Section 204(g) of the Federal Land Policy and Management Act of 1976, the segregative effect of the pending withdrawal application will terminate on October 20, 1991, unless sooner terminated by action of the Secretary of the Interior.

All communications in connection with the pending withdrawal application should be addressed to the undersigned, Bureau of Land Management, Department of the Interior, P.O. Box 1449, Santa Fe, New Mexico 87501. Dated: February 5, 1980.

Stella V. Gonzales,  
Chief, Lands Section.

BILLING CODE 4310-84-M

### Fish and Wildlife Service

#### Endangered Species Permit; Amendment Notice of Receipt of Application

Applicant: Endangered Species Coordinator, U.S. Fish and Wildlife Service, Honolulu, Hawaii 96839.

The applicant requests an amendment to his endangered species permit FRT 2-4394 to capture 16 Laysan teal (*Anas Laysanensis*) to be fixed with radio transmitters for a telemetry study of the daily (24 hr.) movements of the birds within various habitat types. The purpose of study is if for scientific research and enhancement of survival.

Humane care and treatment during capture has been indicated by the applicant.

Documents and other information submitted with this application are

available to the public during normal business hours in Room 601, 1000 N. Glebe Road, Arlington, Virginia, or by writing to the Director, U.S. Fish and Wildlife Service (WFO), Washington, D.C. 20240.

Interested persons may comment on this application on or before March 21, 1980, by submitting written data, views, or arguments to the Director at the above address. Please refer to the file number when submitting comments.

Dated: February 14, 1980.

Fred Bolwahn,  
Acting Chief, Permit Branch, Federal Wildlife Permit Office, Fish and Wildlife Service.

BILLING CODE 4310-55-M

[PRT 2-6267]

#### Endangered Species Permit; Receipt of Application

Applicant: Hogle Zoological Garden, Salt Lake City, Utah 84108.

The applicant requests a permit to import in the course of a commercial activity two South American tapirs (*Tapirus terrestris*) from the Alberta Game Farm, Canada for enhancement of propagation and survival.

Human care and treatment during transport, if applicable, has been indicated by the applicant.

Documents and other information submitted with these applications are available to the public during normal business hours in Room 601, 1000 N. Glebe Road, Arlington, Virginia, or by writing to the Director, U.S. Fish and Wildlife Service, WFO, Washington, D.C. 20240.

Interested persons may comment on these applications on or before March 21, 1980, by submitting written data, views, or arguments to the Director at the above address.

Dated: February 13, 1980.

Fred Bolwahn,  
Acting Chief, Permit Branch, Federal Wildlife Permit Office, Fish and Wildlife Service.

The applicants listed below wish to be authorized to conduct the specified activity with the indicated Endangered Species:

Applicant: Denver Zoological Gardens, PRT 2-6284, Denver, Colorado 80205.

The applicant requests a permit to purchase in interstate commerce one captive-born Bactrian camel (*Camelus bactrianus*) from the Knoxville Zoological Park, Knoxville, Tennessee for enhancement of propagation and survival.

Applicant: Detroit Zoological Park, PRT 2-6281, Detroit, Michigan 48203.

The applicant requests a permit to import in the course of a commercial activity two red lechwe (*Kobus lechwe*) from Dvur Kralove Zoo, Czechoslovakia for enhancement of propagation and survival.

Applicant: San Diego Wild Animal Park, PRT 2-6266, Escondido, California 92025.

The applicant requests a permit to import in the course of a commercial activity two Tibetan wild ass or kiang (*Equus hemionus kiang*) from the Peking Zoological Garden, Peoples Republic of China for enhancement of propagation and survival.

BILLING CODE 4310-55-M

### **Intent To Prepare an Environmental Impact Statement on the Proposed Preservation of Bottomland Hardwood Habitat Known as Reeves Bottoms in Dunklin County, Mo.**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice.

**SUMMARY:** This Notice advises the public that the Fish and Wildlife Service (FWS) intends to gather information necessary for the preparation of an Environmental Impact Statement (EIS) for the proposed preservation of approximately 2,000 acres of bottomland hardwood located in Dunklin County, Missouri, known as Reeves Bottoms. This area has been identified in the FWS Lower Mississippi River Delta (Habitat Category 7) Concept Plan of April 1978 as an area having high value as natural waterfowl habitat. Public meetings regarding this proposal will be conducted.

This notice is being furnished as required by the National Environmental Policy Act (NEPA) Regulations (40 CFR 1501.7) to obtain suggestions and information from other agencies and the public on the scope of issues to be addressed in the EIS. Comments and participation in this scoping process are solicited.

**DATES:** Written comments should be received on or before March 21, 1980. Scoping meetings involving various agencies, conservation groups, and the public will be held in Dunklin County, Missouri early in 1980. Specific dates of public meetings will be published in the Federal Register and via news releases at least 30 days in advance.

**ADDRESS:** Comments should be addressed to: Area Manager, U.S. Fish Wildlife Service, Jackson Area Office, 200 East Pascagoula Street, Suite 300, Jackson, Mississippi 39201.

### **FOR FURTHER INFORMATION CONTACT:**

R. M. Dawson, Land Acquisition Supervisor, U.S. Fish and Wildlife Service, Jackson Area Office, 200 East Pascagoula Street, Suite 300, Jackson, Mississippi 39201, Telephone: (601) 969-4900.

### **SUPPLEMENTAL INFORMATION:**

Bottomland hardwoods of the lower Mississippi Delta, provide some of the most important natural migratory waterfowl habitat in the United States. Since World War II, a significant loss of this habitat has occurred due to land clearing for agricultural purposes. The lower Mississippi River Delta (Habitat Category 7) Concept Plan of April 1978, identifies, by State, remaining bottomland hardwood areas which are significantly important to migratory waterfowl. Reeves Bottoms, located in the Bootheel Region of Missouri, is identified in this concept plan and described as being imminently threatened by land use changes. Preservation of Reeves Bottoms would insure that habitat for migratory waterfowl and other species of wildlife such as the endangered bald eagle and peregrine falcon would remain in its present state. Alternatives to be explored in the EIS include, but are not limited to: (1) Fee acquisition of Reeves Bottoms by FWS and establishment of a National Wildlife Refuge; (2) no action, including reliance on existing zoning, legislation, and other regulations to protect the area; (3) preservation by easement and/or lease; (4) fee acquisition by Corps of Engineers as an environmental quality feature of the St. Francis River Basin Project; and (5) protection by other agencies or organizations. The purpose of the scoping process in EIS preparation is to determine the scope of issues to be addressed and to identify the significant issues related to the preservation of Reeves Bottoms. This environmental review of this project will be conducted in accordance with the requirements of the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4371 et seq.), Council on Environmental Quality Regulations (40 CFR Parts 1500-1508), and other appropriate federal regulations and FWS procedures for compliance with the regulations.

We estimate that the draft EIS will be available to the public by late 1980.

Kenneth E. Black,

*Regional Director, U.S. Fish and Wildlife Service.*

February 8, 1980.

BILLING CODE 4310-55-M

### **Geological Survey**

### **Determination of Nonavailability of Oil to Small Refiners and Disposal of Federal Royalty Oil; Correction**

On January 14, 1980, a Notice of the "Determination of Non-availability of Oil to Small Refiners and Disposal of Federal Royalty Oil" (45 FR 2832), was published. In that Notice, Item E of the listing of information to be furnished with each application for royalty oil should have cited § 121.3-8(g) of Title 13 of the Code of Federal Regulations as the source for the criteria to be used to determine that the applicant is a "small refiner" (92 Stat. 668).

In order to avoid possible hardships that may result from the correction, the deadline for the USGS's receipt of applications has been extended to the close of business March 10, 1980.

Dwayne E. Hull,  
*Acting Chief, Conservation Division  
Geological Survey.*

BILLING CODE 7035-01-M

#### [Fourth Revised Exemption No. 157]

#### Exemption Under Provision of Rule 19 of the Mandatory Car Service Rules Ordered in Ex Parte No. 241

##### To All Railroads:

The railroads named below own numerous open hopper cars for the purpose of transporting substantial volumes of coal and other bulk freight originating on their lines and destined to points on other lines. There are no significant volumes of traffic transported in similar cars originating on other lines and terminating on these lines which would provide a source of empty hopper cars for return loading. These lines have agreed to refrain from loading hopper cars owned by other lines without the express consent of the car owners even though such use might otherwise be authorized by Car Service Rules 1 and 2. Under these conditions it is imperative that open hopper cars owned by these railroads be returned to the owning railroad empty unless their use is authorized by the car owner.

*It is ordered*, That pursuant to the authority vested in me by Car Service Rule 19:

(a) Hopper cars listed under the heading "Class 'H' Hopper Type" in the Official Railway Equipment Register, ICC RER 6410-D, issued by W. J. Trezise, or successive issues thereof, and owned by the railroads named in section (c) below, are exempt from the provisions of Car Service Rules 1(a), 2(a) and 2(b). These cars must be returned

empty to the car owner unless their use has been authorized by the car owner.

(b) Railroads named in section (c) below are prohibited from using hopper cars foreign to their line unless their use has been authorized by the car owner.

(c) List of railroads and car reporting marks:

The Baltimore and Ohio Railroad Company  
Reporting Marks: B&O  
Bessemer and Lake Erie Railroad Company  
Reporting Marks: B&LE

\* \* \* \* \*

Carolina, Clinchfield and Ohio Railway  
Reporting Marks: CRR

The Chesapeake and Ohio Railway Company

Southern Railway System  
Reporting Marks: CG-INT-NS-SOU

The Pittsburgh and Lake Erie Railroad  
Company

Reporting Marks: P&LE  
Western Maryland Railway Company.  
Reporting Marks: WM

(d) For the purpose of improving car utilization and the efficiency of railroad operations, or alleviating inequities or hardship, modifications may be authorized by the Chief Transportation Officer of the car owner, or by the Director or Assistant Director of the Bureau of Operations, Interstate Commerce Commission. Modifications authorized by the car owner must be confirmed in writing to W. H. Van Slyke, Chairman, Car Service Division, Association of American Railroads, Washington, D.C., for submission to the Director or Assistant Director.

(e) No common carrier by railroad subject to the Interstate Commerce Act shall accept from shipper any loaded hopper car, described in this exemption, contrary to the provisions of the exemption.

(f) *Application.* The provisions of this order shall apply to intrastate, interstate, and foreign commerce.

*Effective February 5, 1980, and continuing in effect until further order of this Commission.*

Issued at Washington, D.C., February 1, 1980\*

\* Deleted: Burlington Northern Inc.

Interstate Commerce Commission,  
Joel E. Burns,  
Agent.

BILLING CODE 7035-01-M

[Finance Docket No. 29156]

**McHugh Brothers Heavy Hauling, Inc.,  
Control-New Hope and Ivyland  
Railroad Co.; Corrected Decision**

**AGENCY:** Interstate Commerce  
Commission.

**ACTION:** Notice of Proposed Exemption.

**SUMMARY:** McHugh Brothers Heavy Hauling, Inc. (McHugh) intends to purchase the capital stock of the New Hope and Ivyland Railroad Company (New Hope). Under 49 U.S.C. 10505(b) the Commission has decided to initiate on its own motion the process of determining whether to exempt McHugh from the requirement that prior Commission review of the transaction is necessary before it may purchase the capital stock of New Hope.

**DATE:** Comments must be received on or before March 21, 1980.

**ADDRESS:** Send comments to Interstate Commerce Commission, 12th St. and Constitution Ave., N.W., Washington, D.C. 20423. All written statements will be available for public inspection during regular business hours at the same address.

**FOR FURTHER INFORMATION CONTACT:** Michael Erenberg, 202-275-7245.

**SUPPLEMENTARY INFORMATION:** The Commission, on its own motion under 49 U.S.C. 10505(b) has decided to initiate proceedings regarding the possibility of exempting the transaction whereby McHugh seeks to control New Hope through acquisition of capital stock.

#### The Parties

Although McHugh is not now a common carrier regulated under the Interstate Commerce Act, it is affiliated with Bucks County Construction Company, a motor common carrier holding operating authority in Certificate No. MC-126034 and sub numbered proceedings. This certificate authorizes operations as a motor common carrier over irregular routes from, to, and between points and places in the States of Massachusetts, Connecticut, New York, New Jersey, Pennsylvania, Delaware, West Virginia, Maryland and the District of Columbia. Because of the relationship between McHugh and Bucks County Construction

Company, in effect an existing common carrier is seeking to acquire another common carrier, the Commission has jurisdiction over the matter pursuant to 49 U.S.C. 11343. (McHugh is controlled by James C. and Robert McHugh.)

New Hope was reorganized under Section 77 of the Bankruptcy Act. As part of the re-organization, the Bucks County Industrial Development Corporation purchased all of the stock of New Hope and now proposes to sell that stock to McHugh. The track involved extends 16.7 miles generally from New Hope to Ivyland Borough, located entirely in Bucks County, PA.

#### The Transaction

By decision of the Commission, Division 3, dated March 15, 1977, in Finance Docket No. 27971, McHugh was granted authority to lease and operate New Hope. This transaction was consummated on June 1, 1979.

Under Section 30 of the agreement between McHugh and Bucks County Industrial Development Corporation, McHugh has an option to purchase the New Hope capital stock, and has elected to do so. McHugh is not seeking to change the status quo regarding the shipping public but wishes to change the type of control that it exercise over New Hope from that of lease to control by ownership of its capital stock.

#### The Exemption

The acquisition of control by a non-carrier, owned by persons who control an existing carrier, of another carrier requires the prior approval of the Commission under 49 U.S.C. 11343. To seek Commission approval, an application must normally be filed in compliance with the *I.C.C. Railroad Acquisition, Control, Merger, Consolidation, Coordination Project, Trackage Rights and Lease Procedure*, 49 CFR Part III (1978). On October 5, 1979, McHugh filed a petition for waiver of various regulations set forth in the above rules.

We have reviewed McHugh's petition in light of 49 U.S.C. 10505. Under that section, we can exempt a matter related to a rail carrier because of the limited scope of the transaction or service when we find that an application, among other things, "would serve little or no useful public purpose" and is not necessary to carry out the transportation policy of section 10101 and would be an unreasonable burden." Under 49 U.S.C. 10505(b), the Commission may begin a proceeding for such exemption on its own motion.

In our decision of March 9, 1977 approving the McHugh lease of New Hope, we found McHugh qualified to be

\* This will correct the Decision served January 23, 1980. [45 FR 7876, Feb. 5, 1980]

the operator of a railroad. The Application that would be filed here would merely report the change of control from lease to ownership. It is apparent that no other rail carrier is involved and that no operational or service changes will occur by a change in type of control. Any exemption, were it granted in this proceeding, would be limited solely to this proceeding.

Before granting an exemption, we are required to provide the opportunity for a proceeding. This request for comments on the exemption of the proposed transaction is that opportunity. All comments filed in response to this notice will be used to determine whether or not the exemption under 49 U.S.C. 10505 should be granted.

This proceeding is instituted under the authority of 49 U.S.C. 10505, and pursuant to 4 U.S.C. 553, 559.

This notice is not a major Federal action significantly affecting energy consumption or the quality of the human environment.

Dated: January 4, 1980.

By the Commission, Chairman O'Neal, Vice Chairman Stafford, Commissioners Gresham, Clapp, Christian, Trantum, Gaskins, and Alexis. Chairman O'Neal not participating. Vice Chairman Stafford dissenting in part. Commissioner Christian absent and not participating.

Agatha L. Mergenovich,  
Secretary.

Commissioner Stafford, dissenting in part:

While I have no objections to allowing public comment on the proposed exemption, I have serious reservations as to whether a blanket use of 49 U.S.C. 10505 is appropriate. That section appears to contemplate a discretionary approach. Moreover, since the acquisition at issue would be a permanent purchase (not a temporary measure), the use of the exemption would seem to be at odds with that purpose since the exemption may be revoked in the future.

Nonetheless, since the Commission has opted to use the exemption procedures, there are a number of matters that should be clarified in the public comment period.

1. The annual report filed by New Hope and Ivyland Railroad Company for the year ending December 31, 1978 still shows the carrier in receivership with a trustee. If the receivership has been terminated, that factor should be fully documented.

2. Section 11344 of 49 U.S.C. Subtitle IV requires the Commission to consider the interest of carrier employees affected by the proposed transaction. The use of the exemption provisions of Section 10505 appears to nullify the protection afforded railroad employees.

3. The Commission, at times, has imposed an "auxiliary to, or supplemental of"

condition in finance dockets. See, *Burlington Truck Lines, Inc.—Purchase—Pirnie*, 85 M.C.C. 363, footnote 2. Whether a similar condition should be imposed here should be discussed.

[FR Doc. 80-5226 Filed 2-19-80; 8:45 am]

BILLING CODE 7035-01-M

[No. 37314]

**South Carolina Public Service Authority—Petition for Declaratory Order—Agreements Calling for Reduced Government Rates**

**AGENCY:** Interstate Commerce Commission.

**ACTION:** Notice of petition seeking declaratory order.

**SUMMARY:** The South Carolina Public Service Authority filed a petition requesting the Commission to issue a declaratory order (a) defining the type of railroad-shipper rate agreements which may be filed under former Section 22, now 49 U.S.C. 10721(b)(1), and (b) determining the status of certain rate agreements entered into by petitioner and Family Lines System. An interpretative order on this subject could affect other shippers, railroads and motor and water common carriers. The section under discussion allows these carriers to transport property for the U.S. Government, a state, or municipal government without charge or at reduced rates.

**DATES:** Comments must be received on or before March 21, 1980.

**ADDRESS:** Comments should be sent to Room 5356, Interstate Commerce Commission, Washington, DC 20423.

**FOR FURTHER INFORMATION CONTACT:** Richard Felder, 202-275-7693.

**SUPPLEMENTARY INFORMATION:** Petitioner, South Carolina Public Service Commission (Santee Cooper) is an instrumentality of the State of South Carolina. It is a publicly owned electric generating authority which distributes and transmits electrical energy to 45,000 industrial, commercial and residential customers. In this capacity, Santee Cooper purchases coal from mines and has it delivered to destinations served directly by railroads in The Family Lines System (Family Lines). All of its present and proposed transportation of coal is subject to Section 22 (now 49 U.S.C. 10721(b)(1) rate quotations and agreements. Santee Cooper has requested that the railroad publish these rates in its tariffs. The Family Line railroads have refused to publish the rates in their tariffs.

Therefore, petitioner Santee Cooper

seeks a declaratory order addressed to the following two questions:

1. Are transportation charges assessed by rail carriers pursuant to purported Section 22 agreements that are not "reduced" rates as compared to rates on nongovernmental traffic exempt from the tariff filing requirements of the Act and immune from the jurisdiction of the Commission?

2. Assuming that the foregoing question is answered in the negative, are the purported Section 22 rates assessed by The Family Lines System on shipments of bituminous coal to electric generation stations of Santee Cooper, required to be published in tariffs on file with the Commission and subject to the Commission's jurisdiction?

Santee Cooper argues that the rates it is assessed on this traffic are not reduced, and therefore not properly Section 22 rates. It contends that Section 22 contemplates negotiation of rates on governmental traffic, while in fact Santee Cooper's coal rates reflect the unilateral action of carriers. Both general and special rate increases are assessed on Santee Cooper in the form of Section 22 quotations. Santee Cooper is unable to challenge these rate changes or participate in rate proceedings concerning these rate changes which are open to nongovernmental shippers.

Section 22 rates need not be published. See 49 CFR 1330 and *Tennessee Products & Chem. Corp. v. Louisville & N.R.*, 319 I.C.C. 497, 597 (1963). However, Santee Cooper cites *Increased Fares, Official Territory*, 1956, 300 I.C.C. 239, 249 (1957) for the proposition that the specific provisions of Section 22 must be satisfied in order for carriers to qualify for the filing exemption.

Santee Cooper specifically requests the Commission to find (1) that only rates that are in fact "reduced" qualify for the exemption from regulation provided by Section 22 and (2) that the described unit train coal rates of The Family Lines System assessed on movements to Santee Cooper's present and proposed electric generating stations are not "reduced" rates and, hence, should properly have been filed with the Commission.

Since all carriers subject to our jurisdiction are affected by Section 22 and its application, they are all invited to participate in this proceeding as they may be affected by the result. No petition for intervention need be filed.

The Commission is seeking comments from all interested parties.

This decision does not significantly affect the quality of the human environment or the conservation of energy resources.

Decided: February 7, 1980.

By the Commission, Division 2,  
Commissioners Stafford, Gaskins, and Alexis.  
Agatha L. Mergenovich,  
Secretary.

#### [Ex Parte No. 311]

#### Expedited Procedures for Recovery of Fuel Costs

Decided: February 12, 1980.

In our decisions of January 29 and February 5, 1980, a 12-percent surcharge was authorized on all owner-operator traffic, and on all truckload traffic whether or not owner-operators were employed. We ordered that all owner-operators were to receive compensation at this level.

The weekly figures set forth in the appendix for transportation performed by owner-operators and for truckload traffic is 12.5 percent. Accordingly, we are authorizing a 12.5-percent surcharge for this traffic. All owner-operators are to receive compensation at the 12.5-percent level. No change will be made in the existing authorization of a 2.1-percent surcharge on less-than-truckload (LTL) traffic performed by carriers not utilizing owner-operators. However, a 4.7-percent surcharge is authorized for the bus carriers.

Notice shall be given to the general public by mailing a copy of this decision to the Governor of each State and to the Public Utilities Commissions or Boards of each State having jurisdiction over transportation, by depositing a copy in the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., for public inspection, and by delivering a copy to the Director, Office of the Federal Register for publication therein.

It is ordered: This decision shall become effective Friday, 12:01 a.m., February 15, 1980.

By the Commission, Chairman Gaskins,  
Vice Chairman Gresham, Commissioners  
Stafford, Clapp, Trantum, and Alexis.  
Agatha L. Mergenovich,  
Secretary.

BILLING CODE 7035-01-M

#### Permanent Authority Decisions Notice

The following applications, filed on or after March 1, 1979, are governed by Special Rule 247 of the Commission's *Rules of Practice* (49 CFR 1100.247). These rules provide, among other things, that a petition for intervention, either in support of or in opposition to the granting of an application, must be filed with the Commission within 30 days after the date notice of the application is published in the Federal Register. Protests (such as were allowed to filings prior to March 1, 1979) *will be rejected*. A petition for intervention without leave must comply with Rule 247(k) which requires petitioner to demonstrate that it (1) holds operating authority permitting performance of any of the service which the applicant seeks authority to perform, (2) has the necessary equipment and facilities for performing that service, and (3) has performed service within the scope of the application either (a) for those supporting the application, or, (b) where the service is not limited to the facilities of particular shippers, from and to, or between, any of the involved points.

Persons unable to intervene under Rule 247(k) may file a petition for leave to intervene under Rule 247(l) setting forth the specific grounds upon which it is made, including a detailed statement of petitioner's interest, the particular facts, matters, and things relied upon, including the extent, if any, to which petitioner (a) has solicited the traffic or business of those supporting the application, or, (b) where the identity of those supporting the application is not included in the published application notice, has solicited traffic or business identical to any part of that sought by applicant within the affected marketplace. The Commission will also consider (a) the nature and extent of the property, financial, or other interest of the petitioner, (b) the effect of the decision which may be rendered upon petitioner's interest, (c) the availability of other means by which the petitioner's

interest might be protected, (d) the extent to which petitioner's interest will be represented by other parties, (e) the extent to which petitioner's participation may reasonably be expected to assist in the development of a sound record, and (f) the extent to which participation by the petitioner would broaden the issues or delay the proceeding.

Petitions not in reasonable compliance with the requirements of the rule may be rejected. An original and one copy of the petition to intervene shall be filed with the Commission indicating the specific rule under which the petition to intervene is being filed, and a copy shall be served concurrently upon applicant's representative, or upon applicant if no representative is named.

Section 247(f) provides, in part, that an applicant which does not intend to timely prosecute its application shall promptly request that it be dismissed, and the failure to prosecute an application under the procedures of the Commission will result in its dismissal.

If an applicant has introduced rates as an issue it is noted. Upon request, an applicant must provide a copy of the tentative rate schedule to any protestant.

Further processing steps will be by Commission notice, decision, or letter which will be served on each party of record. *Broadening amendments will not be accepted after the date of this publication.*

Any authority granted may reflect administrative acceptable restrictive amendments to the service proposed below. Some of the applications may have been modified to conform to the Commission's policy of simplifying grants of operating authority.

#### Findings

With the exception of those applications involving duly noted problems (e.g., unresolved common control, unresolved fitness questions, and jurisdictional problems) we find, preliminarily, that each common carrier applicant has demonstrated that its proposed service is required by the present and future public convenience and necessity, and that each contract carrier applicant qualifies as a contract carrier and its proposed contract carrier service will be consistent with the public interest and the transportation policy of 49 U.S.C. 10101. Each applicant is fit, willing, and able properly to perform the service proposed and to conform to the requirements of Title 49, Subtitle IV, United States Code, and the Commission's regulation. Except where specifically noted, this decision is neither a major Federal action significantly affecting the quality of the

human environment nor a major regulatory action under the Energy Policy and Conservation Act of 1975.

In those proceedings containing a statement or note that dual operations are or may be involved we find, preliminarily and in the absence of the issue being raised by a petitioner, that the proposed dual operations are consistent with the public interest and the transportation policy of 49 U.S.C. 10101 subject to the right of the Commission, which is expressly reserved, to impose such terms, conditions or limitations as it finds necessary to insure that applicant's operations shall conform to the provisions of 49 U.S.C. 10930(a) (formerly section 210 of the Interstate Commerce Act).

In the absence of legally sufficient petitions for intervention, filed on or before March 21, 1980 (or, if the application later becomes unopposed), appropriate authority will be issued to each applicant (except those with duly noted problems) upon compliance with certain requirements which will be set forth in a notification of effectiveness of the decision-notice. To the extent that the authority sought below may duplicate an applicant's other authority, such duplication shall be construed as conferring only a single operating right.

Applicants must comply with all specific conditions set forth in the following decision-notice within 30 days after publication, or the application shall stand denied.

Note.—All applications are for authority to operate as a common carrier, by motor vehicle, in interstate or foreign commerce, over irregular routes, except as otherwise noted.

#### Volume No. 282

Decided: January 23, 1980.

By the Commission, Review Board, Number 2, Members Eaton, Liberman and Jensen

MC 200 Sub 373F, filed July 26, 1979. Applicant: RISS INTERNATIONAL CORPORATION, 903 Grand Ave., Kansas City, MO 64106. Representative: H. Lynn Davis (same address as applicant). Transporting *agricultural chemicals, tree and weed killing compounds, and cleaning and rust preventive compounds*, from St. Joseph, MO, to Milwaukee, WI, and points in TX. (Hearing site: Kansas City, MO.)

MC 200 (Sub-374F), filed July 26, 1979. Applicant: RISS INTERNATIONAL CORPORATION, 903 Grand Ave., Kansas City, MO 64106. Representative: H. Lynn Davis (same address as applicant). To operate as a *common carrier*, by motor vehicle, in interstate or foreign commerce, over regular routes,

transporting *general commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), serving Lafayette, IN, as an intermediate point in connection with applicant's existing regular-route authority between Indianapolis, IN and junction U.S. hwy 52 and 24, over U.S. Hwy 52. (Hearing site: Kansas City, MO.)

MC 200 (Sub-376F), filed July 27, 1979. Applicant: RISS INTERNATIONAL CORPORATION, 903 Grand Ave., Kansas City, MO 64106. Representative: H. Lynn Davis (same address as applicant). Transporting *plastic containers, plastic container lids, and expanded plastic foam products*, from Omaha, NE, to points in AL, AR, GA, IL, LA, MN, MS, SC, SD, and WI. (Hearing site: Kansas City, MO.)

MC 200 (Sub-378F), filed July 27, 1979. Applicant: RISS INTERNATIONAL CORPORATION, 903 Grand Ave., Kansas City, MO 64106. Representative: H. Lynn Davis (same address as applicant). Transporting *meats, meat products and meat byproducts, and articles distributed by meat-packing houses*, as described in sections A and C of Appendix I to the report in *Descriptions in Motor Carrier Certificates*, 61 M.C.C. 209 and 760 (except hides and commodities in bulk), from the facilities of Prime Meat Processors, Inc., at Omaha, NE, to points in AL, AR, FL, GA, KY, LA, MS, NC, SC, TN, TX, VA, and WV, restricted to the transportation of traffic originating at the named origin facilities and destined to the indicated destinations. (Hearing site: Kansas City, MO.)

MC 200 (Sub-380F), filed July 27, 1979. Applicant: RISS INTERNATIONAL CORPORATION, 903 Grand Ave., Kansas City, MO 64106. Representative: H. Lynn Davis (same address as applicant). Transporting *general commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), between Detroit, MI, and Laredo, TX. (Hearing site: Kansas City, MO.)

MC 531 (Sub-418F), filed July 30, 1979. Applicant: YOUNGER BROTHERS, INC., 4904 Griggs Road, Houston, TX 77021. Representative: Wray E. Hughes (same address as applicant). Transporting *liquid foundry coring compounds*, in bulk, in tank vehicles, from Muse, PA, to Birmingham, AL, Chattanooga, TN, Forth Worth, TX, Waggmann, LA, and Atlanta, GA.

(Hearing site: Pittsburgh, PA, or Dallas, TX.)

MC 531 (Sub-419F), filed July 30, 1979. Applicant: YOUNGER BROTHERS, INC., 4904 Griggs Road, P.O. Box 14048, Houston, TX 77021. Representative: Wray E. Hughes (same address as applicant). Transporting *petroleum products* (except liquid chemicals), and *liquid chemicals*, in bulk, in tank vehicles, from New Orleans, LA, to points in the United States (except AK and HI). (Hearing site: New Orleans, LA.)

MC 720 (Sub-70F), filed July 26, 1979. Applicant: BIRD TRUCKING COMPANY, INC., P.O. Box 227, Waupun, WI 53963. Representative: Tom Westerman (same address as applicant). Transporting *general commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), from the facilities of Dry Storage Corporation, at points in IL within the Chicago, IL Commercial Zone, to points in IN, KY, MI, MN, MO, OH, and WI, restricted to the transportation of traffic originating at the named origin facilities and destined to the indicated destinations. (Hearing site: Chicago, IL, or Milwaukee, WI.)

MC 2421 (Sub-25F), filed August 2, 1979. Applicant: NEWTON TRANSPORTATION COMPANY, INC., 510 Greer Circle, S.W., P.O. Box 678, Lenoir, NC 28645. Representative: Lawrence E. Lindeman, 425 13th St., N.W., Suite 1032, Washington, DC 20004. Transporting *canned goods* (except frozen), from the facilities of Brooks Foods Division, Curtice-Burns, Inc., at Mount Summit, IN, to points in NC. (Hearing site: Indianapolis, IN.)

MC 4941 (Sub-60F), filed July 30, 1979. Applicant: QUINN FREIGHT LINES, INC., 1093 North Montello St., Brockton, MA 02403. Representative: Russell S. Callahan (same address as applicant). Transporting (1) *gypsum, gypsum products, and building materials*, and (2) *materials, equipment, and supplies* used in the manufacture, installation, and distribution of the commodities in (1) above, between points in the United States (except AK and HI), restricted to the transportation of traffic originating at or destined to the facilities of Georgia-Pacific Corporation, Gypsum Division. (Hearing site: Philadelphia, PA, or Washington, DC.)

MC 4941 (Sub-61F), filed July 31, 1979. Applicant: QUINN FREIGHT LINES, INC., 1093 North Montello St., Brockton, MA 02403. Representative: Russell S. Callahan (same address as applicant). Transporting (1) *adhesives, building*

(Hearing site: Chicago, IL, or Washington, DC.)

Note.—Dual operations may be involved.

#### Volume No. 309

Decided: February 1, 1980.

By the Commission, Review Board Number 1, Members Carleton, Joyce and Jones.

MC 1718 (Sub-12F), filed August 14, 1979. Applicant: ALFRED M. FLATEGRAFF d.b.a. GARDNER TRUCK LINE, P.O. Box 22, Pine River, MN 56474. Representative: Stanley C. Olson, Jr., 4601 Excelsior Blvd., Minneapolis, MN 55416. Transporting (1) *wooden spools*, *wooden reels*, *wooden reel heads*, *wooden cooperage and nuts*, *bolts and washers* used in the assembly thereof, from Pine River, MN, to points

in IL, IA, KS, MO, NE, WI and Marion, IN. (2) *lumber and lumber products* from points on the international boundary line between the United States and Canada located in MN, to Pine River, MN. (Hearing site: Minneapolis, MN, or St. Paul, MN.)

MC 2229 (Sub-215F), filed August 6, 1979. Applicant: RED BALL MOTOR FREIGHT, INC., 3177 Irving Blvd., Dallas, TX 75247. Representative: Jackie Hill (same address as applicant). Transporting *general commodities* (except household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), over regular routes, between Memphis, TN and Greenville, MS, from Memphis over U.S. Hwy 61 to junction U.S. Hwy 82, then over U.S. Hwy 82 to Greenville and return over the same route serving no intermediate points. Restriction: Restricted against the transportation of traffic originating at Memphis, TN and points within its commercial zone, destined to Greenville, MS and points within its commercial zone. Also restricted against traffic originating at Greenville, MS and points within its commercial zone, destined to Memphis, TN and points within its commercial zone. Also, insofar as authority is granted to transport Classes A and B explosives, it is limited in point of time to a period of five (5) years from the date of issuance thereof. (Hearing site: Greenville, MS, or Memphis, TN.)

Note.—Applicant intends to tack the requested authority with its present authority and to interline with other carriers. Common control may be involved.

MC 2229 (Sub-216F), filed August 1, 1979. Applicant: RED BALL MOTOR FREIGHT, INC., 3177 Irving Blvd., Dallas, TX 75247. Representative: Jackie Hill (same address as applicant). Transporting *general commodities* (except Classes A and B explosives, articles of unusual value, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), over regular routes, between Albuquerque, NM and El Paso, TX, from Albuquerque over Interstate Hwy 25 to junction Interstate Hwy 10, then over Interstate Hwy 10 to El Paso, and return over the same route, serving no intermediate points. Common control may be involved. (Hearing site: Albuquerque, NM, or El Paso, TX.)

Note.—Applicant intends to tack this authority with existing authority and to interline with other carriers.

MC 4428 (Sub-18F), filed August 16, 1979. Applicant: HACHELROAD TRUCKING CO., 243 Tilford Road, Pittsburgh, PA 15235. Representative: Jerome Solomon, 3131 United States

Steel Bldg., Pittsburgh, PA 15219. Transporting *iron and steel* from the facilities of Jones and Laughlin Steel Corporation at or near Cleveland and Youngstown, OH to points in PA on and west of U.S. Hwy 219, restricted to service between said origin and destinations. (Hearing site: Pittsburgh, PA.)

MC 24379 (Sub-51F), filed August 15, 1979. Applicant: LONG TRANSPORTATION COMPANY, 14650 West Eight Mile Road, Oak Park, MI 48237. Representative: Donald G. Hichman (same address as applicant). Transporting *aluminum and zinc ingots* from Maple Heights, OH to points in IL, on and south of Interstate Hwy 80 and on and west of U.S. Hwy 51. (Hearing site: Cleveland, OH.)

MC 25869 (Sub-162F), filed September 11, 1979. Applicant: NOLTE BROS. TRUCK LINE, INC., 6217 Gilmore Avenue, P.O. Box 7184, Omaha, NE 68107. Representative: Donald L. Stern, Suite 610 Xerox Bldg., 7171 Mercy Road, Omaha, NE 68106. Transporting *general commodities* (except those of unusual value, classes A and B explosives, household goods as defined to the Commission, commodities in bulk, and those requiring special equipment), serving the plantsite of Control Data Corporation, at Lincoln, NE as a off-route point in connection with carrier's regular-route operations to and from Chicago, IL.

MC 29079 (Sub-113F), filed June 14, 1979. Applicant: BRADA MILLER FREIGHT SYSTEM, INC., P.O. Box 935, Kokomo, IN 46901. Representative: Chandler L. Van Orman, 1729 H Street, N.W., Washington, DC 20006. Transporting *iron and steel articles, and materials, equipment and supplies* used in the manufacture and distribution of iron and steel articles between the facilities of Bull Moose Tube Co. at or near Gerald, MO, on the one hand, and, on the other, points in AL, IL, IN, KY, GA, MD, MI, NJ, NY, NC, SC, OH, PA, TN, VA, WV, WI, and DC. (Hearing site: Washington, DC.)

MC 29079 (Sub-136F), filed September 21, 1979. Applicant: BRADA MILLER FREIGHT SYSTEM, INC., P.O. Box 935, Kokomo, IN 46901. Representative: Chandler L. Van Orman, 1729 H Street, N.W., Washington, DC 20006. Transporting *glass containers, closures, and accessories* thereof, between the facilities of The Ball Corp. at Mundelein, IL, Muncie, IN, and the warehouse facilities used by Ball Corp. in Cook and Lake Counties, IL to points in AL, DE, GA, IL, IN, KY, LA (on and east of the Mississippi River), MD, MI (Lower Peninsula), MS, MO, NJ, NY, NC, OH,

Transporting (1) *such commodities* as are dealt in by wholesale and retail grocery and chain stores, (2) *plastic articles*, (3) *chemicals*, and (4) *compressed gas* in cylinders, between points in MA, NJ, PA, MO, IA, KS, NE, CO, MN, KY, and WI. (Hearing site: Washington, DC.)

Note.—Dual operations may be involved.

MC 140829 (Sub-311F), filed September 4, 1979. Applicant: CARGO, INC., P.O. Box 206, U.S. Highway 20, Sioux City, IA 51102. Representative: David L. King, P.O. Box 206, U.S. Highway 20, Sioux City, IA 51102. Transporting (1) *boat, motorcycle, snowmobile, and utility trailers* and (2) *trailer parts*, between points in CO, IL, IN, MA, MI, MN, MO, NJ, NY, OH, PA, RI, TX, VA, WI and WV. (Hearing site: Washington, DC.)

Note.—Dual operations may be involved.

MC 140829 (Sub-312F), filed September 5, 1979. Applicant: CARGO, INC., P.O. Box 206, U.S. Highway 20, Sioux City, IA 51102. Representative: David L. King, P.O. Box 206, U.S. Highway 20, Sioux City, IA 51102. Transporting (1) *furnace pipe, elbow duct work, register boots, register boxes, well stack, gutters, and rain carrying accessories*, and (2) *materials, equipment and supplies* used in the manufacture and distribution thereof from the facilities of Champion Furnace Pipe Company, at or near Peoria, IL, to points in IA, KS, MO, NE and OK, restricted to traffic originating at the named origins and destined to the indicated destinations. (Hearing site: Washington, DC.)

Note.—Dual operations may be involved.

MC 140829 (Sub-313F), filed September 5, 1979. Applicant: CARGO, INC., P.O. Box 206, U.S. Highway 20, Sioux City, IA 51102. Representative: David L. King (same address as applicant). Transporting *general commodities* (except those of unusual value, classes A & B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), from points in MA, NH, NY, and RI to points in CO, IL, IN, IA, KS, MI, MN, MO, NE, OH, OK, TX, and WI, restricted to the transportation of traffic originating at the named origins and destined to the

indicated destinations. (Hearing site: Washington, DC.)

Note.—Dual operations may be involved.

MC 140829 (Sub-318F), filed September 25, 1979. Applicant: CARGO, INC., P.O. Box 206, U.S. Highway 20, Sioux City, IA 51102. Representative: David L. King, Vice President, P.O. Box 206, U.S. Highway 20, Sioux City, IA 51102. Transporting *toilet preparations*, from Minneapolis, MN, to points in AR, CT, CO, IL, IN, KS, LA, ME, MA, MI, MO, NE, NH, NJ, NM, NY, OK, OH, PA, RI, TX, VT and WI, restricted to traffic originating at named origin and destined to the indicated destinations. (Hearing site: Washington, DC.)

Note.—Dual operations may be involved.

MC 141489 (Sub-6F), filed September 21, 1979. Applicant: HUNTER TRUCKING, INC., 805 32nd Avenue, Council Bluffs, IA 51501. Representative: Kenneth P. Weiner, 402 Executive Building, Omaha, NE 68102. Transporting *lumber and lumber products*, from Fredonia, Payson, and Whiteriver, AZ, Craig and Eagle, CO, and Panguitch, UT, to points in AR, IL, IA, KS, KY, MO, NE, TN, TX, & OK. (Hearing site: Omaha, NE)

Note.—Dual operations may be involved.

MC 142559 (Sub-116F), filed September 27, 1979. Applicant: BROOKS TRANSPORTATION, INC., 3830 Kelley Ave., Cleveland, OH 44114. Representative: David A. Turano, 100 East Broad Street, Columbus, OH 43215. Transporting (1) *electrical equipment, doors, scales, power transmission machinery, motors, controls, elevators and escalators, and industrial components* and (2) *materials, equipment and supplies* used in the manufacture and distribution of the commodities in (1) above, between points in the United States (except AK and HI), restricted (a) in (1) and (2) above against the transportation of commodities in bulk and those which because of size or weight require the use of special equipment, and (b) to traffic originating at or destined to the facilities of Reliance Electric Company. (Hearing site: Columbus, OH, or Washington, DC)

Note.—Dual operations may be involved.

MC 142958 (Sub-3F), filed: September 1, 1979. Applicant: EMERGENCY MEDICAL DELIVERIES, INCORPORATED, 3613 Marine Rd., Toledo, OH 43609. Representative: Michael M. Briley, P.O. Box 2088, Toledo, OH 43603. Transporting (1) *Medicinal intravenous solutions, dialysis patient treatment kits, mineral water, and liquid formaldehyde*, (except in bulk, in tank vehicles), and (2) *materials and supplies* used in the

*administration of the commodities in (1) above (except in bulk, in tank vehicles)*, between (a) Toledo and Cleveland, OH, on the one hand, and, on the other, points in WV; (b) Cleveland, OH, on the one hand, and, on the other, points in the Lower Peninsula of MI and those in PA west of Interstate Hwy 83 and US Hwy 15; (c) Toledo, OH, on the one hand, and, on the other, points in IL (except Cook, Will, DuPage and Lake Counties), KY, those in PA west of Interstate Hwy 83 and U.S. Hwy 15 (except Erie, Crawford, Mercer, Lawrence, Butler, Warren and Venango Counties), and those in WI south of US Hwy 10; and (d) Cincinnati, OH, on the one hand, and, on the other, points in KY.

MC 142998 (Sub-5F), filed September 24, 1979. Applicant: LAUGHLIN LINES, INC., P.O. Box 11886, Reno, NV 89510. Representative: Harley E. Laughlin, Suite 264, Airport Plaza, 1755 E. Plumb Lane, Reno, NV 89302. Transporting *general commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment) between the facilities of Hub West, Inc., at or near Jasper, OR, on the one hand, and, on the other, points in the United States (including AK but excluding HI), restricted to traffic originating at or destined to the named facilities.

MC 143059 (Sub-105F), filed September 26, 1979. Applicant: MERCER TRANSPORTATION CO., a corporation, 12th & Main Streets, P.O. Box 35610, Louisville, KY 40232. Representative: James L. Stone, P.O. Box 35610, Louisville, KY 40232. Transporting (1) *cooling equipment, and parts, materials, equipment and supplies* (except in bulk) used in connection with cooling equipment, and (2) *Materials, equipment and supplies* (except in bulk) used in the manufacture or distribution of commodities named in (1) above, between points in the United States (except AK and HI) restricted in (1) above to the transportation of shipments originating at facilities of the Marley Cooling Tower Company, and in (2) to the transportation of shipments destined to facilities of the Marley Cooling Tower Company. (Hearing site: Dallas, TX, or New Orleans, LA.)

MC 143328 (Sub-23F), filed: September 20, 1979. Applicant: Eugene Tripp Trucking, a corporation, P.O. Box 2730, Missoula, MT 59806. Representative: David A. Sutherland, 1150 Connecticut Ave., NW, Suite 400, Washington, DC 20036. Transporting *Materials and supplies* used in the brewing and

packaging of malt beverages (1) from points in CA and OR to points in WA, and (2) from points in CA, OR, and WA to Phoenix, AZ.

MC 144779 (Sub-5F, filed: September 24, 1979. Applicant: AHA, INC., P.O. Box 158, Panguitch, UT 84759.

Representative: Glen M. Hatch, 80 West Broadway, Suite No. 300, Salt Lake City, UT 84101. Transporting *lumber* from (1) Fredonia, AZ, to points in NM, TX, and CA, and (2) Panguitch, UT, to points in NM and CA. (Hearing site: Salt Lake City, UT.)

MC 145559 (Sub-2F), filed: September 24, 1979. Applicant: North Alabama Transportation, Inc., Post Office Box 38, Ider, AL 35981. Representative: William P. Jackson, Jr., 3426 N. Washington Boulevard, Post Office Box 1240, Arlington, VA 22210. Transporting *General commodities* (except those of unusual value, classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and commodities requiring special equipment) from Nashville, Lebanon, Millersville, Green Briar, Cookeville, Murfreesboro and McMinnville, TN, to points in CA, OR, WA, CO, NV, UT, AZ, ID, and WY. (Hearing site: Washington, D.C.)

Note.—Dual operations may be involved.

MC 145738 (Sub-10F), filed September 6, 1979. Applicant: EAST-WEST MOTOR FREIGHT, INC., P.O. Box 525, Selmer, TN 38375. Representative: Richard M. Tettelbaum, Fifth Floor, Lenox Towers South, 3390 Peachtree Road, N.W., Atlanta, GA 30326. Transporting (1) *general commodities* (except those of unusual value, classes A and B explosives, household goods, commodities in bulk, and those requiring special equipment), from the facilities of Henco, Inc., at or near Selmer, TN, to Las Vegas, NV; and (2) *glass*, from Connellsville, PA, and Salem, NJ, to the facilities of Henco, Inc., at or near Selmer, TN. (Hearing site: Las Vegas, NV.)

Note.—Dual operations may be involved.

MC 145738 (Sub-13F), filed September 25, 1979. Applicant: EAST-WEST MOTOR FREIGHT, INC., P.O. Box 525, Selmer, TN 38375. Representative: Marc A. Pearl, Fifth Floor, Lenox Towers South, 3390 Peachtree Road, Atlanta, GA 30326. Transporting *chemicals* (except in bulk), and *commodities* used in the production, distribution, and sale of chemicals, (1) from the facilities of Thiokol/Dynachem Corporation in Orange County, CA, to those points in the United States in and east of WI, IL, TN, KY, and MS, and (2) from points in MS to the facilities of Thiokol/Dynachem in Orange County, CA.

Note.—Dual operations may be involved.

MC 145849 (Sub-2F), filed September 5, 1979. Applicant: MONIN TRUCKING, 300 W. John Rowan Blvd., Bardstown, KY 40004. Representative: John M. Nader, 1600 Citizens Plaza, Louisville, KY 40202. Transporting *such commodities* as are dealt in or used by manufacturers and distributors of containers (except in bulk), between Bardstown, KY, on the one hand, and, on the other, points in IL, IN, OH, MI, PA, and WI. (Hearing site: Louisville, KY.)

MC 146048 (Sub-3F), filed September 6, 1979. Applicant: D. T. AUTO TRANSPORT, INC., 4200 Trenton St., P.O. Box 38394, Denver, CO 80238. Representative: Walter F. Jones, 1044 Denver Club Building, 518 17th St., Denver, CO 80216. Transporting *motor vehicles* between points in the United States (except AK and HI). (Hearing site: Denver, CO, Detroit, MI, or Washington, DC.)

MC 146578 (Sub-9F), filed September 5, 1979. Applicant: PALMETTO MOTOR LINES, INC., P.O. Box 6445, Spartanburg, SC 29304. Representative: Donald E. Cross, 918—16th Street, NW., Washington, DC 20006. Transporting (1) *foodstuffs*, and (2) *such commodities as are dealt in by wholesale, retail, chain, and grocery houses*, from the facilities of Transales Corporation and Savannah Foods and Industries, Inc., in Chatham County, GA, to points in SC. (Hearing site: Spartanburg or Greenville, SC.)

MC 146668 (Sub-3F), filed September 26, 1979. Applicant: MICHAEL BENNETT TRUCKING, INC., 16 E. Amador, Seneca, KS 66538. Representative: Clyde N. Christey, Ks. Credit Union Bldg., 1010 Tyler, Suite 110L, Topeka, KS 66612. Transporting *dry soybean meal*, from the facilities of Farmland Industries, Inc., at or near St. Joseph, MO, to points in KS.

MC 146778 (Sub-2F), filed September 13, 1979. Applicant: SAENZ BROS. TRUCKING & TOMATO CO., INC., 1500 South Zarzamora Street, San Antonio, TX 78207. Representative: Kenneth R. Hoffman, 801 Vaughn Building, Austin, TX 78701. Transporting *empty containers* from New Orleans, LA, and Mobile, AL, to Houston, TX. (Hearing site: Houston, TX or New Orleans, LA.)

MC 147039 (Sub-2F), filed: September 25, 1979. Applicant: TRANSPORTATION SERVICES, INC., 21055 West Road, Trenton, MI 48183. Representative: H. Neil Garson, 3251 Old Lee Highway, Suite 400, Fairfax, VA 22030. Transporting (1) *automotive parts*, and (2) *materials, accessories* and *supplies* used in the manufacture of

automotive parts and automotive vehicles, (1) between points in MI, on the one hand, and, on the other, points in CA, GA, IL, OH, NJ, NY, FL, MN, VA, TX, KS, MO, WI, PA, TN, KY, and IN, (2) between Toledo and Cleveland, OH, on the one hand, and, on the other, points in CA, GA, IL, NJ, NY, FL, MN, VA, TX, KS, MO, WI, PA, TN, KY, and IN, and (3) between points in NY on the one hand, and, on the other, points in CA, GA, IL, OH, NJ, FL, MN, VA, TX, KS, MO, WI, PA, TN, KY, and IN, restricted in (1), (2), and (3) above to traffic originating at and destined to the facilities of Ford Motor Company.

MC 147289 (Sub-2F), filed September 20, 1979. Applicant: GEM CITY STORAGE & TRANSFER, INC., Carbide Lane, P.O. Box 786, Keokuk, IA 52632. Representative: Carl E. Munson, 469 Fischer Building, Dubuque, IA 52001. Transporting *Auto parts and accessories*, from the facilities of Sheller Globe Corporation, at or near Keokuk, IA, to Belvidere, Chicago and Quincy, IL, Lorain and Lordstown, OH, Janesville, WI, and points in MI. (Hearing: Des Moines, IA or St. Louis, MO.)

MC 147789 (Sub-2F), filed September 25, 1979. Applicant: CLIFFORD N. BELEW & ANITA L. BELEW, d.b.a. BELEW WESTERN, P.O. Box 209, Hamilton, MT 59840. Representative: Anita L. Belew, 107 East Ravalli, Hamilton, MT 59840. Transporting *precut logs and component parts for log homes* (1) from points in Ravalli County, MT, to points in the United States (except AK & HI). (Hearing site: Billings, MT or Spokane, WA.)

MC 147978 (Sub-1F), filed September 13, 1979. Applicant: SYSTEM REEFER SERVICE, INC., 4614 Lincoln Avenue, Cypress, CA 90630. Representative: Dixie C. Newhouse, 1329 Pennsylvania Ave., P.O. Box 1417, Hagerstown, MD 21740. Transporting *general commodities* (except classes A and B explosives, commodities in bulk, household goods, and commodities requiring special equipment), in vehicles equipped with mechanical refrigeration, between the facilities of Baltimore Shippers and Receivers Association, Inc., at Baltimore, MD, on the one hand, and, on the other, points in CA, NV, UT, WY, CO, and NM. (Hearing site: Los Angeles, CA.)

Note.—Dual operations may be involved.

MC 148239F, filed August 13, 1979. Applicant: JESSIE J. BAUGH, d.b.a. BAUGH TRANSFER, 10786 North Dual, Baton Rouge, LA 70815. Representative: Jessie J. Baugh (same address as applicant). Transporting *general commodities* (except classes A and B explosives, commodities in bulk, and

articles of unusual value), in containers, and having a prior or subsequent movement by water, (1) between New Orleans, LA, on the one hand, and, on the other, the facilities of Dow Chemical U.S.A. at or near Plaquemine, Baton Rouge, and Port Allen, LA, and (2) between New Orleans, LA, on the one hand, and, on the other, the facilities of H. J. Wilson Company, Inc., at Baton Rouge and Port Allen, LA.

MC 148288F, filed September 1, 1979. Applicant: I.T.L., INC., P.O. Box 280, Gering, NE 69341. Representative: J. Max Harding, P.O. Box 82028, Lincoln, NE 68501. *Transporting Such merchandise as is dealt in by wholesale and retail grocery business houses* (except commodities in bulk), (1) between points in CO, NE, SD, and WY, and (2) between points in CO, NE, SD, and WY on the one hand, and, on the other, points in the United States (except AK and HI), restricted to traffic originating at or destined to the facilities of Associated Grocers of Nebraska Cooperative, Inc. Hearing site: Cheyenne, WY or Denver, CO. Condition: Applicant will request revocation of all its existing motor contract carrier authority in Docket No. MC 128304 and subs thereto.

Note.—Dual operations may be involved.

MC 148289F, filed September 25, 1979. Applicant: Leon Evans, an individual, d.b.a. Evans Transportation Service, 963 Pickford Avenue, Akron, OH. Representative: Maxwell A. Howell, 1100 Investment Building, 1511 K Street, N.W., Washington, D.C. 20005. *Transporting passengers and their baggage*, in special or charter operations, in round-trip sightseeing and pleasure tours, beginning and ending at points in Cuyahoga, Mahoning, Portage, Stark and Summit Counties, OH, and extending to points in AL, CT, FL, GA, IL, IN, KY, LA, MD, MA, MI, MN, MS, MO, NC, NJ, NY, PA, SC, TN, VA, and DC.

MC 148299F, filed September 28, 1979. Applicant: CHAMY TRANSPORT, LTD., 3080 Bernard Pilon Street, St. Mathieu de Beloeil, Quebec J3G 4S5, Canada. Representative: W. Norman Charles, P.O. Box 724, Glens Falls, NY 12801. *Transporting Steel wire, rods and coils*, from ports of entry on the international boundary line between the United States and Canada in ME, MI, NH, NY, and VT to points in CT, DE, IL, IN, ME, MD, MA, MI, NH, NJ, NY, OH, PA, RI,

VT, VA, WI, and DC. (Hearing site: Plattsburgh, NY or Montpelier, VT.) Agatha L. Mergenovich, Secretary.

## DEPARTMENT OF JUSTICE

### Vacancy on U.S. Court of Appeals for the Eighth Circuit

By appointment of the President, a panel of the U.S. Circuit Judge Nominating Commission has been constituted to consider prospective nominees to fill a vacancy judgeship on the Federal Court of Appeals in the Eighth Circuit occasioned by the retirement of Chief Judge Floyd R. Gibson, of Missouri. The panel must submit to the President by April 15, 1980, the names of not more than five persons deemed well qualified to be a U.S. Court of Appeals Judge. Anyone may submit suggested nominees to the panel for consideration, and anyone may request that he or she be considered.

To be considered by the panel a person must be a member of the Bar of Missouri in good standing. Important factors in determining whether a person is well qualified are professional competence, extent and nature of legal experience, character, temperament and health. A proposed nominee should normally have 12 to 15 years of legal experience and be physically and mentally capable of sustained work on difficult intellectual problems, with the potential for rendering long and energetic service on the Federal Bench.

Experience of particular relevance may have been acquired in these areas: (a) Substantial appellate experience as a lawyer or judge; (b) substantial trial court experience as a lawyer or judge; (c) substantial Federal law mastery as demonstrated by teaching or by professional association with public or private offices dealing extensively with Federal law; (d) substantial legal writing with relationship to Federal law; (e) substantial experience in judicial education or law reform activity of a highly professional nature, with some correlation to Federal matters. Generally, experience in at least two or three areas will be required. In cases of substantial and outstanding service as a Federal or State judge, experience in one of these areas will be sufficient.

For this vacancy the panel will confine its consideration to persons from the State of Missouri. Persons admitted to practice in Missouri will be considered, regardless of present residence.

Names of proposed nominees should be sent in writing to the chairman of the panel, Lawrence J. Hayes, 332 Hamm Building, Saint Paul, Minnesota 55102. Though not required, it will be helpful if reasons are given why the person suggested is well qualified for this judicial position.

Application forms are available from Lawrence J. Hayes at the address listed above or at these locations: (a) Office of the Clerk, U.S. Court of Appeals for the Eighth Circuit, St. Louis, Missouri; and (b) Office of the Clerk, U.S. District Court Kansas City, Missouri.

All applications must be mailed by March 4, 1980.

Other members of the panel are:

Sandra J. Hale, Minneapolis, Minnesota; A. Arthur Davis, Des Moines, Iowa; Ernest Hubbell, Kansas City, Missouri; Ann Carter Stith, Clayton, Missouri; Albert A. Wolf, Bismarck, South Dakota; Philip S. Anderson, Little Rock, Arkansas; Elizabeth Osenbaugh, Des Moines, Iowa; DeVerne Lee Calloway, St. Louis, Missouri; Betty Jeanne Keller, Lincoln, Nebraska; and Stanley Siegel, Aberdeen, South Dakota.

Phillip B. Cover,

Advisory Committee, Control Officer.

## LIBRARY OF CONGRESS

### Copyright Office

[Docket LPR 80-2]

**Report of the Register of Copyrights on the Effects of 17 U.S.C. 108 on the Rights of Creators and the Needs of Users of Works Reproduced by Certain Libraries and Archives; Public Hearing**

**AGENCY:** Library of Congress, Copyright Office.

**ACTION:** Notice of public hearing.

**SUMMARY:** The Copyright Office of the Library of Congress is preparing a report for Congress in accordance with 17 U.S.C. 108(j). The subject of the report is the extent to which 17 U.S.C. 108 has achieved the intended balance between the rights of creators and the needs of users of copyrighted works which are reproduced by certain libraries and archives. This notice announces and invites participation in the second of a series of regional public hearings designed to elicit views, comments, and information from all interested persons, including copyright proprietors, librarians, and users of all types of libraries. The Copyright Office actively seeks the participation not only of organizational representatives, but also

of any individual whose informed opinion may contribute to the preparation of the report and the possible recommendation of changes in the copyright law.

**DATES:** The hearing will be held in Room 218 of the Albert Thomas Convention and Exhibit Center, 612 Smith Street, Houston, Texas, on March 26, 1980, beginning at 9:30 a.m. This hearing will occur during the same week and in the same convention area as the annual meeting of the American Chemical Society. (It is anticipated that the remaining regional hearings will be held, later in 1980, in Washington, D.C. and Anaheim, California).

Anyone desiring to testify should submit a written request to present testimony by March 19, 1980, to the address set forth below. Ten copies of written statements must be received by the Copyright Office by 4:00 p.m. on March 19, 1980.

Supplemental statements will be entered into the record until April 26, 1980. Ten copies of such statements should be submitted.

**ADDRESSES:** Written requests to present testimony and ten copies of written statements or of supplementary statements should be submitted as follows:

If sent by mail: Office of the General Counsel, U.S. Copyright Office, Library of Congress, Caller No. 2999, Arlington, Virginia 22202.

If delivered by hand, the copies should be brought to: Office of the General Counsel, Room 519, Crystal Mall, Building No. 2, 1921 Jefferson Davis Highway, Arlington, Virginia.

All requests to testify should clearly identify the individual or group desiring to testify and the amount of time desired. The Copyright Office will try to contact all witnesses to confirm the times of their appearances.

For further information contact: Dorothy Schrader, General Counsel, Copyright Office, Library of Congress, Washington, D.C. 20559, Telephone: (703) 557-8731.

#### SUPPLEMENTARY INFORMATION:

##### 1. Background and Purpose of the Report

The Copyright Act of 1976, 17 U.S.C. 101 et seq., was a product of many years of intense effort by Congress to replace what many felt was a copyright law which was ill-suited to such technological developments of the twentieth century as cable television, computers, and photocopying machines. One of the most difficult problems to resolve concerned the photomechanical reproduction, in whole or in part, of

copyrighted works by libraries and archives. In addition to codifying the doctrine of fair use for the first time (17 U.S.C.107), the Copyright Act of 1976 contains provisions authorizing certain acts of reproduction and distribution by qualifying libraries (17 U.S.C. 108).

These provisions represent a rather delicate balance between the positions forcefully advocated by the proprietor and user communities in testimony before Congress during the legislative effort that resulted in the current Act. Because of the uncertainty about their effect, at present and in the future, Congress provided that the Register of Copyrights should prepare at five-year intervals, reports concerning the effectiveness of the balance created by the Copyright Act. The first such report, the subject of the hearing here announced, is due January 1, 1983. An advisory committee composed of ten representatives of concerned interests meet regularly with the Copyright Office to plan the preparation of the report. In addition to public hearings, the Copyright Office has under consideration the possibility of conducting an empirical survey to provide objective data on the effects of section 108.

The purpose of this hearing is to examine practices under section 108 as they have developed since January 1, 1978, when the Copyright Act of 1976 became effective. It would therefore be most helpful if witnesses not simply reiterate positions previously taken with respect to library copying, but amplify their remarks with a discussion of ways in which the Act has or, of equal importance, has not affected their practices.

##### 2. Summary of Section 108

Under section 106 of the Copyright Act of 1976, authors and other owners of copyright are given the exclusive rights, among others, to reproduce the copyrighted work in copies or phonorecords and to distribute copies or phonorecords of the copyrighted work to the public. These exclusive rights are subject to several exemptions, including those contained in section 107 ("fair use") and section 108 ("reproduction by libraries and archives").

Section 108 deals with a variety of situations involving photocopying and other forms of reproduction by libraries and archives. Subsection (a) provides that " \* \* \* it is not an infringement of copyright for a library or archives, or any of its employees acting within the scope of their employment, to reproduce no more than one copy or phonorecord of a work, or to distribute such a copy or

phonorecord, under the conditions specified by this section if—

(1) The reproduction or distribution is made without any purpose of direct or indirect commercial advantage;

(2) The collections of the library or archives are open to the public or specialized researchers; and

(3) The reproduced or distributed material includes a notice of copyright.

Thus, paragraph (a) of section 108 establishes the basic conditions under which a library or archives may claim an exemption from the exclusive rights of copyright proprietors. In addition, for the library activity to be exempt under section 108, one of the other conditions set forth in paragraphs (b) through (f) must be satisfied. Moreover, under paragraph (h), the exemptions for nonprint copyrighted works are modified substantially. Very generally, with the exception of facsimile duplication for preservation purposes and to replace damaged, deteriorating, or lost copies, the exemptions of section 108 apply primarily to books and periodicals.

##### *Archival preservation (section 108(b)).*

This exemption applies only to unpublished works in the current collection of a library or archives. It allows reproduction only in facsimile form, and only for "purposes of preservation or security or for deposit for research use in another library or archives."

##### *Replacement (section 108(c)).*

Libraries or archives are authorized to duplicate a published work in facsimile form solely for the purpose of replacement of a copy or phonorecord that is damaged, deteriorating, lost or stolen *but only if they find that an unused replacement copy cannot be obtained at a fair price.* The legislative reports offer some guidance as to what is meant—they indicate that a reasonable investigation will always require recourse to commonly known trade sources in the United States, and in the normal situation also to the publisher or copyright owner or an authorized reproducing service.

##### *Journal articles, small excerpts, etc. (section 108(d)).*

This paragraph applies to "no more than one article or other contribution to a copyrighted collection or periodical issue, or to \* \* \* a small part of any other copyrighted work." The only conditions for supplying a reproduction are that: "the copy becomes the property of the user"; there is no reason to suppose that it "would be used for any purposes other than private study, scholarship, or research"; and the library or archives must display prominently, at the place where orders are accepted, and include on the order

form, a warning of copyright in language prescribed by a Copyright Office regulation.

*Entire works or substantial parts (section 108(e)).* With one addition, the conditions applicable under paragraph (d), as discussed above, apply under paragraph (e) to the "entire work," or "a substantial part of it." The added condition is that "the library or archives has first determined, on the basis of a reasonable investigation, that a copy or phonorecord of a copyrighted work cannot be obtained at a fair price." This paragraph applies essentially to out-of-print works.

*General exemptions (section 108(f)).* In addition to the specific exemptions described above, paragraph (f) makes clear that no copyright liability attaches to a library or its employees for copying done on unsupervised copying machines provided the machines bear a warning that certain copying activity may represent an infringement of the copyright law. Also, nothing in section 108 "in any way affects the right of fair use as provided by section 107," and a small number of copies of an audiovisual news program may be made and distributed by lending.

*Multiple and systematic copying (section 108(g)).* Section 108 does not permit copying when the library or archives, or its employee—

(1) Is aware or has substantial reason to believe that it is making or distributing multiple copies of the same material, whether on one or several occasions, or

(2) Engages in the systematic reproduction or distribution of copies of periodical articles or excerpts from other copyrighted works; however, certain copying for interlibrary loan purposes is permissible, even if it might otherwise appear "systematic."

Copying for interlibrary loan purposes is authorized to the extent that libraries receiving copies so made do not do so "in such aggregate quantities as to substitute for a subscription to or purchase of such work." Guidelines for interpretation of the language "such aggregate quantities \* \* \*" were adopted by Congress during its enactment of the Copyright Act, and their effectiveness is a subject of this hearing. They, as the Act, represent a compromise between proprietary and user interests. Because they were drafted by the interested parties with the administrative support of the National Commission on New Technological Uses of Copyrighted Works (CONTU), they have come to be known as the "CONTU Guidelines." (CONTU was a temporary commission which examined certain copyright issues

related to computers and photocopying in order to permit Congress to proceed with its revision of the copyright law in general.)

The guidelines which were adopted provide, essentially, that copying for interlibrary loans is permissible—(1) If no more than five requests for copies of periodical articles from any given periodical are filled for a requesting library during a calendar year, with respect to articles less than five years old. (There is no provision covering the copying of older articles);

(2) If no more than five requests for copies of excerpts of any given work are filled for a requesting library within a calendar year; and

(3) If requesting libraries state that their requests comply with the Act and keep records of their requests for three years.

### 3. Copyright Clearance Center

In an attempt to establish a centralized mechanism to facilitate payment of royalty fees for copying activities not exempt under the Copyright Act, publishers, with planning assistance by authors and librarians, established the Copyright Clearance Center, Inc. The Center, which is a not-for-profit organization, does not provide copies or grant permission to copy. Each publisher sets its own article copying fees and, to the extent feasible, publishes an article-fee code on the first page of articles to inform users of the appropriate charges for copying.

Participating libraries register with the Center and obtain a user-registration number for use in reporting copying. They submit periodic reports of copying activities and pay the applicable royalty fees on the basis of their chosen payment method, including deposit accounts, billing, and possible prepayment through a stamping meter or stamp.

Presently, this clearance system operates with respect to works in journals, magazines, newsletters, proceedings, symposia, and similar works. Its operating costs are borne by participating publishers.

### 4. Specific questions

The Copyright Office is interested in receiving comments and testimony about any issues relevant to section 108 which concern copyright owners, librarians, and their patrons. Of particular interest are answers to the following questions:

1. To what extent has section 108 changed library procedures? Has there been any significant effect on users' and librarians' access to information?

2. To what extent has section 108 affected established patterns in the publishing industry and the relationship between authors, libraries, and library users?

3. Depending upon the type of library involved, describe the effect, if any, of section 108 upon the type and amount of copying performed by the library on its own behalf or on behalf of users. To what extent have publishers and authors experienced a change in the number of requests from libraries to reproduce works since the present law went into effect?

4. In what manner has the establishment of the Copyright Clearance Center affected your experience under section 108? Would the creation of a National Periodical Center affect your operations? (The intent of these questions is to elicit responses from publishers and authors on the one hand and libraries and library users on the other.)

5. Describe the impact, if any, that section 108 has had upon the replication of nonprint materials, including the ability of libraries to reproduce phonorecords and audio visual works dealing with news. In response to this question describe any problems which have been encountered as the result of the narrower exemptions for nonprint materials under section 108.

6. How has the CONTU "rule of five" worked in practice? How should periodicals more than five years old be treated?

7. What is your opinion of the relationship between section 107 ("fair use") and section 108 ("reproduction by libraries and archives")?

8. How should foreign copyrighted works and requests from foreign libraries be treated under section 108 and, in practice, how are they treated now?

9. If problems do exist, can they be resolved without resort to legislative amendment? If so, what are the problems, and how could they best be resolved? If not, what changes should be made in the law? (17 U.S.C. 108)

Dated: February 8, 1980.

Barbara Ringer,  
Register of Copyrights.

Approved:

Daniel J. Boorstin,  
The Librarian of Congress.

BILLING CODE 1410-63-M

## NUCLEAR REGULATORY COMMISSION

[Dockets Nos. 50-269, 50-270, and 50-287]

### Duke Power Co.; Issuance of Amendments to Facility Operating Licenses

The U. S. Nuclear Regulatory Commission (the Commission) has issued Amendments Nos. 79, 79, and 76 to Facility Operating Licenses Nos. DPR-38, DPR-47 and DPR-55, respectively, issued to Duke Power Company, which revised the Technical

Specifications for operation of the Oconee Nuclear Station, Units Nos. 1, 2 and 3, located in Oconee County, South Carolina. The amendments are effective as of the date of issuance.

These amendments revise the Technical Specifications by delaying the irradiation of an Oconee Unit No. 3 material surveillance capsule in the host Crystal River Unit No. 3 reactor from Crystal River Unit 3's third cycle to its sixth cycle of operation. This rescheduling is necessary to accommodate irradiation requirements for another reactor due to unavailability of its original host, Three Mile Island Unit No. 2.

The application for the amendments complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission had made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendments. Prior public notice of these amendments was not required since the amendments do not involve a significant hazards consideration.

The Commission has determined that the issuance of these amendments will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement or negative declaration and environmental impact appraisal need not be prepared in connection with the issuance of these amendments.

For further details with respect to this action, see (1) the application for amendments dated December 21, 1979, (2) Amendments Nos. 79, 79, and 76 to Licenses Nos. DPR-38, DPR-47 and DPR-55, respectively, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C., and at the Oconee County Library, 201 South Spring Street, Walhalla, South Carolina. A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland, this 7th day of February 1980.

For the Nuclear Regulatory Commission.  
Robert W. Reid,  
Chief, Operating Reactors Branch #4,  
Division of Operating Reactors.

[FR Doc. 80-5097 Filed 2-19-80; 8:45 am]

BILLING CODE 7590-01-M

[Docket No. 50-320]

**Metropolitan Edison Co., et al. (Three Mile Island Nuclear Station, Unit 2); Order**

I

Metropolitan Edison Company, Jersey Central Power and Light Company and Pennsylvania Electric Company (collectively, the licensee) are the holders of Facility Operating License No. DPR-73, which had authorized operation of the Three Mile Island Nuclear Station, Unit 2 (TMI-2) at power levels up to 2772 megawatts thermal. By Order for Modification of License dated July 20, 1979, the licensee's authority to operate the facility was suspended and the licensee's authority was limited to maintenance of the facility in the present shutdown cooling mode (44 FR 45271). The facility, which is located in Londonderry Township, Dauphin County, Pennsylvania, is a pressurized water reactor used for the commercial generation of electricity.

II

On March 28, 1979, an accident at the Three Mile Island Nuclear Station Unit 2 resulted in substantial damage to the reactor core and to certain reactor systems and components. The facility is not capable of normal operation and is in a shutdown condition with fuel in the core. Although many systems were damaged or have subsequently failed, the facility is being maintained in a safe and stable cooling condition. The July 20, 1979 Order directed that the licensee maintain the facility in a shutdown condition in accordance with approved operating and contingency procedures with decay heat being removed by natural convection circulation of primary coolant through the core with heat rejection through the "A" steam generator.

Some of the systems and components currently being used to maintain the facility in its present mode of operation were not originally included in the facility's Technical Specifications. In fact, in the present post-accident status of the facility, the license itself does not include explicit provisions or Technical Specifications for assuring the continued maintenance of the plant in a safe, stable condition or for coping with foreseeable off-normal conditions. Moreover, certain portions of the facility's operating license relate to or govern power operation of the facility, the authority for which was suspended by the Order of July 20, 1979. These provisions are now simply inapplicable to the facility in its present post-accident condition. Consequently, the

facility's operating license<sup>1</sup> should be modified so as to:

(1) Define operating parameters for the current safe, stable, long-term cooling mode for the facility (defined as the recovery mode), and delete all other permissible operating modes so as to assure that operation of the facility in other than the stable shutdown condition of the recovery mode is precluded;

(2) Impose functional, operability, redundancy and surveillance requirements as well as safety limits and limiting conditions with regard to those structures, systems, equipment and components necessary to maintain the facility in the current safe, stable shutdown condition and to cope with foreseeable off-normal conditions.

(3) Prohibit venting or purging or other treatment of the reactor building atmosphere, the discharge of water decontaminated by the EPICOR-II system, and the treatment and disposal of high-level radioactively contaminated water in the reactor building, until each of these activities has been approved by the NRC, consistent with the Commission's Statement of Policy and Notice of Intent to Prepare a Programmatic Environmental Impact Statement (44 FR 67738).

III

For the above reasons, the Facility Operating License has been reviewed and a new set of Technical Specifications has been developed to account for the present condition of the facility and to assure the continued maintenance of the current safe, stable, long-term cooling condition of the facility. The Staff's safety assessment addressing the requirements of the proposed Technical Specifications is set forth in the concurrently-issued Safety Evaluation.

The Office of Nuclear Reactor Regulation has also performed an environmental evaluation of the requirements that would be imposed by these proposed Technical Specifications as reflected in the Environmental Assessment, also issued concurrently. It was determined that since the limits on

<sup>1</sup> The existing Appendix B Technical Specifications imposed for the protection of the environment upon issuance of the TMI-2 operating license would be unchanged and would remain in effect, except that Appendix B Technical Specifications 5.1, 5.2 and 5.3, which identify the licensee's pre-accident management organization for activities addressed by the Appendix B Technical Specifications, are deleted since those requirements will now be performed in accordance with proposed Technical Specifications 6.1, 6.2 and 6.5 which will set forth the current requirements for the licensee's management organization for all licensed activities.

effluent releases and discharges contained in Appendix B to the Facility Operating License are not being changed and remain in effect, and the proposed Technical Specifications attached to this Order do not authorize a change in effluent types or total amounts nor an increase in power level that the proposed Technical Specifications will not result in any significant environmental impact. Accordingly, a negative declaration is being issued concurrently pursuant to 10 CFR 51.5(c)(1) of the Commission's regulations.

Proposed Technical Specification 6.8.1, regarding Administrative Controls, requires that written procedures implementing certain requirements of the modified Technical Specifications be prepared by the licensee. Proposed Technical Specification 6.8.2 provides that these written procedures are to be submitted to, and are subject to approval by, the NRC prior to implementation. Since these written procedures will implement certain requirements of the proposed Technical Specifications, some period of time will be required after its effective date for the licensee to prepare the appropriate written procedures. Based on discussions with the licensee and an evaluation of the scope of the written procedures required, it has been determined that a period of 30 days from the date of this Order will be sufficient for the licensee's preparation of the written procedures required by proposed Technical Specification 6.8.1.

Incorporation into the license of the proposed Technical Specifications would both impose necessary requirements on the licensee to reflect the present condition of the facility and to assure continued maintenance of the current safe, stable, long-term cooling condition of the facility, and facilitate the Commission's enforcement program by providing a single and readily available compilation of enforceable requirements. For these reasons, it is proposed that the license be amended so as to include the Technical Specifications set forth in Attachment 1 hereto. The formal license amendment incorporating these proposed Technical Specifications will become effective on the expiration of the period specified below, during which the licensee or any other person whose interest may be affected may request a hearing or, in the event a hearing is requested and granted, on the date specified in an order made following the hearing or other disposition of such proceeding.

As indicated above, the July 20, 1979 Order directed the licensee to maintain

the facility in a shutdown condition in accordance with approved operating and contingency procedures. This Order is still in effect. The operating and contingency procedures referred to have evolved over the course of the past several months and are now reflected in the requirements that have been included in the proposed Technical Specifications set forth in Attachment 1.

In order to eliminate any possible uncertainty as to the nature and requirements of the operating and contingency procedures referred to in the July 20, 1979 Order, the public health, safety and interest require that that Order be amended, effective immediately, as set forth below, pursuant to section 161.b. of the Atomic Energy Act of 1954, as amended, to include the requirements in Attachment 1. When the proposed Technical Specifications become effective as a result of the formal amendment of the Facility Operating License, they will supersede the July 20, 1979 Order, as amended, since there will be no need to maintain a duplicate set of legal requirements on the licensee.

#### IV

Accordingly, pursuant to the Atomic Energy Act of 1954, as amended, it is ordered that: (1) Effective immediately, the Director's Order for Modification of License of July 20, 1979 is amended by deleting paragraph (2) and substituting the following:

(2) Pending further amendment of the Facility Operating License, the licensee shall maintain the facility in accordance with the requirements set forth in Attachment 1 to the Director's Order dated February 11, 1980.

(2) Effective March 21, 1980 or, in the event a hearing is requested and granted, on the date specified in an order made following the hearing or other disposition of the proceeding, all Appendix A Technical Specifications and Appendix B Technical Specifications 5.1, 5.2 and 5.3 to Facility Operating License No. DPR-73 in effect on March 28, 1979 and all changes thereto issued between that date and the date of this Order are superseded by the proposed Technical Specifications set forth in Attachment 1 hereto.

(3) The written procedures required by proposed Technical Specification 6.8.1 in Attachment 1 hereto shall be completed and submitted to the NRC 30 days after the date of this Order. Pending approval of the written procedures by the NRC, the licensee shall follow the previously approved procedures.

#### V

The licensee or any person whose interest may be affected may, on or before March 21, 1980, file a request for a hearing with respect to this Order, pursuant to 10 CFR § 2.714. As indicated, a request for a hearing with regard to paragraph (2) of this Order shall operate to stay the effectiveness of that paragraph. Accordingly, any such hearing regarding paragraph (2) shall be conducted prior to the adoption of the formal license amendment incorporating the Technical Specifications set forth in Attachment 1 hereto. However, a request for hearing with regard to paragraphs (1) and/or (3) shall not operate to stay the effect of those paragraphs. In the event a hearing is held with regard to paragraph (1) and/or (3), however, such a hearing shall be consolidated with any hearing that may be requested pursuant to paragraph (2). In the event a hearing is held, the issues shall be: (1) whether the requirements set forth in Attachment 1 hereto (summarized in Part II above) are necessary and sufficient for the maintenance of the facility to protect health and safety or to minimize danger to life and property; and (2) whether the provisions of this Order would significantly affect the quality of the human environment.

A request for a hearing must be filed with the Office of the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555, Attention: Docketing and Service Section, by the above date. A copy of the request for a hearing should also be sent to the Executive Legal Director, U.S. Nuclear Regulatory Commission, Washington, DC 20555 and to George F. Trowbridge, Esq., Shaw, Pittman, Potts, and Trowbridge, 1800 M Street, NW., Washington, DC 20036, attorney for the licensee. Any questions regarding the contents of this Order should be directed to the Chief Hearing Counsel, Office of the Executive Legal Director, U.S. Nuclear Regulatory Commission, Washington, DC 20555.

For further details respect to this action, see (1) Operating License DPR-73, as amended, (2) NUREG-0557, "Evaluation of Long-Term Post-Accident Core Cooling of Three Mile Island, Unit 2," NRC Staff Report, dated May, 1979, (3) Memorandum to R. Vollmer from A. Ignatonis, "TMI-2 Plant Modifications for Cold Shutdown, Rev. 2," dated June 8, 1979, (4) Letter to R. Vollmer, NRC, from R. C. Arnold, Metropolitan Edison Co., "Reactor Containment Building Atmosphere Cleanup," dated November 13, 1979, (5) the Commission Staff's related Safety Evaluation and

Environmental Assessment (NUREG-0647), and (6) the Director's Order for Modification of License dated July 20, 1979. All of the above documents are available for inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, DC and at the Commission's Local Public Document Room at the State Library of Pennsylvania, Government Publications Section, Education Building, Commonwealth and Walnut Streets, Harrisburg, Pennsylvania 17126.

Dated at Bethesda, Maryland this 11th day of February, 1980.

BILLING CODE 7590-01-M

[Docket No. 50-320]

**Negative Declaration Regarding Proposed Technical Specifications for Three Mile Island Nuclear Station, Unit No. 2**

The U.S. Nuclear Regulatory Commission has determined that the public health, safety and interest require modification of Facility Operating License No. DPR-73, issued to Metropolitan Edison Company, *et al.* for operation of the Three Mile Island Nuclear Station Unit 2, located in Londonderry Township, Dauphin County, Pennsylvania. This action would modify the Technical Specifications of the Facility Operating License to more accurately reflect the present condition of the facility resulting from the March 28, 1979 accident. Some of the systems and components currently being used to maintain the facility in its present mode of operation were not originally included in the facility's Technical Specifications. In fact, in the present post-accident status of the facility, the license itself does not include explicit provisions or Technical Specifications for assuring the continued maintenance of the plant in a safe, stable condition or for providing for foreseeable off-normal conditions. Moreover, certain portions of the facility's operating license relate to or govern power operation of the facility, the authority for which was suspended by Order for Modification of License of the Director, Office of Nuclear Reactor Regulation, dated July 20, 1979. These provisions are simply inapplicable to the facility in its present post-accident condition. Consequently, by Order dated February 11, 1980, the Director (1) amended the Order of July 20, 1979

effective immediately, to require that the licensee maintain the facility in accordance with the requirements set forth in Attachment 1 to the Order, and (2) proposed to formally amend the Technical Specifications accordingly, in the following areas: Nuclear Safety; Core Cooling, Water Inventory and Reactor Coolant System Pressure Control; Instrumentation; Containment Systems; Fire Detection and Fire Suppression; Electrical Power; Control of Radioactive Materials in Liquid and Gaseous Effluents; and, Review and Audit Functions.

The Office of Nuclear Reactor Regulation prepared a combined Safety Evaluation and Environmental Assessment (NUREG-0647) in connection with this action. It was determined that since the limits on effluent releases and discharges contained in the environmental Technical Specifications for the Facility Operating License (Appendix B) are not being changed and remain in effect, the actions encompassed by this Order do not authorize a change in effluent types or total amounts nor an increase in power level and will not result in any significant environmental impact. In addition, the Technical Specifications include prohibitions against the purging or other treatment of the reactor building atmosphere, the discharge or other disposal of water decontaminated by the Epicor-II system and the treatment and discharge or other disposal of the high-level radioactively contaminated water now in the reactor building without further Commission approval. Thus, in accordance with this finding, no Environmental Impact Statement will be prepared.

The Safety Evaluation and Environmental Assessment (NUREG-0647) and the Director's Order issued February 11, 1980 are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C., and at the Three Mile Island Unit No. 2 Local Public Document Room in the Government Publications Section, State Library of Pennsylvania, Education Building, Commonwealth and Walnut Streets, Harrisburg, Pennsylvania. Copies may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Richard Vollmer, Director TMI-2 Support, NRR.

Dated at Bethesda, Maryland this 11th day of February, 1980.

For the Nuclear Regulatory Commission,  
Harold R. Denton,  
*Director, Office of Nuclear Reactor Regulation.*

BILLING CODE 7590-01-M

[Docket Nos. 50-270 and 50-287]

**Duke Power Co. (Oconee Nuclear Station, Units 2 and 3); Order Modifying January 2, 1980, Show Cause Order**

**I**

On January 2, 1980 Duke Power Company (the licensee) was issued an Order to Show Cause why it should not, by February 15, 1980, implement all "Category A" Lessons Learned requirements or shut down Oconee Nuclear Station, Units 2 and 3 unless among other things, a shutdown would severely impact the power reliability of the Virginia-Carolina (VACAR) subregion of the Southeastern Electric Reliability Council. The Order provided that it was temporarily effective pending further order.

**II**

The licensee answered the Order on January 15, 1980 requesting on the basis of power reliability that sequential shutdown of the Oconee units be allowed such that at no time prior to May 31, 1980 will two or more units be out of service as a result of the Order. A shutdown is necessary to meet the two outstanding requirements which pertain to direct indication of valve positions and containment isolation. The licensee has indicated that it could adopt compensatory measures consisting of a dedicated man to monitor valves in the control room until the outstanding requirements are met.

The Department of Energy has reviewed the power reliability for the VACAR area and concluded that there is a risk of severe system reliability impacts if two of the three Oconee units are shut down during the February 15, 1980 to March 15, 1980 period. If March is colder than expected, the potentially severe reliability impacts may extend until the end of March.

**III**

In view of the power reliability analysis conducted by DOE and the compensatory measures which the licensee could take, I find good cause shown to modify the January 2, 1980 Order. Accordingly, pursuant to the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR Parts 2 and 50, IT IS HEREBY

ORDERED THAT the January 2, 1980 Order is modified as follows:

(a) Unit 2 shall be shut down for implementation of the Category A Lessons Learned requirements after Unit 1 reaches full power operation, but no later than March 15, 1980.

(b) Unit 3 shall be shut down for implementation of the Category A Lessons Learned requirements on or before March 15, 1980.

(c) Until Unit 3 is shut down the licensee shall provide a dedicated qualified person in the control room to monitor the PORV and safety valves, to close any valve that might be open in case a low reactor coolant system pressure signal is generated, and to notify control operator if any out-of-normal indications are noted, and

(d) The requirement that Unit 3 be shut down by March 15, 1980, may be modified if additional power reliability information is provided and NRC concludes that severe reliability impacts extend past March 15, 1980.

For the reasons given in the January 2, 1980, Order, I find that the public health, safety, and interest requires that this Modification Order be effective immediately.

#### IV

The licensee may file a written answer to this Order under oath or affirmation within twenty (20) days of the date of the Order. The licensee or any other person whose interest may be affected by this Order may request a hearing within twenty (20) days of the date of the Order. Any request for a hearing will not stay the temporary effectiveness of this Order. Any request for a hearing shall be addressed to the Director, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. If a hearing is requested by a person whose interest may be affected by this Order, the Commission will issue an Order designating the time and place of any such hearing. In the event a hearing is requested, the issue to be considered at such hearing shall be:

Whether the remaining "Category A" requirements and the compensatory measures should be implemented in accordance with the schedule prescribed by this Order.

Operation of the facility on terms consistent with this Order is not stayed by the pendency of any proceedings on the Order.

Dated at Bethesda, Maryland this 7th day of February, 1980.

For the Nuclear Regulatory Commission,  
Harold R. Denton,  
*Director, Office of Nuclear Reactor Regulation.*

#### [Docket No. 50-331]

#### Iowa Electric Light & Power Co., et al; Issuance of Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 56 to Facility Operating License No. DPR-49 issued to Iowa Electric Light and Power Company, Central Iowa Power Cooperative, and Corn Belt Power Cooperative, which revises the Technical Specifications for operation of the Duane Arnold Energy Center, located in Linn County, Iowa. The amendment is effective as of its date of issuance.

The amendment will modify the thermal and pressurization limitations on the reactor coolant system to conform with the requirements of 10 CFR Part 50, Appendix G.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated May 21, 1976, as supplemented October 12, 1977 and October 10, 1979, (2) Amendment No. 56 to License No. DPR-49, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C. and at the Cedar Rapids Public Library, 426 Third Avenue, S.E., Cedar Rapids, Iowa 52401. A copy of items (2) and (3) and may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission,

Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

#### [Docket No.: 50-367]

#### Northern Indiana Public Service Co. (Bailly Generating Station, Nuclear 1); Request for Action Under 10 CFR 2.206

Notice is hereby given that by letter dated November 13, 1979, the Attorney General of the State of Illinois, William J. Scott, requested that the Nuclear Regulatory Commission halt construction of the Bailly Generating Station, Nuclear 1, because of its proximity to a major urban area. This petition is being treated as a request for action under 10 CFR 2.206 of the Commission's regulations, and accordingly, action will be taken on the petition within a reasonable time.

Copies of the petition are available for inspection in the commission's Public Document Room at 1717 H Street, N.W., Washington, D.C. 20555 and in the local public document room at West Chester Township Public Library, 125 South Second Street, Chesterton, Indiana 46304.

#### [Docket No. 50-263]

#### Northern States Power Co.; Issuance of Amendment to Provisional Operating License and Negative Declaration

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 43 to Provisional Operating License No. DPR-22, issued to Northern States Power Company, which revised Technical Specifications for operation of the Monticello Nuclear Generating Plant (the facility) located in Wright County, Minnesota. The amendment is effective as of its date of issuance.

The amendment is associated with the seventh refueling and the extended

exposure fuel program for the facility. Modifications are made to the operating limit minimum critical power ratio's and the average planar linear heat generation rate limitations on the fuel.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has prepared an environmental impact appraisal for this action and has concluded that an environmental impact statement for this particular action is not warranted because there will be no significant environmental impact attributable to the action other than that which has already been predicted and described in the Commission's Final Environmental Statement for the facility.

For further details with respect to this action, see (1) the application for amendment dated September 17, 1979, as supplemented November 1, November 30 and December 31, 1979, (2) Amendment No. 43 to License No. DPR-22, (3) The Commission's related Safety Evaluation and (4) the Commission's related Environmental Impact Appraisal. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C. and at the Environmental Conservation Library, Minneapolis Public Library, 300 Nicollet Mall, Minneapolis, Minnesota. A copy of items (2), (3) and (4) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland, this 12th day of February 1980.

For the Nuclear Regulatory Commission,  
Thomas A. Ippolito,  
*Chief, Operating Reactors Branch #3,  
Division of Operating Reactors.*

BILLING CODE 7590-01-M

[Docket Nos. 50-443 and 50-444]

**Public Service Co. of New Hampshire, et al. (Seabrook Station, Unit Nos. 1 and 2); Issuance of Director's Decision Under 10 CFR 2.206**

By petition dated May 2, 1979, Robert A. Backus, on behalf of the Seacoast

Anti-Pollution League (SAPL) requested that the Director, Office of Nuclear Reactor Regulation, issue an Order to Show Cause why Construction Permit Nos. CPPR-135 and CPPR-136 for the Seabrook Station, Unit Nos. 1 and 2, should not be suspended or revoked. SAPL based its request on:

(1) Failure of NRC to require development of an evacuation plan beyond the low population zone as part of the construction permit proceedings, and

(2) Failure of NRC to evaluate the consequences of a Class 9 accident, including the necessity for evacuation beyond the low population zone.

Notice of receipt of SAPL's petition was published in the Federal Register (44 FR 32054 (June 4, 1979)). On July 30, 1979, the New England Coalition on Nuclear Pollution (NECNP) filed a memorandum in support of SAPL's petition. On November 16, 1979, the Commonwealth of Massachusetts also filed a memorandum in support. On October 12, 1979, the State of New Hampshire filed a Statement of Position.

Upon review of the material submitted by SAPL, NECNP, and Massachusetts and upon consideration of other relevant information, I have determined not to issue an Order to Show Cause. Accordingly, the requests of SAPL and NECNP are denied. A copy of the decision in this matter is available for inspection in the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C. 20555, and in the local public document room for the Seabrook Station at the Exeter Public Library, Front Street, Exeter, New Hampshire 03883. A copy of this decision will also be filed with the Secretary for the Commission's review in accordance with 10 CFR 2.206(c) of the Commission's regulations.

As provided in 10 CFR 2.206(c), this decision will constitute the final action of the Commission 20 days after the date of issuance of the decision, unless the Commission on its own motion institutes a review of this decision within that time.

Dated at Bethesda, Maryland, this 11th day of February 1980.

For the Nuclear Regulatory Commission,  
Harold R. Denton,  
*Director, Office of Nuclear Reactor Regulation.*

BILLING CODE 7590-01-M

[Docket No. 70-1113]

**General Electric Co.; Receipt of Applications and Intent To Prepare Environmental Assessments Concerning Amendments of License SNM-1097**

**AGENCY:** U.S. Nuclear Regulatory Commission.

**ACTION:** Notice of Receipt of Applications for Amendments of License and Intent to Prepare Environmental Assessments.

**SUMMARY:** 1. Description of Proposed Actions—General Electric Company, pursuant to § 70.34 of 10 CFR Part 70, has made two applications for amendment of its special nuclear material license for operations with low enriched uranium at its Wilmington, North Carolina, fuel fabrication plant. The 1,664-acre General Electric plant site is located approximately 6 miles north of Wilmington, North Carolina, in New Hanover County. The amendment applications concern (1) expansion of the facilities for conversion of uranium hexafluoride to uranium dioxide, and (2) replacement of an incinerator for combustible wastes contaminated with uranium. The applications were dated December 21, 1979, and December 27, 1979, respectively. Title 10 of the Code of Federal Regulations, Part 51, provides for the preparation of environmental assessments pursuant to the National Environmental Policy Act of 1969 (NEPA) prior to the issuance of amendments where there may be a significant change in effluent releases.

2. In preparation of the assessments, the NRC staff will review environmental monitoring data, the waste treatment systems, the environmental monitoring program, and consider the alternative of denial of either application for license amendment.

3. In conducting its assessments, the NRC staff will consult with interested State and local agencies, EPA Regional Office, and interested members of the public as well as the applicant. Based on the environmental assessments, the staff will determine whether to prepare environmental impact statements or make findings of no significant impact, as appropriate to each of the two applications.

4. The environmental assessment concerning the expanded conversion operation is expected to be available to the public in October 1980. The environmental assessment concerning the new incinerator is expected to be available to the public in March 1981.

5. The NRC evaluations of the amendment applications will include both the environmental effects and the

safety of the proposed operations. Thus, in addition to the types of environmental data to be reviewed in preparing the environmental assessments, the evaluations will cover NRC inspection records, administrative procedures, General Electric organization, the radiological safety program, and the nuclear criticality safety program. The results of the safety evaluation for the expanded conversion operations will be reported in a Safety Evaluation Report (SER) to be available about October 1980. The SER for the incinerator should be available about April 1981.

6. The amendment applications and any subsequent documents will be available for inspection and copying at the Public Document Room, 1717 H Street, N.W., Washington, D.C. 20555. Address: Questions about the amendment applications should be directed to Mr. R. L. Stevenson, Project Manager, U.S. Nuclear Regulatory Commission, Division of Fuel Cycle and Material Safety, 396-SS, Washington, D.C. 20555, Phone (301) 427-4510.

Dated at Silver Spring, Maryland, this 13th day of February, 1980.

For the Nuclear Regulatory Commission,  
R. G. Page,  
*Acting Chief, Uranium Fuel Licensing Branch,  
Division of Fuel Cycle and Material Safety.*

BILLING CODE 7590-01-M

[Docket Nos. 50-259, 50-260 and 50-296]

#### Tennessee Valley Authority; Issuance of Amendments to Facility Operating Licenses

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 58 to Facility Operating License No. DPR-33, Amendment No. 53 to Facility Operating License No. DPR-52 and Amendment No. 31 to Facility Operating License No. DPR-68 issued to Tennessee Valley Authority (the licensee), which revised Technical Specifications for operation of the Browns Ferry Nuclear Plant, Units Nos. 1, 2 and 3, located in Limestone County, Alabama. The amendments are effective as of the date of issuance.

These amendments change subsection 6.2 of the Administrative Controls Section of the Technical Specifications to increase the duties and functions of TVA's Nuclear Safety Review Board and to increase the designated membership on the Plant Operations Review Committee from seven to nine functional representatives.

The application for the amendments

complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendments. Prior public notice of these amendments was not required since the amendments do not involve a significant hazards consideration.

The application for the amendments complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendments. Prior public notice of these amendments was not required since the amendments do not involve a significant hazards consideration.

The Commission has determined that the issuance of these amendments will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of these amendments.

For further details with respect to this action, see (1) the application for amendments dated November 29, 1979, (2) Amendment No. 58 to License No. DPR-33, Amendment No. 53 to License No. DPR-52, and Amendment No. 31 to License No. DPR-68, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C. and at the Athens Public Library, South and Forrest, Athens, Alabama 35611. A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland, this 13th day of February 1980.

For the Nuclear Regulatory Commission,  
Thomas A. Ippolito,  
*Chief, Operating Reactors Branch #3,  
Division of Operating Reactors.*

BILLING CODE 7590-01-M

#### OFFICE OF MANAGEMENT AND BUDGET

##### Proposed Procedures for Standardizing Population Projection; Public Hearings and Extension of Comment Period

**AGENCY:** Office of Management and Budget.

**ACTION:** Notice of public hearings and extension of comment period on proposed procedures for standardizing population projections.

**SUMMARY:** On December 5, 1979, the Department of Commerce and the Office of Management and Budget concurrently published on pages 70076-70083 in the Federal Register notices of intent to develop a directive and circular standardizing the use of population projections for federal fund allocation purposes. The Office of Management and Budget notice indicated that public hearings would be conducted on these proposals. This notice sets forth the date and location of these hearings.

**FOR FURTHER INFORMATION, CONTACT:** Walter S. Groszyk, Jr., Intergovernmental Affairs Division, Office of Management and Budget, Room 5217, New Executive Office Building, Washington, D.C. 20503, phone (202) 395-3157.

**SUPPLEMENTARY INFORMATION:** Public hearings on both the Department of Commerce and Office of Management and Budget notices will be held on the following dates in four locations: 1) March 10, 1980, beginning at 9:00 a.m., Room 125, Hale Boggs Building, 500 Camp Street, New Orleans, Louisiana; 2) March 11, 1980, beginning at 10:00 a.m., Rooms 29-30-32, FAA Federal Building, 15000 Aviation Boulevard, Los Angeles, California; 3) March 13, 1980, beginning at 10:00 a.m., in the Second Floor Assembly Hall, Soldiers Memorial Building, 1315 Chestnut Street, St. Louis, Missouri; and 4) March 14, 1980, beginning at 10:00 a.m., Rooms 3306-3310, William J. Green Jr. Federal Office Building, 600 Arch Street, Philadelphia, Pennsylvania.

Morning and afternoon sessions are planned at all four hearings. All afternoon sessions will begin at 1:00 p.m. At the Philadelphia hearing only, in addition to presentations of the two notices, statements and comments will be also received on the models, methods, and formulas to be used by the Bureau of Economic Analysis and the Bureau of the Census in the development of projections of state population. This information was not

published in the Federal Register but has been available on request.

Persons wishing to present their views at a hearing are asked to notify Mr. Walter S. Groszyk at the address indicated above by March 7, 1980. Any preference for testifying at either the morning or afternoon session should be indicated as part of the notification. Individuals may also register to testify on the day of the hearing at the hearing site. Generally, individual presentations should not exceed ten minutes. An additional period of approximately five minutes will be allowed for questions or discussion of a presentation. Written statements of any length may be submitted as part of the hearing record.

So that views expressed during these hearings may be considered as part of the public comment period, the due date for written comments on both the Department of Commerce and OMB notices is extended one month. The new date for written comments is April 4, 1980.

Dated: February 13, 1980.

David R. Leuthold,  
Budget and Management Officer.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 21435; 70-5568]

### Alabama Power Co.; Post-effective Amendment Regarding Financing of Pollution Control Facilities

February 13, 1980. Notice is hereby given that Alabama Power Company ("Alabama"); 600 North 18th Street, Birmingham, Alabama 35291, an electric utility subsidiary company of The Southern Company, a registered holding company, has filed with this Commission a post-effective amendment to the application in this proceeding pursuant to Sections 9(a) and 10 of the Public Utility Holding Company Act of 1935 ("Act") regarding the following proposed transaction. All interested persons are referred to the amended application, which is summarized below, for a complete statement of the proposed transaction.

In accordance with orders in this proceeding dated November 21, 1974, December 19, 1974, and December 7, 1976 (HCAR Nos. 18670, 18721, and 19799), Alabama entered into an Installment Sale Agreement dated as of December 1, 1974, and a supplement thereto dated as of December 1, 1976 ("Agreement") with the Industrial Development Board of the City of Mobile, Alabama ("Board") to finance certain pollution control facilities at Alabama's Barry and Chickasaw steam plants (such facilities at such plants being referred to hereafter as the

"Project"). Pursuant to such Agreement, the Board purchased the then existing portions of the Project and undertook to complete its construction and to sell the completed Project to Alabama for a purchase price payable in semi-annual installments over a term of years. To secure its obligations under the Agreement, Alabama granted to the Board a security interest in the Project subordinate to the lien of the Indenture dated as of January 1, 1942, between Alabama and Chemical Bank, as Trustee, as supplemented and amended. The Board issued its Series A pollution control revenue bonds ("Original Bonds") and Series B pollution control revenue bonds ("First Additional Bonds") pursuant to a Trust Indenture dated as of December 1, 1974, and a supplement thereto dated as of December 1, 1976, respectively, ("Indenture") in the aggregate principal amount of \$40,300,000, then estimated to be sufficient to cover the Cost of Construction (as defined in the Agreement) of the Project. The Board assigned all its right, title, and interest in the Agreement, including such subordinate security interest, to the trustee under the Indenture ("Revenue Bond Trustee") as security for the pollution control revenue bonds, including the Original Bonds and the First Additional Bonds, to be issued under the Indenture. The proceeds of the sale of the Original Bonds and the First Additional Bonds were deposited by the Board with the Revenue Bond Trustee. Such proceeds have been applied to payment of the Cost of Construction of the Project.

Alabama has determined, however, that the total Cost of Construction of the Project will exceed the proceeds of the Original Bonds and the First Additional Bonds. Consequently, Alabama proposed to request that the Board issue up to \$15,000,000 in Series C revenue bonds ("Second Additional Bonds"). Upon the issuance of the Second Additional Bonds, Alabama's obligation under the Agreement to make semi-annual purchase price payments will, as provided in the Agreement, be increased to require additional payments sufficient (together with other moneys held by the Revenue Bond Trustee under the Indenture for that purpose) to pay the principal of, premium (if any), and interest on the Second Additional Bonds as they become due and payable. The Board and the Revenue Bond Trustee will enter into a supplement ("Supplement") to the Indenture providing for the Second Additional Bonds. The Supplement will provide for redemption provisions for the Second Additional Bonds comparable to those

provided for the original Bonds and the First Additional Bonds. As in the Original Bonds and the First Additional Bonds, it is proposed that the Second Additional Bonds will mature not more than 30 years from the first day of the month in which they are initially issued and will be entitled to the benefit of serial maturities and/or a mandatory redemption sinking fund calculated to retire not less than 25% of the aggregate principal amount of the Second Additional Bonds prior to maturity. Alabama and the Board will execute and deliver to the Revenue Bond Trustee, as required by the Indenture, a supplement to the Agreement providing for the payment of all expenses and cost incurred or to be incurred by virtue of the issuance of the Second Additional Bonds.

It is contemplated that arrangements will be made by the Board with one or more investment bankers providing for the placement or underwriting of the Second Additional Bonds. Alabama will not be party to such arrangements. In accordance with the laws of the State of Alabama, the interest rate to be borne by the Second Additional Bonds will be fixed by the Board. Bond counsel will issue an opinion that interest on the Second Additional Bonds presently is exempt from federal income taxation. Alabama has been advised that the annual interest rates on obligations, the interest on which is tax exempt, historically have been, and can be expected at the time of issue of the Second Additional Bonds to be, 1½% to 2½% lower than the rates of obligations of like tenor and comparable quality, interest on which is fully subject to federal income taxation; however, under current market condition interest on the Second Additional Bonds is expected to be 3% to 4% lower.

It is stated that the fees, commissions, and expenses to be paid or incurred, directly or indirectly, in connection with the post-effective amendment (as distinguished from and excluding fees, commissions, and expenses incurred or to be incurred in connection with the sale of the Second Additional Bonds by the Board payable out of the proceeds of such sale and in connection with the determination of the tax exempt status of the Second Additional Bonds) will be filed by amendment. It is further stated that the incurring of the obligations presently proposed under the Agreement by Alabama will have been authorized by the Alabama Public Service Commission and that no other state commission and no federal commission, other than this Commission, has

jurisdiction over the proposed transaction.

Notice is further given that any interested person may, not later than March 12, 1980, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said post-effective amendment to the application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail upon the applicant at the above-stated address, and proof of service (by affidavit or, in the case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application, as now amended or as it may be further amended, may be granted as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

George A. Fitzsimmons,  
Secretary.

[FR Doc. 5259 Filed 2-19-80; 8:45 am]  
BILLING CODE 3010-01-M

[Release No. 11046; 812-4589]

**John Hancock Mutual Life Insurance Co. and John Hancock Variable Account A; Filing of Application Pursuant to Section 6(c) of the Act for an Amendment of an Existing Order of Exemption From the Provisions of Section 22(d) of the Act**

February 13, 1980.

Notice is hereby given that John Hancock Variable Account A, John Hancock Place Boston, MA 02117 (the "Account"), a diversified, open-end management investment company registered under the Investment Company Act of 1940 (the "Act"), and John Hancock Mutual Life Insurance Company ("John Hancock"), a mutual life insurance company incorporated under the laws of the State of Massachusetts (hereinafter collectively called "Applicants"), have filed an

application on December 19, 1979 for an order pursuant to Section 6(c) of the Act amending an existing order of exemption from the provisions of Section 22(d) of the Act (Investment Company Act Release No. 7430, October 17, 1972) to permit holders of fixed-dollar insurance policies and annuity contracts ("fixed-dollar policies") issued by John Hancock to apply amounts payable under such fixed-dollar policies to the purchase of variable annuity contracts subject to a deduction for sales expense equal to one-half the normal amount.

Applicants' existing order of exemption from the provision of Section 22(d) permits holders of fixed-dollar policies issued by John Hancock in connection with tax-qualified plans to apply amounts payable under such fixed-dollar policies to the purchase variable annuity contracts without any deductions from the purchase payment represented by such proceeds for sales expenses or for the \$75 administrative charge. The requested amendment to the order would enable John Hancock to make a deduction from the purchase payment represented by such proceeds for sales expenses equal to one-half the normal deduction for sales expenses and without the fixed \$50 administrative charge.

John Hancock offers for sale variable annuity contracts in connection with certain pension, profit-sharing and annuity purchase plans meeting the requirement for qualification under Section 401, 403(a), 403(b), 404(a), 408 or 457 of the Internal Revenue Code (herein referred to as "tax-qualified plans"). Such contracts may be either Single Payment Contracts (the "Contracts"), Immediate or Deferred, or Periodic Payment Deferred Contracts. Each Contract obligates John Hancock to make annuity payments, commencing immediately under Single Payment Immediate Contracts or at a later date under Single Payment Deferred Contracts, to the Annuitant on whose life the Contract is issued and to provide certain other benefits.

In connection with its issue and sale of the Contracts, John Hancock makes deductions from purchase payments for sales and administrative expenses, for taxes, if any, based on the amount of the purchase payment and, in the case of Deferred Contracts, for the undertaking of John Hancock to pay a minimum death benefit. Under the Single Payment Contracts to which the existing order of exemption from the provisions of Section 22(d) applies, the maximum deduction from the purchase payment for sales expenses is 5% for either a

Deferred or Immediate Contract. Additionally, there is an administrative expense deduction of \$75 plus a maximum of 2% of the purchase payment under either kind of Contract and a deduction under the Single Payment Deferred Contract of 0.5% of the purchase payment for the minimum death benefit. The normal minimum payment for the purchase of a Contract is \$5,000.

Under the new Single Payment Contracts for which the amendment to the existing order of exemption is sought (Contracts to be issued subsequent to the effective date of the Account's Registration Statement under the Securities Act of 1933), the maximum deduction from the purchase payment for sales expenses will be 3.5% for either a Deferred or Immediate Contract. Additionally, there is an administrative expense deduction of \$50 plus a maximum of 0.5% of the first \$25,000 of the purchase payment under either kind of Single Payment Contract and a deduction under the Single Payment Deferred Contract of 0.5% of the purchase payment for the minimum death benefit. The normal minimum payment for the purchase of a Contract continues to be \$5,000.

Section 22(d) of the Act provides in part that no registered investment company shall sell any redeemable security issued by it to any person except either to or through a principal underwriter for distribution or at a current public offering price described in the prospectus, and, if such class of security is being currently offered to the public by or through an underwriter, that no principal underwriter of such security and no dealer shall sell any such security to any person except a dealer, a principal underwriter or the issuer, except at a current offering price described in the prospectus.

Applicants request that their existing order of exemption from the requirements of Section 22(d) of the Act be amended to enable John Hancock to permit holders of fixed-dollar policies issued in connection with tax-qualified plans to apply amounts payable under such fixed-dollar policies (in the form of maturity benefits, cash surrender values, sums due under optional methods of settlement and the like) to the purchase of Single Payment Contracts with a deduction for sales expenses of one-half the normal deduction and the regular deduction for administrative expenses and for the minimum death benefit, but without the fixed \$50 administrative expense deduction. The minimum payment through such application of

fixed-dollar policy proceeds is to be \$2,000.

Applicants assert that persons who purchase contracts with insurance or annuity proceeds of fixed-dollar policies will have already incurred a charge for sales expenses in connection with such fixed-dollar policies which in every case is equal to or larger than the sales expense deduction applicable to purchase payments under the Single Payment Contracts. Applicants also assert that a deduction of one-half the normal charge for the sales expenses more appropriately reflects the selling effort and expense involved in these circumstances than no deduction whatsoever, and would be consistent with the level of charges applicable to similar transactions of a comparable investment company for which John Hancock is the principal underwriter. In further support of the requested amendment, Applicants state that the grant of the revised exemption will not disrupt the orderly distribution of redeemable securities since conventional distribution channels are not generally available for the distribution of the Contracts and, because of the characteristics of the Contracts, it is not possible for a secondary market to develop.

Section 8(c) of the Act provides, in part, that the Commission may, by order upon application, conditionally or unconditionally exempt any person, security or transaction, or any class or classes of persons, securities or transactions, from any provision or provisions of the Act or of any rule or regulation thereunder, if and to the extent that such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Applicants submit that the exemptions from the provisions of Section 22(d) which they request are appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than March 10, 1980, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the application accompanied by a statement as to the nature of his interest, the reasons for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary,

Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail upon Applicants at the address stated above. Proof of such service (by affidavit or, in the case of an attorney-at-law, by certificate) shall be filed contemporaneously with the request. As provided by Rule 0-5 of the Rules and Regulations promulgated under the Act, an order disposing of the application herein will be issued as of course following March 10, 1980 unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

George A. Fitzsimmons,  
Secretary.

BILLING CODE 8010-01-M

[Release No. 21426; 705399]

**Middle South Utilities, Inc.; et al.;  
Amendments To Proposed  
Transactions**

February 11, 1980.

In the matter of MIDDLE SOUTH UTILITIES, INC.; P.O. Box 61005, New Orleans, Louisiana 70161; MIDDLE SOUTH ENERGY, INC.; P.O. Box 61000, New Orleans, Louisiana 70161; MISSISSIPPI POWER & LIGHT COMPANY, P.O. Box 1640, Jackson, Mississippi 39205; ARKANSAS POWER & LIGHT COMPANY, P.O. Box 551, Little Rock, Arkansas 72203; ARKANSAS-MISSOURI POWER COMPANY, 405 West Park Street, Blytheville, Arkansas 72315; LOUISIANA POWER & LIGHT COMPANY, 142 Delaronde Street, New Orleans, Louisiana 70174; and NEW ORLEANS PUBLIC SERVICE, INC.; 317 Baronne Street, New Orleans, Louisiana 70160. Notice of Post-effective amendment regarding proposed increase in authorized bank borrowings, and of proposed amendments to various agreements relating to construction program.

Notice is hereby given that Middle South Utilities, Inc. ("MSU"), a registered holding company, its wholly-owned subsidiary, Middle South Energy, Inc. ("MSE"), which has been organized to construct and own electric generating facilities for the MSU system, and MSU's above-named principal operating

subsidiaries have filed with this Commission post-effective amendments to the application-declaration in this proceeding pursuant to Sections 8(a), 7 and 12 of the Public Utility Holding Company Act of 1935 ("Act") regarding the following proposed transactions. All interested persons are referred to the amended application-declaration for a complete statement of the proposed transactions.

By order in this proceeding dated June 24, 1977 (HCAR No. 20090), MSE was authorized to enter into an Amended and Restated Bank Loan Agreement ("Bank Loan Agreement") with Manufacturers Hanover Trust Company, as agent, and a group of banks ("Banks") whereby MSI could borrow and reborrow on revolving credit basis up to \$565,000,000 through and including December 31, 1982, all of such borrowings to be due and payable on such date. No repayments prior to such date are required. As security for loans under the Bank Loan Agreement, MSE assigned to the Banks certain of its rights under two agreements.

As of December 31, 1979, MSE has borrowed \$547,000,000 under the Bank Loan Agreement. Proceeds of such borrowings have been applied to the cost of construction of the Grand Gulf Nuclear Electric Generating Station ("Grand Gulf Project"), a two-unit station presently under construction in Grand Gulf, Mississippi, and currently estimated to cost \$3,000,000,000. The first unit is scheduled for commercial operation in April, 1982, and the second unit is scheduled for commercial operation in April, 1985. Through December 31, 1979, approximately \$1,400,000,000 has been expended on construction. To enable MSE to continue construction of the Grand Gulf Project and for the other purposes stated in the application-declaration, as amended, MSE proposes to amend the terms of the Bank Loan Agreement to modify the present amounts of the commitments of certain of the Banks thereunder. The two agreements assigning a security interest to the Banks will be amended accordingly, or new agreements may be entered into, to conform these agreements to the proposed changes. The total commitment of the Banks will be increased by \$243,000,000 from \$565,000,000 to not more than \$808,000,000.

In addition to increasing the aggregate commitment, MSE has negotiated other changes in the Bank Loan Agreement and hereby requests authorization in order to: (1) extend the maturity of borrowings under the Bank Loan Agreement from December 31, 1982 to

December 31, 1985 and borrow and reborrow any amounts committed on a revolving credit basis during such period; (2) agree that the aggregate commitment of the Banks can be reduced by \$150,000,000 per year by the end of the years 1983, 1984 and 1985 and that any borrowings in excess of the reduced commitment be repaid at the time of the reduction; (3) agree that a default will occur if Grand Gulf Unit No. 1 is not placed in commercial operation by December 31, 1982; and (4) change the interest rate formula as follows:

Time period	Present rate	Proposed rate
To March 31, 1980	110% x (% of 1% plus MHT rate)*.	Same.
April 1, 1980 to December 31, 1982.	110% x (1% plus MHT Rate).	110% x (% of 1% plus MHT Rate).
January 1, 1983 to December 31, 1985.	None applicable	110% x (1% plus MHT Rate).

\*Commercial loan rate of Manufacturers Hanover Trust Company in New York City on 90-day loans to its most responsible and substantial domestic corporate borrowers.

In all other respects the Bank Loan Agreement would remain unchanged from the form of agreement now in effect.

No finders fee or other similar fee, commission or remuneration is to be paid in connection with the negotiation of the terms of the proposed amendment to the Bank Loan Agreement or issuance of notes thereunder. Estimated expenses in connection with the consummation of the proposed transactions will be supplied by post-effective amendment. It is stated that no state or federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than March 10, 1980, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said applicants-declaration as amended by said post-effective amendments, which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail upon the applications-declarants at the above-stated addresses, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as amended by said post-effective amendments or as it may be further amended, may be

granted and permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices or orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

George A. Fitzsimmons,  
Secretary.

BILLING CODE 8010-01-M

[Release No. 16570; SR-MSRB-79-14]

### Municipal Securities Rulemaking Board; Order Approving Proposed Rule Change

February 13, 1980

On December 17, 1979, the Municipal Securities Rulemaking Board, Suite 507, 1150 Connecticut Avenue, NW., Washington, D.C. 20038, (the "MSRB") filed with the Commission, pursuant to Section 19(b) of the Securities Exchange Act of 1934, 15 U.S.C. 78(s)(b) (the "Act") and Rule 19b-4 thereunder, copies of a proposed rule change. The purpose of the proposed rule change is to conform the provisions of the MSRB's current arbitration code, contained in MSRB rule G-35, to those of the Uniform Code of Arbitration (the "Uniform Code") drafted by the Securities Industry Conference on Arbitration. The proposed rule change would modify the MSRB's arbitration procedures for the resolution of disputes arising between customers and municipal securities professionals and for the resolution of intra-industry disputes involving municipal securities brokers and dealers. The proposal anticipates that the Uniform Code will be adopted by other self-regulatory organizations to provide a uniform system of arbitration throughout the securities industry.<sup>1</sup>

Notice of the proposed rule change together with the terms of substance of

the proposed rule change was given by publication of a Commission Release (Securities Exchange Act Release No. 16459 (December 23, 1979)) and by publication in the Federal Register (45 FR 1718 (1980)). No comments were received by the Commission with respect to the proposed rule change.

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to the MSRB and, in particular, the requirements of Section 15B and the rules and regulations thereunder.<sup>2</sup>

It is Therefore Ordered, pursuant to Section 19(b)(2) of the Act, that the above-mentioned proposed rule change be, and it hereby is, approved.

For the Commission, by the Division of Market Regulation pursuant to delegated authority.

George A. Fitzsimmons,  
Secretary.

[FR Doc. 80-5260 Filed 2-13-80; 8:45 a.m.]

BILLING CODE 8010-01-M

[Rel. No. 21430; 70-5353]

### New England Electric System and New England Power Service Co.; Proposed Extension of Short-Term Borrowing Authorization for Subsidiary Service Company

February 13, 1980.

Notice is hereby given that New England Electric System, 25 Research Drive, Westborough, Massachusetts 01581, ("NEES"), a registered holding company, and its service company subsidiary, New England Power Service Company ("NEPSCO"), have filed with this Commission a post-effective amendment to their application-declaration previously filed and amended pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating Sections 6(a), 7, 9(a), 10, 12 and 13 of the Act and Rules 42, 45, 90 and 91 promulgated thereunder as applicable to the following proposed transaction. All interested persons are referred to the application-declaration, as amended by said post-effective amendment, which is summarized below, for a complete statement of the proposed transaction.

<sup>1</sup> The Uniform Code has been adopted by the New York Stock Exchange, Inc., Securities Exchange Act Release No. 16390 (November 30, 1979), 44 FR 70616 (1979); the Cincinnati Stock Exchange, Release No. 16472 (January 8, 1980), 45 FR 2722 (1980); the American Stock Exchange, Inc., Release No. 16502 (January 16, 1980), 45 FR 5863 (1980); and the Midwest Stock Exchange, Incorporated, Release No. 16503 (January 16, 1980), 45 FR 5860 (1980).

<sup>2</sup> The Commission emphasizes, however, that, notwithstanding the approval of the proposed rule change, arbitration clauses contained in customer agreements that purport to bind customers to arbitrate future disputes raising claims under the federal securities laws are unenforceable against customers that choose to obtain a judicial determination of such claims. See Securities Exchange Act Release No. 15984 (July 2, 1979), 44 FR 40462 (1979).

By order dated December 21, 1979 (HCAR No. 21354), NEPSCO was authorized, among other things, to issue and sell from time to time through March 31, 1980, its short-term notes ("Notes") to banks and/or NEES up to a maximum amount of \$4,000,000 outstanding. By post-effective amendment it is requested that the period within which NEPSCO may make such borrowings, to the maximum of \$4,000,000 outstanding, be extended until March 31, 1981.

The Notes would be issued to banks and/or to NEES, would mature in less than one year from date of issuance and would provide for prepayment in whole or in part without penalty. The Notes issued to banks would bear interest at a rate not exceeding the prime rate in effect at the time of issuance (not including any fees in lieu of compensating balances), and those issued to NEES would bear interest at a rate not in excess of the prime rate in effect at the time of issuance. Assuming a prime rate of 15.25% and compensating balance requirements of 20%, or fees equivalent thereto, the effective interest cost of bank borrowings would be 19.06%, and the effective interest cost of borrowings from NEES would be 15.25%.

It is proposed that NEPSCO may prepay its Notes issued to NEES, in whole or in part, with borrowings from banks and that NEPSCO may prepay its Notes issued to banks, in whole or in part, with borrowings from NEES. In the event of borrowings from banks at a higher interest rate than the rate on the Notes issued to NEES being prepaid with such bank borrowings, NEES will credit NEPSCO with the interest differential from the date of issuance of the new Notes to the normal maturity date of the Notes to NEES being prepaid. In the event of borrowings from NEES to prepay Notes to banks, the interest rate on the Notes to NEES will be the lower of (1) the interest rate on the Notes issued to banks being prepaid (but only until the maturity date of the Notes so prepaid, and thereafter at the prime rate), or (2) the prime rate.

There are no additional fees or expenses to be incurred in connection with the proposed transaction. It is stated that no state commission and no federal commission, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given that any interested person may, not later than March 11, 1980, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application-declaration, as amended by said post-effective amendment, which he desires to controvert; or he may request that he

be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail upon the applicants-declarants at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as amended by said post-effective amendment or as it may be further amended, may be granted and permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

George A. Fitzsimmons,  
*Secretary.*

## SMALL BUSINESS ADMINISTRATION

[License No. 02/02-0391]

### Cineffects Capital Corp.; Application for a License To Operate as a Small Business Investment Company

Notice is hereby given that an application has been filed with the Small Business Administration pursuant to § 107.102 of the Regulations governing small business investment companies (13 CFR 107.102 (1979)), under the name of Cineffects Capital Corporation (Applicant), for a license to operate as a Small Business Investment Company (SBIC) under the provisions of the Small Business Investment Act of 1958, as amended, and the Rules and Regulations promulgated thereunder.

The Applicant was incorporated under the laws of the State of New York, and it will commence operations with an initial capitalization of \$500,000.

The Applicant will have its place of business at 115 West 45th Street, New York, New York 10036, and it intends to conduct operations primarily in the State of New York.

The officers, directors and ten percent (10%) or more stockholders of the Applicant will be:

Joseph John Macaluso, President and Director, 310 East 44th Street, New York, NY 10017; Alan C. Winick, Vice President and Director, 250 East 53rd Street, New York, NY 10022; Irving Spector, Treasurer and Director, 1170 Ocean Parkway, Brooklyn, NY 11230; Bertha Stein, Secretary, 3857 Kings Highway, Brooklyn, NY 11234; and National Showmanship Services, Inc.,<sup>1</sup> Parent (100%), 115 West 45th Street, New York, NY 10036.

Matters involved in SBA's consideration of the Application include the general business reputation and character of the proposed owners and management, and the probability of successful operations of the Applicant under their management, including adequate profitability and financial soundness in accordance with the Act and SBA Regulations.

Notice is hereby given that any person may, not later than 15 days after the date of publication of this Notice, submit written comments on the Applicant to the Deputy Associate Administrator for Finance and Investment, Small Business Administration, 1441 "L" Street, N.W., Washington, D.C. 20416.

A copy of this Notice shall be published by the Applicant in a newspaper of general circulation in New York, New York.

**Fishery Conservation and Management Act of 1976; Applications for Permits To Fish Off the Coasts of the United States**

The Fishery Conservation and Management Act of 1976 (Pub. L. 94-265)

as amended (the "Act") provides that no fishing shall be conducted by foreign fishing vessels in the Fishery Conservation Zone of the United States after February 28, 1977, except in accordance with a valid and applicable permit issued pursuant to Section 204 of the Act.

The Act also requires that a notice of receipt of all applications for such permits, a summary of the contents of such applications, and the names of the Regional Fishery Management Councils that receive copies of these applications, be published in the Federal Register.

Applications have been received from the Governments of Japan, Korean, and the Union of Soviet Socialist Republics for fishing during 1980 and are reproduced herewith.

If additional information regarding any applications is desired, it may be obtained from: Permits and Regulations Division (F37), National Marine Fisheries Services, Department of Commerce, Washington, D.C. 20235, (Telephone: (202) 634-7432).

Dated: February 14, 1980.

**SUBJECT:** 16. Docket 37174; Application of Braniff Airways, Inc. for an amendment of its certificate for route 177 authorizing Dallas/Ft. Worth-London-Benelux single-plane service. (BIA, OGC, BALJ)

**STATUS:** Open (items 1-22). Closed (item 23).

**PERSON TO CONTACT:** Phyllis T. Kaylor, the Secretary, (202) 673-5068.

**SUPPLEMENTARY INFORMATION:** Item 16 is being deleted from the February 15, 1980 agenda because additional time is

needed in order to dispose of the issues raised in Braniff's application. Accordingly, the following Members have voted that Item 16 be deleted from the February 15, 1980 agenda and that no earlier announcement of this deletion was possible:

Chairman, Marvin S. Cohen  
Member, Richard J. O'Melia  
Member, Elizabeth E. Bailey  
Member, Gloria Schaffer

#### FEDERAL DEPOSIT INSURANCE CORPORATION.

Pursuant to the provisions of the "Government in the Sunshine Act" (5 U.S.C. 552b), notice is hereby given that the Federal Deposit Insurance Corporation's Board of Directors will meet in open session at 2:00 p.m. on Monday, February 25, 1980, to consider the following matters:

Disposition of minutes of previous meetings.

Request by the Comptroller of the Currency for a report on the competitive factors involved in the proposed purchase of assets of and assumption of liability to pay deposits made in Vivian State Bank, Vivian, South Dakota, and Badlands State Bank, Kadoka, South Dakota, by The Pierre National Bank, Pierre, South Dakota.

Recommendation with respect to payment for legal services rendered and expenses incurred in connection with receivership and liquidation activities.

Bronson, Bronson & McKinnon, San Francisco, California, in connection with the receivership of United States National Bank, San Diego, California.

Memorandum and Resolution re: Final rule amending section 329.10 of the Corporation's rules and regulations entitled "Obligations Other Than Deposits" to include credit unions in the definition of the term "bank".

Memorandum and Resolution re: Final rule revising Part 307, amending section 327.3, and proposal to revise Part 327 of the Corporation's rules and regulations entitled "Assessments."

Reports of committees and officers:

Minutes of the actions approved by the Committee on Liquidations, Loans and Purchases of Assets pursuant to authority delegated by the Board of Directors.

Reports of the Director of the Division of Bank Supervision with respect to applications or requests approved by him and the various Regional Directors pursuant to authority delegated by the Board of Directors.

The meeting will be held in the Board Room on the sixth floor of the FDIC

Building located at 550 17th Street, N.W., Washington, D.C.

Requests for information concerning the meeting may be directed to Mr. Hoyle L. Robinson, Executive Secretary of the Corporation, at (202) 389-4425.

Dated: February 15, 1980.

Federal Deposit Insurance Corporation.

Hoyle L. Robinson,  
*Executive Secretary.*

#### FEDERAL DEPOSIT INSURANCE CORPORATION.

Pursuant to the provisions of the "Government in the Sunshine Act" (5 U.S.C. 552b), notice is hereby given that at 2:30 p.m. on Monday, February 25, 1980, the Federal Deposit Insurance Corporation's Board of Directors will meet in closed session, by vote of the Board of Directors pursuant to sections 552b(c)(2), (c)(6), (c)(8), (c)(9)(A)(ii), (c)(9)(B), (c)(10) of Title 5, United States Code, to consider the following matters:

Applications for Federal deposit insurance:

Point West Bank, a proposed new bank, to be located at the northeast corner of Ethan Way and Hallmark Drive, Sacramento, California, for Federal deposit insurance.

The Bank of Protection, a proposed new bank, to be located at 236 North Broadway, Protection, Kansas, for Federal deposit insurance.

American Bank & Trust, a proposed new bank, to be located at 2121 South Loop 256, Palestine, Texas, for Federal deposit insurance.

Request for exemption pursuant to section 348.4(b) (1) and (3) of the Corporation's rules and regulations entitled "Management Official Interlocks":

Central State Bank, Beulah, Michigan.

Recommendations regarding the liquidation of a bank's assets acquired by the Corporation in its capacity as receiver, liquidator, or liquidating agent of those assets:

Case No. 44,215-L—Franklin National Bank, New York.

Case No. 44,217-L—Banco Economias, San German, Puerto Rico.

Case No. 44,227-L—Franklin National Bank, New York, New York.

Case No. 44,235-L—Northern Ohio Bank, Cleveland, Ohio.

Case No. 44,239-SR—American Bank & Trust Company, New York, New York.

Case No. 44,240-SR—American Bank & Trust Company, New York, New York.

Recommendations with respect to the initiation or termination of cease-and-

desist proceedings, termination-of-insurance proceedings, or suspensions or removal proceedings against certain insured banks or officers or directors thereof:

Names of persons and names and locations of banks authorized to be exempt from disclosure pursuant to the provisions of subsections (c)(6), (c)(8), and (c)(9)(A)(ii) of the "Government in the Sunshine Act" (5 U.S.C. 552(c)(6), (c)(8), and (c)(9)(A)(ii)).

Personnel actions regarding appointments, promotions, administrative pay increases, reassignments, retirements, separations, removals, etc.:

Names of employees authorized to be exempt from disclosure pursuant to the provisions of subsections (c)(2) and (c)(8) of the "Government in the Sunshine Act" (5 U.S.C. 552(c)(2) and (c)(8)).

The meeting will be held in the Board Room on the sixth floor of the FDIC Building located at 550 17th Street, N.W., Washington, D.C.

Requests for information concerning the meeting may be directed to Mr. Hoyle L. Robinson, Executive Secretary of the Corporation, at (202) 389-4425.

Dated: February 15, 1980.

**POSTAL SERVICE (BOARD OF GOVERNORS).**

The Board of Governors of the United States Postal Service, pursuant to its Bylaws (39 CFR 7.5) and the Government in the Sunshine Act (5 U.S.C. 552b), hereby gives notice that it intends to hold a meeting on Friday, February 22, 1980, at Postal Service Headquarters, 475 L'Enfant Plaza, S.W., Washington, D.C. 20260, immediately following the meeting of the Board's Committee on Postal Rates which is described below. The meeting is not open to the public. The meeting will consist of a continuation of the discussion of the Postal Service's possible strategies concerning future postal ratemaking, which was commenced at the Board's December 4, 1979, meeting, continued at its January 8, 1980, meeting, and scheduled for further discussion at its February 6 meeting. The press of other business kept the Board from reaching this matter on February 6, and that meeting was recessed until February 22.

The Board's Committee on Postal Rates intends to hold a meeting on February 22 at Postal Service Headquarters, commencing at 9:00 A.M. The meeting is not open to the public. The meeting will consist of a continuation of the Committee's consideration of the Recommended Decision of the Postal Rate Commission on Electronic Computer Originated Mail Service (E-COM) (Commission Docket No. MC 78-3), which was commenced at the Committee's meeting of January 8 and continued at its meeting of February 6. The Committee did not complete its consideration of this matter at its February 6 meeting, and that meeting was recessed until February 22.

The foregoing meetings are to be attended by the members of the Board, Senior Assistant Postmaster General Finch, and Secretary of the Board Cox. Requests for information about the meeting should be addressed to the Secretary of the Board, Louis A. Cox, at (202) 245-4632.

Louis A. Cox,  
Secretary.

**Office of the Secretary**

---

**Employee Responsibilities and Conduct**

**DEPARTMENT OF THE INTERIOR****Office of the Secretary****43 CFR Part 20****Employee Responsibilities and Conduct**

**AGENCY:** Office of the Secretary of the Interior, U.S. Department of the Interior.

**ACTION:** Annual update of Appendices C, D, E, F and G to Part 20 of Title 43 of the Code of Federal Regulations.

**SUMMARY:** In accordance with provisions contained in Executive Order 11222, the Federal Land Policy and Management Act, the Mining in the Parks Act, the Outer Continental Shelf Lands Act Amendments, and the Energy Policy and Conservation Act, Appendices C, D, E, F and G to Part 20 of Title 43 of the Code of Federal Regulations are published in their entirety in order to update the lists of positions contained in each appendix.

**EFFECTIVE DATE:** February 20, 1980.

**FOR FURTHER INFORMATION CONTACT:** June Gibbs Brown, Department Ethics Counselor, U.S. Department of the Interior, Washington, D.C. 20240, AC 202-343-3932.

**SUPPLEMENTARY INFORMATION:**

Appendix C lists Department of the Interior positions, in addition to GS-15's and higher, who are required by Executive Order 11222 to file a Confidential Statement of Employment and Financial Interests (Form DI-212). The positions in addition to GS-15's and higher identified in Appendix C are effective for the February 1, 1980 filing date. Appendix C was approved by the Office of Government Ethics, Office of Personnel Management, in January 1980.

Appendices D, E, F and G are published to show bureaus and offices, or subunits thereof, performing functions or duties under the Federal Land Policy and Management Act (Public Law 94-579), the Mining in the Parks Act (Public Law 94-429), the Energy Policy and Conservation Act (Public Law 94-163), and the Outer Continental Shelf Lands Act (as amended by Public Law 95-372), respectively, and positions within those bureaus and offices which the Secretary has determined to be exempt from public disclosure requirements. As provided by these Acts, all officers and employees of the Department who are employed in offices or bureaus, or subunits thereof, performing functions or duties under any of the four Acts are required to file appropriate public disclosure statements unless specifically

exempted by the Secretary. Such exemptions are identified in Appendices D, E, F and G and are effective for the February 1, 1980 filing date. Individuals in positions which are not specifically exempted in Appendices D, E, and G, respectively, shall file the new and revised Form DI-211 that consolidates Forms DI-211, DI-211A and DI-211C. Individuals in positions which are not specifically exempted in Appendix F will continue to file Form DI-211B which has not been changed.

A recent internal audit of the financial reporting system disclosed that a majority of the bureaus audited did not have sufficient filing coverage. The bureaus and offices in response to the audit gave particular attention to those positions in the lower grades to ensure that proper coverage is achieved.

These appendices were compiled by Gabriele Paone and Kathleen O'Neil of the Department Ethics Counselor's staff, in coordination with Bureau and Office Ethics and Deputy Ethics Counselors.

**Note.**—The Department of the Interior has determined that this rule is not a significant rule under E.O. 12044 and 43 CFR Part 14.

Dated: January 30, 1980.

Cecil D. Andrus,  
*Secretary of the Interior.*

(Appendices C, D, E, F and G to Part 20 of Title 43 of the Code of Federal Regulations are published under E.O. 11222 of May 8, 1965, 30 FR 6469, 3 CFR 1964-1965, Comp; 5 CFR 735.104; 5 U.S.C. 301; Public Law 94-579; Public Law 94-429; Public Law 94-163; and Public Law 95-372)

 Physical Scientists, all specialties, all  
 locations, GS-9 and above  
 Program Analysis Officer, Reston, Va.  
 Program Analysts, all locations, GS-12 and  
 above  
 Program Officer, Washington, D.C.  
 Quality Assurance Specialists, all locations,  
 GS-9 and above  
 Staff Assistant for Programs, Lakewood,  
 Colo.  
 Statisticians, all specialties, all locations,  
 GS-9 and above  
 Structural Engineers, all locations, GS-9 and  
 above  
 Transportation Specialist, Reston, Va., GS-12  
 (1)

#### Geologic Division

Administrative Officers, Reston, Va., GS-12  
 (1)  
 Assistant Deputy Chief Geologist for Program  
 and Budget, Reston, Va.  
 Deputy Western Regional Geologist, Menlo  
 Park, Calif.  
 Staff Geologist for Marine and Engineering  
 Geology, Reston, Va.  
 Staff Geologist for Outer Continental Shelf  
 Environmental Studies, Reston, Va.  
 Staff Geologist for Onshore Oil and Gas  
 Resources, Reston, Va.  
 Deputy Chief for Land Resources, Reston, Va.  
 Program Manager for Environmental  
 Overviews, Reston, Va.  
 Program Manager for Energy Lands, Golden,  
 Colo.  
 Program Manager for Landslides and Hazard  
 Reduction, Golden, Colo.  
 Staff Geologist for Geochemistry and  
 Geophysics, Reston, Va.  
 Staff Botanist for Geochemistry and  
 Geophysics, Reston, Va.  
 Staff Geologist, Alaska Programs, Reston, Va.  
 Staff Geologist, Office of Mineral Resources,  
 Reston, Va.  
 Assistant to Office Chief, Office of  
 International Geology, Reston, Va.

International Activities Officer, Reston, Va.  
 Staff Geologist for Energy Resources, Office  
 of International Geology, Reston, Va.  
 Staff Geologist for Technical Reports, Office  
 of International Geology, Reston, Va.  
 Staff Geologist for Remote Sensing Programs,  
 Office of International Geology, Reston,  
 Va.

#### Publications Division

Chief, Branch of Administrative Services,  
 Reston, Va.  
 Assistant Chief, Branch of Administrative  
 Services, Reston, Va., GS-11 (1)  
 Deputy Assistant Chief (Research and  
 Technical Coordination), Reston, Va.  
 Printing Liaison Officer, Reston, Va.  
 Chief, Branch of Distribution, Eastern Region,

 Region, Menlo Park, Calif.  
 Chief, Branch of Cartography, Western  
 Region, Menlo Park, Calif.  
 Chief, Branch of Exhibits, Western Region,  
 Menlo Park, Calif.  
 Chief, Flagstaff Cartographic Section,  
 Western Region, Flagstaff, Ariz.  
 Chief, Public Inquiries Offices, Reston, Va.

#### Topographic Division

Supervisory Cartographers, Reston, Va.  
 Supervisory Cartographers, Rolla, Mo.  
 Supervisory Cartographers, Lakewood, Colo.  
 Cartographers, Reston, Va., GS-12 (2); GS-11  
 (1)  
 Research Cartographers, Reston, Va.  
 Mechanical Engineers, Reston, Va.  
 Electronics Engineers, Reston, Va.  
 Physical Scientist, Reston, Va.  
 Photographic Technologist, Reston, Va.

#### BUREAU OF MINES

##### Office of the Director

Assistant Chief, Office of Public Information  
 Public Information Specialist, GS-13 (1)

##### Minerals Research

Helium Operations—Physical Science  
 Administrator (1); Administrative Officer  
 (1); Assistant General Manager (1)  
 Minerals Resources Technology; Minerals  
 Health and Safety Technology; Minerals

Environmental Technology; and Research Center Operations—Headquarters Staff: Staff Engineers, GS-12 and above, Washington Office (regardless of official classification title); Research Centers: Technical Project Officers, GS-12 and above (regardless of official classification title); Chief, Boulder City Research Laboratory; Wilkes-Barre Office: Administrative Officer and Staff Engineers, GS-12 and above

#### **Minerals Information and Analysis**

Production/Consumption Data Collection and Interpretation—Commodity and area specialists, GS-12 and above (regardless of official classification title)

Analytic Studies—Staff specialists, GS-12 and above (regardless of official classification title)

Field Operations; Mineral Land Assessment; and Minerals Availability—Mineral Assessment Specialists, GS-12 and above (regardless of official classification title)

#### **Program Development and Evaluation**

Planning and Evaluation—Planning and Evaluation Staff, Specialists, GS-13 and above (regardless of official classification title)

#### **Management Services and Publication**

Automatic Data Processing—Chief, Branch of Planning and Review (1)

Administration—Deputy Management Services Officer and Chief, Section of Procurement (Washington); Chief, Section of Procurement and Property Management (Pittsburgh); Chief and Deputy Chief, Section of Procurement (Denver); contract specialists and analysts, GS-13 and above (regardless of official classification title)

#### **OFFICE OF SURFACE MINING RECLAMATION AND ENFORCEMENT**

##### **Office of the Director**

Public Affairs Officer

##### **Management and Budget**

Special Assistant  
Congressional Reports Coordinator  
Financial Manager  
Budget Officer  
Financial Analyst  
Accounting Officer  
Grants Fiscal Specialists (GS-12 and above)  
Personnel Officer  
Supervisory Personnel Management Specialists  
Position Classification Specialists  
Supervisory Personnel Staffing Specialist  
Personnel Staffing Specialists (GS-11 and above)  
Employee Relations Specialist  
Chief, Information and Records Management Division  
Program Analysis Officer  
Computer Specialists  
Supervisory Management Analysis  
Technical Information Officer  
Technical Information Specialist

##### **Technical Services and Research**

Staff Assistant  
Physical Science Administrator  
Agronomists

Geologist  
Mining Engineers  
Wildlife Biologist  
Soil Scientist  
Environmental Protection Specialist  
Civil Engineers  
Land Use Planner  
Hydrologists

*The following categories of personnel, engaged only in matters relating to the Outer Continental Shelf in the offices listed below are exempt:*

Engineers, all specialties  
 Petroleum Engineering Technicians  
 Environmental Specialists  
 Oceanographers  
 Geologists  
 Geophysicists  
 Physical Science Technicians  
 Cartographic Technicians  
 Accountants, GS-7 and above

*Offices required to file, in which some personnel are engaged solely in Outer Continental Shelf activities:*

Office of the District Geologist, Los Angeles, Calif.

Office of Area Oil and Gas Supervisor, Los Angeles, Calif.

Office of Area Oil and Gas Supervisor, Anchorage, Alaska

Office of Area Geologist, Anchorage, Alaska

**Land Information and Analysis Office**

Environmental Impact Analysis Program, Reston, Va.

Environmental Scientists, GS-7 and below

Administrative Officer

Information Assistant

Secretarial and clerical personnel

Environmental Impact Analysis Program, Lakewood, Colo.  
 Cartographer

Secretarial, clerical and administrative personnel

#### BUREAU OF MINES

Immediate Office of the Deputy Director—  
Minerals Information and Analysis

Administrative Officer (1)

Professional, administrative, secretarial and clerical employees, GS-11 and below  
Consultant (1)

Office of Mineral Land Assessment

Chemist (1)

All secretarial and clerical employees

Immediate Office of the Director, Division of Field Operations

Staff Engineers, GS-11 and below

All secretarial and clerical employees

Alaska Field Operations Center

Eastern Field Operations Center

Intermountain Field Operations Center

Western Field Operations Center

Employees paid under the Federal Wage

System; employees in secretarial, clerical maintenance, and technical/aid positions

Mineral Assessment Specialists not performing Wilderness Evaluation Studies under the Wilderness Act

Mineral Assessment Specialists, GS-11 and below performing Wilderness Evaluation Studies

#### BUREAU OF LAND MANAGEMENT

Alaska Outer Continental Shelf Office

New York Outer Continental Shelf Office

New Orleans Outer Continental Shelf Office

Pacific Outer Continental Shelf Office

All positions under the Federal Wage System

*All personnel in other Offices are exempt if they are incumbents of the positions listed below, since these positions are non-policy making and nonregulatory*

GS-12, Congressional Services Specialist  
GS-8 and below, administrative, secretarial and clerical support personnel

**Division of Legislation**

GS-12 and above Attorney Advisors  
GS-10, Legislative Management Assistant  
GS-9, Legislative Assistant  
GS-8 and below, administrative, secretarial and clerical support personnel

**Office of Small and Disadvantaged Business Utilization**

All employees are exempt except:  
Director  
Assistant Directors  
Procurement Analysts

**Office of Hearings and Appeals**

**Director's Office**

GS-12 and below, attorney-advisers  
All clerical, paralegal, and administrative personnel

**Hearings Division**

GS-12 and below, attorney-advisers  
All clerical, paralegal, and administrative personnel

**Interior Board of Land Appeals**

GS-12 and below, attorney-advisers  
All clerical, paralegal, and administrative personnel

**OFFICE OF THE SOLICITOR**

*In addition to any positions listed under each subunit, all clerical, administrative and paralegal positions in each subunit are also exempt.*

Immediate Office of the Solicitor  
Administrative Division—All personnel are exempt except the Deputy Ethics Counselor, Assistant Ethics Counselor  
All personnel in the following divisions are exempt except those positions listed:  
Division of General Law—8 Attorneys  
Division of Energy and Resources—8 Attorneys  
Sacramento Regional Office—3 Attorneys

**OFFICE OF INSPECTOR GENERAL**

GS-12 and below, Auditors  
GS-14 and below, Investigators  
GS-9 and below, secretarial and clerical personnel

**GS-15 Manager, Staff Development and Resources**  
**GS-13 Administrative Officer**  
**GS-12 Management Analysts**

**ASSISTANT SECRETARY—POLICY, BUDGET AND ADMINISTRATION**

All employees are exempt except:  
 Assistant Secretary  
 Deputy Assistant Secretaries (2)

**Office of Environmental Project Review**

All personnel on the Water Resources and Transportation Staff  
 GS-12 Staff Assistant  
 GS-9 and below, administrative, secretarial, and clerical personnel

**Office of Budget**

All employees are exempt except:  
 Director  
 Deputy Director  
 Supervisory Staff Accountant  
 Supervisory Program Analyst  
 Supervisory Budget Analysts  
 GS-15, Budget Analyst  
 GS-14 and 15, Program Analysts

**Office of Outer Continental Shelf Program Coordination**

All employees are exempt except:  
 Director  
 OCS Information Specialist  
 Program Analysts (2)  
 Economist  
 Staff Assistant, Los Angeles, California

**Office of Policy Analysis**

All employees are exempt except:  
 Director  
 Assistant Director—Studies Staff  
 Operations Research Analysts  
 Economists

**Office of Personnel**

All employees are exempt except the Director of Personnel.

**ASSISTANT SECRETARY—ENERGY AND MINERALS**

All employees are exempt except:  
 Assistant Secretary  
 Deputy Assistant Secretary (2)  
 Program Analysis Officer  
 Staff Assistant (1)  
 Special Assistant (Minerals) (1)

**OFFICE OF THE ASSISTANT SECRETARY—FISH AND WILDLIFE AND PARKS**

All employees are exempt except:  
 Assistant Secretary  
 Deputy Assistant Secretary (1)  
 Special Assistant (2)

**ASSISTANT SECRETARY—LAND AND WATER RESOURCES**

All employees are exempt except:  
 Assistant Secretary  
 Deputy Assistant Secretary

**ASSISTANT SECRETARY—INDIAN AFFAIRS**

All employees are exempt except:  
 Assistant Secretary

**Office of Secretarial Operations—Personnel**

All employees are exempt.

**Imposition of Sanctions on Health Care  
Practitioners and Providers of Health  
Care Services; Program Integrity**

**DEPARTMENT OF HEALTH,  
EDUCATION, AND WELFARE****Health Care Financing Administration****42 CFR Parts 455 and 474****Imposition of Sanctions on Health  
Care Practitioners and Providers of  
Health Care Services; Program  
Integrity****AGENCY:** Health Care Financing  
Administration (HCFA), HEW.**ACTION:** Final regulation.

**SUMMARY:** These regulations establish procedures under which the Department may invoke sanctions against a practitioner or provider who furnishes or orders items or services which: (1) are not medically necessary; (2) do not meet professionally recognized standards; or (3) are not properly documented as to the medical necessity or quality of the services. The regulations also explain the role of the Medicaid State agency and establish the rights and responsibilities of the practitioner or provider, the Professional Standards Review Organization (PSRO), the Statewide Professional Standards Review Council, and the Health Care Financing Administration in this process.

The regulations implement Section 1160 of the Social Security Act and apply to health care services for which payment may be made under that Act. The purpose of the sanction process is to discipline providers and practitioners where other corrective or educational effort have failed and to protect the public.

**EFFECTIVE DATE:** February 20, 1980.**FOR FURTHER INFORMATION CONTACT:**  
Anthony J. Tirone (301/594-3642).**SUPPLEMENTARY INFORMATION:****Background**

Section 1160 of the Social Security Act (42 U.S.C. 1320c-9) sets forth certain obligations of all practitioners and providers who furnish, order, or arrange for health care services for which payment may be made under the Medicare, Medicaid, or Maternal and Child Health programs (Titles XVIII, XIX and V of the Social Security Act). These obligations include: ordering or furnishing only care that is medically necessary, furnishing care which meets professionally recognized standards of quality, and providing such evidence of the medical necessity and quality as a PSRO may reasonably require. There is also an obligation to assure that

inpatient care is furnished at the proper type of facility.

PSROs are required to review health care items and services to insure that practitioners and providers are fulfilling these obligations. If the PSRO finds that the obligations are not being met, Section 1157 of the Act (42 U.S.C. 1320c-6) requires that it report its finding to HCFA. HCFA may, as a result of this report, determine that the practitioner or provider has violated an obligation under the Act and invoke a sanction. The statute authorizes two types of sanctions: exclusion from the programs and assessment of a monetary penalty. Application of these sanctions differs to some degree between the Medicare and Medicaid programs. A regulation describing the application of sanctions was published in the Federal Register as a proposed rule on October 13, 1978, and the public was invited to comment.

**Responses to Comments***Scope of Comments*

Ninety-one comments were received. They included comments from State governments, PSROs, provider and practitioner organizations, and individual practitioners and providers.

Some expressed satisfaction with the proposed procedures and suggested no specific revisions. Others found the entire concept of a PSRO being involved in a sanction process to be inappropriate, unwise and obstructive. Concern was expressed that the sanction would be imposed before a formal hearing, and that the confidentiality of the information in the sanction report would not be maintained. In addition, a number of State agencies requested more involvement by the State in the sanction process and a share of any monetary penalty collected.

Several comments were received that did not relate to the subject matter of these regulations. Where appropriate, these comments have been forwarded for consideration to the responsible organization. The comments also included a number of minor grammatical suggestions. These have been considered and adopted where appropriate.

**Discussion of Comments and Changes**

(1) *Comment.* PSROs should not be involved in sanctioning practitioners or providers.

*Response.* PSROs are required by law to report providers' or practitioners' violations of their statutory obligations to HCFA and to recommend an appropriate sanction. This regulation implements the legislative requirements.

(2) *Comment.* A sanction report should not be prepared or submitted until after the PSRO has discussed the matter with the provider or practitioner and offered the opportunity to comply with the obligation.

*Response.* As provided in the legislative history, the report will usually not be submitted unless voluntary and educational efforts fail (S. Rept. No. 92-1230, 92d Cong. 2d Sess. 266 (1972)). Such efforts would not be required where a gross and flagrant violation has been found (§ 474.5(b)). The regulation does require the PSRO to notify a practitioner or provider in writing when a situation is found that could result in a violation. The PSRO is required to furnish the provider or practitioner with the opportunity to discuss the situation (§ 474.4). The notice, including the opportunity to submit additional information or to meet with the PSRO, is also available once the PSRO has found a violation (§ 474.7).

If the practitioner or provider provides additional information and, as a result, the PSRO determines that the practitioner or provider will take the necessary corrective action, the sanction report would not be filed with HCFA.

(3) *Comment.* Many commenters suggested that the HCFA determination of a sanction should not be implemented until after the provider or practitioner has had an opportunity for a hearing. A few suggested delaying the effective date of the sanction until after completion of the judicial process.

*Response.* We do not agree that a formal hearing is required, either by the statute or the Constitution, before implementation of a sanction.

The Act provides for a formal hearing and judicial review in accordance with Title II of the Act; i.e., Sections 205(b) (hearing) and 205(g) (judicial review). In accordance with these sections the hearing and judicial review of administrative determinations does not occur before the decision is implemented.

However, we have modified the regulation to provide opportunity for the provider or practitioner to submit additional documentary evidence or written argument to HCFA before a determination is made that a violation has occurred. This information must be submitted within 30 days of the date of the notice of proposed sanction § 474.10(c). We believe that the combination of the meeting with the PSRO before it makes its determination and the opportunity to submit additional written argument or evidence to HCFA prior to its determination, with the opportunity for a full evidentiary hearing and judicial review after the

implementation of a sanction, fully satisfies due process standards as set forth by the United States Supreme Court in *Mathews v. Eldridge*, 424 U.S. 319 (1976).

In *Eldridge*, the Supreme Court made clear that due process does not require a full evidentiary pre-termination hearing. The Court in *Eldridge* set forth three factors to be evaluated in deriving the specific requirements of due process for a given situation:

- (a) The private interest involved;
- (b) The reliability of the process in making correct determinations and the probable value of additional safeguards; and
- (c) The Government's interest, including the fiscal and administration burdens of additional safeguards [424 U.S. at 335].

The private interest here concerns the practitioners' or providers' ability to furnish service for which payment can be made under the Act. Continued access to these funds is not a prerequisite for the practitioner or provider continuing to furnish health care services but concerns their access to one group of potential customers for their services. The Government interest, on the other hand, is not only fiscal but is primarily concerned with the health and safety of individuals who are eligible for Medicare or Medicaid benefits.

In our view, the meeting with the PSRO before it files a sanction report, and then the opportunity to provide additional written evidence or argument to HCFA before a determination is made assures a high degree of reliability for HCFA's actions and safeguards against the erroneous imposition of a sanction.

We believe that requiring a full evidentiary hearing prior to HCFA's actions would not only be contrary to the Act but would adversely affect the health and safety of individuals and add to HCFA's administrative and fiscal burdens, by precluding prompt action and by allowing the continuation of benefit payments pending a conclusion of the hearing, without adding significantly to the reliability of HCFA's decision.

(4) *Comment.* A number of commenters expressed concern that the regulation would require a physician to place his patients in the least expensive facility and that such a requirement would prohibit the use of teaching hospitals (which are usually more expensive than nonteaching hospitals) and also require physicians to be aware of the charges made by each hospital in their area to be sure that patients are admitted to the least expensive hospital.

*Response.* The obligation referred to here concerns the level of care and not necessarily the cost of care (§ 474.1). Therefore, the physician's obligation is to determine if a patient requires care in a hospital, skilled nursing, or intermediate care facility and to place him in the proper level. It does not require a determination of cost within the level of care. Therefore, a patient requiring acute care would be referred to the hospital in accordance with a physician's normal practice.

(5) *Comment.* The State should have a more substantive role in the sanction process and be consulted before the PSRO recommends a sanction. The PSRO does not review ambulatory services or, in many cases, long term care. The State, therefore, would be able to assist in the process by providing information in these areas. The State should also receive a copy of the sanction report at the same time the PSRO transmits the report to the Statewide Council or to HCFA.

*Response.* The Act requires that the PSRO sanction report must be based on violations of obligation involving health care services over which the PSRO has review responsibility. The State is encouraged to inform the PSRO of possible problems it has identified in areas where the PSRO has review responsibility. The Act does not require the PSRO to report violations to the State Medicaid agency. The authority for the PSRO to provide sanction-related information to a State agency is controlled by Section 1166 of the Act and the regulations, policies, and procedures developed thereunder. In accordance with these requirements, the PSRO is authorized, but not required, to provide a copy of the sanction report to State agencies recognized by the Secretary as being involved in the identification or investigation of fraud or abuse.

In accordance with Section 1160(c) of the Act, the PSRO is expected to involve the State Medicaid agency in assuring that providers and practitioners comply with their obligations under the Act. The regulation has been modified to include this statutory requirement (§ 474.3(c)).

(6) *Comment.* Several State organizations questioned the fact that the maximum monetary penalty was \$5,000, since frequently much more has been improperly paid to a practitioner or provider. They also felt that the proceeds from this penalty should be shared with the States involved.

*Response.* The maximum amount of the monetary penalty is established at \$5,000 by the Act (Section 1160(b)(3)). The statute does not provide for the sharing of the proceeds of a penalty

with the States. However, this amount represents a penalty and is not the recovery of an overpayment. Therefore, since any services that were determined to be excessive or unnecessary would also be subject to recovery of any money paid for these services, the State is authorized to reclaim such monies on their own behalf.

(7) *Comment.* The State must be given at least 30 days notice before FFP is terminated with regard to the service of a practitioner or provider to allow the State time to disenroll or decertify them.

*Response.* The regulation has been modified to provide at least 30 days notice to the State Medicaid and Title V agency of a determination by HCFA to sanction (Section 474.10(d)).

(8) *Comment.* Concern was expressed over the factors in PSRO determination of a violation. It was suggested that exact definitions should be given for the terms in 474.5(b)(1); i.e., " \* \* \* comply substantially with an obligation in a significant number of cases", and 474.5(b)(2) " \* \* \* grossly and flagrantly violated an obligation \* \* \* "

*Response.* We have not defined these terms because, in our view, they should be interpreted in accordance with common usage. They do not have a special meaning in this context.

(9) *Comment.* The statutory obligations of providers and practitioners should be limited to the extent of their ability to control the situation and to the reasonable exercise of professional discretion.

*Response.* Section 474.1 has been modified to reflect the statutory requirement to consider these factors in determining obligations under the Act.

(10) *Comment.* One commenter suggested that the sanction report should be available to the public at the same time it is transmitted to HCFA.

*Response.* We have proposed regulations on the confidentiality of PSRO data and information, 44 FR 3058, Jan. 15, 1979. We will consider this comment with these regulations.

(11) *Comment.* Several commenters expressed dissatisfaction with the sanctions to be imposed. They suggested that providers be excluded only for those services involving bad practice, that they not be excluded at all but that the monetary penalty be the only sanction; and that a penalty not be invoked for the ordering of services but only for the actual provision of improper services.

*Response.* These suggestions were not accepted because the sanctions specified in the regulation are required by the Act. These sanctions are: exclusion from eligibility to provide services on a reimbursable basis either

permanently or temporarily or, in the alternative where the violation involves the provision or ordering of medically improper or unnecessary services, a fine not to exceed \$5,000. The use of these sanctions in the appropriate case is in keeping with Congressional intent in this regard.

(12) *Comment.* The regulation should provide for patient input into the sanction process.

*Response.* This comment was not accepted. The determination of whether a practitioner or provider has violated the obligation under the Act is primarily a medical decision requiring specialized knowledge. The needs of patients for access to quality care and of the availability of other resources in the community are considered before a sanction is invoked.

(13) *Comment.* Section 474.6(e) which provides that the PSRO shall consider other factors it considers relevant in recommending the sanction to be considered should be deleted because it is too vague.

*Response.* This provision is included to allow for consideration of a variety of circumstances that are not present in every case; for example, information submitted by the provider or practitioner as a result of the potential violation notice in accordance with § 474.4.

(14) *Comment.* Public notice should include understandable basis for sanction.

*Response.* The regulation has been modified to indicate that the public notice will include a statement as to which obligation has been violated (§ 474.10(e)).

(15) *Comment.* Determination as to the need for hospitalization should be made on other than purely medical considerations; for example, social and geographic conditions must be considered in the hospitalization of children.

*Response.* Total patient care is considered by the PSROs in establishing the norms and standards for its area. Additionally, each case is reviewed separately on its own merits.

(16) *Comment.* Process is too time-consuming. Procedure should permit for more expeditious action when the PSRO identifies a violation of obligation.

*Response.* Procedures are intended to allow a full opportunity for the individuals involved to rectify problems which may lead to a violation before a sanction is imposed (Section 474.4). The statute specifically requires reasonable notice and opportunity for discussion before a PSRO submits a recommendation to the Secretary. We believe that the time frames established

by these regulations are necessary to satisfy this requirement. However, where the care at issue is harmful to individuals, HCFA will complete its part of the process in an expeditious manner.

(17) *Comment.* Regulation should indicate that a patient could continue to purchase services from any provider at the patient's expense.

*Response.* The regulation only applies to care for which payment may be made under the Social Security Act and in no way inhibits individuals from utilizing facilities or services at their own expense.

## PART 455—PROGRAM INTEGRITY

42 CFR Chapter IV is amended as set forth below:

1. Section 455.202(a) is revised to read as follows:

**§ 455.202 Denial of FFP: Parties excluded under Medicare.**

(a) FFP is not available in payments for services furnished by a Medicaid provider while that party is excluded from the Medicare program—

(1) Under § 420.101 of this chapter, for submitting false statements, submitting excessive claims, or furnishing services that exceed the beneficiary's needs or are of unacceptable quality; or

(2) Because of a determination, under § 474.10 of this chapter, that the provider has failed to comply with his obligation, as set forth in section 1160(a) of the Act, to—

(i) Order or furnish only care that is medically necessary, of acceptable quality, and at an appropriate level; and

(ii) Furnish such evidence of the medical necessity and quality of the services as a Professional Standards Review Organization (PSRO) may reasonably require.

\* \* \* \* \*

2. A new Part 474 is added to read as follows:

## PART 474—IMPOSITION OF SANCTIONS ON HEALTH CARE PRACTITIONERS AND PROVIDERS OF HEALTH CARE SERVICES

Sec.

474.0 Scope and definitions.

474.1 Statutory obligations of practitioners and providers.

474.2 Sanctions.

474.3 PSRO responsibilities.

474.4 Action on potential violation.

474.5 Factors in PSRO determination of a violation.

474.6 Basis for recommended sanction.

474.7 Notice and review of PSRO determination of violation.

474.9 Role and functions of the Statewide Council.

Sec.

474.10 Action by HCFA on receipt of the report.

474.14 Effective dates of exclusion.

474.15 Reinstatement after exclusion.

474.17 Right to judicial review.

Authority: Secs. 1102, 1157, and 1160(b), Social Security Act (42 U.S.C. 1302, 1320c-6, and 1320c-9).

## § 474.0 Scope and definitions.

(a) *Scope.* This part implements sections 1157 and 1160 of the Act by:

(1) Setting forth certain obligations imposed on practitioners and providers of services under Medicare and Medicaid;

(2) Establishing criteria and procedures for the reports required from Professional Standards Review Organizations and Statewide Councils when there is failure to meet those obligations;

(3) Specifying the policies and procedures for making determinations on violations and imposing sanctions; and

(4) Establishing policies and procedures for appeals by the affected party or review by HCFA.

(b) *Definitions.* As used in this part, unless the context indicates otherwise:

(1) "Act" means the Social Security Act.

(2) "Beneficiary" means an individual entitled to Medicare benefits.

(3) "Exclusion" means that items or services furnished by a specified health care practitioner or provider will not be reimbursed under Medicare, and State Medicaid payments for such services are not subject to Federal financial participation.

(4) "Federal financial participation (FFP)" means the Federal share of State payments for services furnished to Medicaid recipients.

(5) "HCFA" stands for Health Care Financing Administration.

(6) "Health care services" or "Services" means services or items for which payment may be made (in whole or in part) under the Act.

(7) "Medicaid agency" means the single State agency designated to administer or supervise the administration of the Medicaid program under title XIX of the Act.

(8) "Physician" means a doctor of medicine or osteopathy or another individual who is authorized under State or Federal law to practice medicine and surgery or osteopathy.

(9) "Practitioner" means a physician or other health care professional licensed under State law to practice his or her profession.

(10) "Provider" means a hospital or other health care facility, agency, or organization.

(11) "PSRO" stands for Professional Standards Review Organization.

(12) "PSRO area" means the geographic area subject to review by a particular PSRO.

(13) "Recipient" means an individual who has been determined eligible for Medicaid.

(14) "Statewide Council" means the Statewide Professional Standards Review Council.

#### § 474.1 Statutory obligations of practitioners and providers.

(a) It is the obligation of any health care practitioner or provider who furnishes or orders health care services to assure that, to the extent of his influence or control, those services are:

(1) Furnished only when, and to the extent that, they are medically necessary;

(2) Of a quality that meets professionally recognized standards of health care; and

(3) Supported by evidence of the services' medical necessity and quality in the form and fashion (including copies) and at the time reasonably required by the PSRO.

(b) A health care practitioner who orders, authorizes, or directs another practitioner or provider to furnish health care services to a patient is responsible, to the extent of his influence or control, for assuring that the health care services are:

(1) Furnished only when, and to the extent, they are medically necessary; and

(2) Of a quality that meets professionally recognized standards of health care.

(c) A practitioner or provider, within reasonable limits of professional discretion, must not take any action that would authorize, a beneficiary or recipient to be admitted, or to continue, as an inpatient of a hospital or other health care facility unless the practitioner or provider has determined that, consistent with professionally recognized health care standards, the inpatient care is medically necessary, and

(1) Cannot be provided more economically in a health care facility of a different type; or

(2) Although it could be provided more economically in a health care facility of a different type, no such facility is available in the area in which the individual is located at the time when the care is needed.

#### § 474.2 Sanctions.

In addition to any other sanction provided under law, a practitioner or provider may be:

(a) Excluded from Medicare and Medicaid; or

(b) Required, as a condition for continued participation in those programs, to pay an amount not in excess of the cost of the improper or unnecessary services that were furnished or ordered or \$5,000, whichever is less. HCFA will either require the practitioner or provider to pay the monetary assessment within 6 months of the date of notice or will have it deducted from any sums owed to the practitioner or provider by the Federal Government.

#### § 474.3 PSRO responsibilities.

(a) The PSRO shall identify situations that may result in a violation of the obligations specified in § 474.1 and help to prevent their occurrence as provided in § 474.4.

(b) The PSRO shall determine when a violation of an obligation has occurred and report the matter, with recommendations for action, to the Statewide Council or, if there is no Council, to HCFA.

(c) The PSRO shall use the authority or influence it may possess and enlist the support of other professional or government agencies, including the State Medicaid Agency, to ensure that each practitioner and provider complies with the obligation of § 474.1.

#### § 474.4 Action on potential violation.

If a PSRO identifies a situation that may result in a violation, it shall send the practitioner or provider a written notice containing the following information:

(a) The obligation involved;

(b) The situation, circumstances, or activity which, if continued, may result in a violation;

(c) The authority and responsibility of the PSRO to report a violation of obligations;

(d) At the discretion of the PSRO, a suggested method for correcting the situation and a time period for corrective action by the practitioner or provider;

(e) The sanction that the PSRO could recommend if a violation occurs; and

(f) An invitation to discuss the problem with representatives of the PSRO.

#### § 474.5 Factors in PSRO determination of a violation.

If the PSRO identifies a violation, it shall determine:

(a) Which obligation specified in § 474.1 has been violated; and

(b) Whether the practitioner or provider has:

(1) Failed to comply substantially with an obligation in a significant number of cases; or

(2) Grossly and flagrantly violated an obligation in one or more instances.

#### § 474.6 Basis for recommended sanction.

The PSRO's recommendation of the type of sanction to be imposed shall be based on a consideration of:

(a) The type of offense involved;  
(b) The severity of the offense;  
(c) The anticipated deterrent effect of the recommended sanction;  
(d) The previous sanction record of the practitioner or provider; and  
(e) Other factors that the PSRO concludes are relevant to a particular case.

#### § 474.7 Notice and review of PSRO determination of violation.

(a) *Written notice.* If the PSRO determines that a violation has occurred, it shall promptly give written notice to the practitioner or provider containing the following information:

(1) The determination of a violation;  
(2) The obligation violated;  
(3) The basis for the determination;  
(4) The sanction to be recommended; and

(5) The right of the practitioner or provider to submit to the PSRO, within 20 days of the date on the notice, additional information or written request for a meeting with the PSRO to review and discuss the determination, or both.

(b) *Review of determination.* (1) The PSRO may, on the basis of additional information submitted by the practitioner or provider, affirm, modify, or reverse its determination or the sanction to be recommended; and

(2) The PSRO shall promptly give written notice to the practitioner or provider of any action it takes as a result of the additional information received.

#### § 474.8 PSRO report to the Statewide Council or to HCFA.

(a) *Manner of reporting.* If the PSRO determines that a violation has occurred, it shall submit a report to the Statewide Council or, if there is no Council, directly to HCFA.

(b) *Content of the report.* The PSRO report shall include:

(1) Identification of the practitioner or provider and in the case of a provider, the name of its director, administrator, or owner;

(2) The type of health care service involved;

(3) A statement of facts describing each failure to comply with an obligation, with specific dates, places,

circumstances, and any other relevant information;

(4) Pertinent documentary evidence;

(5) Copies of written correspondence and written summaries of oral exchanges with the practitioner or provider regarding the violation;

(6) The PSRO's determination that the practitioner or provider has violated an obligation under the Act; and

(7) The PSRO's recommendation of the sanction, if any, and the basis for that recommendation.

#### § 474.9 Role and functions of the Statewide Council.

(a) *Council review and comment.* The Council shall:

(1) Review the report submitted by the PSRO to assure that it is complete and complies with all requirements set forth in § 474.8(b); and

(2) Prepare a statement concurring or nonconcurring with the PSRO's recommended action and identifying any areas in which the PSRO report is incomplete.

(b) *Transmittal to HCFA.* The Council shall promptly transmit to HCFA the PSRO report and its statement of concurrence or nonconcurrence with any additional comments or recommendations.

#### § 474.10 Action by HCFA on receipt of the report.

(a) *Determination of violation.* HCFA will review the PSRO report and determine (on the basis of the factors specified in § 474.5) whether a violation has occurred.

(b) *Determination of sanction.* If HCFA concludes that there is a violation, it will determine whether to impose a sanction after considering:

(1) The recommendation of the PSRO and the Statewide Council;

(2) The type of offense;

(3) The severity of the offense;

(4) The anticipated deterrent effect of the sanction;

(5) The previous sanction record of the practitioner or provider;

(6) Availability of alternative sources of services in the community; and

(7) Any other matters relevant to the particular case.

(c) *Notice of proposed sanction.*

(1) If HCFA proposes to impose a sanction in accordance with § 472.2 (or to terminate a provider agreement in accordance with § 405.614(a)(5)), it will send the provider or practitioner written notice of its intent and the reasons for the proposed sanction.

(2) Within 15 days of the date on the notice, the provider or practitioner may submit documentary evidence and written argument concerning the proposed action.

(3) For good cause shown by the provider or practitioner, HCFA may extend the 15-day period.

(d) *Notice to provider or practitioner and the State Medicaid and Title V agencies.*

(1) If, after exhaustion of the procedures specified in paragraph (c) of this section, HCFA decides to impose a sanction, it will notify the provider or practitioner and the State Medicaid and Title V agencies of the adverse determination and of the sanction to be imposed at least 30 days before the effective date of the sanction.

(2) The notice will specify:

(i) The basis for the determination;

(ii) The sanction to be imposed;

(iii) The effective date and, if appropriate, the duration of the exclusion;

(iv) The appeal rights of the practitioner or provider; and

(v) In the case of exclusion, the earliest date on which HCFA will accept a request for reinstatement.

(e) *Public Notice.* HCFA will publish notice in a newspaper of general circulation in the PSRO area. The notice will identify the sanctioned provider or practitioner; the obligation in § 474.1 which has been violated; specify the sanction imposed and, if the sanction is exclusion, the effective date and duration.

(f) *Notice to other affected entities.* HCFA will give notice, as appropriate, to:

(1) The PSRO that originated the sanction report and the Statewide Council involved;

(2) PSROs in adjacent areas;

(3) State Medicaid fraud control units, and State licensing bodies;

(4) Hospitals, skilled nursing facilities, home health agencies, and health maintenance organizations (HMO's);

(5) Medical societies and other professional organizations; and

(6) Medicare carriers and intermediaries, health care prepayment plans, and other affected agencies and organizations.

(g) *Effect of HCFA determination.* (1) A practitioner or provider dissatisfied with a HCFA determination is entitled to a hearing and review by the appeals

council in accordance with §§ 405.1531-405.1595 of this chapter.

(2) The HCFA determination will continue in effect unless revised by a hearing decision.

#### § 474.14 Effective dates of exclusion.

(a) *General provisions.* Except as provided in paragraph (b) of this section:

(1) Payment will not be made under Medicare to an excluded practitioner or provider and FFP will not be available under Medicaid for services furnished by an excluded practitioner or provider on or after the effective date of exclusion. (See § 455.202 of this chapter.)

(2) Assignment of a beneficiary's claim for services furnished on or after the effective date of exclusion will not be valid.

(b) *Exceptions.* (1) For inpatient hospital, skilled nursing facility, or intermediate care services furnished to a beneficiary or recipient who was admitted before the effective date of exclusion, payment will be available for services provided up to 30 days after that date.

(2) For home health services furnished under a plan established before the effective date of exclusion, payment will be available for services furnished through the end of the calendar year in which exclusion became effective.

(c) *Denial of payment to beneficiaries.* If a beneficiary submits claims for services furnished by an excluded practitioner or provider on or after the effective date of exclusion:

(1) HCFA will pay the first claim submitted by the beneficiary and immediately give notice to the beneficiary of the exclusion; and

(2) The beneficiary's right to payment will extend to services provided up to 15 days after the date on the notice.

(d) *Effective date of termination of provider agreement.* For the effective date of termination of a Medicare provider agreement under § 405.614 of this chapter, see § 405.615 of this chapter.

#### § 474.15 Reinstatement after exclusion.

Exclusion shall remain in effect until HCFA determines, in accordance with § 420.120 of this chapter, that the reason for the determination has been removed and that there is reasonable assurance that it will not recur.

**§ 474.17 Right to judicial review.**

Any practitioner or provider dissatisfied with a decision of the appeals council or an administrative law judge (if a request for appeals council review is denied) may file a civil action in accordance with the provisions of section 205(g) of the Act.

(Secs. 1102, 1157, and 1160(b) of the Social Security Act, 42 U.S.C. 1302, 1320c-6 and 1320c-9.)

(Catalog of Federal Domestic Assistance Program Nos. 13.714, Medical Assistance Programs; 13.773, Medicare-Hospital Insurance; 13.774, Medicare-Supplementary Medical Insurance.)

Dated: November 6, 1979.

Leonard D. Schaeffer,  
*Administrator, Health Care Financing  
Administration.*

Approved: February 11, 1980.

**Draft Performance Specification 4—  
Specifications and Test Procedures for  
Carbon Monoxide Continuous Monitoring  
Systems in Stationary Sources**

# ENVIRONMENTAL PROTECTION AGENCY

## 40 CFR Part 60

[FRL 1389-2]

### Standards of Performance for New Stationary Sources Continuous Monitoring Performance Specifications

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Advance notice of proposed rulemaking.

**SUMMARY:** This notice sets forth draft Performance Specification 4—Specifications and Test Procedures for Carbon Monoxide Continuous Monitoring Systems in Stationary Sources, which EPA is considering to propose as an addition to Appendix B of 40 CFR Part 60. The intent of this advance notice is to solicit comments on the specifications and testing procedures EPA is considering.

This advance notice of proposed rulemaking is issued under the authority of Sections 111, 114, and 301(a) of the Clean Air Act as amended (42 U.S.C. 7411, 7414, and 7601(a)).

**DATES:** Written comments and information should be post-marked on or before May 20, 1980.

**ADDRESSES:** *Comments.* Written comments and information should be submitted (in duplicate, if possible) to: Central Docket Section (A-130), Attention: Docket Number A-79-03, U.S. Environmental Protection Agency, 401 M Street, SW., Washington, D.C. 20460.

*Docket.* Docket Number A-79-03, containing material relevant to this rulemaking, is located in the U.S. Environmental Protection Agency Central Docket Section, Room 2903B, 401 M Street, SW., Washington, D.C. 20460. The docket may be inspected between 8:00 a.m. and 4:00 p.m. on weekdays, and a reasonable fee may be charged for copying.

**FOR FURTHER INFORMATION CONTACT:** Mr. Don Goodwin (MD-13), U.S. Environmental Protection Agency, Research Triangle Park, N.C. 27711, telephone (919) 541-5271.

**SUPPLEMENTARY INFORMATION:** EPA promulgated standards of performance for new stationary sources pursuant to Section 111 of the Clean Air Act, as amended, on March 8, 1974 (39 FR 9308), for petroleum refineries and six other stationary sources. New or modified sources in these categories are required to demonstrate compliance with the standards of performance by means of

performance tests that are conducted at the time a new source commences operation or shortly thereafter. To ensure that these sources are properly operated and maintained so as to remain in compliance, provisions were included in the standards that require sources to install and operate a continuous emission monitoring system. One such requirement was for carbon monoxide (CO) from petroleum refineries.

When the standards were initially proposed, EPA had limited knowledge about the operation of continuous monitors on such sources; thus, the continuous emission monitoring requirements were specified in general terms. Additional guidance on the selection and use of such instruments was to be provided at a later date.

On October 6, 1975 (40 FR 46259), the Environmental Protection Agency amended Part 60 of the regulations by adding Appendix B—Performance Specifications 1, 2, and 3 for continuous monitoring of (1) opacity, (2) sulfur dioxide and nitrogen oxide, and (3) oxygen or carbon dioxide, respectively. Performance specifications for CO monitors were not published at that time.

EPA has conducted short-term evaluations of the applicability of several continuous monitoring instruments and has published the results in the following documents: *Guidelines for Development of a Quality Assurance program: Volume VIII—Determination of CO Emissions from Stationary Sources by NDIR Spectrometry*, EPA-650/4-74-005-h (February 1975); and *Evaluation of Continuous Monitors for Carbon Monoxide in Stationary Sources*, EPA-600/2-77-063 (March 1977). Both are available through the National Technical Information Service, Springfield, Virginia 22161.

Based on the above documents, specifications and test procedures were drafted for continuous CO monitoring instruments. The format of the draft Performance Specification 4 follows closely that of the most recent proposed revisions to Performance Specification 2 (44 FR 58602 dated Oct. 10, 1979). Several references are made in Performance Specification 4 to specific sections of the Performance Specification 2 revisions.

The Environmental Monitoring and Support Laboratory of EPA is also presently conducting a laboratory and long-term field study of CO continuous monitoring systems. Results of this study will provide essential background and technical information in support of or improvement to Performance

Specification 4. The completion date is scheduled for mid-1981. For this reason, Performance Specification 4 for CO is published as an advance notice.

#### Specific Requests

EPA is requesting comments on the attached draft Performance Specification 4—Specifications and Test Procedures for CO Monitoring Systems in Stationary Sources. EPA is interested in comments on alternatives to the performance specifications and is particularly interested in information that could lead to the development of improved or alternative procedures. EPA is also interested in comments on the following aspects of CO continuous monitoring and Performance Specification 4: (1) Estimates of installation and operation costs including equipment costs, manpower requirements, data reduction options, and maintenance costs, (2) procedures applicable for the evaluation of single-pass, in-situ monitoring system; (3) laboratory testing procedures that are necessary for determining monitoring system performance acceptability and those laboratory tests that can be recommended as indications of the quality of equipment operation; (4) the specifications and limits set forth in Section 4; (5) the applicability of Reference Method 10 or other methods for determining relative accuracy of continuous CO monitoring systems.

Dated: February 12, 1980.

Barbara Blum,  
Acting Administrator.

### Performance Specification 4—Specifications and Test Procedures for Carbon Monoxide Continuous Monitoring Systems in Stationary Sources

#### 1. Applicability and Principle

**1.1 Applicability.** This specification contains (a) installation requirements, (b) instrument performance and equipment specifications, and (c) test procedures and data reduction procedures for evaluating the acceptability of carbon monoxide (CO) continuous monitoring systems. The test procedures are not applicable to single-pass, in-situ monitoring systems; these systems will be evaluated on a case-by-case basis upon application to the Administrator, and alternative procedures will be issued separately.

**1.2 Principle.** A CO continuous monitoring system that is expected to meet this specification is installed, calibrated, and operated for a specified length of time. During the specified time period, the continuous monitoring

system is evaluated to determine conformance with the specification.

## 2. Definitions

The definitions are the same as those listed in Section 2 of Performance Specification 2.

## 3. Installation Specifications

Install the continuous monitoring system at a location where the pollutant concentration measurements are representative of the total emissions from the affected facility. Use a point, points, or a path that represents the average concentration over the cross section. Both requirements can be met as follows:

**3.1 Measurement Location.** Select an accessible measurement location in the stack or ductwork that is at least two (2) equivalent diameters downstream from the nearest CO control device or other point at which a change in the pollutant concentration may occur and at least 0.5 equivalent diameter upstream from the exhaust. Individual subparts of the regulations may contain additional requirements.

**3.2 Measurement Points or Paths.** The tester may choose to use the following measurement point, points, or path without a stratification check or he may choose to conduct the stratification check procedure given in Section 3.3 of Performance Specification 2 to select the point, points, or path of average gas concentration.

**3.2.1 CO Path Monitoring Systems.** Same as in Performance Specification 2, Section 3.2.2.

**3.2.3 Single-Point and Limited-Path Monitoring Systems.** Same as in Performance Specification 2, Section 3.2.3.

## 4. Performance and Equipment Specifications

The continuous monitoring system performance and equipment specifications are listed in Table 4-1. To be considered acceptable, the continuous monitoring system must demonstrate compliance with these specifications using the test procedures of Section 6.

## 5. Apparatus

**5.1 Continuous Monitoring System.** Use any continuous monitoring system for CO, which is expected to meet the specifications in Table 4-1. The data recorder may be an analog strip-chart recorder or other suitable device with an input signal range compatible with the analyzer output.

Table 4-1.—Continuous Monitoring System Performance and Equipment Specifications

Parameter	Specification
1. Conditioning period *	≥ 168 hours.
2. Operational test period *	≥ 168 hours.
3. Calibration error *	≤ 5 percent of each mid-level and high-level calibration value.
4. Response time	≤ 10 minutes.
5. Zero drift, 2 hours *	≤ 1 percent of span value.
6. Zero drift, 24 hours *	≤ 2 percent of span value.
7. Calibration drift, 2 hours *	≤ 2 percent of span value.
8. Calibration drift, 24 hours *	≤ 2.5 percent of span value.
9. Relative accuracy *	≤ 10 percent of Mean Ref. value.
10. Calibration gas cells or filters.	Must provide a check of all analyzer internal mirrors and lenses, and all electronic circuitry including the radiation source and detector assembly, which are normally used in sampling and analysis.
11. Data recorder chart resolution.	Chart scales must be readable to within ± 0.5 percent of full-scale.

\* During the conditioning and operational test periods, the continuous monitoring system shall not require any corrective maintenance, replacement, or adjustment other than that clearly specified as routine and required in the operation and maintenance manuals.

\* Expressed as sum of absolute mean value plus 95 percent confidence interval of a series tests divided by a reference value.

**5.2 Calibration Gases.** For continuous monitoring systems that allow the introduction of calibration gases to the analyzer, the calibration gases must be CO in N<sub>2</sub>. Use three calibration gas mixtures as specified below:

**5.2.1 High-Level Gas.** A gas concentration that is equivalent to 80 to 90 percent of the span value.

**5.2.2 Mid-Level Gas.** A gas concentration that is equivalent to 45 to 55 percent of the span value.

**5.2.3 Zero Gas.** A gas concentration of less than 0.25 percent of the span value. Purified nitrogen should be used.

**5.3 Calibration Gas Cells or Filters.** For continuous monitoring systems which use calibration gas cells or filters, use three certified calibration gas cells or filters as specified below:

**5.3.1 High-Level Gas Cell or Filter.** One that produces an output equivalent to 80 to 90 percent of the span value.

**5.3.2 Mid-Level Gas Cell or Filter.** One that produces an output equivalent to 45 to 55 percent of the span value.

**5.3.3 Zero Gas Cell or Filter.** One that produces an output equivalent to zero. Alternatively, an analyzer may produce a zero value check by mechanical means, such as a movable mirror.

## 6. Performance Specification Test Procedures

### 6.1 Pretest Preparation.

**6.1.1 Calibration Gas Analyses.** Use calibration gas prepared according to the protocol defined in Reference 10.2.

**6.1.2 Calibration Gas Cell or Filter Certification.** Obtain from the manufacturer a statement certifying that the calibration gas cells or filters (zero, mid-level, and high-level) will produce the stated instrument response for the continuous monitoring system, and a description delineating the test procedure and equipment used to calibrate the cells or filters. At a minimum, the manufacturer must have calibrated the gas cells or filters against a simulated source of known concentration.

## 6.2 Continuous Monitoring System Preparation.

**6.2.1 Installation.** Install the continuous monitoring system according to the measurement location procedures outlined in Section 3 of this specification. Prepare the system for operation according to the manufacturer's written instructions.

**6.2.2 Conditioning Period.** Follow the procedure in Performance specification 2, Section 6.2.

**6.3 Operational Test Period.** Follow the procedure in Performance Specification 2, Section 6.3 and the following subsections:

**6.3.1 Calibration Error Determination.** Follow the procedures in Performance Specification 2, Section 6.3.1.

**6.3.2 Response Time Test Procedure.** Follow the procedures in Performance Specification 2, Section 6.3.2.

**6.3.3 Field Test for Zero Drift and Calibration Drift.** Follow the procedures in Performance specification 2, Section 6.3.3.

**6.4 System Relative Accuracy.** Follow the procedures in Performance Specification 2, Section 6.4 and all the accompanying subsections. The reference method is Reference Method 10.

**6.5 Data Summary for Relative Accuracy Tests.** Follow the procedures in Performance Specification 2, Section 6.5.

## 7. Equations and Reporting

Follow the procedures in Performance Specification 2, Section 7 and all the accompanying subsections.

## 8. Reporting

Follow the procedures in Performance Specification 2, Section 8.

## 9. Retest

Follow the procedures in Performance Specification 2, Section 9.

**Urban Development Action Grants;  
Revised Minimum Standards for Physical  
and Economic Distress for Metropolitan  
Cities and Urban Counties**

# DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

## Office of Assistant Secretary for Community Planning and Development

[Docket No. N-80-977]

### Urban Development Action Grants; Revised Minimum Standards for Physical and Economic Distress for Metropolitan Cities and Urban Counties

**AGENCY:** Department of Housing and Urban Development.

**ACTION:** Notice.

**SUMMARY:** In accordance with 24 CFR 570.452(b)(1)(i), the Department is providing Notice of the most current minimum standards of physical and economic distress for metropolitan cities, other cities over 50,000 population, and urban counties for the Urban Development Action Grant program.

This Notice revises the Notice published December 29, 1978 (43 FR 61017) because five of the six minimum standards of distress have now changed as a result of new data from the Bureau of the Census and the Bureau of Labor Statistics. This Notice also contains three lists: the first list identifies those cities and urban counties which qualify as distressed communities based upon the new minimum standards; the second list identifies those cities and an urban county which did not qualify when the 1978 list was published but which do qualify now; the third list identifies those cities which were classified as distressed on the December 1978 list but which no longer qualify under the new minimum standards.

**EFFECTIVE DATE:** February 20, 1980.

**FOR FURTHER INFORMATION, CONTACT:** Frank Ridenour, Office of Action Grants, Department of Housing and Urban Development, 451 Seventh Street, S.W., Washington, D.C. 20410. Telephone: 202/472-3980.

**SUPPLEMENTAL INFORMATION:** A Notice published by the Department on December 29, 1978 (43 FR 61017) provided the minimum standards of physical and economic distress which were applicable up to the effective date of this Notice for metropolitan cities, other cities over 50,000 population, and urban counties. The 1978 Notice also listed the cities and urban counties which met the standards published at that time.

Part I of this Notice now specifies the new minimum standards of physical and economic distress. Part II of this Notice contains a revised list of all the cities

and urban counties which meet the new standards. Part III of this Notice lists those cities and an urban county which, based upon the new minimum standards, appear on the list in Part II but did not qualify when the 1978 list was published. Part IV is a list of those cities which were classified as distressed on the 1978 list but which no longer qualify under the new minimum standards. These cities-listed in Part IV have a period of time, as specified in Part IV, during which they may submit Action Grant applications.

The new minimum standards are based on updated data from the Bureau of Census and Bureau of Labor Statistics for metropolitan cities as of fiscal year 1979. The updated Census data are 1976 population, 1975 per capita income and 1970 poverty and housing counts (adjusted to reflect boundary changes through 1977). The previous Census data were 1975 population, 1974 per capita income and 1970 poverty and housing counts (adjusted for boundary changes through 1976). The Bureau of Labor Statistics data are updated from 1977 unemployment rates to 1978 unemployment rates. The minimum standard for job lag has not been updated because the 1977 statistics on manufacturing and retail employment are not universally available.

This Notice is published pursuant to 24 CFR 570.452(b)(1)(i).

I. The most current minimum standards of physical and economic distress are:

(A) *Age of Housing.* At least 33.77 percent of the applicant's year-round housing units must have been constructed prior to 1940, based on U.S. Census data, in order to meet this minimum standard;

(B) *Per Capita Income.* The net increase in per capita income for the period 1969-1975 must have been \$1,762 or less, based on U.S. Census data, in order to meet this minimum standard;

(C) *Population Lag/Decline.* For the period 1960-1976 the percentage rate of population growth (based on corporate boundaries in 1960 and in 1977) must have been 16.68 percent or less, based on U.S. Census data, in order to meet the minimum standard.

(D) *Unemployment.* The average rate of unemployment for 1978 must have been 5.95% or greater, based on data compiled by the Bureau of Labor Statistics, in order to meet this minimum standard.

(E) *Job Lag/Decline.* The rate of growth in retail and manufacturing employment for the period 1967-1972 must have increased by 7.08 percent or less, based on U.S. Census data, in order to meet this minimum standard. If data

is not available for both retail and manufacturing employment, the percentage used will be the median for either retail employment or manufacturing employment, based upon the median for those cities on which both sets of data are available.

(F) *Poverty.* The percentage of persons within the applicant's jurisdiction at or below the poverty level must be 11.07 percent or more, based on 1970 U.S. Census data, in order to meet this minimum standard. For the unique distress factor, the poverty level must be 16.605% or more and the 1975 per capita income must be not greater than \$4,800.

II.A. The following cities meet the current minimum standards of physical and economic distress:

#### Alabama

Anniston  
Birmingham  
Florence  
Gadsden

Mobile  
Montgomery  
Tuscaloosa

#### Arkansas

Fort Smith  
North Little Rock

Pine Bluff  
Texarkana

#### California

Alhambra  
Bakersfield  
Bellflower  
Berkeley  
Burbank  
Chula Vista  
Compton  
El Monte  
Glendale  
Hawthorne  
Inglewood  
Lompoc  
Long Beach  
Los Angeles  
Norwalk  
Oakland

Ontario  
Pasadena  
Pico Rivera  
Pomona  
Richmond  
Riverside  
Sacramento  
San Bernardino  
San Francisco  
Santa Barbara  
Santa Cruz  
Santa Monica  
Seaside  
South Gate  
Stockton

#### Colorado

Denver

Pueblo

#### Connecticut

Bridgeport  
Hartford  
Meriden  
New Britain  
New Haven

New London  
Norwalk  
Norwich

**II.B. The following urban counties meet the current minimum standards of physical and economic distress:**

Fresno, California  
 Kern, California  
 Riverside, California  
 Orange, Florida  
 Polk, Florida  
 Madison, Illinois  
 Hudson, New Jersey  
 Beaver, Pennsylvania  
 Luzerne, Pennsylvania  
 Washington, Pennsylvania  
 Westmoreland, Pennsylvania  
 York, Pennsylvania

**III. The following cities and urban county, which have been included on the list under Section II, above, meet the standards of physical and economic distress for the first time:**

Arkansas—Fort Smith  
 California—Bellflower, Hawthorne  
 Florida—Lakeland, Orange County, Orlando, Winterhaven  
 Georgia—Columbus  
 Illinois—Springfield, Waukegan  
 Indiana—Indianapolis  
 Michigan—Lincoln Park  
 Ohio—Lorain  
 Rhode Island—Cranston  
 Wisconsin—Eau Claire

**IV. The following list contains the names of those cities which met the minimum standards of physical and economic distress but which no longer meet those standards. In accordance with § 570.452(c), cities which cease to meet the minimum standards of physical and economic distress by virtue of a change in the data used by HUD will be permitted to submit an application**

during the two quarters following the change in data. HUD will continue to consider those applications which have been submitted and are under review prior to a change in the minimum standards which otherwise make them ineligible. The final date for submission of an application by the cities listed below is July 31, 1980.

California—Fresno  
Florida—Fort Myers  
Illinois—Champaign  
Indiana—Lafayette  
Louisiana—Lafayette  
Mississippi—Jackson  
New York—Tonawanda Town  
Texas—Abilene, Odessa, San Angelo,  
    Sherman, Wichita Falls  
Virginia—Lynchburg  
Wisconsin—Madison

Issued at Washington, D.C., February 12, 1980.

## Office of Human Development Services

### Administration for Children, Youth and Families

[Notice No. 13.628-801]

### Child Abuse and Neglect Grants Program: Fiscal Year 1980 State Grants

AGENCY: The Office of Human  
Development Services, DHEW.

SUBJECT: Announcement of Availability  
of Grant Funds for FY 1980 Child Abuse  
and Neglect Grants Program—State  
Grants.

SUMMARY: The Administration for  
Children, Youth and Families announces  
that applications are being accepted for  
State grants for Fiscal Year 1980. This  
program is authorized by the Child  
Abuse Prevention and Treatment Act,  
Pub. L. 93-247, as amended. Regulations  
governing this program are published in  
the *Code of Federal Regulations* in 45  
CFR Part 1340.

DATES: The closing date for receipt of  
applications is May 31, 1980.

#### Scope of This Notice

The Child Abuse Prevention and  
Treatment Act (Pub. L. 93-247, as  
amended) in Section 4(b)(1) provides  
that the Secretary, through the National  
Center on Child Abuse and Neglect,  
(NCCAN) is authorized to make grants  
to States. This Notice identifies  
NCCAN's FY 1980 objectives and  
funding priorities for States desirous of  
making application for a State grant.

#### Program Purpose

The primary purpose of the Child  
Abuse and Neglect State Grants  
Program is to support the States in  
developing, strengthening, and carrying  
out child abuse and neglect prevention  
and treatment programs.

#### Eligible Applicants

The Regulations implementing the  
legislation provide that "Whichever  
State office, agency or organization is  
designated by the Governor, may apply  
for financial assistance under section  
4(b)(1) (of the Act) for the payment of  
reasonable and necessary expenses in  
developing, strengthening, and carrying  
out child abuse and neglect prevention  
and treatment programs." (45 CFR  
1340.3-2(b)).

The term State as defined in Section  
4(b)(1) of the Act includes each of the

several States, the District of Columbia,  
the Commonwealth of Puerto Rico,  
American Samoa, the Virgin Islands,  
Guam, the Commonwealth of the  
Northern Mariana Islands, and the Trust  
Territories of the Pacific.

In order for a State to qualify for a State  
grant, the State must meet the eligibility  
criteria stipulated in Appendix C.

#### Available Funds

Pub. L. 93-247, as amended, provides  
that 30 percent of the funds appropriated  
in FY 1980 for the implementation of the  
Act will be used for making State grants.  
The FY 1980 continuing resolution for  
the Department of Health, Education,  
and Welfare provides the National  
Center of Child Abuse and Neglect with  
a FY 1980 authorization of \$18,928,000  
plus \$4,000,000 earmarked for programs  
to prevent, identify, and treat the sexual  
abuse of children. As a result of this  
additional allotment, \$6,878,400 will be  
available to eligible States. Of this  
amount \$5,678,400 will be allocated for  
the regular State program objectives  
(listed under Category A) and \$1,200,000  
will be allocated for sexual abuse  
program objectives (listed under  
Category B).

Funds to States will be allocated for  
regular program objectives on the basis  
of the following criteria: An amount of  
\$25,000 plus an additional amount  
bearing the same ratio to the total  
amount made available for the purpose  
as the number of children under the age  
of eighteen in each State bears to the  
total number of children under 18 in all  
States.

Funds to States will be allocated for  
sexual abuse program objectives on the  
basis of the following criteria: An  
amount of \$12,500 plus an additional  
amount bearing the same ratio to the  
total amount made available for the  
purpose as the number of children under  
the age of eighteen in each State bears  
to the total number of children under 18  
in all States.

The actual allocations to each eligible  
State will probably be slightly higher.  
Some States will probably not apply or  
will be found ineligible and their  
cumulative allocations for FY 1980 will  
be distributed by the formulas stated  
above to eligible States. As soon as the  
number of eligible States and the  
number of ineligible States, or States not  
applying for a grant, can be determined,  
the allocations to eligible States can be  
finalized. However, States should not  
delay submission of their applications  
until the actual allocation is known.  
Instead, they should use the tentative  
allocations provided in Appendix A for  
preparing their applications.

State grant funds for the prevention,  
identification and treatment of child  
abuse, child neglect and child sexual  
abuse are not intended to substitute for  
State or Federal monies which are  
currently being used to address these  
problems, and should not be used for  
ongoing support or maintenance of  
current agency programs.

Funds awarded to States should  
support specific developmental or start-  
up activities (usually no longer than  
three years in duration for any one  
project activity) such as those described  
under "PROGRAM OBJECTIVES" in  
this Notice.

Applicants may apply for their regular  
allocation only; the sexual abuse  
allocation only; or they may apply for  
both. Applicants may use both  
allocations for child sexual abuse  
objectives, but cannot use the child  
sexual abuse allocation for regular State  
program objectives.

#### Use of Unobligated Balance

Pub. L. 93-247, as amended, provides  
that any State which fails to obligate  
funds within 18 months after the award  
will receive a reduction of the next grant  
award in an amount equal to the  
unobligated balance unless the  
Secretary determines that extra-  
ordinary reasons justify the failure to so  
obligate.

#### Program Objectives

*Category A* (To be supported with  
Regular Program Funds).

Applications are solicited from States  
for projects which reflect one or more of  
the following program objectives. They  
are not listed in any priority order.

1. Develop and strengthen resources  
for the protection and treatment of  
children who, as a result of spouse  
abuse or other form(s) of family  
violence, are neglected or themselves  
abused. Programs may focus on the  
development and implementation of  
specialized services necessary to  
prevent traumatization of children from  
abusive families. This could include  
crisis intervention as well as ongoing  
therapeutic treatment of child victims of  
domestic violence. Services may include  
family therapy and/or group and  
individual counseling; communication  
skill development and followup  
counseling and after care services.  
Program components may be structured  
independently or may focus on inclusion  
of children's services into ongoing  
programs for victims of domestic  
violence. The use of grant funds for  
development or operation of shelters or  
any other type of facility is specifically  
excluded.

2. Establishment of an organizationally visible State Protective Services unit responsible for policy and program direction. Such unit would provide a focal point for coordinating program activities; developing and promulgating staff manuals and procedural guides; enhancing resource development; convening child protection coordinating committees and conducting research and demonstration programs. These responsibilities are suggestive and not exhaustive.

3. Develop and strengthen hot lines, helplines, and parent self-help programs. Coordination with other hot lines is encouraged.

4. Prevention and correction of institutional child abuse and neglect.  
—Develop, publish, and promulgate regulations, operational procedures and guidelines for the identification, reporting and investigation of all incidents of child abuse and neglect in residential care facilities.

—Establish a special unit for this purpose at the State level.

—Support review commissions at the individual institution or groups of institutions.

5. Develop a training capacity within the State agency that includes a plan for meeting the training needs of those working in a child protective service system. The use of grant funds for training those providing direct service to the clients is specifically excluded as Title XX and Title IV-B funds are available for this use.

6. Innovative prevention and treatment programs which holds promise for adding a new dimension of service for abused and neglected children and their families. This does not include the on-going support or maintenance of current programs.

*Category B* (To be supported with Sexual Abuse Program Funds and/or Regular program funds).

Applications are solicited from States for projects related to child sexual abuse which reflect one or more of the following program objectives. They are not listed in any priority order.

1. Establishment of a special unit within the State Protective Services Agency, or the establishment of a sexual abuse specialist position within a specific State Protective Service Unit which would be responsible for developing policy and program guidance in matters relating to the sexual abuse of children.

2. Develop a training and technical assistance capability within the State or local protective service agency that includes a plan for meeting the training needs of the protective service staff

handling sexual abuse cases. Funds may be utilized to:

- Support travel, lodging, subsistence and registration fees for child protective workers to attend training programs which are specifically related to the handling of sexual abuse cases.

- Establish a specific on-going training capacity within the State agency for the training of personnel who will be involved in the investigation, case management, and treatment of child sexual abuse cases.

- Provide specific technical assistance for the establishment and implementation of specialized units or programs within the child protective services system for the treatment of sexually abused children and their families.

3. Establish or strengthen follow-up and long term treatment resources for sexually abused children and their families who are in need of ongoing therapeutic intervention. Services must be closely coordinated with the activities of the State and local child protective service agency and a special effort made to avoid duplication.

4. Develop, support, or strengthen hot lines or helplines specifically designed to be responsive to calls concerning sexual abuse and support for parent and child self-help programs specifically for the treatment of child sexual abuse.

#### The Application Process

##### *Availability of Application Forms*

The agency, designated by the Governor, that wishes to apply under this grant Notice may request application forms from the appropriate DHEW Regional Office (See Appendix B). The application consists of two forms:

1. The Eligibility Statement (Form 627).

2. The Application for Federal Assistance (Form 424).

No applications will be considered unless the Eligibility Statement (Form 627) and the Application for Federal Assistance (Form 424) are completed according to the instructions provided.

States which have never applied or who have previously been found ineligible for a State Child Abuse and Neglect grant are encouraged to apply at the earliest possible time but no later than May 31, 1980 as described in the section dealing with the Closing Date for Receipt of Applications.

##### *A-95 Clearinghouse Notice*

In compliance with the Department of Health, Education, and Welfare's implementation of Office of Management and Budget Circular No.

A-95 Revised (interim procedures at 41 FR 3160, July 29, 1976), applicants who request grant support must, prior to submission of an application, notify both the State and Areawide A-95 Clearinghouse of the intent to apply for Federal Assistance. If the application is for a Statewide project which does not affect areawide or local planning and programs, the notification need be sent only to the State Clearinghouse. Some State and Area Clearinghouses provide their own forms on which such information is to be submitted.

Applicants should contact the appropriate State Clearinghouse (listed at 42 FR 2210, January 10, 1977) for information on how they can meet the A-95 requirements.

#### Criteria For Review and Evaluation

Criteria utilized in the review process are the eligibility requirements contained in 45 CFR 1340.3-3. (See Appendix C)

The Regional Office has been delegated responsibility for the review and approval of the Eligibility Statement and the Application for Federal Assistance.

Eligible applicants submitting applications and approved for funding are notified through issuance of a Notice of Financial Assistance Awarded which sets forth the amount of funds awarded, the terms and conditions of the grant, the effective date of the grant, the budget period for which support is given, and the total period for which support is contemplated.

#### Application Submission

In order to be considered for a grant under the State Child Abuse and Neglect Grants Program, an application must be submitted on the forms and in the manner described above. The application must be signed by an individual authorized to act for the applicant agency and to assume for the agency the obligations imposed by the terms and conditions of the grant award, including the regulations of the Program. One signed original and two copies of the grant application, including all attachments, are required.

Applications sent by mail should be addressed to the appropriate Regional Grants Office. Addresses will be provided in the Application Kit.

#### Closing Date For Receipt of Applications

The closing date for receipt of applications under this Notice is May 31, 1980. Applications received after the close of business on May 31, 1980, will be considered ineligible and will not be reviewed and evaluated. An application sent by mail will be considered to be

received on time by the DHEW Regional Office if:

1. The application was sent by registered or certified mail no later than May 31, 1980, as evidenced by the U.S. Postal Service Postmark on the wrapper or envelope, or on the original receipt from the U.S. Postal Service.

2. An application delivered by hand must be delivered to the appropriate DHEW Regional Office before close of business on May 31, 1980. As the Regional Offices have different hours of operation, applicants may wish to contact the Regional Office for the time of day that the office closes.

(Catalog of Federal Domestic Assistance Program Number 13.828, Child Development—Child Abuse)

Dated: February 12, 1980.

Herschel Saucier,

Acting Commissioner for Children, Youth and Families.

Approved: February 13, 1980.

Warren Master,

Acting Assistant Secretary for Human Development Services.

**Region I**

Richard Sterling, Acting Regional Program Director, Administration for Children, Youth and Families, Room 2000, JFK Federal Building, Government Center, Boston, Massachusetts 02203, FTS 223-6450 (617) 223-6450.

**Region II**

Elaine Danavall, Regional Program Director, Administration for Children, Youth and Families, Room 4149, Federal Building, New York, NY 10007, FTS 264-2974 (212) 264-2974.

**Region III**

Fred Digby, Regional Program Director, Administration for Children, Youth and Families, P.O. Box 13716-3535 Market Street, Philadelphia, Pennsylvania 19101, FTS 598-6763 (215) 598-6776.

**Region IV**

John Jordan, Regional Program Director, Administration for Children, Youth and

Families, 101 Marietta Tower, Suite 903, Atlanta, Georgia 30323, FTS 242-2134 (404) 221-2134.

**Region V**

Hilton Baines, Regional Program Director, Administration for Children, Youth and Families, 300 South Wacker Drive, 15th Floor, Chicago, Illinois 60606, FTS 353-1781 (312) 353-6503.

**Region VI**

Tommy Sullivan, Regional Program Director, Administration for Children, Youth and Families, 1200 Main Tower Building, Dallas, Texas 75205, FTS 729-1981 (214) 787-2976.

**Region VII**

Gerald Hastings, Acting Regional Program Director, Administration for Children, Youth and Families, 601 E. 12th Street, 3rd Floor, Federal Building, Kansas City, Missouri 64106, FTS 758-5401 (816) 374-5401.

**Region VIII**

John Garcia, Regional Program Director, Administration for Children, Youth and Families, 1961 Stout Street, Denver, Colorado 80294, FTS 327-3106 (303) 837-3106.

**Region IX**

Roy Fleischer, Regional Program Director, Administration for Children, Youth and Families, 50 United Nations Plaza, Room 144, San Francisco, California 94102, FTS 558-6153 (415) 558-6153.

**Region X**

William Diepenbrock, Acting Regional Program Director, Administration for Children, Youth and Families, MS 622, Arcade Plaza Building, 1321 Second Avenue, Seattle, Washington 98101, FTS 399-0838 (206) 442-0838.

**Appendix C**

**§ 1340.3-3 Qualification for assistance.**

(a) The Act enumerates ten elements of a comprehensive system to prevent and treat child abuse and neglect which a State must have in order to qualify for assistance under section 4(b)(1). The enactment of identical laws and procedures in the States is not necessary. Rather, as its purpose, the Act seeks to insure that all States receiving assistance under this subsection (in meeting the ten requirements) must provide what may be grouped into four fundamental child protective capabilities: (1) Detection through third party reporting of children in danger, including mandatory and permissive reporting of suspected child abuse and neglect; (2) child protective services to provide noncriminal investigations for the verification of reports, to provide immediate protection of children through such means as protective custody, and to provide rehabilitative and ameliorative services; (3) juvenile or family court action to remove a child or to impose treatment services; and (4) law enforcement investigations and criminal court prosecution, when appropriate.

(b) Similarly, it is not necessary for States to adopt language for the definition of "child

abuse and neglect" identical to that used in the Act. A State definition which is the same in substance as the one set forth in this part will be sufficient. In addition, nothing in this part is intended to prevent a State from further elaborating on the definition or from providing additional grounds to consider a child abused or neglected. This part takes this approach in recognition of the need to allow and encourage flexibility and innovation in light of the diverse local conditions found from State to State and community to community.

(c) Finally, in order to facilitate compliance, this part makes a distinction between requirements that can be satisfied by a specific State law and those that can be satisfied by a legally authorized and legally binding administrative procedure, if certified by the State's Attorney General.

(d) In order for a State to qualify for assistance under section 4(b)(1) of the Act, the State shall satisfy each of the following ten requirements:

(1) The State must have in effect a child abuse and neglect law which includes provisions for immunity for all persons reporting, whether mandated by law or not, instances of known or reasonably suspected child abuse and neglect, from civil or criminal prosecution under any State or local law, arising out of such reporting. In the absence of a specific statutory provision in an existing child abuse and neglect reporting law, this requirement may be satisfied, but only until July 1, 1975, or the close of the next session of the State legislature, whichever is later, by a legal opinion of the State's Attorney General holding that such immunity exists under State law.

(2)(i) The State must provide for the reporting of known or suspected instances of child abuse and neglect. This requirement shall be deemed satisfied if a State requires specified persons by law, and has a law or administrative procedure which requires, allows, or encourages all other citizens, to report known or suspected instances of child abuse and neglect to one or more properly constituted authorities with the power and responsibility to perform an investigation and take necessary ameliorative and protective steps as required in paragraph (3). A properly constituted authority may include the police, the juvenile court or any agency thereof, or a legally mandated, public or private child protective agency: *Provided*, However, that a properly constituted authority must be an agency other than the agency, institution or facility involved in the acts or omissions, if the report of child abuse and neglect involves the acts or omissions of a public or private agency or other institution or facility.

(ii) In the absence of a specific statute, the requirements of this subsection may be satisfied by an opinion of the State Attorney General holding that the State administrative procedures in this regard are legally binding.

(3)(i) A State must provide that upon the receipt of a report of known or suspected instance of child abuse or neglect an appropriate investigation by a properly constituted authority shall be initiated promptly to substantiate the accuracy of the report. Such investigation may include contact with central registers, field

investigations and interviews, home visits, consultation with other agencies, medical examinations, and psychological and social evaluations.

(ii) The State must provide further that, upon a finding of abuse or neglect, immediate steps, as required by law and/or administrative procedure, shall be taken to protect the health and welfare of the abused or neglected child, as well as that of any other child under the same care who may be in danger of abuse or neglect. Such steps may include multidisciplinary teams, instruction in education for parenthood, protective and preventive social counseling, foster care, emergency caretaker service, emergency homemaker service, emergency shelter care emergency medical service, and, if appropriate, criminal court or juvenile court action, in order to protect the child and help strengthen the family, help the parents in their child rearing responsibilities, and if necessary, remove the child from a dangerous situation.

(4) The State must demonstrate that there are in effect throughout the State, in connection with the enforcement of child abuse and neglect laws and with the reporting of suspected instances of child abuse and neglect, such administrative procedures, such personnel trained in child abuse and neglect prevention and treatment, such training procedures, such institutional and other facilities (public and private), and such related multidisciplinary programs and services as may be necessary or appropriate to assure that the State has operational procedures and capabilities sufficient to deal effectively with child abuse and neglect cases in the State. Such operational procedures and capabilities shall include: provision for receipt, investigation and verification of reports; provision for the determination of treatment or ameliorative social service and medical needs; provision of such services; and, when necessary, resort to criminal or juvenile court.

(5) The State must provide for methods to preserve the confidentiality of all records concerning reports of child abuse and neglect in order to protect the rights of the child, his parents or guardians. This section shall be satisfied only if a State has a law which makes such records confidential and which makes any person who permits or encourages the unauthorized dissemination of their contents guilty of a crime. Such law may allow access to such records but only to the following agencies and persons: (i) A legally mandated, public or private child protective agency investigating a report of known or suspected child abuse or neglect or treating a child or family which is the subject of a report or record; (ii) a police or other law enforcement agency investigating a report of known or suspected child abuse or neglect; (iii) a physician who has before him a child whom he reasonably suspects may be abused or neglected; (iv) a person legally authorized to place a child in protective custody when such person has before him a child whom he reasonably suspects may be abused or neglected and such person requires the information in the report or record in order to determine whether to place the child in protective custody; (v) an agency having

the legal responsibility or authorization to care for, treat, or supervise a child who is the subject of a report or record, or a parent, guardian, or other person who is responsible for the child's welfare; (vi) any person named in the report or record who is alleged to be abused or neglected; if the person named in the report or record is a minor or is otherwise incompetent, his guardian ad litem; (vii) a parent, guardian, or other person responsible for the welfare of a child named in a report or record, with protection for the identity of reporters and other appropriate persons; (viii) a court, upon its finding that access to such records may be necessary for determination of an issue before such court, but such access shall be limited to in camera inspection, unless the court determines that public disclosure of the information contained therein is necessary for the resolution of an issue then pending before it; (ix) a grand jury upon its determination that access to such records is necessary in the conduct of its official business; (x) any appropriate State or local official responsible for the child protective service or legislation carrying out his official functions; (xi) any person engaged in a bona fide research purpose, provided, however, that no information identifying the subjects of the report shall be made available to the researcher unless it is absolutely essential to the research purpose and the appropriate State official gives prior approval. Nothing in these regulations is intended to affect a State's laws or procedures concerning the confidentiality of its criminal court and its criminal justice system.

(6) The State must provide for the cooperation of law enforcement officials, courts of competent jurisdiction, and all appropriate State agencies providing human services in relation to preventing, identifying and treating child abuse and neglect. Such cooperation may include joint consultation and services, joint planning, joint case management, joint public education and information service, utilization of each other's facilities, and joint staff and other training.

(7) The State must provide that in every case involving an abused or neglected child which results in a judicial proceeding, a guardian ad litem shall be appointed to represent the child in such proceedings. The requirement of this clause may be satisfied by a State law or by a legal opinion of the State's Attorney General holding that such appointments can be made, and by a statement from the Governor that such appointments are made, in all cases. Such guardian ad litem need not be an attorney; however, such representative may be an attorney charged with the presentation in a judicial proceeding of the evidence alleged to amount to the abuse and neglect, so long as his legal responsibility includes representing the rights, interests, welfare, and well-being of the child; where such appointments are made, the legal opinion of the State Attorney General must specify that such attorney has said legal responsibility.

(8) The State must provide that the aggregate of State support for programs or projects related to child abuse and neglect assisted by State funds shall not be reduced

below the level provided during Federal fiscal year 1973, and set forth policies and procedures designed to assure that Federal funds made available under this Act for any fiscal year will be so used as to supplement and, to the extent practicable, increase the level of State funds which would, in the absence of Federal funds, be available for such programs and projects.

(9) The State must provide for dissemination of information to the general public with respect to the problem of child abuse and neglect and the facilities and the prevention and treatment methods available to combat instances of child abuse and neglect; and

(10) To the extent feasible, the State must insure that parental organizations combating child abuse and neglect, as recognized by the State, receive preferential treatment.

In addition, whenever the term "child abuse and neglect" is used (laws, administrative procedures, etc.) it must satisfy all elements of the definition expressed in 45 CFR 1340.1-2(b) of the Regulations which is Question 1 of the Eligibility Statement (HEW Form 627).

## AGENCY PUBLICATION ON ASSIGNED DAYS OF THE WEEK

The following agencies have agreed to publish all documents on two assigned days of the week (Monday/Thursday or Tuesday/Friday).

This is a voluntary program. (See OFR NOTICE FR 32914, August 6, 1976.)

Monday	Tuesday	Wednesday	Thursday	Friday
DOT/SECRETARY	USDA/ASCS		DOT/SECRETARY	USDA/ASCS
DOT/COAST GUARD	USDA/APHIS		DOT/COAST GUARD	USDA/APHIS
DOT/FAA	USDA/FNS		DOT/FAA	USDA/FNS
DOT/FHWA	USDA/FSQS		DOT/FHWA	USDA/FSQS
DOT/FRA	USDA/REA		DOT/FRA	USDA/REA
DOT/NHTSA	MSPB/OPM		DOT/NHTSA	MSPB/OPM
DOT/RSPA	LABOR		DOT/RSPA	LABOR
DOT/SLSDC	HEW/FDA		DOT/SLSDC	HEW/FDA
DOT/UMTA			DOT/UMTA	
CSA			CSA	

Documents normally scheduled for publication on a day that will be a Federal holiday will be published the next work day following the holiday.

Comments on this program are still invited. Comments should be submitted to the Day-of-the-Week Program Coordinator, Office of

the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408

## REMINDERS

The items in this list were editorially compiled as an aid to Federal Register users. Inclusion or exclusion from this list has no legal significance. Since this list is intended as a reminder, it does not include effective dates that occur within 14 days of publication.

## Rules Going Into Effect Today

- FEDERAL RESERVE SYSTEM**
- 3879 1-21-80 / Truth in Lending: Official Staff interpretations
- HOUSING AND URBAN DEVELOPMENT DEPARTMENT**
- Office of the Assistant Secretary for Housing—Federal Housing Commissioner
- 7082 1-31-80 / Revision of provisions of Section 8 Housing Assistance Payments Program for substantial rehabilitation
- 7072 1-31-80 / Section 8 Housing Assistance Payments Program for Substantial rehabilitation; special procedures for neighborhood strategy areas
- TRANSPORTATION DEPARTMENT**
- Federal Aviation Administration—
- 3880 1-21-80 / Airplane cabin ozone contamination

## Deadlines for Comments On Proposed Rules for the Week of 2-24 through 3-1-80

- AGRICULTURE DEPARTMENT**
- Agicultural Marketing Service—
- 3593 1-18-80 / Milk marketing orders; New England, et al.; comments by 2-29-80  
[Originally published at 44 FR 65989, 11-16-79]
- Animal and Plant Health Inspection Service—
- 1003 1-4-80 / Importation of horses from countries affected with contagious equine metritis; comments by 3-1-80
- Farmers Home Administration—
- 77183 12-31-79 / Appeal procedure; comments by 2-29-80
- Office of the Secretary—
- 77187 12-31-79 / Definition of "process fuel" as it relates to amounts of interstate natural gas needed for essential agricultural uses; comments by 2-29-80

- 76299 Soil Conservation Service—  
12-26-79 / Water resources project type activities; channel modification guidelines; comments by 2-25-80

- CIVIL AERONAUTICS BOARD**
- 77189 12-31-79 / Amendment of statistical reporting requirements for small carriers and new entrants and elimination of certain reporting requirements for all certified carriers; comments by 2-28-80

- 3595 1-18-80 / International air cargo rate changes; policy statement; comments by 2-29-80

- 76771 12-28-79 / Settlement of enforcement proceedings; comments by 2-26-80

- COMMERCE DEPARTMENT**
- International Trade Administration—
- 4932 1-22-80 / Countervailing duties; comments by 2-29-80
- 1595 1-8-80 / Export controls maintained for foreign policy purposes; comments by 2-29-80  
[Corrected at 45 FR 6362; 1-28-80]

- National Oceanic and Atmospheric Administration—
- 3590 1-18-80 / Confidentiality of statistics; interim rules; comments by 2-25-80
- 2636 1-11-80 / Fishing vessels financing programs; amendment of conditional fisheries concept; comments by 2-25-80

- Office of the Secretary—
- 76810 12-28-79 / Voluntary laboratory accreditation program, National; inclusion of additional relevant standards and test methods; comments by 2-26-80

- ENERGY DEPARTMENT**
- Conservation and Solar Energy Office—
- 68120 11-28-79 / Energy performance standards for new buildings; comments by 2-26-80

- Federal Energy Regulatory Commission—
- 5309 1-23-80 / Amendment of Form No. 16, report of Gas Supply and Requirements; comments by 2-29-80

- ENVIRONMENTAL PROTECTION AGENCY**
- 3335 1-17-80 / Gum and wood chemicals processing point source category; comments by 2-26-80

- 9755 2-13-80 / Hazardous waste; availability of information and extension of comments to 2-29-80
- 77470 12-31-79 / Health and safety data reporting; submission of lists and copies of health and safety studies; comments by 2-29-80
- 69688 12-4-79 / Leather tanning and finishing point source category effluent limitations guidelines; pretreatment standards and new source performance standards; comments period extended to 2-25-80  
[Originally published at 44 FR 38746, July 2, 1979]
- 6417 1-28-80 / Maryland; proposed variance of State Implementation Plan; comments by 2-27-80
- 6802 1-30-80 / Prevention of significant air quality deterioration; comments period extended from 12-10-79 to 2-29-80  
[Originally published at 44 FR 51924, Sept. 5, 1979]
- 6962 1-31-80 / Standards for control of air pollution from aircraft and aircraft engines; comments period extended to 2-29-80  
[Originally published at 43 FR 12615, Mar. 24, 1978]
- 6120 1-25-80 / State implementation plans; discretionary authority of State and local agency officials; comments by 2-25-80
- 6121 1-25-80 / State implementation plan; Missouri; comments by 2-25-80
- FEDERAL COMMUNICATIONS COMMISSION**
- 75418 12-20-79 / Fayette and Port Gibson, Miss.; radio station table of assignments; reply comments by 2-28-80
- 73131 12-17-79 / FM broadcast station in Marana, Ariz.; changes in table of assignments; reply comments by 2-25-80
- 75683 12-21-79 / FM broadcast station in Bernalillo, N. Mex.; changes in table of assignments; reply comments by 2-28-80
- 3064 1-16-80 / Policy and rules on rates for competitive common carrier services and facilities authorizations; period for related docket/complaints comments extended to 2-28-80  
[Originally published at 44 FR 67445, Nov. 26, 1979 and corrected at 44 FR 73130, Dec. 17, 1979]
- 75419 12-20-79 / Rio Grande City and Roma-Los Saenz, Tex.; radio stations table of assignments; reply comments by 2-28-80
- 3070 1-16-80 / Use of subcarrier frequencies in the aural base band of television transmitters; reply comments period extended to 2-28-80  
[Originally published at FR 70201, Dec. 3, 1979]
- 75420 12-20-79 / Warsaw, Ky.; radio station table of assignments; reply comments by 2-28-80
- FEDERAL DEPOSIT INSURANCE CORPORATION**
- 76800 12-28-79 / Securities of insured nonmember State banks; comments 2-28-80
- FEDERAL EMERGENCY MANAGEMENT AGENCY**
- 76510 12-27-79 / Floodplain management and protection of wetlands; interim rule; comments by 2-25-80
- 70197 12-6-79 / National Environmental Policy Act; implementation; comments by 2-24-80
- FEDERAL RESERVE SYSTEM**
- 76551 12-27-79 / Regulation F; financial statements form and content; reports of condition and income; conformance with SEC regulations; comments by 3-1-80
- HEALTH, EDUCATION, AND WELFARE DEPARTMENT**
- Food and Drug Administration—
- 6631 1-29-80 / Frozen desserts; ice cream and frozen custard; standard of identity; comments by 2-28-80
- 76811 12-28-79 / Hepatitis B surface antigen antibody; diagnostic test kit samples reduction; comments by 2-26-80
- 67673 11-27-79 / Lead in food; comments period extended to 2-29-80  
[Originally published at 44 FR 51233, 8-31-79]  
[Corrected at 44 FR 71428, 12-11-79]
- 63270 11-2-79 / Oral mucosal injury drug products for over-the-counter human use, establishment of a monograph; comments by 2-23-80
- Human Development Services Offices—
- 68564 11-29-79 / Vocational rehabilitation and independent living rehabilitation programs; comments by 2-27-80
- INTERIOR DEPARTMENT**
- Fish and Wildlife Service—
- 67902 11-27-79 / Proposed reclassification of red lechwe (*Kobus lechwe*), the bontebok (*Damalisca dorcas dorcas*) and the argali (*Ovis ammon hedysseus*); comments by 2-25-80
- 76299 12-20-79 / Water resources project type activities; channel modification guidelines; comments by 2-25-80
- INTERSTATE COMMERCE COMMISSION**
- 809 1-3-80 / Cost center accounting and reporting system for Class I railroads; comments by 2-29-80
- 6634 1-29-80 / Elimination of notification procedure in the processing of emergency temporary authority applications; comments by 2-28-80
- 71849 12-12-79 / Notice to shippers of freight refused or unclaimed at destination; comments by 2-28-80
- JUSTICE DEPARTMENT**
- Law Enforcement Assistance Administration—
- 2808 1-14-80 / Formula grants for criminal and juvenile justice; comments by 2-28-80
- LABOR DEPARTMENT**
- Federal Contract Compliance Programs Office—
- 77006 12-28-79 / Government contractors; affirmative action requirements; comments by 2-26-80
- Pension and Welfare Benefit Programs—
- 7521 2-1-80 / Definition of plan assets and establishment of trust; comments by 2-27-80
- MANAGEMENT AND BUDGET OFFICE**
- 76828 12-23-79 / Draft Federal acquisition regulation; comments by 2-23-80
- PERSONNEL MANAGEMENT OFFICE**
- 76799 12-28-79 / Political participation by U.S. Government Employees in local elections in the City of Manassas Park, Va.; comments by 2-26-80
- 76799 12-28-79 / Reduction in force; retention preference; comments by 2-26-80
- PRESIDENT'S COMMISSION FOR THE STUDY OF ETHICAL PROBLEMS IN MEDICINE AND BIOMEDICAL AND BEHAVIORAL RESEARCH**
- 6791 1-30-80 / Privacy Act; implementation; comments by 3-1-80
- SECURITIES AND EXCHANGE COMMISSION**
- 72604 12-14-79 / Review of guides for the preparation and filing of registration statements and reports; comments by 2-23-80
- TRANSPORTATION DEPARTMENT**
- Federal Aviation Administration—
- 2661 1-14-80 / Dallas Airport access highway; comments by 2-29-80
- 799 1-3-80 / Petition of the Dallas/Fort Worth Regional Airport (DFW); comments by 3-1-80
- 68759 11-29-79 / Tires on turbo jet-powered transport category airplanes; comments by 2-27-80
- Materials Transportation Bureau—
- 68491 11-29-79 / Transportation of natural and other gas by pipeline; hot taps in gas pipelines; comments by 3-1-80

- 68493 11-29-79 / Transportation of natural and other gas by pipeline; maps and records; comments by 3-1-80  
National Highway Traffic Safety Administration—
- 68501 11-29-79 / Evaluation plan for Federal Motor Vehicle Safety Standard No. 208; comments by 2-29-80  
Research and Special Programs Administration—
- 57952 10-9-79 / Transportation of liquids by pipeline, valve spacing on pipelines carrying highly volatile liquids; comments by 2-29-80  
[Originally published at 44 FR 53187, 9-13-79]
- TREASURY DEPARTMENT**  
Internal Revenue Service—
- 76813 12-28-79 / Continuity of business enterprise requirement for corporate reorganizations; comments by 2-28-80
- 76817 12-28-79 / Credit for employment of certain new employees; comments by 2-25-80
- 76815 12-28-79 / Discharge of liabilities on the sale or other disposition of property; comments by 2-25-80
- 75670 12-21-79 / Excess profits on contracts for naval vessels or military aircraft; comments by 2-26-80
- 76563 12-27-79 / Payments to be made to aerial applicators in certain cases; comments by 2-25-80
- TREASURY DEPARTMENT**  
Revenue Sharing Office—
- 77356 12-31-79 / Revenue sharing regulations; comments by 2-29-80
- VETERANS ADMINISTRATION**
- 6416 1-28-80 / Increased compensation rates; comments by 2-27-80

#### Deadlines for Comments On Proposed Rules for the Week of 3-2 through 3-8-80

- AGRICULTURE DEPARTMENT**  
Commodity Credit Corporation—
- 1042 1-4-80 / Farmer-Owned Grain Reserve Program; proposed amendments to regulations; comments by 3-4-80
- Food and Nutrition Service—
- 3592 1-18-80 / System for monitoring meal pattern requirements; comments by 3-3-80
- Food Safety and Quality Service—
- 1046 1-4-80 / U.S. standards for grades of frozen brussels sprouts; comments 3-4-80
- Rural Electrification Administration—
- 7819 2-5-80 / Contract policies and procedures; proposed revision of REA Bulletin 40-6; comments by 3-6-80
- BLIND AND OTHER SEVERELY HANDICAPPED, COMMITTEE FOR THE PURCHASE**
- 7276 2-1-80 / Procurement list 1980, proposed additions; comments by 3-5-80
- COMMERCE DEPARTMENT**  
International Trade Administration—
- 1007 1-4-80 / Petition and hearing procedures for monitoring or export controls; comments by 3-4-80
- 8289 2-7-80 / Revision of licensing requirements for agricultural exports to the U.S.S.R.; comments by 3-7-80
- National Oceanic and Atmospheric Administration—
- 4366 1-22-80 / Bowhead whales; taking by Indians, Aleuts and Eskimos for subsistence purposes; comments by 3-4-80
- 1613 1-8-80 / Tanner crab off Alaska; early closure of portion of fishing to U.S. vessels; comments by 3-5-80
- ENERGY DEPARTMENT**
- 70390 12-6-79 / Outer Continental Shelf oil and gas leasing; fixed net profit share bidding system; comments by 3-7-80

- Conservation and Solar Energy Office—
- 7498 2-1-80 / Guidelines for energy management in general operations of the Federal government; comments by 3-3-80
- 1298 1-4-80 / Test procedures for furnaces; comments by 3-4-80
- ENVIRONMENTAL PROTECTION AGENCY**
- 6960 1-31-80 / Emission control system performance warranty regulations—short test establishment; comment period extended to 3-3-80
